# MOTOR BOAT JUST WINS DEATH RACE

### Thrilling Trip by Vixen Brings Dying Woman's Husband and Sons to Her.

### FIND HER STILL LIVING

**J. G. Garrow and Sons, Stranded Near Oak Point With Broken Boat, Telephone for Aid and Vixen Gets Them Just in Time.**

Racing with death in a motor-boat against perilous odds and winning out by a bare three minutes was the sad and thrilling experience of a party on the river Sunday.

J. G. Garrow, Assistant City Engineer, with his two sons, left Saturday afternoon for a fishing trip to Oak Point, 60 miles away, in their motor-boat Bard. A broken cylinder-head delayed them so that they did not reach their destination till next morning. Here they found a telegram waiting for them that Mrs. Garrow had been suddenly taken ill with heart trouble and was lying in St. Vincent's Hospital at the point of death.

Their own boat disabled, Mr. Garrow telephoned for the Vixen, one of the fastest boats on the river, to come and get them. At full speed the Vixen hastened to them, and pausing only long enough to pick up the party, returned to Portland again at full speed. Arriving at the dock, Mr. Garrow and his sons hastened to the hospital, and were just in time to see the wife and mother before she breathed her last.

**Sad News Is Waiting.**

Mrs. Garrow bade her husband and sons a happy farewell as the Bard slipped her moorings Saturday afternoon, and all were in high spirits in expectation of a successful fishing trip. The little boat ran smoothly until rough water was struck a few miles this side of Oak Point, which is between Kalama and Astoria. Here a cylinder-head blew out, and after much difficulty Mr. Garrow and his sons reached the shore, where they made camp for the night. Next morning they made temporary repairs that enabled them to reach Oak Point. Here they found the sad telegram.

Their predicament was pitiful. With their own motor-boat broken, there was no motor power nor railroad train nor streetcar available to take them back to Portland. Then Mr. Garrow thought of the Vixen, and called up John Wolf, the owner, finding him at home.

Mr. Wolf dropped everything and in the shortest possible time prepared the Vixen for her hard trip. In a few minutes the boat was ready, and Mr. Wolf started, with his wife, Joe Mathiot, Miss Clara Doty and George W. Kelley accompanying him.

**Home Just in Time.**

Mr. Wolf shoved the lever over to full speed as soon as the boat was out in the river, and kept up the pace, never stopping nor slowing up. The same rough water that stopped the Bard was encountered, but the Vixen rode the waves bravely, now mounting the crest of a big comber, and now sinking into the trough. The occupants of the little boat were drenched, and had to bail vigorously to keep afloat.

No stop was made at the wharf, and as quickly as possible the waiting party was taken aboard and the return trip began. Although the load was heavier than on the down trip, no attention was paid to the rough water that had to be traversed, and the lever stayed at the full speed notch all the way home. When smooth water was reached, the boat was going 21 miles an hour.

At the dock in Portland the father and sons hastily disembarked and rushed to the hospital, where the dying wife and mother lay. She was still living when they reached there, but even then was passing, and just three minutes later she was no more.

# FEVER CLOSES SCHOOL

**SUNNYSIDE DISTRICT IN FEAR OF EPIDEMIC.**

**Several Cases of Scarlet Fever With One Death in Neighborhood. Measles Also Prevalent.**

With 17 cases of scarlet fever, Sunnyside residents are greatly alarmed. The public school has been closed for two days, and there has been one death from the fever. There are also several cases of measles. Health Officer Pohl yesterday issued an order to keep the office at the City Hall open all day Saturday in future, instead of closing it at 1 P. M., as heretofore.

While Dr. Pohl is optimistic over the situation, the people of Sunnyside are alarmed, with red flags hanging from 17 houses in the community, as well as a number of white flags, the former indicating scarlet fever and the latter measles. What will be done to remedy the condition of affairs, is not known, but unless something is done, it is said, the contagion will spread to every home in the district. The epidemic has been in progress for several weeks, and there have been at all times quite a sprinkling of scarlet fever cases.

