POLICE SEEKING ABSENT HUSBAND

Young Wife Lies Very III in Sanatorium Without Means.

CASE IS MYSTERIOUS ONE

John W. Nash, Telephone Collector, Disappears at Time of Crisis in His Family-Was Choir Singer and Clubman.

While the police of three cities are trying to unearth the whereabouts of John W. Nash, salesman and solicitor. for the Home Telephone Company of this city, who has been missing since April 16, his young wife, the bride of not quite a year and the mother of a newly-born babe, lies in a critical condition at the Rose City Sanatorium having worried herself into a precarious condition over the continued absence and mysterious silence of her husband, whom she has not seen or heard from since a day or two before her removal to the sanatorium.

Whether he has met with foul play, committed suicide or wantonly deserted his young wife at such a critical-time in her life is a question which the police and friends of the prostrated woman, through private detectives, are endeavoring to answer. Portland, San endeavoring to answer. Portland, San Francisco and Scattle are being searched as with a fine tooth comb and friends of the imperiled young mother are hoping for some information of a definite character with each passing hour. As yet nothing has been heard of the missing man, and he has disappeared as completely and mysteriously as though the earth had opened and awallowed him. While the officials are busy with the search physicians are busy with the search, physicians are hovering at the bedside of Mrs. Nash endeavoring to pull her through the crisis which the shock of the news of his going brought on coincidental with the ordeal of the birth of her child. They say she is very ill and hope she

Wife Without Means.

Left without means at such a time and without even an inquiry regarding her welfare or that of the first born, to be thrown upon the sympathy of friends, the circumstances surrounding Mrs. Nash's case are unusually pathetic. Details of the disappearence were reported to Chief of Police Gritzmacher last night, and besides communicating with the police of San Francisco and Seattle, he started the wheels of official machinery in motion in many other ways. Friends of the couple, who are well known here, express the belief that some impenetrable mystery surrounds Mr, Nash's disappearance. After listening to the facts as presented to them devoid of sentiment, the police expressed the opinion that it was merely a case of an unusually cruel desertion. Chief of Police Gritzmacher said that he would take special measures to bring the Left without means at such a time and would take special measures to bring the man under arrest if this theory proved

He was a member of the Apollo Club and sang in the choir of the Taylor-street Methodist Church. Just before Mrs. Nash was taken to the sanatorium Mr. Nash came home with the information that he liad been offered a position in San Francisco at an increase of 550 per month in salary over his position here. On April 18 he moved his wife to the house of J. Lloyd, 781 East Taylor street, where he engaged rooms and board. That afternoon he left and did not return. On the following Tuesday a baby was born to Mrs. Nash and Mrs. Lloyd sent telegrams for her to the address left by Mr. Nash in San Francisco. They were returned, marked "No such telephone company." This information reached friends of Mrs. Nash and an investigation was instituted at once. No trace was found of Mr. Nash in San Francisco and the friends, becoming alarmed at the condition of Mrs. Nash in San Francisco to all the services of the police into the case.

From Portland to Harborton

The point where it joins the Columbia River, and you will find that there is only here and there a small piece of high and dry land suitable for building homes. On the east side of the N. P. R. R., St. Helens boulevard and the United Railways, which runs through Harborton, Nature has provided deep water for vessels to dock and load their wares. Already these water-front spaces are being bought up by manufacturers for from \$60 to \$100 per front foot. The view of the land, rivers and

mountains is the most beautiful and restful on earth. Lots 50x100 and larger-some lots 50x300 for \$300; acre tracts \$350 (about the price of acres by the 160-acre claims in this vicinity). Terms 10 per cent down and \$10 per month. A special discount of 10 per cent will be given while the improvement of street grading and water piping is being rushed.

HARBORTON

Has its own water system, fed by abundance of cool, pure springs. Has the best and most substantial railway station on the United Railways, and will have electric lights. Dwellings already erected and many more are contracted for. Harborton is not a very large tract, and more than half has been sold. See it immediately and make a selection; besides, get advantage of the 10 per cent discount which will be given for only a few days. Our salesmen will take you for a delightful ride on the new railway, which starts from our office.
