SHARP AND WIFE ON STAND

Case Against Epileptic Youth, Who Was Member of Band, Is Dismissed After He Gives Evidence Against Leader

KANSAS CITY, May 27.—An unusual spectacle was presented in the Criminal Court here today when James Sharp, known as "Adam God," and his wife, Melissas, "Eve God," took the witness stand at the former's trial.

The testimony of the couple proved a weird, pitiful exhibition of tears, lamentations and wild sayings.

Mrs. Sharp walled piteously and screamed so loud she could be heard in the streets, while "Adam God" wept almost constantly for the half hour that he was testifying. He explained in detail the beliefs of himself and his followers and told of use dotogs of his band.

Tells of Vision.

"Brother," said Sharp, addressing the Judge and weeping, "it all came to me in a revelation as I lay asleep last night. In a revelation as I inv asiecp last night. The Lord said to me that my enemies are my friends. Now, the Lord means that I must turn that saying around. If I am to find my friends I must go among my enemies. That's just the reason God led me into this courtroom. He wanted me to be among my friends, so he sent me among my enemies."

Sharp denied that he had shot Patrolman Mullane, with whose death he is charged. He had, he declared, fired into

The prosecutor has dismissed the case against William Englinell, the 20-year-old Minnesota lad who was a member of the band. Englinell, who is an epileptic, was a blind follower, according to his own testimony, of the man Sharp.

Boy Tells Sad Story.

"I went with him," said the boy on the stand, "because God revealed to me that he was David and that he preached

He said he had given Sharp everything the possessed, "because he was Adam; he was David; he was the father." 'Did Sharp have revolvers and rifles?' the prosecutor asked. "Yes."

"Why did he carry them?"
"He said when I came to know of the faith up in Minnesota that down South they had put him in jail for preaching the Rible and the truth. The revolvers and rifles were to keep evil men off."
Enghnell told how in an engenter in Enginell told how in an encounter Canada Sharp and his band had etc off 50 policemen with rifles.

Evidence He Murdered Annie Poltera Goes to Pieces.

LOS ANGELES, May 27.—Later investigation tends to clear Ben Elliott of suspicion of the murder of Annie Poletra. Sheriff Hammell is convinced that Elliott is innocent of the crime. The Elliott is innocent of the crime. The Sheriff today took the bloody and torm shirt found yesterday to Mrs. it must in Tropico, at whose home Elliott lived, and after examining it closely she said that the young man never owned such a shirt. Governor Haskell said regarding the indictments:

"As a result of four Government attorneys and an army of secret service men surrounding the grand jury and limiting the testiniony to just what suited them, indictments have been secured against me. I am thoroughly satisfied that when the whole facts are made known in the open, the Government at Washington will not approve of these cases, which practically all the people of this locality know have no merit. There has been no violation of the law in any particular.

"The later disclosures in this case will speak for themselves, and show plainly their origin and intent.

"The only embarrassment to me in the trial of this case is that many wincesses may be brought from a great distance, and other expense must be incurred, which, unfortunately, I have not the means to bear. However, my numerous friends in Oklahoma, including many Republicans, have generously shared the expense of further proceedings on that account."

Cane Sugar Men Aligned Against Beet Sugar-Cummins Beaten on Two Amendments Aimed at Great Trust. .

WASHINGTON, May 26.-By the deci sive vote of 50 to 33 the Senate decided today to postpone until June 50 further consideration of the income tax in con-nection with the tariff. Consideration of the sugar schedule was continued, but of the sugar schedule was continued, but after two amendments were voted upon the Senate switched to a discussion of the possibility of getting a vote on the Bailey income tax amendment. Bailey argued foreibly for a vote, but did not succeed in prevailing upon Aldrich to concede a vote in advance of the tariff arbeities.

Sugar Interests at War.

The two amendments to the sugar The two amendments to the sugar schedule voted upon were those eliminating the Dutch sfandard test and lowering the duty on refined sugar from 1.50 cents per pound to 1.85% conts per pound. Beth were defeated, the former by a vote of 25 to 57 and the latter by a vote of 25 to 53. On the first vote II Republicans voted with the Democrats for the amendment, but on the second cents.

voted with the Democrats for the amendment, but on the second only seven Republicans broke rank.

