# STATE GETS MORE FIRE COMPANIES

Five Concerns Admitted to Do **Business in Oregon Since** March 1.

NEW LAW IS MORE LIBERAL

While Offering Same Security to the Public, New Statute Is Less Severe as to Demands on the Insurance Companies.

SALEM, Or., April 2.—(Special.)—Under the operation of the new insurance code, Commissioner S. A. Kozer states that there have been more new companies admitted to do business in the state

since March I than were admitted during the entire year of 1908.

On the theory that competition is a good thing for business, those interested in insurance matters are congratulating themselves on the manner in which the new law is working out. In the past month five companies have been ad-mitted, including three life companies, one surety company and one fire com-pany. The recent additions to the list are the Western Union Life of Spokane, with a capital stock of \$200,000 and doing a life and accident business, and the Fidelity & Deposit Company of Mary-land, capital stock \$2,000,000, doing a idelity and surety bond business. Jesse

Stearns has been appointed resident general agent of the latter concern, with hesdquarters at Portland. The new law, while it is said to offer fully as much security to the public, is much less severe on the insurance com-panies and under the operation of the new code it is expected that there will be a big increase in the number of con-cerns writing insurance in this state. Section 3724 of the code has been amended so as to require a license fee of \$150 from each fire insurance company doing business in the state, an increase from \$50, while the license fee for life, accident, casualty and surety companies remains the same, \$100.

#### Surety Bonds Cut Down.

Under the old law surety companies were required to deposit with the state specified securities to the amount of \$50,-000, but in the new law this provision has been wiped out. Fire insurance companies, if they have a paid up capital and unimpaired surplus amounting to \$200,000 and have a certificate of authority from the State of New York, shall deposit \$25,000 in specified securities with the Insurance Commissioner of Oregon or a surety bond in that amount. In case of companies foreign to the

or a surety bond in that amount. In case of companies foreign to the United States, having a certificate from the proper authorities of any other state having an insurance department showing authority to do business in said state and a certificate showing a deposit by said company of not less than \$200,000 in cash or approved securities, for the security of the policy-holders of such company in the United States, a deposit of \$25,000 in securities or a surety bond for such amount is required. Companies not supplied with a certificate of authority from the State of New York will be required to deposit \$50,000 in cash or specified securities the same as under the old law. The New York dedications are strong that oil is present in large quantities.

The other sale by Dr. Thompson was that of some ground containing min-eral springs of supposed great value. In this case also the purchase was by

under the old law. The New York de-partment is singled out in the Oregon code for the reason that it has been es-tablished for some time and has set a high standard.

#### Fraternal Orders Not Included.

Fraternal orders and co-operative societies, associated or incorporated for the sole purpose of mutual protection and relief of its members only and for the payment of stipulated sums of money to the families of its deceased members, or for property of its members only de-stroyed by fire, and not for profit, are seclared not to be fire or life insurance ompanies in the sense and meaning of he insurance laws of the state, and are exempt from the operation of such laws. Stringent regulations are provided for the control of all companies admitted to islensa in the state. In case of their

While murety companies are not required to deposit a large sum as heretofore, the public is safeguarded by a number of regulations in the law. The law requires the company, in addition to a fee of \$5 to be paid with its application. cation, to pay a 2 per cent tax upon its

failure to live up to the laws.

The law provides a penalty for the forming of compacts, trusts or combina-tions among inaurance companies.

#### ACTIVITY AT GRANTS PASS

Arrigation Project and New Building Make Work Plentiful.

GRANTS PASS, Or., April 2—(Special.)—This Spring has been a very busy one for the farmer, mechanic and common laborer. The opening and building of the irrigation ditches has furnished a great dealer was a furnished. great deal of work for men and teams at good wages. The superintendent of the work has been compelled to go out of the county to get heavy draft horses to do the screper work. It is thought that at least three of the ditches will be ready for the May irrigation.

Aside from this activity there will be erected several husiness blocks in town. The Conklin building is stready under headway; the old livery stable owned by Lee Calvert, which has been for years a nollitical reader. political rendezous on election days, will be replaced by a two-story brick, 50x100. Adjoining this building on the south side, W. A. Paddock will erect a double store building of brick.

Down on East G street Mrs. Weldman will put up a two-story brick building soxis feet, which will be the new home of the Rogue River Courier. With all these buildings under headway and the these buildings under headway and the residence portion of town building up in proportion to the business section, local carpenters and mechanics are assured of a busy Summer. Keeping abreast of these events, the farming portion of the county is doing its share.

