

MASSACRE ZONE CRIES FOR RELIEF

Americans Send Food and Money to Asia, but More Is Needed.

LATE ESTIMATES OF DEAD

Missionary at Adana Tells of All Laborers on One Farm Slain and Bodies Piled Like Cordwood for Burial.

CONSTANTINOPLE, April 30.—Rev. W. W. Peet, the representative here of the American Board of Commissioners for Foreign Missions, who is managing the work of relieving the sufferers from the massacres in Asiatic Turkey, has shipped 12 tons of flour and 150,000 pounds of rice to Adana. Mr. Peet has received \$100 from the American Red Cross, \$100 from the American Board of Missions and \$250 from the Society of Friends of Armenia, and says he needs from \$15,000 to \$20,000 more for his immediate requirements.

First Estimate Too Low.

A letter from Taurus, written by Dr. Christie of Hartford, Conn., dated April 29, says: "I estimated that there were 1000 dead in Adana and Taurus and 200 in neighboring towns, but I begin to think this estimate is too low for the country districts. Our banker, Shaker Boutros, for example, has farms southeast of Taurus and had 21 men at work upon them, one Greek and 20 Armenians. The Greek came in with the story that every one of the eighty Armenians had been killed. From Kozlock came a similar tale.

Dead Piled in Heaps.

"I never would have believed men capable of such cruelties, the sight of which I saw Saturday morning. As the train on which I was riding moved through the vineyards and olive groves killed side of Adana they reminded me of Shiloh, of Corinth, of Vicksburg, of Atlanta. The bodies were lying where they had fallen. There was a heap of 20 or 25 piled up like cordwood—I suppose in preparation for burial. In Adana cartloads were being dumped into the river. In the long street leading up from the station I counted 20 in the quarter of a mile I traversed over the city that had not been removed.

MARTIAL LAW ON AT MERSINA

Dead Bodies Still Float Past Town and Out to Sea.

MERSINA, Asiatic Turkey, Thursday, April 29.—Mersina is under martial law and the Turkish authorities are maintaining order. Sanitary conditions in the city, however, are bad. There is a lack of fresh water and the dead animals and garbage in the streets pollute the atmosphere. Eight American and English missionaries, mostly women, have decided to leave Mersina.

MISSIONARIES REPORTED SAFE

Boston Hears Directly From Americans Held at Hadjin.

BOSTON, April 30.—A cablegram announcing the order has been restored in Adana was received from Rev. Mr. Peet, treasurer of the American Board of Commissioners for Foreign Missions at Constantinople, at the American Board's headquarters in this city today. According to the dispatch, all missionaries and the workers' property are safe at Adana and Hadjin.

ORDER RESTORED AT MARASH

Missionaries at Enise After Recent Slaughter of Armenians.

MARASH, Asiatic Turkey, April 30.—The situation here has improved and the missionaries and the city are at ease. During the early days of the outbreak 22 Armenians were killed by the Moslems. They had taken refuge in a church during the storm. The tribesmen set the building on fire and the pastors were shot down as they came out of the door.

ABDUL ORDERED SLAUGHTER

Massacre Began Simultaneously Within 100 Miles Radius.

ADANA, April 30.—The conviction is held by the Armenians that the Moslem attacks against them had their origin in Constantinople, at the American Board's headquarters in this city today. According to the dispatch, all missionaries and the workers' property are safe at Adana and Hadjin.

Refugees Still Seek Aid.

LATAKIA, Asiatic Turkey, April 30.—Refugees are still coming into Latakia from the devastated district to the North. Their condition is pitiable.

SPRINGFIELD, Ill., April 30.—Abner Smith, former Judge of the Circuit Court of Cook County, broke down under the weight of his sorrow today in pleading before the Board of Pardoners here to keep out of the penitentiary. The former jurist, sentenced to the penitentiary in connection with the failure of the Bank of the Chicago National Bank, of which John R. Walsh was president. The conviction of Paul O. Stegeland added to the feeling.

MAKE JAPS WELCOME

SAN FRANCISCO WILL ENTERTAIN SQUADRON.

Federal and City Governments Will Unite to Return Courtesies to Fleet.

SAN FRANCISCO, April 29.—The Japanese training squadron will arrive here tomorrow morning at 10 o'clock for a week's stay in this harbor before proceeding to ports in the North Pacific. The ships will be welcomed by the firing of an international salute from the guns of the forts and the flagship West Virginia, of the Pacific fleet, in response to a salute of 21 guns to the American flag, which Admiral Ichi's ships will fire as they steam through the Golden Gate.

The reception that will be accorded the Japanese officers and men during their stay here is designed by the people of San Francisco and by the Federal representatives as an expression of the appreciation of the American people for the many courtesies extended to Admiral Sperry and his men in Japan. Many forms of entertainment for the enlisted men have been provided, and all the principal social clubs in the city have extended invitations to the visiting officers, who will be guests of honor at an endless round of dinners, balls and receptions during their stay.

MURDERER PAYS PENALTY

Antonio Cipollo Goes to Scaffold Without Aid of Priest.

SACRAMENTO, Cal., April 30.—Antonio Cipollo was hanged at Folsom prison today for the murder on March 4 of last year of Joseph Piriano. He was perfectly cool and refused to make any statement. To those who were in the room to witness the execution he simply said as he mounted the scaffold: "That's all right, boys."

He declined to see a priest, and declared he would go to his death without the sacraments of the church.

The murder for which Cipollo was hanged was most brutal. He and a companion enticed Piriano up the Sacramento River, stabbed him and threw him into the water after robbing him. Piriano's abdomen was literally ripped to pieces.

HEALER BENEFITS EVANS

Laying On of Hands and Mystic Words Do Much.

LOS ANGELES, Cal., April 30.—Reverend Robley D. Evans was able last night for the first time in two years to wiggle freely the great toe on his left foot. This was the result of treatment given the Admiral by E. G. Doyle, a Los Angeles real estate dealer, who claims to have the power of healing all human ailments by placing his hands on the body of the afflicted one and repeating a few mystic words, known only to himself. The treatment lasted one hour, no medicine being used and at the end of that time Admiral Evans was able to walk without the crutches. For four years he had not been able to move the thumb on his right hand.
