TROLLEY LINE TO BUTTE

NEW CORPORATION ORGANIZES ITS FORCES. Project Calls for Construction of 300 Miles of Road Across Oregon, Idaho and Into Montana.

Incorporation of an electric railroad to build from Portland to Butte, Mont. was accomplished yesterday, when the Portland, Butte & Baker City Electric Railroad was organized, and articles of incorporation filed. H. C. McAllister, Master Plan, is president; John M. Gilkison, vice-president; J. C. Robinson, secretary; Mark M. Gill, assistant secretary, and John Tait, treasurer. The project calls for the construction of 300 miles of railway across Interior

KETCHEL DENIES CHARGES

Will Fight Breach of Promise Suit Brought Against Him. GRAND RAPIDS, Mich., April 15.—Stanley Ketchel, the champion middleweight, will fight the breach of promise suit brought against him by Miss Elizabeth Houtman, of this city, in the Circuit Court here. His attorneys filed a general denial of the girl's charges today. General Court-Martial Off. ST. PETERSBURG, April 15.—Orders have been issued to dissolve the general court-martial which has been sitting for several months to dispose of cases connected with the Baltic Insurance of 1905-06, as soon as a case now before it is concluded.

LOTS SELL FOR \$100,000

NORTH END VALUES GO UP ANOTHER NOTCH. Part of Old Tracy Estate at Fifth and Flanders Is Purchased by Albert E. Johnson. North End values moved up a notch yesterday upon the conclusion of the sale of three lots at Fifth and Flanders. The consideration as announced by E. J. Jaeger is placed at \$100,000. At the same time for the other lots the value of the block would be over \$265,000. The sale was made by E. J. and J. P. Jaeger, Ed. J. and John G. Tracy and C. H. and E. E. Farrington. The lots are part of the old Tracy estate and the men mentioned have owned the property for about two years. The property has 200 feet frontage on the south side of Flanders street, 100 on Fifth and 50 on Sixth. On the city map it is plotted as lots 5, 7 and 8 of block 28, Couch Addition. This inferior frame buildings are at present built on the ground. The lots were in the possession of the Tracy estate for 30 or 40 years. It is the intention of the Jaeger Bros. to reinvest their portion of the purchase money and probably to erect a building to occupy a quarter block. This firm has been remarkably fortunate in its realty investments and now holds several valuable pieces in different localities of the city. The purchaser of the Flanders-street lots is Albert E. Johnson, an attorney of Portland, and it is said that he has ascertained in the deal. It could not be learned last night what intention the new owner has with reference to the property, but the presumption is reasonable that a good improvement will be made. Amity Condenser Busy. AMITY, Or., April 15.—(Special.)—The milk condenser here is being oper-

FIGHT SOCIALISM PERIL

Seth Low Says It Makes Deserters From Army and Navy. NEW YORK, April 15.—How the National Civic Federation is opposing Socialism in this country was told by Seth Low, former president of Columbia University, in the course of an address last night before the members of the National Metal Trade Association. "Do you know," he asked, "that there are Sunday schools in this city where Socialism is taught to little children? Their literature is on our battlefields and circulates in our Army, urging desertion and mutiny. But we are doing what we can to counteract that propaganda. We began this at the request of the labor leaders in the federation. "Such
