

ALBEE SAYS HE IS WILLING TO RUN

Will Make Race Against Simon if No Other Independent Candidate Appears.

WILL KELLAHER KEEP OUT?

Enemies of Assembly Will Try to Induce East Side Aspirant Not to Run—Anti-Simon Men Will Not Support Munly.

Only one string is attached to the candidacy of State Senator H. R. Albee for Mayor. If the anti-Simon people cannot find any other man who will tackle the job, Senator Albee says he is willing. One thing is certain, the opposition to Simon cannot bring itself round to support Kellaher and at no stage in the game has any considerable part of it ever thought of getting behind Judge Munly, the Democratic nominee. For this reason, Albee may be expected to jump into the fray any time.

In all probability I shall become a candidate for Mayor," said Senator Albee yesterday. "Prior to the primary election, I was urged to enter the contest in opposition to Mr. Simon. Since that election, the demand from the same sources that I become a candidate has been renewed more urgently. I have been hoping that some other candidate might be selected on whom the anti-Simon forces could unite. I am informed that they cannot find such a man. It will only be in event some more desirable candidate cannot be found that I will consent to run."

Want Kellaher Out of Fight.

Friends of Albee are known to be exerting every influence to get Kellaher, the original independent candidate, out of the fight. They are making no negotiations with Munly, the Democratic nominee, but are demanding that Kellaher show his loyalty to the anti-Simon cause by retiring from the field. This would not be a difficult job for the East Side grocerman to do, since he has not yet qualified as a candidate by filing a nominating petition. This far, he has not begun circulating his nominating petitions and the only thing he has done toward promoting his candidacy is his pre-primary announcement that he would be a candidate.

At the same time, it was learned yesterday that one element of the anti-Simon forces had gone over to Munly and was preparing to boost the Democratic nominee against a promised divided vote. The strength of this effort is a question. It obviously depends on how this class of anti-Simon voters regard the relative chances of Munly and Albee against the regular Republican nominee.

From the beginning of the present engagement, supporters of the anti-Simon cause have never would support Munly as against Simon. For this reason they have resolved to throw their strength to a member of their own party. Professing themselves to be the only friends of the anti-Simon cause, they have resolved to support the man who they believe will be elected. In its operation, it makes for Democracy and the election of Democrats to office. In order to establish their bona fides, they concede that it is up to them to support and, if possible, elect a Republican in preference to a member of the anti-Simon party. In his proposed independent candidacy, Albee has not received the assurances of support he had expected. Failing all of these conditions into consideration, the anti-Simon forces have decided that Albee is the strongest man to pit against Simon.

Recall Agitation Dies Down.

Agitation for the retirement of those members of the City Council who voted for the street railway franchise two weeks ago has abated. Advocates of the proposed recall declare that the plan has not been abandoned entirely but has been deferred only until such time as a decision can be reached as to how the electors will receive the nomination of Councilmen as made in the recent primary election. Supporters of the recall movement are considering the matter of holding a mass meeting for the purpose of nominating candidates for Councilmen to oppose the five men selected in the Republican primaries. Pending a determination of this matter the recall subject will be allowed to rest.

H. D. Wagon said yesterday that there was talk of assembling a mass meeting for the nomination of candidates for Councilmen. Three of the candidates are members of the Council—Dunning, Menefee and Wallace—against whom it was proposed the recall should be invoked, were renominated in the Republican primary election. These men all supported the railway franchise and there is a possibility that the movement for recall against them may be substituted by nominating men to oppose them in the June election.

Under the direct primary law it is required that independent candidates for all municipal offices, whether nominated by petition or at mass meetings, must qualify as candidates by filing their petitions with the City Auditor at least 15 days before the date of the general election in June. Reference to the calendar shows that these petitions must be filed not later than Saturday, May 22.

"KNOCK" CAUSES PROTEST

Business Men Will Trace Down Slurs on Festival.

Portland commercial interests will take action on the report that Seattle people, and particularly the hotels, are "knocking" the Portland Rose Festival. If this practice is common, as is reported, steps will be taken to put a stop to it. Secretary Edmund C. Giltner, of the Chamber of Commerce, took the matter up yesterday and sent a telegram to Tom Richardson, manager of the publicity department of the Commercial Club, now en route to Seattle with the Portland business men's excursion, calling his attention to the report as published in the Oregonian. The telegram follows: "See interview with Mr. Tucker in today's Oregonian regarding derogatory remarks Portland Rose Festival in Seattle. What will be done in the matter remains to be decided, but first of all the report will either be substantiated or denied officially."

FUND IS BEING RAISED

New Annex for Aid Society Will Be Erected.

The regular monthly meeting of the board of trustees of the Boys' and Girls' Aid Society was held yesterday afternoon in the chambers of Judge Gilbert. Those present were: Judge George H. Williams, F. E. Beach, Dr. T. L. Elliot, Judge C. E. Wolverton, Robert S. Farrell, Frederick Strong, Mrs. Levi White, Mrs. A. G. Barker, Mrs. C. R. Templeton, Mrs. J. A. Sladen, Mrs. H. H. Northrup and Superintendent Gardner. The members welcomed Mr. Strong, who was elected to fill the vacancy made by the death of Miss Helen F. Spalding. Dr. Elliot, of the executive committee, reported that the committee had awarded the contract for the playhouse to D. P. Winters for the carpenter work and to Williams & Beggs for the plumbing, they having been the lowest bidders. The playhouse will cost about \$700. This will be used as a gymnasium by the boys, and is especially meant for the winter months, when they cannot play out of doors. Dr. Elliot reported that he had been successful so far in obtaining subscriptions toward the erection of the new wing, and expected in the near future that three-fourths of the amount required would be pledged and that the building would be erected. Superintendent Gardner reported that there were on hand, April 1, 58 children at the Receiving Home, and received during April, making a total of 1,718, disposed of during the month of April 27, leaving on hand May 1 65 children. Mrs. C. R. Templeton, secretary of the ladies' advisory board, reported that the ladies were doing their best to assist the finance committee in raising the necessary funds for the erection of the new wing, and that the same was very necessary to be built at once, as the Home was overcrowded and the children were in danger of contracting diseases thereby.

COUNCIL IS COMPLETE

Official Republican Vote Is Announced by Auditor.

Report Tallies Almost Exactly With Figures Compiled Night of Election by The Oregonian—Democrats Nominate Opponents.

An idea of the accuracy of The Oregonian's election day figures may be gathered by comparing the official count with the vote as published by this paper on the morning following either a primary or a general election. The official count so far as the Republican ticket is concerned in the recent primary nominating election was completed yesterday, and the final figures differ only slightly from those submitted by The Oregonian to its readers Sunday morning. Not including the names of an occasional candidate who received one or two votes for perhaps every one of the offices for which nominations were made, the official count completed yesterday shows the following results:

Mayor.

A. A. Bailey 327
C. H. McDowell 2,270
A. G. Rushlight 3,270
Joseph Simon 3,599

Simon's plurality 2,320

The canvassing board also yesterday completed the count of the Democratic vote in the recent primary election with the exception of one precinct.

On the part of the election board in Precinct 56 is accountable for the fact that the official result of the Democratic vote was not ascertained yesterday. It will be impossible for Auditor Barbur to get the correct figure as to the Democratic vote in that precinct until today. However, the count assures that the Democrats have nominated four Republicans as many of the principal offices in the city. City Auditor Barbur, City Treasurer Werlein and City Attorney Kavanaugh all received more votes at the hands of the 800 Democrats participating in the election than did the members of that party who had been endorsed for those respective nominations. J. J. Jennings, unsuccessful candidate for City Auditor, also has been nominated by the opposition party to the very office he was seeking at the hands of his own party. The Democrats also nominated 12 candidates used the names of 223 citizens.

With Precinct 56 missing the Democratic vote for Councilman-at-large was D. A. Chambers, 85; H. W. Stone, 83, and J. J. Jennings, 81. For Mayor, the Democrats gave Judge Munly a plurality of 66, the vote being: Lane, 22; Menefee, 34. Three of the four Republican candidates for Mayor also received Democratic votes as follows: Rushlight, 176; Bennett, 91; McDowell, 82.

The Democratic vote for the other offices was as follows: Auditor, J. W. Ferguson, 32; G. I. Smith, 13; A. L. Barbur, 19; Treasurer, E. Werlein, 128; S. E. Holcomb, 81; G. I. Smith, 30; City Attorney, John Manning, 8; J. P. Kavanaugh, 138; Frank Schlegel, 8.

CITY TICKET RATIFIED

DEFEATED CANDIDATES PLEDGE SUPPORT TO NOMINEES.

Representative Crowd of Republicans Attends Party Love-Feast in Selling-Hirsch Hall.

Pledges by defeated candidates to support the party at the election June 7 formed the keynote of the Republican ratification meeting held in the Selling-Hirsch building last night. There was one exception. Councilman Rushlight, ex-candidate for the nomination for Mayor, Charles E. McGowan, secretary of the Republican Club, "I will do nothing against the ticket as nominated. But I have not yet made up my mind whether to support it."

Although he slipped in apparently unnoticed, ex-Senator Fulton was observed by the chairman, Judge M. C. George, and called upon by Senator Fulton said: "I came here because I heard the Republican party had had a new birth in the State of Oregon. I have heard the excellent sentiments expressed and I am sure the enthusiasm now raised will carry the ticket and party on to victory. If it means anything to belong to a political party, it means that we believe in getting together, uniting and consulting. The assembly means that we should get together and decide what is best. The people have expressed their choice and duty of Republicans is to get together and support the men the people have put up shall be elected."

Amidst prolonged applause Joseph Simon was introduced as Mayor Simon. "We have been unfortunate in past Republican nominations," said Mr. Simon. "I do not mean in the nominations themselves, but in the fact that the people have not ratified those nominations. It is a matter of regret to me that we have had Democratic Senators, Sheriffs and high city officials. I believe every Republican should join in a majority against him on his personal feelings. I believe and know I shall be elected."

"I don't care for office now," he said, "but certainly do not intend to be defeated. A clean administration will cut out machine politics. There can be no such thing as machine politics now. The fact that I kept an alphabetical index of the voters promised to support him and there were 15,000. He supposed that he had not been elected his voters had not come out. As Mr. Simon's had, he congratulated him. City Attorney Kavanaugh, City Auditor Barbur, Frank E. Bennett, Seneca Fouts, G. Lombard, Fred J. Brady and W. W. Banks also spoke.

The following resolution was unanimously adopted: Resolved, by the Republicans of Portland in mass meeting assembled, that we heartily endorse the ticket nominated by the Republican voters of this city at the primary election, and respectively ask every sincere Republican and citizen desiring a good administration to support the ticket at the city election June 7, next.

FRUIT HAWKERS ARRESTED

Inspector Evans Charges Nine With Selling Decayed Strawberries.

Street peddlers of fruit and strawberries have received their first annual visit of inspection from Mrs. Sarah Ann Evans, City Market Inspector, and as a result no fewer than nine were in the toils of the police last night, arrested on warrants sworn out by Mrs. Evans, and required to post \$10 bail each to guarantee either their appearance in court or to cover the amount of their prospective fines. The victims of the inspection were accused of selling strawberries unfit for consumption. They are Mat and H. Schwartz, 251 Hooker street; N. Lentin, 435 First street; V. Wagermann, 647 Fifth street; W. Chokofsky, 625 First street; A. Labgovsky, 566 Fourth street; N. M. Gehman, 31 North Sixth street; Moses Hafter, 1297 Kelly street and John Smith, 524 First street.

All of the men arrested were caught on Monday night about 6 o'clock, between Washington and Morrison streets on First and Fourth streets. In presenting the facts before Deputy Attorney R. A. Sullivan, who prepared the complaints in each case, Mrs. Evans said that particular peddlers had not made their appearance on the street earlier that afternoon, and came out late with fruit in a terribly decayed condition, evidently bent upon catching the crowd during the evening rush, and timing their appearance so as to avoid the inspectors. The berries were in such bad condition that Mrs. Evans confiscated the contents of all the wagons and caused 94 crates to be destroyed. The crates bore the name of a prominent commission house on Front street.

"We shall not stop at the peddlers, if it is possible to get the commission merchant," said Mrs. Evans last night. "The wholesale merchants who sell to the hawkers are really responsible. If they exercised the proper care the bad fruit would not make its appearance on the local market. I intend to watch them and if I catch any of them napping and find bad fruit or berries in their possession I will confiscate it and prosecute them, too."

POWER FOR NORTH COAST

Water Rights From Cowlitz River Filed Upon.

CHEHALIS, Wash., May 12.—(Special.)—The North Coast Railroad Company has filed in the office of the Lewis County Auditor at Chehalis the water rights for the appropriation of water from the headwaters of the Cowlitz River. One of these calls for 500 cubic feet of water per second from Chanapechosh, of the main fork of the Cowlitz. The water to be carried for a distance of six miles to Lake Frederick, in section 30, township 14 north, range 10 east, to the site of a power station to be built by the North Coast Railroad Company.

The second is from the Muddy Fork of the Cowlitz, the intention declared being to carry the water for a distance of four and one-tenth miles to Lake Frederick to the power station referred to above. This also calls for 500 cubic feet of water per second. The water is to be used for generating electricity or other kinds of power. It is also stated the intention is to use

In People Who Do Not Know How to Select Food and Drink Properly.

On the coffee question a lady says: "I used to be so miserable after breakfast that I did not know how to get on. When I tried to sleep I was miserable by having horrible dreams following hours of wakefulness. Gas would rise on my stomach and I would belch almost continually. Then every few weeks I would have a long sick attack and I tried a list of medicines and physicians without benefit. Finally, I concluded to give up my coffee and eat altogether and use Postum. The first cup was a failure. It was wisly-washy and I offered to give the remainder of the package to any one who would take it. I noticed later on in one of the advertisements that Postum should be boiled at least 15 minutes to make it good. I asked the cook how she made it and she said 'Just the same as I did tea, being careful not to let it steep too long.' I read the directions and concluded Postum had not had a fair trial, so we made a new lot and boiled it 15 to 20 minutes. That is time it came to the table a different beverage and was so delicious that we have been using it ever since. My sick headaches left entirely and I did my sleepless nights, and I am now a different woman." "There's a Reason." Read "The Road to Wellville" in Digest.
