What Will Sunnyside Do?—The Sunnyside Push Club has put the question of what part Sunnyside will have in the Rose Festival. Last year a few enterprising members of the club got up a creditable float at the expense of much work and about \$50 cash. A few did the work and when it came to paying the bills the few who did the work were left to pay the bills out of their own pockets while the whole of the community received credit for the fine showing made. This year the club proposes that the community shall raise the cash for the display if any be made. It is felt that it was a disgrace for such a wealthy district as Sunnyside to throw the burden of the display on a few enterprising men. There will be a meeting of the Sunnyside Push Club next Tuesday night for final action. It is desired to prepare a float for the East Side parade, the cost of which will be about \$100. In connection with this float the Sunnyside school will provide a guard of honor composed of young boys and girls, who will be properly uniformed for the occasion. E. D. Curtis, principal of the Sunnyside school, has offered to prepare a special drill for a squad of pupils to enter the parade. The whole matter will be settled at the meeting of the push club Tuesday night.

occasion will be held a banquet

formed through consolidation. This
will be preliminary to the campaign for
enlarging the endowment fund to be conducted through the Summer by Mr.
Winter. He said that a large number
of members of the alumni live in Portland
and in other portions of the state, who
will be urged to attend. Mr. Winter expects to put in all the months of the
vacation in increasing the college endowment and in the Fall will be in
charge of the college. Dr. C. A. Mock,
president, was given a year's leave of
absence. He will leave July 1, to enter
Yale to complete his studies, and is expected to return to his post a year hence.

will Erect Clubhouse.—A clubhouse costing about \$1000, to be \$40x90 feet, will be erected at once adjoining the Kentlworth Presbyterian Church, on Gladstone avenue, for the benefit of the young people of that neighborhood. An entertainment was given Monday evening in the Kenllworth Presbyterian Church, for benefit of this clubhouse, with satisfactory results financially. The Kenllworth Push Club has subscribed several hundred dollars toward the cost of the building. Much enthusiasm has been developed in the Kenllworth community among young and old, and it is felt that the erection of this clubhouse for the young people, where they can meet under wholesome influences, is a movement in the right influences, is a movement in the right direction. Work on the building will be started as soon as the material can be ordered and assembled on the ground.

Policeman Denies Charge.—That the complaint made by Frank Peterson against Patrolman Blair charging him with holding Peterson up with a gun while on his way home is utterly without foundation, is the statement made by Blair yesterday. In fact, Blair says, if there was any such occurrence it was not on his heat. Blair says that the accusations on the face of them are unreasonable. According to the officers of the Police Department, Peterson, who was formerly a patrolman himself, has a grudge against Blair and knowing the rules in regard to the use of guns, took this means of satisfying the grudge.

RECALL IS IMPROBABLE

ADVOCATES PRACTICALLY DROP IT FOR OTHER PLAN.

Will Devote Energies to Defeat of Wallace, Dunning, Menefee and Vaughn in Regular Election.

There is little probability that a special recall election will be called for the proposed replacement of members of the Portland City Council. Advocates of such an election, while professing not to have abandoned the recall idea, have practically resolved to direct their energies toward defeating four of the mem bers of the Council who have been nom insted for re-election next month. These men are Councilmen Wallace, of the Second; Dunning, of the Third; Mcnefee, of the Ninth, and Vaughn, of the Tenth.

The agitation for the recall of these men the Ninth, and Vaughn, of the Tenth.

The agitation for the recall of these men was started two weeks ago, following the passage by the Council over Mayor Lane's veto of the street railway blanket franchise. Those suggesting the recall were counting on the support of the anti-Simon forces to aid them in their fight against the Councilmen, but in this they have been disappointed. Friends of Albee and Kellaher, who have become independent candidates for the Mayoraity, are keeping their hands off the fight so far as it pertains to the Council, and will undertake the defeat of Simon without soliciting the complications in their candidatey which would follow any participation in the election of Councilmen.

Patture on the part of the recall people to enlist this support in their fight against the Councilmen has not discouraged them, according to H. D. Wagnon. "You may be assured." said Mr. Wagnon yesterday, "that whether the supporters of Kellaher and Albee come to our assistance or not, a public gathering of some kind will soon be held, when desirable men will be selected to oppose those members of the Council who are up for election and against whom it was proposed to invoke the recall. I cannot say just when such a meeting will be held, but candidates will be brought out against every one of the Councilmen we think no longer should serve as members of the city's lawmaking body."

The opposition to Councilmen Wallace, Dumning, Menefee and Vaughn bases its objection to these men on the fact that all supported the street railway franchise and voted with a majority of the other members of the Council to refund the fine of \$1500 which was imposed by the Fr.

and voted with a majority of the other members of the Council to refund the fine members of the Council to refund the fine of \$3000 which was imposed by the Executive Board against the Pacific Bridge Company for delinquency in completing contract work for the city. In the fight Mr. Wagnon says will be waged against this quartet, the two subjects referred to will be made the issue for asking the paters to rather these middle servants in voters to retire these public servants in

"Toodles in Holland" Is Good Show

Amateur Performance at Hellig, Under Auspiecs of Travelers' Pro-tective Association, Worth Seeing.

BY ARTHUR A. GREENE than "Toodles in Holland," which was presented last night at the Heilig by a company of talented young peo-ple under the auspices of the Travelers' Protective Association and the personal direction of Thomas Getz, who has been identified with some of the best ama-teur shows ever given in the city. A large and enthusiastic audience attested its approval of the efforts of the young people in no uncertain terms and encores were frequent. The bright, particular stars of the performance were a diminutive child actress called "Baby Patsy," who took the title role and proved to be a delightful sur-prise. The little girl has unmistakable talent and gave a performance worthy

Another performer that deserves individual mention is Sherma Dana, who appears as Lady Bountiful.
