Wets and Drys Fight in Many Michigan Counties.

END OF BITTER CAMPAIGN

Of 27 Counties Voting, Three Are Reported Dry, Two Wet—Summer Resorts Worried About Effect on Business.

DETROIT, Mich., April 5.—With virtually all the interest in today's election centering in the 27 counties of the state where the abolition of the liquor traffic was voted upon, the Republican ticket met approximately is elected by 75,000. Emmett, Eaton and Sanilac counties are in the "dry" class, while in Ionia and Ottawa the "wets" were victorious.

The Republican state ticket which was elected includes two Justices of the Supreme Court and Regents of the University of Michigan.

In the 27 counties of the lower peninsula of Michigan there are more than 1000 saloons and 14 breweries and wholesale liquor houses. Confronted by the most ambitious campaign which the Anti-Saloon League has ever undertaken against them in Michigan, the liquor interests have made a hard fight.

Allogan, Berrien and Ottawa Counties include in their borders many of the Lake Michigan resorts which are extensively patronized by people from Chicago and the West, and much interest has attached to the possible effect on this summer's business. In Washtenaw County is located the University of Michigan, at Ann Arbor, and the drys have made much of the beneficial effect which a restricted local option would have on its 4000 students.

CHINESE GRAPTER CAUGHT

Alleged Bunco-Steerer Said to Have Victimized White Men.

Sam Hing, alleged Chinese bunco steerer, who was arrested last night and locked up in the City Jail. It is said he made easy victims of certain white people and a few other Chinese. His alleged victim was engaged a carpenter or contractor to do certain work for him and then ask for "luck money," giving the contractor to understand that the contractor was to be engaged to do the work and to give back the money when arrested.

The police have been looking for him for some time for other alleged depredations against white men. He was released on a \$1000 bond, and he was to give a merchandise store a large order of provisions to be sent to a camp outside of town, and the strength of the order was for a loan for a few days or until the provisions were delivered.

The fact that they had been buncoed by Chinaman, it is said, prevented complaints being made.

"CITIZENS" TICKET WINS

St. John Votes to Annex Territory and Extend City Line.

The city election at St. John yesterday resulted in a complete victory for the "citizens" ticket. All the city officers being re-elected, as follows: Mayor, J. S. Hendricks; Recorder, A. M. Essen; Treasurer, J. E. Panch; City Attorney, H. E. Collier; Councilmen—at-large, A. W. Davis, F. L. Doble, C. I. Johnson. The new Councilmen are S. B. Cook, First Ward; M. R. Brown and J. E. Heller, Second Ward; J. W. Davis, Third Ward. These won out by substantial majorities.

The annexation proposition carried and a large strip of territory to the east of the city will be taken in. The most important point in the annexation scheme was the extension of the city line from the Meander Line to the center of the channel of the river. This gives the city police jurisdiction over the waterfront and half of the river.

A number of amendments were up to be voted upon, but all were lost through lack of the necessary three-fourths vote.

BOYS EMULATE RAFFLES

GENTLEMAN BURGLAR OF FICTION IS THEIR UNDOING.

Edward Richards and Floyd Fessler Brought From Tacoma for Various Burglaries.

Detective Coleman returned last night from Tacoma with Edward Richards and Floyd Fessler, aged 17 and 16 years, respectively, who were arrested on information furnished by Chief Gritzmacher for burglarious crimes committed in Portland. Allen Sharon, one of the accomplices, was caught in the First National Bank trying to cash a check that was part of the plunder.

Sharon was forced into a confession and implicated his friends, whom he said were Tacoma boys.

"Why did we do it?" said young Fessler. "Well, I guess we needed the money. I didn't in particular, but the other boys did, and we talked about breaking into some of the stores and making a haul. We got our ideas of boring the holes around the locks and taking them out with the Raffleys. Now don't say for that we were reading dime novels, for they are not. That was good fiction and published by Scribner's, of New York. He was an amateur brackman, you know. I got the books from one of my brothers, who has the complete set. It looked like easy money and we thought we would try it."

Fessler appeared a bright lad and showed a knowledge of different works of fiction, besides a general knowledge of the Raffleys. He did not seem the least bit embarrassed about the affair and marched off to jail smiling.

Brown, believing that Harris was not guilty, came to his assistance and Harris was released. Brown then gave Harris a position in his company as collector, where he stayed for several months.

Refuses to Leave Man She Ran Away With and Goes to Jail With Him.

Harry Matthews and Agnes Rogers were arrested last night in a lodging-house, at 68 Seventh street, and confined in the County Jail on a statutory charge. The arrest was made at the instigation of the girl's mother, who followed them here from Tacoma, where they met and ran away. Matthews and Agnes were living under the name of Mr. and Mrs. George Adams. Matthews gave his age as 22 and the girl is 18, according to her mother.

Matthews is said to have two wives in Seattle, one whose name was Eva Gates and the other Vera Clark. Today the mother will make charges against the man, which may result in a penitentiary sentence. She pleaded with her daughter to go home with her but the latter refused to leave unless she would promise to withdraw the charges against Matthews. The mother refused and the pair after denouncing the mother, were locked up.

HEARST EVIDENCE STOLEN

Incompetent testimony had been the basis of the indictments.

These allegations were vigorously denied by the Government counsel. A great crowd attended the opening of the trial. People came from all parts of the state to see the unusual spectacle of a Governor on trial for alleged fraud. The number was left standing at 1400 and to have the shorthand notes of the Muskogee grand jury introduced in court, and this motion was taken up for argument before the motion in quash was considered. The attorneys for the defense told the court that the argument of the defense on the latter motion probably would consume three days' time. The only one of the defendants not in the city is A. Z. English, who is very ill in Los Angeles.