"I do not regard the situation as serious," said Dr. Pohl. "The scarlet fever flags have to be kept up three weeks, at the least, and the result is the showing is larger than would be the case if the patients were allowed to tear down the flags at their will, as was once the case. Seventeen cases do not make an epidemic, and there is nothing in the Sunnyside situation to causes any great alarm. As far as the school being closed for two days, that could not be helped, for we had to fumigate, and had to use the sprinkling system, instead of burning formaldehyde, as we usually do. The fumes did not lift as quickly as they would have under the old system."

Dr. Pohl stated her belief that the school buildings should be fumigated every Friday afternoon, as a matter of routine, to preclude all possible danger of contagion. At the present time, fumigation is ordered only when deemed necessary by the Health Officer, and it is done under her direction, although the Board of Education provides the formaldehyde and cans in which to burn it.

The form of the fever has been rather light in most cases, but it has resulted in one death, that of Paul D. Jones, who lived with his parents at 998 East Taylor street. The cases are all under quarantine, and Dr. Pohl states that the quarantine laws are being rigidly enforced.

City Superintendent Rigler did not know, up to noon yesterday, that the Sunnyside school had been closed Monday and Tuesday, and seemed surprised when informed that such was the case. He knew it was to be fumigated, but thought the work had been done Saturday or Sunday, and that the school would be open for studies Monday morning. He has received no report from E. D. Curtis, the principal, and in fact the headquarters office of the schools could not locate Professor Curtis yesterday. It is his duty, according in Superintendent Rigler, to report such matters as the closing of the school.

Sunnyside school has been closed many times this season, and has always been closed frequently each year. Dr. Pohl states it may be that something is radically wrong with the drainage of the district.

# REVIEW MISSION WORK

**WOMEN'S BOARD TO BEGIN ANNUAL MEETING TODAY.**

**Representatives of North Pacific Division Will Gather in Third Presbyterian Church.**

Beginning this morning at 9:30 o'clock and continuing with three sessions daily, concluding tomorrow night, the 21st annual meeting of the Woman's North Pacific Presbyterian Board of Missions will convene in the Third Presbyterian Church. The meeting will be called to order by the president, Mrs. W. S. Ladd. Mrs. W. A. Rood will deliver the address of welcome, which will be responded to by Mrs. Ladd. Reports will be rendered by the recording secretary, Mrs. H. C. Campbell; secretary of the traveling library committee, Mrs. M. R. Andrews, and the magazine secretary, Mrs. C. R. Templeton; treasurer, Mrs. J. W. Goss, and united study secretary, Miss Mabel Goss.

Preceding the afternoon session at 1:15 o'clock, a recital will be given by Mrs. J. S. Hamilton, Miss Hildegarde Plummer and Miss Marie Cahill.

The afternoon session which will convene at 1:30 o'clock, will be devoted to a series of addresses on the work of the association in various fields. Officers for the ensuing year will be elected at tomorrow morning's session. Following is the complete programme:

Wednesday morning—Opening devotions, led by Mrs. M. E. Steele, of Seattle; meeting called to order by the president, Mrs. W. S. Ladd; welcome, Mrs. W. A. Rood; response, Mrs. Ladd; appointment of committees. Reports: Recording secretary, Mrs. H. C. Campbell; traveling library committee, Mrs. M. R. Andrews; magazine secretary, Mrs. C. R. Templeton; treasurer, Mrs. J. W. Goss; united study secretary, Miss Mabel Goss; review of "Gloria Patri," Miss Emma Southmayd; reading of minutes; prayer.

Afternoon recital—Organ solo, Miss Hildegarde Plummer; soprano solo, Mrs. J. S. Hamilton; violin solo, Miss Marie Cahill; prayer; report of secretary for women's societies, Mrs. E. P. Mossman; address, Miss Helen Clark, Neah Bay, Wash.; address, "Alaska," Mrs. W. G. Beattie, Sitka; Pacific Coast field secretary, Miss Julia Farmer; solo, Miss Laura Cleland; reading of minutes; song, by Chinese children; prayer.

