every lot offered will be sold. Such erroneous impressions have been created by misleading

articles through the press that, in order to to correct these false impressions, it may be

stated that the reserves on some lots are below \$100. Various reports have also been circu-

lated as to building restrictions, and I may also state that if any restrictions are imposed

All regular lots are 25x100 and the terms for sale are one-quarter cash and the balance in one, two and three years with interest at six per cent. Corner lots and the lot adjoining will be sold together, inside lots will be sold singly, but the purchaser will have the right to take the adjoining lot at the bid price providing the said lot is on the list. The lots for the sale are being selected from sections 1, 5, 6, 7 and 8, and represent about 40 per cent of the total number of lots in these sections, and include both business and residential sites.

All payments must be made in cash, drafts or certified checks payable at par in Vancouver. Intending investors may make deposits in sums of \$100 and upwards at my office on and after the 20th, inst., thus avoiding the necessity of paying 10 per cent on each lot at the fall of the hammer.
