BARLEY IS HIGHER

Local Market Follows California Advance.

DATS ARE ALSO STRONG

At Merchants Exchange \$1.20 Is Offered for Club Wheat With No. Sellers-Advance in the

Hop Tariff.

The barley market is advancing rapidly. Good feed barley is now held at \$34@35 per ton, with a prospect of going higher. A pparent for some time past, but it was expected the deficiency could be made up in California, where prices were relatively cheap. The purchase of several lots in the however, for shipment to Portland and Seattle has caused that market also to advance. Two hundred tons of barley were received from San Francisco or wers received from our rank but Nome City today, and the F. S. Loop today will bring 400 tons more. Prices of rolled barley have followed whole barley and

were quoted at \$86@37 yesterday. The oats market maintains its recent

The wheat market was strong, but quiet. There was an offer of \$1.20 for club wheat at the Exchange, but no sellers at this price. Recent sales of bluestern have been made at \$1.27½ and \$1.30. There were no new developments in the

flour market. Bid and asked prices on the Board of Trade were as follows: WHEAT.

April Bid. \$1.10 May Li7 April OATS. .. 2.00 2.02% .. 2.02% 2.05 April BARLEY.

The weekly grain statistics of the Mer chants' Exchange follow: American visible supply

...6,807,000 5,726,000 6,766,000 HOP TARIFF IS INCREASED.

enate Committee Raises It 3 Cents to 15 Cents.

The Senate finance committee has amended the hop schedule of the Payne tariff bill by raising the duty on foreign hops from 12 to 15 cents a pound. The Payne I made no change in the existing rate Should the bill, as amended in this par-ticular, become a law, it is not likely to have much effect one way or another on the American hop industry. The hopgrowers saked that the duty be raised to 24 cents. thinking this would keep down the impor-tations and give more chance for the homegrown article. An advance of 3 cents in the rate will make but little difference to importers. The American browers us a certain quantity of German hops every year and do not consider the price. They brought over as many foreign hops two years ago when the price of them was 40 sents as they do now when the landed cos Is only 25 cents.

passed as amended, will bring into treasury about \$1,200,000 a year, instead of \$980,000, which is collected under the pres-

ing because of the decreased beer con-sumption. The loss from this cause last year was \$8.725,000, as compared with the ficial estimate of the beer sales in Feb rels from the business of the same month nhard Bing writes from Nuremburg. der date of March 26, of the German ho

In spite of the advanced season our market continues rather active; exporters for England especially show a good demand. We estimate that again more than 4000 bales have been sold off from our market within the last month. Stock of 1908 hops is very small, especially of fine greenish colored hops. Work in our hop yards will begin in the course of the next few weeks, when it will be seen how the roots have passed the long and severe Winter.

CALIFORNIA FRUIT CROP PROSPECTS. Indications Point to a Lighter Yield Than

California fruit crop prospects are re-ported by the Ploneer Fruit Company, of Sacramento, in a circular issued April 17,

while it is a little early to advise you definitely of the California fruit conditions for the season of 1900, we are giving them to you as they exist at the present time. It is the general opinion of everyone that we are not going to have as heavy a crop as in 1908, but taking it all through, we look for a fair one.

the first one control of the control Royal Anne varieties.

Apricots are going to be, without doubt, light, and we do not believe there will be more than from 2°, to 28 per cent of a crop. Some districts are a little heavier than others, but on the whole the crop is going to be your light.

than others, but on the whole the crop is going to be very light. Shipping varieties of peaches look fairly well. Alexanders, St. John and Triumph, which are the earliest varieties, promise fair, which are the earliest varieties, promise tair, but we do not anticipate anything like as large a crop this year as we had in 1908. Plums are going to be much lighter than last year and it looks at the present time as if we would not have more than about

60 per cent of a crop.

Pears are looking fair and are just now taking on their first drop. There will be another drop in June and until that takes going to have a heavy crop of this variety of fruit. The trees have bloomed in good shape but, owing to the heavy bearing of last year, a much lighter crop is expected

Grapes at the present time look well and everything points to a good yield.

Egg Market Is Firm. The egg market was firm yesterday, with practically all the business of the day done at 2314 cents. Very little poultry was received, as te

ers look for a steady market. There were no new developments in the

STRAWBERRIES OF BETTER QUALITY. Shipment Cleans Up at \$2 Per Crate-Ar other Car of Texas Onlons.

A part car of Southern California straw-berries was received yesterday. They were in fine condition and sold at \$2 per craits A full car of the same kind is due tonight. Florin herries ranged in price from \$1.75 to \$2.50, according to quality. Oranges continued in active demand at strong prices. Vegetables of all kinds were in good sup-ply and generally steady in price. Another car of Texas onions was received and prices declined to \$2@2.25. The potato market is firm, reflecting the Improvement at San Francisco. There is a good demand in the country for the best stock.

BAKER WOOL IS ALL CONTRACTED Sales Days Named by State Association Practically Nullifled.

BAKER CITY. Or., April 19.—(Special.)— According to a canvass of wool men in Baker County finished today, all wool for the year 1909 has been contracted. The last sales were made for 17 cents a pound to a Boston firm. This will practically nullify the wool sales days appointed by the State Association for Baker.