#### **FARMERS SEEK WOOD LOTS**

Land Buyers in Klickitat Start Old Settlers to Conserving Supply.

LYLE, Wash., April 2 .- (Special.)-Many of the wheat-raisers residing on the prairie near Lyle are not supplied with wood lots. They have hitherto given the matter no thought, and when they wanted a Winter's supply of fuel they called on the less prosperous neighbor who was clearing land or had pienty of standing timber and who would make no more charge than

wages for cutting the wood. Many of the homesteaders hereabouts who have been meeting store bills every year by cutting a few cords of wood have been nicknamed "wood rats." Every year, as the country is getting cleared up, the "wood rat" is disappearing, and at the present time, and for a year past, the price of wood has been soar-ing higher than ever known in Lyie. Just now the high price of wood, Just now the high price of wood, coupled with the announcement that the Nebraskan who recently paid several thousand dollars for the old Burford place at Centerville, would not close the deal for that property until he was assured he could purchase a wood lot in the nearby timber belt, many of the farmers who have no wood lot to indulge in serious thought for future wood sumply. The Nebrasfor future wood supply. The Nebras-kan says the rull view of the standing timber on the Simcoe range, north of Klickitat Valley, has an inviting aspect to him. He further states that every farmer in Klickitat should have

as a part of the assets of the farm

Major N. A. Cornoyer, Deceased.

PENDLETON, Or., April 2 .- (Spe ial ) -Major N. A. Cornoyer, fam Indian fighter and prominent pioneer

of Oregon, who died at his home near here, March 31, was born in Illinois, in 1820. He crossed the plains to California in '49 and set-

tled in Marion County, Or., in 1856. In 1855 he organized a small com-

pany of volunteers and, as Captain,

brought his company to Eastern Oregon, where they took a leading part in the battle of Walia Walia and

other fights with the Indians dur-ing the Winter and Spring of '55 and '56. For bravery shown in the

battle of Walla Walla, he was promoted from Captain to Major of the Oregon Volunteers.

Major Cornoyer was agent on the Umatilla Indian Reservation during the uprising of 1888. It was he who

persuaded the small band of Cayuse

braves to take advantage of the treachery of Umapine to capture and

kill Chief Egan, of the Bunnocks.

bringing the Bannock War to a close and preventing the then village of Pendieton from failing into the hands

of the savages.
Following the war of 1555-6 he re-

for turned to Marion County and was twice elected Sheriff, being the first sheriff of that county after Oregon was admitted to the Union.

Eugene Will Hold City Election Next Monday. 1800 VOTERS REGISTERED

**CONTESTIS RED HOT** 

Question of Completing or Abandoning \$130,000 Power Plant Chief Issue-Matlock and Bingham Are Mayoralty Candidates.

BUGENE, Or., April 2—(Special.) The city election, which will be held here Monday, April 5, will be one of the hardest-fought city battles in years.

The center of all interest will be the contest between J. D. Matlock for relection as Mayor and J. H. Bingham, who opposes Mayor Matlock. Matlock heads what is known as the Municipal Ownership ticket. Bingham heads the City Municipal ticket. The point at issue is the completion or abandonment of the McKenie River power plant, already begun by the city—the cost of which is estimated to be about \$180,000. The work was stopped on this project by an injunction, and the election will be held before the injunction case is settled.

Matlock piedges the people that he BAKER CITY, Or., April 2—(Special.)—Circulation of a petition was begun here today for the purpose of invoking the referendum on Senate bill No. 22, passed by the recent Legislature, which raises the salary of Judge in the Eighth Judicial District from \$3000 to \$4000 a year, the added amount to be paid by the taxpayers of Baker County.

When the bill was introduced by State Senator Hart during the session there was considerable clamor from this county, but it passed both houses with no opposition, either in the House or

before the injunction case is settled. Matlock piedges the people that he will complete the plant if elected. Bingham says that he is in favor of the city owning its own plant, but he does not come out for any particular plant, and says that he will not decide until the injunction suit is settled. He says, however, he can promise the people that work will begin on a new plant within 90 days after his election. Bingham also says that he will submit at once the proposition to put in a municipal light plant and if the people vote it, he will have the city lighted by the new plant within 30 days. Since both sides no opposition, either in the House or Senate. Governor Chamberlain vetoed the measure and it was passed over his veto. It is stated tonight that names are being readily obtained, many taxpayers sending in word requesting that they plant within 30 days. Since both sides are in favor of submitting the light question to the people there is little discussion on that point. In Haines and vicinity, which is largely inhabited by farmers, petitions were also started today. It is understood that a greater per cent of the required number of names will be procured in Eastern Oreson.

