INDIANS FIGHT STEEL MEN
 Piegane Braves Object to Sale of Lands to Illinois Steel Company.

SPRINGFIELD, Ill., April 2.—The Piegane tribe of Pottawatomie Indians, claiming an interest in the title to the submerged lands along Lake Michigan, entered their protest in the House today against a Senate bill which provides for the sale by the state of the made lands now in possession of the Illinois Steel Company to that corporation.

SCARLET FEVER FOR TARS

COLLEGE WINS LAND SUIT
 Pacific University Secures Title to Linn County Property.

ALBANY, Or., April 2.—(Special.)—Pacific University recovered an old bequest today by decree of Judge Galloway in the State Circuit Court here. He decided in favor of the plaintiff in the case of the president and trustees of Pacific University vs. Emma A. Keene, et al. The value of the bequest is said to be between \$100 and \$200.
 When Robert McCullough died December 13, 1892, he bequeathed his Linn County farm to his wife for her life and

provided that upon her death it should go to the Forest Grove school. Mrs. McCullough died October 19, 1900, and in the meantime the farm had become entangled in a number of deeds and mortgages covering different portions of it.
 The president and trustees of the university brought suit August 18, 1906, to quiet title to the property and the case has been contested ever since by numerous defendants. It was tried at the last term of court and was submitted on briefs. Judge Galloway has had the case under advisement and rendered his decision today.
 The land which the university will secure is said to be valuable, but a number of mortgages must be paid and other claims settled and the exact amount of the bequest cannot yet be determined.

Colonel Smith to Be Diplomat
 CHICAGO, April 2.—The Tribune today in a special dispatch from Washington says:
 "It is understood that President Taft shortly will announce the appointment of Colonel Fred Smith, of Peoria, to a diplomatic post in South America. It is understood Colonel Smith will be asked to become Minister to Chile, although he may perhaps be given a choice between that post and that of Persia or Siam."

SAN FRANCISCO, April 2.—While engaged in discharging the lumber cargo of the French ship Marechal Davout at the Oakland long wharf, John Leeven was killed and August Mariot fatally injured by the breaking of a tackle by which the lumber was being lifted from the hold of the vessel. A heavy weight of lumber was precipitated upon the men, both of whom were badly crushed. Leeven's head was crushed in by contact with the deck and he was dead when

picked up. Mariot was taken to the French hospital in this city, where it is said that he will die.

Seattle Corners Quinault Pack.
 HOQUIAM, Wash., April 2.—(Special.)—It was stated here today that Seattle interests had engaged the entire catch of Quinault salmon for the season. This, it is said, will have no material effect on the local plant of the Hoquiam Packing Company, as that institution handles the Quinault pack one year fresh and another year canned, as occasion and prices may direct. The Hoquiam Packing Company will continue its work of canning the various other brands of salmon as heretofore.