All Case, a prominent sheepraiser residing near Haines, has contracted to operate Love's reservoir shearing plant this year. May 18 is the date set for beginning the

Foreign Markets Not Affected by Turkish Crisis.

STOCKS STRONG IN TONE

Improvement in Crop Conditions a Factor in Strengthening Prices. Coalers and Metal Shares Move Upward.

NEW YORK, April 19.-The stock market once more proved its power of resistance to what were considered unfavorable factor in the outlook and developed a considerable degree of positive strength. The bears conthund their covering operations today when they perceived how little effect was produced on foreign stock markets by the admittedly serious situation of affairs in Turkey. The speculative tone abroad was confident. London, instead of aiding in depressing prices here, was a buyer of stocks on a considerable scale. fident. London, instead of aiding in depressing prices here, was a buyer of stocks on a considerable scale.

Weather advices from the crop regions were assuring. The weather situation probably had as much general influence on the tone of the market as any other factor. The coalers maintained their strength well. The metal industrials also were a strong sustaining influence in the market, the movement embracing not only the from, steel, copper and lead leaders, but companies engaged in more advanced stages of those industries, including electrical equipment companies. Steel trade sentiment is reported conservative. In view of the continued heavy sendency of the price thouse industries, including chectrical equipment companies in steel wire prices. The hopeful expressions reported from the head of the Union Pacific's banking house in the course of his travels abroad, proved a perceptible influence in keeping up the tone of the day's stock market.

The renewal of the gold flow from London to Paris and the demonstrated ability of London bankers to command gold in New York strengthened the expectations of an outflow of gold from New York to Paris. New York cash supplies continue to be replenished from other sources, but the time money rates were appreciably firmer today.

Bonds were firm. Total sales, par value, to be replenished from other sources, but the time money rates were appreciably firmer today.

Bonds were firm. Total sales, par value, \$6,196,000. United States bonds were un-changed on call.

Heavy Shipments of Wheat Break All Markets.

WEAK TONE AT CHICAGO

General Selling Movement Takes Place and Prices Crumble-Favorable Reports From the

Fall-Sown Crop.

CHICAGO. April 19.—Bullish enthusiasm in the wheat market was on the wane today and on several occasions, it required the combined support of the built leaders to check the dealining tendency brought about by a general selling movement. The change in sentiment was due, in some degree, to the heavy movement of wheat from Russia, total exports from that country last week being 2,056,060 bushels, compared with only 216,000 bushels a year ago, and to more favorable reports regarding the Fall-sown crop in this country.

The market opened weak at declines of \$0 to 1% @1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 1%c, following a break of %d to 1% @1 16%. May commission houses for the September and December deliveries. After rallying to within %c of Saturday's close for July, the market broke sharply again on renewed selling. July declining from \$1.18% to \$1.16. Support by built leaders caused a milid recovery, but a decidedly weak tone again developed late in the seasion and all deliveries sold off to new low points for the day. July dropping back to \$1.15%. The close was weak with July at \$1.16 @1.16%, May closed at \$1.27 and September at \$1.07. Substantial advances in corn prices were soored during early trading, but owing to the slump in wheat, a large part of the grain was subsequently lost. May advanced to 71%c and July to 69c, which is the highest price recorded so far this sension for those options. The September delivery also rose to a new high point at 68%c. Light receipts, wet weather over the corn belt which will delay planting and a decrease of 1,650,000 bushels in the vishie supply were the bull factors. May sold between 69% @70c to 71%c.

Exhibit to Be Made in Oriental Building; Second and Third

Days of Rose Festival.

meeting in the Auditorium of the Chamber of Commerce building, at 8 o'clock tonight, to take up preliminary plans for the regular annual rose show. The show s to be held in the Oriental Building, or day and Wednesday, June 8 and 9, the sec-ond and third days of the Rose Pestival. A vigorous campaign will be made during the next six weeks with a view to making this annual exposition the great-est that has ever been held in the United States and even in the entire world. One of the things already decided upor

s that no exhibits of roses will be allowed from outside of Portland or Multnomah County, that it may be a distinctive and exclusive affair The Oriental building, which has been leased by the Rose Society, gives nearly an acre of space for the exhibition of roses

in the competitions, with abundant space for decorative floral effects. It also gives the crowds room to move about. Lack of space in the former exposition pavilions has proved a severe handlesp. Local districts and improvement organ zations will be asked to enter the field in the competitions, which will be decided on tonight. This will give the various suburban districts and additions an op-portunity to demonstrate their rose-grow-

Mrs. John Minto, president of the Rose Society, says there is at the present time assurance of a much more comprehensive rose exposition than a year ago. She refused to discuss details, saying they would be worked out at the meeting

RIOTING TO BE STOPPED

No More Demonstrations Will Be Allowed at Ball Games.

There is to be no more cushion-throwng on the baseball grounds. Wholesale arrests and convictions will follow anoth demonstration such as was made after the game Sunday afternoon. Plain-clothes men will occupy the grandstand bleachers hereafter, and uniformed police be on duty around the diamond. Eighteen dollars' worth of destroyed and carried off the field Son
