GOMPERSDEFENDS **BOYCOTT SCHEMES**

Says if Laws Do Not Protect Laboring Man, Unions Have Right to Take Action.

REPLIES TO PROF. STIMSON

Harvard Man Declares Blacklist Is Coercion, and Labor Leader Then Rises to Defend the Policy of His Organization.

NEW YORK, April 2—President Gompers, of the American Federation of Labor, defended the use of the boycott today before the New York Council of the National Civic Federation, Addresses by Professor Frederick J. Stimson, of Harvard, and Professor John Bates Clark, of Columbia, stirred him to speak.

Professor Stimson referred to the recent proceedings against Mr. Gompers and others in Washington.

"A blacklist is unlawful," he said, "but a 'white list,' which commends, is hawful. In the Gompers case there was a proved combination by a number of persons to influence the public not to trade with a stove company. If this announcement resarding the stove company had been printed once it would be fair to assume it a matter of news, but printed in every number for years, with the announced intention of doing so in all newspapers possible, for the purpose of coercing the stove company, most jurymen would decide that those facts showed a primary intention to molest the stove company."

Mr. Gompers said in reply:

"I am not a lawyer, and the quibblings of the lawyers as to the legality or ille-

Mr. Gompers said in reply:

"I am not a lawyer, and the quibblings of the lawyers as to the legality or illegality of certain acts by labor organizations is not for me to deal with. But as to what is fundamentally right, I think I am qualified to speak. If the laws do not properly safeguard the fundamental rights of the laborer, then they should be changed. I know that labor has the right to organize to protect what it possesses, which is the power to work, or to give or refuse its patronage."

CANADIAN STRIKE IS GENERAL

All Except Crows Nest Collieries Are Now Involved.

WINNIPEG, April 2.—The coal strike in the Western Canada mines became general teday. All of the camps except one or two are affected. The miners want the same terms as those given the Crows Nest Pass Coal Company's employes. This company withdrew from the operators' conference and made its own terms with its men.

tora conference and made its own terms with its men.

It is understood that the Canadian Pacific Railroad has been preparing for the atrike and has coal all over its system. At Lethbridge, 19,000 tons of coal are dumped on the prairie near the tracks. All of the camps in District No. 18, covering Eastern British Columbia and the Province of Alberta, are affected by the strike with the exception of the camps of the Crowa' Nest Pass Coal Company, at Fernie, and Carbonado, the Maple Leaf Company, of Bellevue, and Canada West, at Tabor, who have broken away from the Western Coal Association. The miners declare there is no agreement, that an entirely different phase has been put on affairs within the last week by the agreement arrived at in the anthracite regions of the United States and by the Crowa' Nest Pass Coal Company and their men.

President Sherman's order to strike was a surprise to the mineowners. At a recent conference at McLeod an agreement was reached by the miners and op-erators which was submitted to a vote of the miners. The referendum carried by a good majority.

The Crows Nest Pass Coal Company.

which withdrew from last week's con-ference, made an agreement with its men more favorable to them than that reached by the conference. When this became known Sherman endeavored to countrie the schedules, but without success, hence the breaking of the agreement with the operators. Miners at Fernie and Michel are not affected by Sher-man's orders, and are in operation.

BUILDERS SEEK INJUNCTION

Would Forestall Strike in Chicago by Means of Court Order.

MAY BUILD ROAD TO EUREKA Citizens Offer Harriman Inducements to Extend Lines.

SAN FRANCISCO, April 2.—(Special.)

"If a conference to be held tomorrow morning between the Northern Pacific and a committee of citizens of Eureka, in the radicoad offices here, accomplishes what is expected of it. E. H. Harriman will build a road from Willits to Peoperwood. Humboldt County, a distance of 100 miles, thus giving San Francisco a direct line to Eureka through one of the richest lumber regions of the Coast and diverting to this port a great quantity of freight which now finds its way northward to Portland.

Georgeson, president of the Humboldt County Bank; Dr. W. E. Cook, of the Eureka Chamber of Commerce; Attorney L. F. Puter and J. C. Coonan will represent the interests of the territory to be traversed by the proposed road.

The idea is to reimborse the Harriman interests for the expense incurred in proceeding with the construction of the road at the present time and having to sell bonds for about 25. To make up the difference between 95, the probable selling price, and par, the price wanted would cost \$400,000. It is also possible that the road will accept \$18,000 a year for 20 years instead of a lump sum.

Harriman Agent Goes East.

SEATTLE, April 2.—J. D. Farrell, vice-president and general manager of the Oregon & Washington Rallroad, has gone to Chicago to consult high officials in the Harriman service on the immedi-ate construction of the extensions of the Union Pacific from Portland to Seattle and into the Grays Harbor country.