It was considered somewhat significant that the two Louislana Senators, Foster and McEnery, the only Senators representing a cane sugar-producing state, should have been the only Democrats to vote with the Republicans on the Dutch test provision, and this was made the more significant because today, for the first time, the possibility of a sharp conflict between the cane sugar and beet interests was indicated. Cummins made this the text of a lengthy speech. The cane sugar men did not respond.

Cummins Lends European Hone.

Cummins Leads Foriorn Hope.

Cummins advocated the striking out of the Dutch standard test and the differ-ential on refined sugar. This action, he thought, would restrict the profits of the sugar trust and thus cause that insti-tution to lose its domination in the sugar trude, while on the other hand the best

tution to lose its domination in the sugar trade, while on the other hand the beet sugar makers would be benefited.

Pointing out the danger to beet-sugar development in the United States by the continued admission of free sugar from Porto Rico and Hawali and the Philippine Islands, Cummins questioned the wisdom of permitting came sugar eventually to kill the best-sugar industry, as he said it might. He said he had no doubt that Cuba would also in time send her sugar here free of duty.

"I would rather raise the duty on raw sugar than reduce it," he said.

That Senators should address one another in the third person, as the "Senator from so and so," and not use the personal proneun, was the ruling today by Vice-President Sherman.

ACUTE DISEASES LEAVE THE BLOOD THIN AND WEAK

The Tonic Treatment Which Cured This Hartford Man Is Showing Remarkable Results in Such Cases.

When the body becomes run down, either as a result of overwork, worry or a severe illness, an examination of the blood would show it to be weak and blood would show it to be weak and watery. This condition is called anzemic, which is the medical term for "bloodless." The common symptoms are paleness of the lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and loss of appetite. Anzeminitself is a dangerous disease and it may gradually pass into consumption. It must be cured by treating its cause, which is the poor condition of the blood. The vital fluid must be made strong and healthy thereby enabling it to carry the necessary nourishment to every tissue of the body.

greatest builder of rich, new blood and they have been cutting ansemia and other blood diseases for nearly a generation, during which time they have come to be recognized as an invaluable household remedy. The statement of Mr. F. L. Prickett, of No. 71 Asylum street, Hartford, Conn., shows how these pills cure cases that stubbornly resist ordinary methods of treatment. He says:

"A few years ago after an attack of pneumonia, I was greatly run down and did not regain my strength with the help of the doctor's medicine. I was short of breath and my heart pained me upon any exertion. I had constart, throbbing headaches and was so nervous that I could not sleep well. What little sleep I did get did not refresh me. I had no life or energy.

"I had read about Dr. Williams' Pink Pills and decided to try them. A few boxes helped me and in a short time I was entirely restored to health. Dr. Williams' Pink Pills are a good tomic and I can heartily recommend them."

A booklet, "Diseases of the Blood," showing what Dr. Williams' Pink Pills have accomplished in many severe disorders will be sent free on request.

BONI GETS SATISFACTION

Loses Custody of Children, but Is Named Educational Director.

PARIS, May 17.—The decision of the Superior Court of Count Bonl de Castellane's appeal of the case brought by him for the custody of his children was handed down today and is a partial victory for the Count. It confirmed the decision of the lower court giving the mother the custody of the children, but it set forth that the father alone had the right to choose their instructor and designate the college in which they were to be educated. Furthermore, Prince Hello de Sagan is specifically excluded from the list of persons authorized to visit the children and the Counts contention that the influence of the Prince is perulcious is thus in effect sustained. The costs of the appeal are divided.

If the parents cannot agree on a school for the two boys within a fortnight, they are to be seet to the Lyceo of Janson, where only the mother, the grandmother and George Gould may visit them. The decision sets forth also that, "whatever the character and past of the Prince de Sagan, it is not right of the Prince de Sagan.