Evening—Rev. A. J. Montgomery, presiding; organ prelude, "An April Song," Otto Bauman; scripture reading; prayer; anthem; lantern-slide lecture, by Mrs. C. W. Hays, of Portland; social hour.

Thursday morning, 9:30 to 12—Devotions, led by Mrs. W. H. Foulkes; reports: Secretary for Y. P. S. C. E., Juniors and Bands, Mrs. H. H. Pratt; box secretary, Mrs. W. J. Honeyman; Westminster Guild, Mrs. E. P. Geary; secretary of literature, Mrs. E. C. Protsman; reports; Committee on place of meeting; committee on nominations; election of officers; reading of minutes; prayer.

Afternoon recital—Organ solo, Miss Hildegarde Plummer; soprano solo, Mrs. Haldene Dickson; ladies' octet, director, Miss Hellman; prayer; report of secretary for correspondence with missionaries, Mrs. W. S. Holt; memorial of Miss Caroline Strong, Miss Margaret Lamberson; address, "Japan," Mrs. Elinor F. Haworth. Reports: committee on treasurer's report; committee on report of women's societies; committee on resolutions; summary, Mrs. A. J. Montgomery; solo, "My Redeemer and My Lord," (Dudley Buck), Mrs. Fletcher Linn; consecration service, topic, "The Everlasting Service," Mrs. J. S. Bradley; closing remarks, Mrs. Ladd.

Friday morning—Conference of workers.

# OIL IS FOUND IN CHEESE

**Bailey Detects Filling in Product of Newberg Plant.**

The first case known in this state where filled cheese has been falsely labeled and put on the market has been discovered by the office of Food and Dairy Commissioner Bailey. Skimmed cheese put out by the Newberg Milk Condenser has been found to have cottonseed oil for filling. The cheese was labeled skim cheese. This is a violation of the pure food laws, which stipulate that filled cheese must be so labeled.

Chemical analysis of the Newberg cheese is being made by chemists in Mr. Bailey's office and it is found to contain cottonseed oil in considerable quantities. The fine for this offense ranges from $25 to $100.

# BIG STOCK FARM IS SOLD

**Over 2500 Acres Change Hands in Wheeler County.**

Connolly's stock farm, near Burnt Ranch, Wheeler County, has just been sold to Charles Hutchins, of Nez Perce, Idaho. It consists of 2560 acres, of which about 500 acres are alfalfa land; $30,000 worth of sheep, cattle and horses, and exclusive water rights. The ranch is located 25 miles southeast of Shaniko, one of the principal wool markets in Oregon. The new owner is now in possession. The sale of the place was effected through the agency of Bolds, Wallace Company, of Portland.

**New Mail and Freight Service.**

New express and mail service was inaugurated on the Oregon City division of the O. W. P. division of the Portland Railway, Light & Power Company yesterday which will continue in effect daily. Four fast special trains will be run between East Portland and Oregon City daily to handle baggage, milk, fruits, vegetables and other perishable and package freight and two freight trains will be run daily as well to handle carload freight and local merchandise. Similar fast freight service has been maintained on the Cazadero line for some time and has proved successful. It is thought a similar service on the Oregon City line will be a decided convenience to shippers.

There are 10 women among the 50 commissioners that the government of Mexico has sent out for the purpose of studying the best methods of education in the different countries.

# FLOOD IS EXPECTED

### June Freshet Will Be Greater Than in Years.

### SNOW NOT YET MELTING

**Great Quantities of Water That Will Pour Into Columbia Will Send Back Water Higher Than Any Time Since 1894, Say Sailors.**

Every year the June freshet is a subject that calls for all sorts of predictions some weeks before it is due. Old time observers of conditions say now that from indications up the valleys Portland is to experience one of the greatest floods when the snow melts than in many years past.

In the first place, the canyons in the Upper Columbia country are simply packed bank full with snow, and the customary mild weather that has usually thawed out these deposits has been lacking this year. If a period of warm weather should come, the water from these will rush into the streams and produce a flow that will mean a freshet.

Beside this, the foothills in the back country are still covered with a deep deposit of snow, and when the Snake, Deschutes and other tributaries of the Columbia begin to pour in their great volume of water, the result will be that at the confluence of the Willamette and Columbia there will be a "back-up" that will spell danger.