FIGHT ON BALDWIN ESTATE

(Continued From First Page.) the company is to hold the property in trust for the heirs. This last transaction covers and conceals the nature of the

Just what Mrs. Baldwin would receive under the agreement reached with the other heirs would not be divulged. It is admitted that she is to receive much more than under the will, which cut her

DAUGHTER OF LUCKY BALDWIN, WHO WILL CON-TEST SETTLEMENT AMONG HEIRS.

off with about \$200,000. Fending the settlement of the estate, Mrs. Baldwin is to receive a liberal family allowance.

Left Widow Small Share.

Upon the death of Baldwin it was found that he had left most of his estate to his two daughters, Mrs. McClaughry, wife of A. J. McClaughry, assistant postmaster, and Mrs. Stocker, of Arcadia. The estate is said to be worth between \$20,000,000 and \$30,000,000. To his widow he bequeathed a third interest in the Baldwin Annex property, which adjoins, the Flood building. This interest was valued at \$200,000. To Mrs. David

Selby 200 acres of law, was valued at \$200,000. To Mrs. David than any private concern in the world between \$20,000.000 and \$30,000,000. To his widow he bequeathed a third interest in the Baldwin Annex property, which adjoins, the Flood building. This interest was valued at \$200,000. To Mrs. David Selby 200 acres of land were left. Other bequests of property. sequests of property, amounting to 240 acres, were made in the will.

Contest Was Threatened.

The will was offered for probate on March 3, and dissatisfaction on the part of Mrs. Baldwin was soon apparent. Shortly after the burial of Baldwin his widow retained Garrett McEnnerney, and widow retained Garrett McEnmerney, and steps to start a contest were begun.

A handsome allowance was one of the first demands of the widow. In case her demands were refused, Mrs. Baldwin threatened to throw the estate into littigation that it would take years to end.

But trouble for the heirs has cropped up at another point. David S. Selby, husband of Mrs. Rose Selby, who, under the will, is admitted to be a legal daughter, says that the compromise effected by the other heirs has not been agreed upon by his wife. Under the will she was to receive \$50,000, which is not provided in the compromise, and he says that a suit will be brought immediately unless she is cared for.

Mrs. Selby Will Contest.

"All preparations," said Mr. Seiby, have been made to contest the Baldwin will to the bitter end if Mrs. Seiby is not given her full share. The fact that Mrs. Lillian Baldwin's claim has been adjusted does not affect Mrs. Seiby's efforts in the slightest manner. The attorneys for the sisters who got the bulk of the estate have been in consultation with us for the past two weeks in an effort to compromise Mrs. Selby's claims. They have not as yet arrived at a decision. Should they fail to agree, a gigantic contest will follow.

"Mrs. Selby's rights to an equal share

"Mrs. Selby's rights to an equal share of the Baldwin estate are conclusive beyond a doubt. She has in her possession all the documentary evidence to prove that her mother was a woman of refinement and of a prominent family and the legal wife of Baldwin. If a compromise is not effected Mrs. Selby will show the exact reasons. If a compromise is not effected Mrs. Selby will show the exact reasons why her father did not carry out his constant promise that she would get an equal share of his fortune."

Mrs. Baldwin has been living at the Fairmont since the funeral of "Lucky" Baldwin. She refused to discuss the existence.

settlement.
"I am not at liberty to say just what
Mrs. Baldwin will receive under the settlement," said Mr. McEnerney today,
"but it will be much more than under
the will. She is also to receive a family allowance while the estate is being set

HIT HARD BY DEPRESSION

North German Lloyd Loses by Slump in Immigration.

BERLIN, April 2.—The balance sheet of the North German Lloyd Company, issued today, shows undivided gross profits of only \$2,304,590 as sgainst \$8,174,250 in 1997.

The reports say the business of the year was most unfavorable, being influenced by the unparalleled reduction in the numbers of steerage passengers carried, which was about 185,000 less carried, which was about 185,000 less than in 1807. Of late, the report de-clares, emigration to the United States has increased considerably and the di-rectors express the hope that the present provisional adjustment of German American trade relations will soon be superseded by a trade treaty.

Steamer South Bay Clears.

ASTORIA. Or.. April 2.—(Special.)—
The steamer South Bay cleared at the Custom-House today for San Francisco with a cargo of 480,000 feet of Limber loaded at the Hammond Lumber Company's mill. The steamer damaged her propeller by striking a submerged log while en route to this port, but her owners decided she is able to make the return trip to San Francisco, where repairs will be made.
