HUNDREDS TO COME

National Grocers' Convention in June to Be Big Event.

PLANS ARE ALREADY MADE

Visitors From All Parts of United States Will Be Elaborately Entertained While in Session in Portland.

Plans to entertain the grocers of the country who will visit Portland early in June to attend the National Grocers' Convention are well along. Charles B. Merrick, secretary of the Portland Retail Grocers' Association, has outlined the programme for the convention, which promises to be one of the most successful in the history of the organization. Mr. Merrick is on the search for a sufficiently large banquet hall where all delegates at the convention can be accommodated at the banquet that will end the session. It is probable that this affair will be given in the Commercial Club.

June 2 at 10 A. M. Addresses of welcome and responses will be the first order of business. At 2 P. M. reports of the morning session will be heard and there will follow a trip ride about the city, viewing the principal points of interest. A night session will be held from 7:30 to 9, at which the routine business coming before the convention will be transacted. At 9 P. M. the visitors will be taken to a smoker in Arlon Hall. Unique stunts that are guaranteed to keep the guests awake are to be provided. Meanwhile, wives of visiting grocers will be entertained by the Hazelwood Cream Company, in connection with the women's auxiliary of the Portland grocers.

Will Take Trip Up Columbia. On the following day, June 3, at 9 A. M., the grocers will leave for a trip up the Columbia River to Cascade Locks and return, going on either the Bailey Gatzert or the T. J. Potter. This trip will take all day. A stop will be made at Warrenton, where the visitors will be shown the process of salmon canning, a feature that is expected to prove highly interesting to them. There is no programme for that night, the merchants being left to spend the time to suit their own convenience. Secretary Merrick will, however, entertain editors of trade papers in attendance at the convention at a dinner at the Commercial Club that night. Friday will be devoted to a business session, at which the grocers will get down to the routine to be transacted at the annual gatherings. Friday night there will be a reception to National officers of the organization and their wives. This function will be quite elaborate and will be held in the Masonic Temple. Saturday, too, will be a business day with the grocers, the remaining matters to be for consideration being disposed of. The election of officers for the coming year and the fixing of the place of the next meeting coming up for settlement. It is thought now that Detroit, Mich., will

PROBE REALTY FILINGS

MANY DEEDS ON RECORD SAID TO BE FALSE.

Inquiry Into East Side Transfer Expected to Lead to Thorough Investigation by Jury.

A wholesale investigation into the manner in which entries are made of deeds and abstracts in the office of the County Clerk may result, since the attention of the grand jury has been called to the fact that there was an apparently false record put on the books respecting property located between Rockwood and Montavilla and which will be part of East Glean street in the event that it is extended. As stated in The Oregonian yesterday, the grand jury has been busy for a number of days in the task of ferreting out the parties responsible for the entry and to put such measures to work in the future that will forestall any further attempt to repeat the offense. It was declared at the Courthouse that the assertion that there are hundreds of false records on the books that could be traced down by a thorough probing of the records, has led to a desire on the part of the officials and the jury to go to the bottom of the matter. M. F. Culver, a notary public, who has an office in the Chamber of Commerce building, declares that an imitation of his seal and his signature were entered on the record of a warranty deed of the property in question and that he did not know anything about the transaction until his attention was called to it by C. N. Rankin,

Bridge Push Club, held at 223 Holladay avenue, Alexander Bernstein delivered an address concerning the new bridge and contradicted the statements of C. F. Swigert, of the Port of Portland, to the effect that a wooden bridge could not be built on the present site of the Steel bridge. The committee on petition reported considerable success in acquiring names to the petition in opposition to the change of the bridge site.
