BIDS FOR MADISON SPAN ARE ORDERED

Executive Board to Advertise Contracts for New Bridge at Once.

NEED WIDER APPROACHES

Condemnation Proceedings Will Be Started-Lighting Bid Deferred for Conference With P.

R., L. & P. Co.

OS FOR NEW BRIDGE AT MADISON STREET TO BE ASKED FOR AT ONCE.

The City Executive Board, at Its City Auditor to advertise in the official paper of Portland for bids for material and labor for constructing the steel bridge across the Willa-mette River at Madison street. Bids noon Monday, June 21. The bids are to be furnished by Waddeli & Harrington, engineers employed by the Board to draft the plans for the structure.

The Executive Board yesterday afteroon gave to City Attorney Kavanaugh uthority and direction to begin condem-ation proceedings to secure necessary ight of way for the Madison-street Mr. Kavanaugh will make all possible haste along this line, and mean-while the board will proceed to carry out the will of the people to construct the steel span at Madison street across the Willamette River at the earliest possible

The condemnation proceedings have to do with property owned by Drake C. O'Reilly and associates. This lies in what is known as block II, on the north side of Hawthorne avenue, where the east end of the bridge will rest. The old, worm-out bridge is but 40 feet wide, but the new one will be 63% feet in width. In order to have room for this extra space

it is necessary to secure 12½ feet on each side of the east approach.

There has been long delay in carrying out the will of the people in regard to building the new steel span, but it is believed that rapid progress will now be made by the Executive Board. There is a proposition to change the site, and place the bridge at Market

street, but, as public opinion seems strongly apposed to the change, it is be-lieved the electors will vote to leave it a Madison street.

Lighting Bid Unsatisfactory.

The Executive Board also authorized the Mayor to appoint an engineer and a law-yer, who shall act as arbitrators in the matter of the reinforced concrete bridge across Sullivan's Gulch on East Twentyeighth street. This structure has been rejected, and the contractors have never heen able to get together with the board.

The two arbitrators are to decide all points of law and fact in the matter.

The bid of the Portland Railway, Light & Power Company for lighting the city is unsatisfactory to the Executive Board, as it is considered too high and for too long.

it is considered too high and for too long a term. The company bid only on five years, and specified a price of \$51.60 for those on the aerial lines and of \$75 for those on the underground circuits. Thomas G. Greene, chairman of the lighting consults. ing committee, in his report yesterday, recommended that Mayor Lame and the committee he empowered to negotiate with the officials of the company, in an effort to secure a better rate. Authority

Mayor Lane and members of the Ex-ecutive Board feel that President ecutive Board feel that President Josselyn failed to make good a promise, alleged to have been made them by him some time ago. They state he said he would submit a more reasonable bid, and also for a period of three years. Mr. Josselyn is now in the East on business.

Hassam Contract Awarded.

The Executive Board awarded to the The Executive Board awarded to the Oregon Hassam Paving Company certain East Side streets, over which there has been much discussion of late. J. W. Sweeney bid on the work, but Hassam is a patent pavement and Sweeney is thought to have no license to lay it. City Attorney Kavanaugh advised the board that this brand cannot be laid without a permit from the owners of the patent. Therefore, it appeared to the members of the board the contracts must be let to the Hassam Company. Mr. Sweeney threatens litigation, as his bid was the threatens litigation, as his bid was the

threatens litigation, as his bid was the lowest one put in.

Mount Tabor and Montavilla will have fire protection within a few months, if the City Council authorizes the purchase of a site at Base Line road, East Stark street and Church street, recommended by the Board yesterday. The site is owned by E. House, and will cost \$2500. A brick house will be constructed there, according to the plans of the Executive Board. The districts to be served there are virtually without fire protection now. The board authorized the City Auditor to advertise for bids for excavation for basement of the East Side police station, to be built at Union avenue and Hancock street. The plans will be drawn by Ernest Kroner, architect, and will soon be ready for adoption. The board is rushing this station through, hs it is urgently needed.

station through, he it is urgently needed.

EXCURSION RATE IS MADE

Single Fare for Round Trip to Klamath on Railroad Day.

The lowest railroad rate ever granted any place in Oregon, according to General Parsenger Agent William McMurray, of the Harriman lines, will be given to Klamath to induce Portland to travel for "Railroad Day." Railroad day is June 1t and a one-way rate for the round trip has been given amounting to \$1.05.