Captain Archie Pease, one of the Columbia River pilots, said yesterday that conditions at present presaged a rise in June equal, if not exceeding, anything this port has experienced in many years. There is today only six feet of water, whereas at this time in former years there was from 10 to 12 feet. That, said he, meant only one thing, that snow was not melting at the same degree it did in former years. If this snow melts up the Columbia and Willamette at the same time it means that when the waters of the Willamette at high stage meet a like current on the Columbia, the back water will cause a rise at Portland of dangerous proportions.

Captain Pease said yesterday he would not be surprised if water came as far back as First street when the June rise strikes and seemed certain that it would go over Front street. He said that all conditions at present pointed in that direction.

It is consequently figured out by experts that unless something unlooked for occurs that the big freshet of 1894 may be duplicated this year.

**STEAMER INTELLIGENCE.**

**Due to Arrive.**

| Name. | From. | Date. |
|---|---|---|
| Argo | Tillamook | In port |
| Rose City | San Francisco | In port |
| Breakwater | Coos Bay | In port |
| Eureka | Eureka | April 20 |
| Alliance | Coos Bay | April 22 |
| Sue H. Elmore | Tillamook | April 24 |
| Riverside | San Francisco | April 24 |
| Senator | San Francisco | April 27 |
| Geo. W. Elder | San Pedro | April 27 |
| Nicomedia | Hongkong | May 2 |
| Ajesla | Hongkong | May 20 |

**Scheduled to Depart.**

| Name. | For. | Date. |
|---|---|---|
| Argo | Tillamook | April 20 |
| Breakwater | Coos Bay | April 21 |
| Eureka | Eureka | April 22 |
| Rose City | San Francisco | April 23 |

| Geo. W. Elder | San Pedro | April 29 |
| Senator | San Francisco | May 1 |

**Entered Tuesday.**

Breakwater, Am. steamship (Magenn), with general cargo, from Coos Bay.

Rose City, Am. steamship (Mason), with general cargo, from San Francisco.

Johan Poulsen, Am. steamship (Nilsson), with grain, from San Francisco.

**Cleared Tuesday.**

Breakwater, Am. steamship (Magenn), with general cargo, for Coos Bay.

# DAMAGE SUIT IN U. S. COURT

**Dalles City-O. R. Spencer Collision Case on Trial.**

The suit of The Dalles, Portland & Astoria Navigation Company against the river steamer Charles R. Spencer, involving a claim for $10,000 damages alleged to have been sustained during a collision with the river boat The Dalles City on May 31, 1905, was on trial yesterday before Judge Wolverton in the Federal Court. The complaint recites that the Spencer while attempting to pass The Dalles City crashed into the latter boat, tearing away a portion of the woodwork besides endangering the lives of passengers. Counsel for the defendant asserts that The Dalles City did not wish to be overtaken and that in changing her course to prevent the Spencer from getting past crowded the latter vessel in such a way as to make a collision unavoidable. The accident occured opposite Linnton. J. Couch Flanders and Harrison Allen are attorneys for libellants, while G. W. Stapleton and R. W. Montague represent the other side.

# WILL FIX UP HARBOR LINES

**Owners of Riparian Rights Called in Conference.**

Owners of riparian rights along the Willamette from St. John to the mouth of the river, met at the office of Major McIndoe, United States Engineer in charge of this district, yesterday afternoon. The conference was called in response to a request of the Port of Portland to have a harbor line established, one of the reasons advanced by the Port being the necessity of a line where material may be dumped without infringing on the channel. It is also desirable to have a harbor line established in order that proposed docks may be constructed within proper restrictions.

The whole matter was gone over by the conference and Major McIndoe will probably order a survey made in the near future to fix the lines on the plans agreed upon.

