

PORTLAND GATE TO SWING BOTH WAYS

Commission Orders Roads to Sell Through Tickets to East and West.

NORTHERN PACIFIC FIGHTS

Objects to Joint Traffic With Harriman Lines, Which Are Required to Make Like Concessions the Other Way.

WASHINGTON, May 21.—The first decision in the Portland gateway case is in favor of opening, but this is only the beginning of what promises to be a long contest. In a decision rendered by Mr. Prouty of the Interstate Commerce Commission today ordered the Harriman lines and the Northern Pacific to join in the sale of through tickets and the through checking of baggage between Eastern and Pacific Coast points via Portland. Chairman Knapp and E. E. Clark dissent from the decision.

The Commission sustains the complaint against the Northern Pacific for refusing to sell through tickets via Portland to points on the Union Pacific and Chicago & Northwestern, including Omaha, Kansas City and Chicago, and sustains also the complaint against the Chicago & Northwestern, Union Pacific, Oregon Short Line and Oregon Navigation Company for refusing to sell through tickets via Portland to points in Washington.

By the terms of the decision, which is highly important to the traveling public and to the Western and Northwestern railroads, the Northern Pacific, the Union Pacific lines and the Chicago & Northwestern Railway are ordered to join in the sale of through passenger tickets between Seattle and other points in the Pacific Northwest and Eastern destinations, via Portland, Or., and to accord through facilities like the checking of baggage, over this route.

It is also held that public interest requires that this gateway shall be opened; but that the terms under which it is opened should be just as between the carriers themselves. The Commission was also of the opinion that the through rates via Portland should be the same as those in effect via the Northern Pacific and its present connections, but no opinion is expressed touching a division of these rates.

The decision orders, first, that the Middle West lines, comprising the Northern Pacific shall establish before July 1, 1909, and maintain in force thereafter for not less than two years, through routes and joint rates between Chicago, Council Bluffs and Colorado common points via Portland and points in Washington between Portland and Seattle, including the latter, the joint rates to be the same as the joint rates contemporaneously in effect between said points via the Northern Pacific and its connections.

Second, the carriers named are ordered to establish before July 1, joint rates and through routes between Portland and baggage from points on the Northern Pacific, via Portland to Omaha, Kansas City, Chicago and other Union Pacific and Chicago & Northwestern points.

N. P. to Seek Injunction. It is understood authoritatively that it is the intention of the Northern Pacific, in connection perhaps with other roads, to seek an injunction restraining the Commission from putting its order into effect. Should this be granted, it would prevent the enforcement of the order during the period of the Alaska-Tukon-Pacific Exposition at Seattle, as it is estimated that it would require many months for the courts finally to determine the case on its merits.

WILL BE FOUGHT OUT IN COURT

Northern Pacific Will Contest Gateway Decision to Finish.

men high and low are made and is exposing the most gigantic fraud ever known in Japan. The government shows no mercy and arrests one member of Parliament after another, the Constitutional party, which controlled the last session, being the chief sufferer.

BAY CITY GREET'S URYU

YANKEE - TRAINED ADMIRAL ENTERS GOLDEN GATE. Is on Way to Annapolis to Take Part in Reunion of Class of 1881, in Which He Graduated.

SAN FRANCISCO, May 21.—Vice-Admiral Satake Uryu of the Japanese Navy, a graduate of the United States Naval Academy, and one of the conspicuous heroes of the Russo-Japanese war, who is now in Annapolis, where he will deliver an address at the reunion of the class of 1881, of which he was a member, arrived here early today from Tokyo on the Nippon Maru.

ALLAN LINER FREE OF ICE

Mongolian Escapes From Grip of Floes Off St. Johns.

ST. JOHNS, N. F., May 21.—The Allan liner steamer Mongolian early today freed herself from the ice pack off the entrance to St. Johns Harbor, in which she had been imprisoned for two days. The heavy easterly swell which set in last night broke up the ice pack, and enabled the Mongolian to shake herself free. All night there was constant commotion in the great field, the big bergs twisting and turning, while the pressure on the steamer was greater than ever before.
