

INDOOR MEET HAS BIG ENTRY LIST

Seventeen Teams Will Contest at Columbia University in Track and Field Sports.

BEST AMATEURS COMING

Multnomah Meet Winners Are Entered and Will Compete With Star Men From Clubs, Colleges and High Schools.

The record-breaking list of 17 teams and 147 contestants is the list that Track Manager F. W. Black has compiled for the big indoor track and field meet to be held at Columbia University tomorrow afternoon. Oregon Agricultural College has entered the largest team, consisting of 19 men; Lincoln High School has 14, Columbia University 17, Washington High School 14 and University of Oregon 12.

The strong entry list, embracing the finest athletes in the Pacific Northwest, headed by Forrest Smithson, of the Multnomah Club, makes it certain that the sport supplied will be of the finest possible description. Never in the history of athletics in the Northwest has such an aggregation of star men been brought together, and never has there been such a large entry list in point of numbers alone.

The names of the teams entered are: Catholic Young Men's Club, Multnomah Amateur Athletic Club, McMinnville College, Oregon Agricultural College, Pacific University, University of Oregon, Portland Y. M. C. These teams will come from all parts of the state, and range in numbers from one entry for Willamette University to the 19 members of the O. A. C. team. Most of the winners of the Multnomah meet at the Armory are entered, and the meet bids fair to be a success.

BAILEY REVIVES TAX INCREASES

Proposes Government Take 3 Per Cent on All Exceeding \$5000.

EXEMPTS PUBLIC BONDS

Texas Senator Maintains Decision of Supreme Court Wrong and Challenges It to Reverse Itself.

WASHINGTON, April 15.—In the Senate today Bailey introduced an amendment to the Payne tariff bill placing a tax of 3 per cent on incomes exceeding \$5000 annually, which, he said, would provide a revenue of from \$20,000,000 to \$80,000,000 annually.

Aldrich announced that he would speak upon the tariff bill next Monday, to which time the Senate adjourned. Bailey's income tax amendment provides for a straight tax of 3 per cent on all incomes above \$5000 a year. It exempts all incomes from Federal, state, county and municipal securities, salaries of all state officers and incomes of corporations below \$5000. The former law on this subject provided for a tax of 2 per cent on incomes of \$5000 and upwards.

Thinks Supreme Court Erred. "I have," said the Senator, "responded to the unanimous decision of the Supreme Court of the United States that the Congress has no power to levy an income tax on state, county or municipal securities and I have specifically exempted incomes derived from that source."

Tax Rich Instead of Poor. Bailey said he did not introduce his amendment because he desired to tax property, but he "preferred to tax the incomes of prosperous people rather than to place it upon the backs and upon the appetites of people who are at best doing none too well."

NEW RAILWAY PROJECTED F. M. SWIFT TO BUILD FROM OREGON CITY. Asserts He Secured \$70,000 From Farmers Along Route to Molalla and Marquam.

OREGON CITY, Or., April 15.—(Special.)—Business and professional men of this city will be asked to respond to the call for subscriptions for stock in the Clackamas Southern Railway next week by F. M. Swift, who is promoting a project and has secured nearly \$70,000 from the farmers and country merchants

between Oregon City and Molalla. The line will take in Beaver Creek, Molalla, Liberal, Molalla and Marquam and will have as its southern terminus either Mount Angel or Silverton.

Mr. Swift has obtained the original surveys and right-of-way deeds that were secured from the Oregon City, Beaver Creek & Molalla Railway, and he proposes to make a thorough campaign in Oregon City. When eight miles of road have been constructed, half of the subscriptions are due, and the balance is collectible when 15 miles of road is completed.

It is said that there is nearly 8,000,000 feet of standing timber tributary to the line, which is bordered by very rich agricultural land, while in the foothills the soil is especially adapted to fruit growing.

Trade that now goes to Canby, Barlow, Aurora and Hubbard is expected to come to Oregon City when the road is placed in operation. The road is capitalized at \$35,000 per mile.

OREGON CARRIERS APPOINTED. OREGONIAN NEWS BUREAU, Washington, April 15.—Rural carriers were appointed for Oregon today as follows: Beaverton, route 3, Greenland; B. Emmons, carrier; Lewis V. Emmons, substitute; Wallowa, route 1, Elmer E. Southwick, substitute.

MAJOR BARROLL FOR PORTLAND. OREGONIAN NEWS BUREAU, Washington, April 15.—Major Morris K. Barroll, Coast Artillery Corps, is detailed for service to fill a vacancy in the Navy Department, with station at Portland.

VISION IS HIS GUARDIAN. A Salvation Army lassie appears whenever he would curse God. BELLINGHAM, Wash., April 15.—(Special.)—That a Salvation Army lassie is his guardian angel and that she appears to him in the flesh whenever he indulges in his pet habit of profanity, is the conviction of Gus Swanson, a young laborer who was today examined for his sanity. He says that between the times of her appearance, wicked spirits pester him and these he curses with a hearty abandon that would do credit to a pirate. But as often as he sees the figure of the fair lassie come near, he becomes meek and watches his words with painstaking care.

A parallel for this strange hallucination is that of Christine Christiansen, who was brought before the court on the same charge of mental incompetence. She says that the Savior often appears to her in visions and that he is her lover. Both defendants were committed to the hospital for the insane.

TWO MEN BLOWN TO ATOMS. Nitroglycerine Factory Explodes and Shakes Much of Illinois. ROBINSON, Ill., April 15.—Charles Dewes and Moses Lanz were blown to atoms today when the nitroglycerine factory of the Independent Torpedo Company at Gordon, Ill., was destroyed by an explosion. The explosion shook the country for 30 miles around and at this place, five miles away, the shock was so strong that plaster fell from the ceilings of houses.

"WETS" ON ANXIOUS SEAT

UMATILLA GRAND JURY PROBING BLIND PIGS. Five Indictments Returned at Pendleton—Liquor Cases Receiving Attention.

PENDLETON, Or., April 15.—(Special.)—Though five more men have been indicted by the grand jury, no report has been made on any alleged violations of the local option law. The investigation of these cases is now occupying the attention of the grand jury, and the next report will contain true or not true bills against the liquor men.

Among those indicted today were Toby Bush, for killing an elk out of season, and Leonard Raup, the young man who attempted to extort \$1200 from his uncle, S. A. Miller, of Milton, by means of the fake kidnapping scheme. The former has not been arrested, while the latter pleaded guilty and will be sentenced Saturday.

J. W. Corrigan, arrested at Boise on the charge of burglarizing an Echo store, was indicted and will plead Saturday. Charles Fish, accused of complicity in robbery, for which Barr and Gaston were recently given long terms in the penitentiary, was indicted and pleaded not guilty.

Detectives and liquor experts are also awaiting their turn. Many indictments are expected.
