

GRANGERS HEARD IN HEATED DEBATE

Recommend Training Schools for Normal Courses in High Schools.

LABOR'S FIGHT TAKEN UP

Radicals Secure Adoption of Motion After Forensic Contest—One Board of Control Asked for Educational Institutions.

MINNIVILLE, Or., May 14.—(Special.)—The closing day of the State Grange session was marked by a rush of reports from the standing committees, which covered the week for the night. Heated debate was indulged in when the report of the committee on education brought up the normal school question and recommended district training schools in connection with high schools for the normal courses.

In its report the committee made no recommendation in regard to one or more central normals, and the debate became general as to whether the Grange should make recommendation for or against either plan. It was finally decided to endorse the district plan as a preparatory course for one central normal, to be situated in the Willamette Valley, the teacher of the district class to be a normal graduate.

DEATH MYSTERY UNSOLVED

Woman's Body Found at Burnaby Shows Evidence of Murder.

BELLINGHAM, May 14.—A special from New Westminster, B. C., says: An open verdict was returned by the coroner's jury in the inquiry into the death of the woman found at Burnaby Wednesday. The phial found beside the body contained carbolic acid. A wound in the neck indicated had been shot. Every article of clothing and all trinkets by which the woman might have been identified were burned by the woman before committing suicide or by the murderer after slaying the woman. A common lead pencil was found in the hair and the remains of a purse, camera and comb were found in the sea where the clothing had been burned.

Meeting at Walla Walla Adjourns After Successful Session—Dr. Blalock Presides—J. N. Teal, of Portland, a Speaker.

WALLA WALLA, Wash., May 14.—(Special.)—The Washington State Conservation Association ended its first annual Spring meeting here this afternoon after a most successful session. Receiving an urgent call from Olympia, Governor Hay, who has been presiding at the sessions of the association, left the city early in the afternoon and the remainder of the sessions were presided over by Dr. N. G. Blalock, of this city. J. N. Teal, of Portland, was principal speaker this afternoon.

The association went on record as favoring legislation in Washington restricting all water power franchises to a limited period of years, urging the Legislature to adopt a law similar to the water code measure adopted by the recent Oregon Legislature. Opposition by a representative of the Northwest Electric Light & Power Association, operating the big power plant at Snoqualmie Falls, was encountered but the members of the association overruled his protest after a strenuous debate.

FLOATER FOUND IN RIVER

Unidentified Body Believed to Be That of Soldier.

VANCOUVER, Wash., May 14.—(Special.)—When Thomas Hager, of this city, was coming home in a canoe on the Columbia River this afternoon, just below the mouth of the Willamette River, he discovered a man's body lying on the Washington shore, nearly submerged in water. He notified County Coroner W. J. Knapp, who investigated the case.

The body had been in the water about two weeks, apparently, and was dressed in khaki trousers, khaki colored shirt, khaki shoes, and underwear. All of the clothing on the body, save the underwear, was the same as is issued by the Government, which led to the supposition that the dead man was a soldier. He was about 30 years old. The whole top of his head was gone, but the lower part of the face showed that the man had a thin beard about an inch long on his face, and his teeth were prominent.

AGONY OF ECZEMA BEYOND WORDS

Whole Body a Mass of Raw, Torturing Humor—Hair All Fell Out and Ears Seemed Ready to Drop Off—Clothing Would Stick to Bleeding Flesh—Hoped Death Would End Fearful Suffering.

CASE SEEMED HOPELESS BUT CUTICURA CURED HER

"Words cannot describe the terrible eczema I suffered with. It broke out on my head and kept spreading until it covered my whole body. I was almost a solid mass of sores from head to foot. I looked more like a piece of raw beef than a human being. The pain and agony I endured seemed more than I could bear. Blood and pus oozed from the great sores on my scalp, from under my finger nails, and nearly all over my body. My ears were so crusted and swollen I was afraid they would break off. Every hair in my head fell out. I could not sleep for the agony. I would stick to the raw and bleeding flesh, making me cry out from the pain. My family doctor gave me all his remedies, but I got worse and worse. My condition was awful. I did not think I could live, and wanted death to come and end my fearful suffering."

In this condition my mother-in-law begged me to try the Cuticura Remedy. I said I would, but had no hope of recovery. But oh, what blessed relief I experienced after applying Cuticura Ointment. It cooled the bleeding and itching flesh and brought me the first real sleep I had had in weeks. It was as grateful as ice to a burning tongue. I wore a brace with warm water and Cuticura Soap, then apply the Ointment freely. I also took Cuticura Resolvent for the blood. In a short time the sores stopped running, the flesh began to heal, and I knew I was to get well again. Then the hair on my head began to grow, and in a short time I was completely cured. I cannot praise Cuticura enough. I wish I could tell everybody who has eczema to use Cuticura. My condition was so terrible that what cured me cannot fail to cure anybody of this awful disease. If any one doubts the truth of this letter, tell them to write to me, Mrs. Wm. Hunt, 135 Thomas St., Newark, N. J., Sept. 28, 1908.

Cuticura Soap, Ointment and Resolvent (liquid or pills) are sold throughout the world. Foster & McLean, New York, N. Y., Sole Mfgs.

PUCK

THE BETTER THAN 5¢ CIGAR

WITH THE HAVANA TASTE

When you smoke one you will want more. If you've been smoking more expensive cigars you'll decide to stick to PUCK and save money. If you've been smoking five cent cigars you will wonder why PUCK tastes so much better.

PUCK tastes better because it's a good smoke—a free smoke—a smooth well blended cigar with a long well blended filler and thoroughly seasoned binder wrapped in a genuine imported Sumatra leaf. There is not much money in the profit on your cigar, but there's profit in your talk that makes more sales.

STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

Given Away—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Lame Back

This is one of the most common forms of muscular rheumatism. It attacks the muscles in the small of the back. It often comes on suddenly and is so severe that the body can be moved only with great pain. Keep as quiet as possible, as every movement of the body aggravates the disease. Massage the affected parts with Chamberlain's Liniment three times a day until the pain, soreness and stiffness have entirely disappeared. It is prompt and effectual.