# KANSAS CITY COMING ROUND

**To Take Place on Run to San Francisco.**

Word was received by J. W. Ransom, agent of the Portland & San Francisco Steamship Company, yesterday from Captain William Kidston that he would leave New York May 5, with the Kansas City for San Francisco. The Kansas City is the steamship recently secured by the Harriman interests to go on the run between this city and San Francisco. Without mishap the vessel is due to arrive at the Bay City about July 1. The Senator is to make two more round trips, after which the State of California will take her place on the run. The Senator goes to the Puget Sound-Alaska trade.

**On Tacoma Waterfront.**

TACOMA, Wash., April 20.—The steamer Edith arrived today form Cordova. The steamer Shna-Yak arrived in port after a hard trip of six days from San Francisco. The schooner Nokomis arrived to load a cargo of lumber for San Francisco. The British steamer Onafa will leave port early tomorrow for the Orient.

**Marine Notes.**

Captain Mason reports a good trip north on his last run from San Francisco on the Rose City.

Bringing up about 100 tons of asphalt, the steamship Casco arrived yesterday morning from San Francisco.

Some delay in finishing the new steamboat Hyak has postponed the launching until April 25 at the Supple yards.

Cargoes of barley arriving at this port from California are composed of seed variety, which accounts for the unusual movement "the wrong way."

The Norwegian bark Skjold, reported as in trouble at St. Vincent, through the Merchants' Exchange, was on her way from Antwerp to Seattle with general cargo. She is of 1497 tons.

Captain Thomas Popham leaves Saturday for a trip abroad with his family. The captain has been in command of the Northern Pacific transfer boat Tacoma for many years on the ferry connecting Goble with Kalama.

To take the place of the dredger W. S. Ladd, the Government boat Clatsop arrived in the river yesterday after an uneventful voyage from Newport News on the Atlantic. As soon as she receives her equipment, the dredge will be put into commission at the mouth of the Columbia.

After taking wheat at Oceanic and Irving docks the Nome City dropped down to Stella for lumber and will then come back to St. Helens to finish. She will carry about 425,000 feet of lumber and 850 tons of grain. She will sail Friday night and proceed to San Pedro. Her next trip south will also be to the Southern California port.

**Arrivals and Departures.**

PORTLAND, April 20.—Arrived—Casco, from San Francisco; Olympic, from San Francisco; Johan Poulsen, from San Francisco.

Astoria, Or., April 20.—Condition at the mouth of the river at 5 P. M., smooth; wind, northwest, 8 miles; weather, clear. Arrived down during the night and sailed at 7:10 A. M.—Steamer Elmore, for Tillamook. Arrived in and left up at midnight —Steamer Johan Poulsen, from San Francisco. Arrived at 2 and left up at 3 A. M. —U. S. Dredge Clatsop, from Philadelphia. Arrived at 11:40 and left up at 2:15 P. M.—Steamer Olympic, from San Francisco. Arrived at 1 and left up at 2:30 P. M.—Steamer Casco, from San Francisco. Sailed at 5 P. M.—Schooner Irene, for Grays Harbor.

San Francisco, April 20.—Arrived at 4 P. M.—Steamer Northland, from Portland. Sailed—Steamer Olson & Mahony, with bark Amaranth in tow, for Portland; Norwegian bark Skjold, from Antwerp, for Seattle, arrived at St. Vincent, with cargo shifted, beams broken; survey recommends cargo be transshipped by another vessel, as repairs cannot be made there.

Point Reyes, April 20.—Passed—Steamers Majestic and Tamalpais, from Portland, for San Pedro.

Coos Bay, April 20.—Sailed—Steamer Alliance, for Portland.

Vancouver, April 20.—Sailed at 12 noon—British steamer Clan Macfarlane, for Portland.

Genoa, April 16.—Sailed—General Examiner, for San Francisco.

Sydney, N. S. W., April 20—Arrived previously—Yeddo, from Portland and San Francisco, via Auckland.

San Francisco, April 20.—Arrived—Steamer Buckman, from Seattle; steamer Atlas, from Seattle; steamer Northland, from Grays Harbor; steamer Alameda, Honolulu. Sailed—Steamer Asuncion, for Seattle; steamer Olson and Mahony, for Seattle; barkentine Amaranth, for Portland; steamer Doris, for Grays Harbor; steamer Queen, for Victoria; barkentine James Johnson, for Grays Harbor.

Gibraltar, April 20.—Sailed—Barbarossa, for New York.

**Tides at Astoria Wednesday.**

| High. | Low. |
|---|---|
| 1:15 A. M....9.7 feet | 7:58 A. M....-0.9 foot |
| 2:03 P. M....8.2 feet | 8:00 P. M....1.8 feet |

# CHARGE AGAINST LAWYERS

**Spokane Bar Association May Debar Three Members.**

SPOKANE, April 20.—Following a conference of the superior judges a committee of prominent attorneys has been named to decide whether disbarment proceedings shall be instituted against Attorneys J. C. Kleber, James B. Roberts and Peter C. Cordiner, for alleged fraud in a real estate deal.

**Northwestern People in New York.**

NEW YORK, April 20.—(Special.)—Northwest people at hotels:

From Portland—L. N. Levinson, at the Algonquin.

From Tacoma—E. Malfait, at the Cosmopolitan; R. Metcalfe, at the Victoria.

From Olympia, Wash.—C. F. Scollard, at the Breslin.

From Seattle—Miss A. Stanley, at the Flanders; N. V. Hendrick, at the St. Andrew; J. Cort and wife, at the Hotel Astor; W. H. Henry, at the Albemarle; F. H. Boynton, at the Victoria; J. Barmeister, at the Ashland.

**Mrs. E. C. Carter Dead.**

OREGON CITY, Or., April 20.—(Special.)—Mrs. Carter, wife of E. P. Carter, of Gladstone, prominent in Clackamas County, died yesterday in a Portland hospital, aged 49.

New York's latest novelties in fine footwear at Rosenthal's.

Pay rent to yourself. See Gregory's ad, page 12.

## Consult Me First

DR. TAYLOR, The Leading Specialist.

Even though your case may be one that some other doctor is able to cure, and though his cure be absolutely thorough and permanent, there is yet good cause for your coming to me for treatment. The service I render is entirely unlike and better than the ordinary. I have devised new and scientific methods of treating men's diseases in all their phases. I cure cases that others cannot cure, and cases that others can cure in less time and without pain or possibility of injury. All my forms of treatment have been perfected along the lines of nature's requirements and are in exact harmony with the natural recuperative forces. Therefore, my cures are painless, prompt and thorough.

## I Will Wait for My Fee Until I Cure You

### CONTRACTED DISORDERS

The serious results that may follow neglect of diseases could scarcely be exaggerated. Safety demands an absolutely thorough cure in the least possible time. I have treated more cases of these disorders than any other physician upon the Pacific Coast. My cures are thorough and are accomplished in less time than other forms of treatment require in producing even doubtful results. I employ remedies of my own devising, and my treatment is equally effective in both recent and chronic cases.

### I TREAT MEN ONLY

The vast multitude of men who have taken my treatment have not been disappointed. They know that I do not promise more than I perform. To them I have actually illustrated in the cure of their own cases the truth of what I claim, namely, that my treatment is as certain to cure as it is that my patient engages my services and follows my directions. My success is due not alone to education, experience, skill and scientific equipment, but to the fact that I limit my study and practice strictly to diseases and weaknesses of men. To male maladies alone I have earnestly and exclusively devoted 25 years of my life, and on them all my faculties are concentrated.

### VARICOSE VEINS

Under my treatment the most aggravated cases of varicose veins are cured in a few days' time. There is no pain, and it is seldom necessary that the patient be detained from his occupation.

### "WEAKNESS"

If other physicians have treated you for so-called "weakness," you were helped only temporarily, if at all, and the reason is very apparent when the cause of weakness in man is understood. "Weakness" isn't a weakness at all, but merely a symptom of chronic inflammation in the prostate gland.

## EXAMINATION FREE

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No ailing man should neglect this opportunity and get expert opinion about his trouble.

If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 A. M. to 9 P. M., and Sundays from 10 to 1.

# S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside cuticle. These affections are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate net-work of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, acrid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. Book on Skin Diseases and any medical advice free to all who write.
