Calhoun's Lawyer Says All Gallagher Cared For Was Immunity.

ACCUSES HIM OF PERJURY

Veracity of Confessed Bribe-takers Attacked—Gallagher Is Questioned About Negotiations for Immunity.

SAN FRANCISCO, April 23.—Patrick Calhoun's attorneys partially outlined their attitude today, when the cross-examination of James L. Gallagher, chief witness for the prosecution, was completed.

Says Gallagher Is Perjured. Prolonged arguments relating to the admissibility of testimony characterized the day's session and one problem will be determined only when the trial is resumed next Monday.

Mr. Heney forced Gallagher to admit that he did not know whether or not the cable lines of the United Railroads could have been restored after the fire and earthquake of 1906 and that during the year he heard of a proposal by the United Railroads to apply for a trolley franchise on its Sutter and Larkin-street lines.

Negotiations for Immunity. Under cross-examination Gallagher said that after his first conference with Rudolph Spreckels he called a meeting of the 17 grafting Supervisors and told them they had been trapped and began discussing what to do.

SIXTEEN VOTERS REVOLT

Demand That Other Eight of Electorate Quit Office. BENDOW, Ill., April 23.—In a typical Venezuelan revolution, the government of Bendor City has been snatched from A. E. Bendor, its founder, and president.

The trouble is this: The Illinois Legislature recently passed a law by which villages of a certain class shall elect officers on the odd year. Mayor Bendor was elected prior to that law for a term of two years, and when the opponents called an election this year the Mayor declared it illegal and refused to appear when he was beaten.

SMART SET SMUGGLING?

Loeb Reported to Be Suspicious of Some of Bay City's Society. SAN FRANCISCO, Cal., April 23.—That members of four of the most prominent families in the fashionable millionaire colony at Burlingame and a modiste of this city who enters to the smart set may be suborned as witnesses in the investigation of an international smuggling syndicate is the report published here this morning.

Barrett Not After China Post. OREGONIAN NEWS BUREAU, Washington, April 23.—John Barrett, director of the Bureau of Ocean Commerce, said last evening that he wished to deny emphatically the correctness of statements recently made in Oregon newspapers that he had been or is a candidate for any Chinese mission. Some of his friends, he said, had urged his fitness for the diplomatic post in the Orient, but he had no inclination to leave his present position and had not been a candidate for a place in the diplomatic service either before or after Fulton's declination.

OTHER SIDE HEARD

Mother of Eleven Disagrees With Mr. Roosevelt. Mrs. Mainzer says idea is all right for rich and for folks who mind other people's business, but is hard on mothers.

NOT PROUD OF HIS LETTER

Mrs. Mainzer Says Idea Is All Right for Rich and for Folks Who Mind Other People's Business, but Is Hard on Mothers.

ST. PAUL, Minn., April 23.—(Special.)—This race suicide talk, Mrs. T. Mainzer says, is all buncombe, and as far as the Roosevelt letters of commendation to parents go, she has one and is assumed of it. She is the mother of 11 children.

Raps Roosevelt Idea.

"Mrs. Mainzer plainly showed that to raise 11 children, do all the washing and ironing, cook for a husband besides, and mean while fight sickness and illness is not all the dream of Utopian bliss the former President thinks." "But you love all of your children, don't you?" she was asked.

"No. Such plinies are all right for the rich. Such things are not for poor people. I haven't time or strength either to properly care for 11, though I do the very best I can." "Race suicide talk is all right for the amusement of people who haven't anything to do but bother about other people's troubles, but to cook and bake and sew and wash and fight ill-health and sometimes even poverty with 11 on one's hands is not pleasure. It's work, hard work, and the hardest is not to be able to do for the children what every mother feels she should do—dress them, educate them, care for them as other people's children are cared for. Too many children is something more than a pretty theory. It's grief for the mothers."