Big Vote Will Be Polled.

Both tickets have held a special meeting with the voters in East Eugene. To-night the Municipal Ownership ticket held a big mass meeting at the County Courthouse. Tomorrow night the Bing-ham forces have engaged the Opera-house, with a braze band and an or-chestra.

Indications are that a big vote will be polled. There are 1800 registered voters in Eugene and every man will be urged to go to the polls.

The corrupt practices act will probably make Monday's election the most unique in the history of the city. The leaders and their supporters would ordinarily when excitement is so high-have out many carriages and a great many workers about the polls, but the new law forbids this.

CLEONE, Or., April 2.—(Special.)—
Dr. A. Thompson, of Gresham, has just made two sales of some moment. One was the sale of a tract of land in which there is supposed to be oil, to several Portland men who, Dr. Thompson of the control of the contr forbids this.

On the Matlock ticket the following on the Matlock ticket the following. First candidates: Councilmen, First candidates:

men are candidates; Councilmen, First Ward, T. H. Garrett (re-election); Second Ward, R. B. Henderson; Third Ward, Sherman Heller (re-election); Fourth ward, F. J. Berger (re-election).

On the Bingham ticket the candidates are for Councilmen; First Ward, M. Svarverud; Second Ward, George Fisher (re-election); Third Ward, Charles Littlefield; Fourth Ward, C. P. Barnard, For Treasurer Jesse G. Wells is on the Matlock ticket and Frank Reisner on the other, R. S. Bryson, candidate for City

other, R. S. Bryson, candidate for City Recorder, has no opposition. The mass meeting of municipal owner-ship voters at the County Courthouse tonight crowded the Circuit Courtroom to the doors, filled the jurybox and to the doors, filled the Jurybox and scores of them stood up during the speaking. R. M. Day presided at the meeting and addresses were made by Mayor J. D. Matlock, John M. Pipes, J. Morris, B. F. Dorris, M. S. Barker and Lark Bilyeu. The speakers were all enthusiastically received and feeling ran high. A sensation was sprung by Mr. Bilyeu, who called on J. M. Pipes to make a statement relative to the obstruction of the Willamette Valley Company in its endeavor to defeat the city in the completion of its McKenzie River power SALEM. Or., April 2.—(Special.)—The State Railroad Commission has announced a hearing at Rufus, Or., on the O. R. & N., for April 13, at 1 P. M., to investigate the depot facilities at that place. The investigation is on the Commission's motion to determine whether the railroad had been unreasonable and unjustity discriminatory. pletion of its McKenzie River power plant. Pipes said that J. W. Storment, through whose land the city bought a canal right of way, yesterday testified that the attorneys of the Willamette Vald tried to buy Storment's land and had offered to stand all costs of defending him if he would refuse the city any access through his property, and that the company would pay more than any price the city would give for the Tomorrow night the opposing ticket will hold a big meeting at the Court-

# LOADS MUST BE HEAVY

ABSURD BLUNDERS IN NEW OREGON ROAD LAW.

Bill Reads That Maximum Weight Carried Shall Not Be Less Than 2500 Pounds.

SALEM. Or., April 2.—(Special.)— Among the quaint and curious blunders of the recent regular session of the Ore-gon Legislature was the passage of a Legislature was the passage of a making it unlawful to drive a wagon on any improved road west of the Cas-cade range, weighing with its burden less than 200 pounds. The bill is House bill No. St. and is designed to protect the roads from the result of overloading

narrow-tire wagons. The bill was referred to the House con mittee on roads and highways and by them amended and jumbled up. Section 2 gives County Courts authority to regulate the weight of all loads of various commodifies, between the first day of Octo-ber and the first day of May of each year. Section 3 was amended to read, in referring to the weight of loads that may be haused:

"And the maximum weight thereof shall not be made less than 2500 pounds nor more than 2000 pounds for any works."

nor more than 3000 pounds for any vehi-cle having tires of any width less than four inches, nor less than 3000 pounds nor more than 4500 pounds for any vehicle having tires of more than four inches and less than sty less than six inches in width less than 4500 pounds for any vehicle hav-ing tires of six inches or more in width,

The bill is intended to apply to counties wholly or in part west of the Cascade Range. violation may be punished by County Courts for contempt of court.

