ENLARGE SCHOOL GROUND.—An effort is being made to secure the west 100x200 feet of the block on which the Sunnyside schoolhouse stands, but the effort is atschoolhouse stands, but the effort is attended with some obstacles. The Sunny-side Push Club has the matter in hand and has been working on it for some time. On the half block desired for school purposes is a livery stable, which stands on the inside lot and a long building and half stands on the corner of East Yamhill and East Thirty-fourth streets. Value of the land with the improvements was \$stimated by outside parties as high as \$25.000. In order to get possession of the ground

inated by outside parties as high as \$25,000. In order to get possession of the ground the district must purchase the buildings for which it has no use whatever and which probably could not be disposed of for a fraction of their value. But the district needs the ground in order to have the school block cleared of buildings for a playground and to prevent future complications sure to arise if retained by private parties. Growth that has come to Sunnyside was not antichasted when only Sunnyside was not anticipated when only part of a block was secured for the

schoolhouse.

CONTRACTOR STARTS WORK.—The contracting firm for the paving of Hawthorne avenue, between East Third and East Forty-first street, has started work on that street eastward from Grand avenue. On this part the Portland Railway, Light & Power Company has relaid its tracks with heavy steel rails so that the improvement can go forward. Rails have been distributed for the remainder of the street. The street railway company will keep ahead of the paving company far enough not to interfere with the progress of the work of paving the street. It now appears that Hawthorne avenue will be paved without further delays. It will cost the property-owners \$170,000 and will cost the property-owners \$170,000 and the street railway company about \$130,000. It is considered probable that the avenue will be paved on out to Mount Tabor later on, as there is a big settlement beyond East Forty-first street.

Wiring Big Church.—Wiring the big stone edifies of the Southern Methodist Church, on Union avenue and Multinomah street, is being completed. For the auditorium alone several miles of wires are required for lights. When the wiring is completed metal laths will be placed in the auditorium, and the work of finishing the church will be well advanced. For the heating alone the cost is \$3000. It is hoped to have the editice dedicated this Summer during the Exposition at Seattle when several of the leading ministers and bishops of the Southern Methodists will be here to assist. Work on this church was started two years ago. Part of the furniture has been ordered and will be here when the building is ready. The auditorium is one of the largest in the city, and will seat 2000 people. Rev. E. H. Mowre is the pastor.

EUROPEAN TRIP IN CALIFORNIA.—Mr. and Mrs. S. F. Dunning have just returned from their automobile trip through Cali-fornia. They traveled several hundred miles through California. They found on their travels a well-known Portlander sojourning in the lower portlan of the state, who announced when he left Portland that he and his family would make a trip to Europa and spend several menths. His route in the old country was announced in the papers, but he quietly slipped out for California where he is making his European tour very quietly and very cheaply. Mr. Dunning covered over 1500 miles and yet his expense for repairs for his automobile was only 35

Detectives Price and Coleman, who arrested him found none of the stolen. rested him, found none of the stolen money in his pockets. Simpson furnished \$1000 ball for his appearance in court to-

CHANGE OF STREET NAMES .- At the last regular meeting of the Harrison-street Improvement Association a resolution was adopted favoring the changing of names of streets in East Portland to avenues, of streets in East Portland to avenues, cutting out "East" on streets running north and south. The secretary notified M. G. Muyly, president of the United East Side Push Clubs, of the action taken. The Seventh Ward League also favored the change of names. It is desired to get the matter before the present City Councial some time during the present month. IMPROVING BROADWAY STREET.—Broadway is being improved between Vancouver and Union avenues. Between Union and way is being improved between Vancouver and Union avenues. Between Union and Rodney avenues a considerable fill is being completed. A steel viaduct will be built across the ravine west of Vancouver ave-nue, which will make Broadway a through street eastward from the Willamette River. This improvement is being made preparatory for and with the expectation that the proposed high bridge across the river will be authorized at the June

CHARGED WITH STEALING METAL.—A. C. Nyson was arrested by Special Agent Lillis last night, and charged with stealing steel. He had 100 pounds of steel castings and fron in a wheelbarrow when taken into custody. Mr. Lillis believes the man took part of it from a steam shovel which stands on a switch between the city and the Golf Links. Nyson lives at Park and Jackson streets, and is engaged in the business of repairing launches. CHARGED WITH STEALING METAL .- A. C.

LITTLE GIBL FALLS FROM HORSE.—
Mamie Redfield, the 5-year-old daughter
of a farmer living near Canby, Or., was
the victim of a serious accident yesterday
while riding horseback with her father.
She is now a patient in the Good Samaritan Hospital in this city suffering from a
dislocated shoulder and a compound fracture of the two bones of her forearm.
Early in the morning when her father
went after the cows she climbed up back
of him as had been her custom for many
weeks and with her arms around him
rode out into the fields. Although the
horse did not go any faster than usual in
some manner the little girl got frightened
and losing her grasp fell to the ground.
She was brought to Portland yesterday on
the morning train and taken to the hospital in the Red Cross ambulance.

CHRISTIAN ENDEAVOR RALLT.—Arrangements are being made by a committee of the various Christian Endeavor Societies the various Christian Endeavor Societies of the city for a rally of the State Christian Endeavor Association to be held in Portland May 23-30. Meetings will be held in the First Congregational and First Presbyterian churches. Among those who will deliver addresses will be Dr. Francis E. Clark, of Boston, president of the International Christian Endeavor Association. He will be tendered a reception at the First Congregational Church Saturday night, May 23. He will speak at the same night, May 28. He will speak at the same church at the morning service Sunday, May 30, and at the evening service at the First Presbyterian Church. These discourses will deal with various matters in connection with the Y. P. S. C. E.

Plans for Columnia Park.—The Park Board yesterday morning met in a brief session to listen to the plans proposed by Superintendent Mische for the imby Superintendent Mische for the im-provement of Columbia Park. Mr. Mische submitted an elaborate scheme, which in-cludes playgrounds, wading pools and cement sidewalks, promenades and fron fences around the grounds, aggregating in cost \$90,000. It is not the intention to do all of this work at once, but to ac-complish it little by little until the plans are worked out. No definite action was taken by the Board, but the plans will be given further consideration.

CHIMNEY FIRE—A chimney fire which caused little damage but much excitement, occurred last night at 7:15 o'clock at the house of M. Cantor, 573 Front street, corner of Grant. A large number of young people we're seated on the front steps when flames shooting from the chimney were discovered. The nearest fire alarm box was at First and Hall streets, three blocks away. Several ran for the box at the same time and people along the street witnessed a foot race to see which would reach the fire box first. The flames had subsided by the time the firemen arrived. Paying for Injuries Received While at Play.

the Executive Board meets.

"Why do you think that the city should pay a man for injuries sustained will wrestling?" asked Mayor Lane of Mr. Sullivan.

"What do you expect the firemen to do?" asked Mr. Sullivan in response. "Do you want them to sit down and hold their fingers?"

"I don't care whether they play with their fingers or hold their legs," replied the Mayor. "The question is, shall we pay a fireman for time lost because of such an injury as in this case?"

A. M. Kreps, attached at the time to engine No. 13, is the man making the application for the pay, but he has tendered his resignation, which will be accepted today. It is doubtful if he receives the \$25 asked for.

Mr. Sullivan argued that the relief fund, which is created by deduction of \$0 cents a month from policemen and firemen, is for the purpose of paying such employes when they are disabled.

"If you pay a fireman who is injured by wrestling, what will you do with the poor devil who is put out of business by stomach trouble, or the fellow who is poisoned by eating ice cream?" asked the Mayor.

"Well, I guess I would pay him, if he

poisoned by eating ice cream?" asked the Mayor.

"Well. I guess I would pay him, if he lost time from his post of duty," replied Mr. Sullivan. "I think that's what the relief fund is for."

"Well, I go on record against paying such accounts," said John Montag.

"Me, too," said Isaac Swett. "I can't see why we should pay such claims."