Railroad day is Klamath's celebration f the coming of the "iron horse," and of the coming of the "Iron horse," and the celebration will be in accordance with all old-time Oregon tradition. Surrounded by the while tents of a settler's reunion, beef will be barbecued in a great

open space.
Old-time settlers are expected to bring airie-schoonera." Pasture will be free for both horses and oxen

war-paint, stage-coaches, that have so recently passed away in Klamath and every possible way in which historic Oregon can be depicted will be used.

The Klamath people are making an effort to have leading men from every part of the Pacific Slope address the gatherings. Regarding Portland they are particularly insistent, but it is not yet known what arrangements have been made for a representative speaker to make an address.

make for a representative speaker to make an address.

A specially large contingent is expected to be present from Portland. It has been pointed out that large business contingents from both San Francisco and Sacramento will make it a point to be present at the celebration. With the railroad connections Klemath is just as advantageously placed with regard to the Californian cities as she is to Portland by rail, and it is contended that, therefore the development of business will largely be a matter of sentiment and personal feelings other details being the same. The Californians have made apecial efforts to show their interest in the Gregon city and the jobbers will make a hard fight for the business.

Arrangements are being perfected for a large Portland party. Tickets must be purchased June II or II, traveling by any regular train to Klamath. A return limit of IS days is placed on fickets issued and within this limit stopovers may be made on the return journey at any point north of Klamath. made on the return north of Klamath.

RATE DISCUSSION POSTPONED

Transportation Committee of Rall

Chiefs to Meet Jobbers Today. Great Northern and Northern Pacific officials met Portland Johbers as repre-sented by the transportation committee of the Chamber of Commerce, in the law offices of J. N. Teal yesterday evening.

Full discussion was postponed until to-

J. C. Woodworth, traffic manager of the Northern Pacific, and W. P. Kenney. Northern Pacific, and W. P. Kenney, assistant traffic manager of the Great Northern at St. Paul; M. J. Costello, assistant traffic manager of the Great Northern at Seattle, and L. C. Giman, assistant to President Louis W. Hill, of the Great Northern, to Portland yesterday. On the suggestion of J. N. Teal a meeting was arranged with the transportation committee at which the whole tation committee, at which the whole question of the Spokane rate case was to be threshed out. Especial weight was to be laid on the effect of the rates on the Coast. In Spokane these same men have been conferring with Spokane com-mercial bodies, who totally rejected the compromise offer tendered by the officials on behalf of the roads concerned.

on behalf of the roads concerned.

The meeting yesterday opened with a general resume of the rate situation to date. Different participants gave the views previously expressed as representing the different arguments. Especially guarded in their utterances were the vallroad men, and as no progress seemed trailroad men, and as no progress seemed to be forthcoming, an adjournment was taken until today, when it is hoped there will be full and free discussion.

LISTS ARE THROWN OPEN

ALL HAVE FREE CHANCE AT FESTIVAL AWARDS.

More Than 1000 Cars Will Be in Line for Automobile Parade and Other Plans Are Big, Too.

The Rose Festival management it shouted from the housetops that there is no entrance fee whatever for any of is no entrance fee whatever for any of the competitive parades, pageants and dis-plays to be held during the carnival week which opens one week from Monday. In the four events in which candidates have chances to win beautiful and valun-ble trophies that aggregate \$600 in value and number more than \$20, a full and free invitation is extended to everybody to shy the castor into the ring and strug-gle for honors.

gle for honors.

These events consist of the competitive exhibit of roses under the auspices of the Portland Rose Society at the California building Tuesday and Wednesday, a display which will embrace close to three solid acres of exhibits, the automobile parade, in which more than 1000 cars will be entered and operated over a line of march more than 29 miles in length; the horse and vehicle procession come. the horse and vehicle procession, some five miles in length, and the "Spirit of the Golden West" parade, open to the

While many entries have been listed with the various committees in charge, there is opportunity for many mere to enter the competition with good chance of winning.

Arrangements are being made by the Festival to place on exhibit in the windows of the leading stores of the city the complete array of trophies which will be awarded in these events, so that the public as well as the interested com-petitors may see the stakes which are to be played for.