STATE GETS SHIP'S GUNS Two 6-Inch Rifles From Battleship Oregon for Capitol Lawn.

SALEM. Or., April 2.—(Special.)—Governor Benson has received a letter from Secretary of the Navy George L. von Meyer, stating that the II-inch guns of the Oregon have not yet been condemned and consequently cannot be given to the state or to other applicants. It is understood that the Government will send two of the 5-inch guns to Salem for the Statehouse lawn.

# HIGHER GRADES ADDED

LINN TAKING ADVANCED STEPS IN SCHOOL WORK.

Ten School Buildings to Be Erected This Year - County High Schools Are Popular.

ALBANY, Or., April 2-(Special.)-More high schools will be established in Linn County this year than in any ten years of the county's history. Coincident with the establishment of higher schools, more school buildings, and also better ones, will be erected than in any previous year for half a century. The enact-ment of the County High School plan is largely responsible for this remarkable growth in Linn County's educational fa-

There are three 12-grade high schools in the county already-those at Albany, Lebanon and Brownsville. Halsey, Har-risburg, Scio and Sodaville will all es-tablish full high school courses next Fall, the three former now having 10-grade schools and the latter but a com-mon eight-grade school. This will give Linn County seven four-year high schools.

mon eight-grade school. This will give Linn County seven four-year high schools. While the 10-grade high schools step into the 12-grade class, a number of districts which now maintain only eight-grade schools will add a two-year high school course. Among these are the aggregates, will be a houself of appearances, will be a houself of appearances. school course. Among these are the schools of Tangent, Shedds, Plainview, Lacomb, Crawfordsville, Sweet Home, Oakville, Mill City and the district on the Linn County side of the North Santiam River opposite the town of Gates.
All high schools in the county will begin operation next Fall under the County
High School plan. Under this system,
each district will receive from the county fund 20 cents a day for every pupil doing high school work. To come under the provisions of this plan, a school must maintain at least ten grades, and every district which now has a suitable school building will rise to this grade to get the benefit of the plan.

building will rise to this grade to get the benefit of the plan.

Several spiendid school buildings will be erected in different parts of the county this Summer. Albany will build a \$50,000 stone high school building. Lebanon will also erect a big school building this Summer. A \$25,000 structure is planned. A schoolhouse will also be built at Plainview for a union high school to be started next Fall to accommodate high school pupils from several adjoining districts. County School Superintendent W. L. Jackson estimates that at least ent W. L. Jackson estimates that at least ten new schoolhouses will be erected in country districts this Summer. The Sodaville school district has re-cently acquired the building of the Min-

eral Springs College, which closed its doors a year ago, and will use the splen-did building for an up-to-date high school. At Mill City, where the districts on both the Linn and Marion County sides of the North Santiam River were consolidated, a \$5000 school build

g has just been completed. Coincident with the growth of school Coincident with the growth of school facilities, teachers' salaries have been increased materially during the past two years, and altogether more progress is being made along educational lines in Linn County now than ever before.

#### **ENTRIES NOW NUMBER 190**

Salem Expects Large Crowds at Horse Show Today.

SALEM, Or., April 2 .- (Special.) -- Hundreds of horses of all classes and breeds have been entered for the Salem Horse Show, to be held tomorrow. A big parade of all of the stock entered

will be given at 10 o'clock, followed by the judging of the horses. At 3 o'clock a parade of the premium-winners will be given. One hundred and ninety entries were received this afternoon.

An unprecedented attendance is assured and the county authorities have given the Horse Show Association permission to erect bleachers on the Courthouse lawn for the convenience of the crowds.

New Companies Incorporated. SALEM, Or., April 2-(Special.)-The following articles of incorporation have been filed in the office of Frank W. Ben-

son, Secretary of State: The Commercial Club of Oregon City—In-corporators, Thos. F. Ryan, C. G. Huntley, Wm. A. Shewman, Jr., M. D. Latourette, John Adams, T. J. Gary, E. A. Sommer, Frank Busch, Henry O'Malley, C. D. La-

tourette, Franklin T. Griffith and W. E.

# Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have be-come weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discov-

ery, a glyceric compound, extracted from native medica-inal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

R. V. Rienamiso You can't afford to accept a secret nostrum as a substitute for this no

holic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy
