FRAME LIQUOR LAW

Council Committee Begins on Drastic Ordinance.
STATE STATUTE IS COPIED
Rushlight Says Provision for Sunday Closing is to Place That Matter in Hands of the City Authorities.

The liquor laws of the city are to be revised by a special committee of the Council, which held its first meeting yesterday afternoon. Councilman Rushlight is chairman, and Councilmen Bennett and Wallace are members. Drastic regulations are proposed by the committee, provisions identical with the state law relative to the closing of saloons on Sunday being incorporated in a proposed draft ordered made by Assistant City Attorney Grant, at the solicitation of the committee. Mr. Rushlight said yesterday that the reason for so doing is a fear that something may happen in the future whereby the state law relating thereto may not be enforced, and that he desires the city authorities to have full control.

Mr. Rushlight wants a provision inserted to prohibit the giving of "knock-out drops," as he states that he has information that in some saloons in Portland these drugs are administered to victims for various reasons. There may be other drastic provisions inserted during this being the first meeting of the committee. The provisions so far outlined are as follows:

LONG'S SIDE GIVEN

Declares Seattle Dealer Is Disgruntled Bidder.
HOLD INQUIRY NEXT WEEK
Fire Apparatus Merchant Says He Can Show Up Man Who Has Charged Collusion on Bids Accepted Here.

Mayor Lane will call a special meeting of the fire committee of the City Council, executive Board early next week for the purpose of taking up an investigation of charges which have been filed by Fred A. Wood, of Seattle, alleging collusion by city officials whereby A. G. Long, of this city, receives all of the awards for fire apparatus needed here. Mr. Long has made a written statement, in which he states his side of the matter, and in which he declares that Mr. Wood is "a disgruntled competitor." The charges filed by Mr. Wood are of a very serious nature, and it is expected that the investigation will develop a sensational story. This is particularly evident because Mr. Long, in his statement, says that he can show things that are incredible which have been done by Mr. Wood as the representative of the Gamewell Fire Alarm Company, the rival of Mr. Long in this field. Both sides are preparing for a finish fight. It is said, and promise to make things interesting. Mr. Long's statement follows:

LONG'S SIDE GIVEN

Declares Seattle Dealer Is Disgruntled Bidder.
HOLD INQUIRY NEXT WEEK
Fire Apparatus Merchant Says He Can Show Up Man Who Has Charged Collusion on Bids Accepted Here.

For 25 years, until the three years last past, the Gamewell Company, for whom Fred A. Wood, of Seattle, is agent, has had an absolute monopoly and has obtained whatever price it saw fit to ask for fire alarm goods. During the past three years the Star Electric Company has developed a high-class line of fire alarm goods and its house has represented the Gamewell Company, notably in Seattle, where contract for the new central

fire alarm equipment was awarded us, at \$37,000, being \$10,000 less than the Gamewell Company had asked; more lately in Tacoma for their new central fire alarm equipment and 75 fire-alarm boxes at nearly \$1000 each. The Gamewell Company bid, and in addition, numerous small towns throughout the Northwest, where we have installed five fire alarm goods, so that at this time the Gamewell Company is in a frenzy and is waging a mad race to which Gamewell, the Star Electric Company and A. G. Long. I have records in my office showing the extremes to which Gamewell, the Star Electric Company and A. G. Long. For many years they have furnished the fire alarm goods for the city at \$125 each. Under our competition they have, at the last two bidings, reduced their price to \$112.50 a box, which reduction is not a marker to the prices which I have evidence in my office they are making in Eastern cities where they are fighting the Star Electric Company more bitterly than here. On April 29, bids were opened in Portland for two fire engines. On the same date bids were opened for three fire alarm boxes. There were three bids, each from different companies, tendered on steam engines. One from the North Fire Engine Company, one from the Ahrens Fire Engine Company and one from the American-La France Fire Engine Company, the latter being represented by myself. My bid was the lowest, and the fire committee recommended the contract to be awarded to me. The recommendation was adopted by the Executive Board, my bond was filed and the contracts turned over to the Mayor for his signature, which, up to this time, he has not affixed. There were two bids submitted at the same meeting for the investigation of the Gamewell Company, represented by Mr. Wood, of Seattle, and one from the Star Electric Company, represented by myself. Mr. Wood made his customary vicious fight against me. The fire committee did not decide upon the selection of fire-alarm boxes and, as far as I know, has not yet decided.

of making trouble for me as a competitor in the fire alarm business. I think it seems to me that, inasmuch as Mr. Wood has no connection whatever with the fire engine business, and is now in such a bitter warfare with me on the fire alarm