Lines of march for the daylight and

night pageanis have been gone over by the committees and as soon as the num-ber of entries, formation and other details can be decided upon the routes will be announced, together with the list of grand marshals and staffs which will handle the

MONTAVILLA FLOAT ASSURED Subscription Collected-Queen Con-

testant Drops From Race.

The Montavilla float for the Rose Festival is considered assured, and according to the report of the finance committee made Thursday night at the meeting in the hall of the school of the Ascension, \$108 had been collected from all sources to meet the expense. There has been some readjustment of the contestants. Miss Bessie McKisson, who had secured 400 votes, has dropped out, leaving four in the race: Miss Della Burns, \$04 votes; Miss Ellen Troutman, 12 votes; Miss Lula in the race: Miss Della Burns, so votes; Miss Ellen Troutman, 12 votes, Miss Luia Bryson, 716 votes, and Miss Hope Nettle-ton, 35 votes. A change has been made in the method of voting from the open way, so as to make the contest perfectly fair to all taking part.

ELKS OFFER FLAG AS PRIZE

Lodge Will Reward Best Drilled School in East Side Parade.

At the meeting of Portland Lodge of Fike Thursday night it was decided to offer a flag to the best-drilled school division taking part in the East Side parade, Friday night, June II. The original offer was withdrawn, this being a new prize to stimulate the many schools which will participate to do their best. The A. B. Manley \$200 cup is for the school turning out the largest number in the parade. M. M. Hingler in visiting the schools carried this prize with him and its display usually called out renewed en-thusiasm. All the contesting schools feel they will win this prize, and it would seem they are making an effort to do so

their "prairie-schooners." Pasture will be provided free for both borses and oxen used by Klamath's visitors.

With all the delight of a child in a new toy, it has been announced that a ride on the "steam cara" will be given free. A water festival will be held and a great procession emblematic of the stages of progression through which the state has passed will be featured. In this parade, cowboys and their flery mustangs. Inclease in all the paneply of

Weather Bureau Orders Them Set at Coast Stations.

HEAVY SOUTHWEST BLOW

Bad Weather Off the Coast-Rain Is General Over Entire Northwest. Temperature Much Lower. Rivers Rising Steadily.

District Forecast Official E. A. Beals, of the Weather Bureau, ordered southwest storm warnings set yesterday morning at all coast stations. The blow materialised on time and was felt to some extent as far inland as Portland. The storm shifted from the southeast to the southwest and will not abate until some time today. A southeast wall as this assessment of the war. outherly gale at this season of the year

is unusual.

Biteamships northbound from California
ports will make a few hours' better time,
while those bound out from the Columbia River will be beld back. Northwest
winds are in order at this sesson of the

year and both navigators and scafaring n were taken unawares at the unusual ditions which have prevailed during

the past \$6 bours.

A decided fall in temperature has been marked over the Northwest during the past \$6 bours. Light rains have fallen over the entire section. At Bouner's Ferry the river came up \$1 feet and at Wenatcheo \$2 feet. At Lewiston, Riparis, and Umatilla the rise was much greater than the day before. At Lewiston the gauge showed \$17 feet.

The rise at Portland was only \$1.50 a.

The rise at Portland was only 5 of a The rise at Fortland was only 5 of a foot but by Sunday it is expected there will be an Il-foot stage. With the rise in the Snake, Upper Columbia and Kootenai reported yesterday there will be at least a 12-foot stage at Portland by Monday noon. The flood stage at Portland is 15 feet. At Bonner's Ferry it is 25 feet and the gauge now shows 19.1 feet. The cool weather of the last 24 hours. The cool weather of the last 24 hours will stay the flood to some extent but the Weather Department looks for a steady rise until the crest will have been reached. The high water at the upper stations will not reach Portland until tomorrow and Monday. The river will then continue to rise slowly. Southwest winds and rain are predicted for today, and Surday. The cool weather of the last 54 hours

Captain Beats Down Mutiny.

VICTORIA, B. C., May B.-Attacked Vagner, of the German ship Elles Libn. which arrived here late last night from Antofagasta for Puget Sound, succeeded in beating off his opponents with his flat and quelling a mutiny which hade fair to develop into large proportions, and which resulted in the death of one man. On April 10, the orew tapped a barrel of wine aboard, and rapidly becoming intoxicated, attacked Captain Wagner and the boatswain in an effort to make the former a prisoner and to throw the boatswain overboard.

Commission to Hold Special Meeting

A special meeting of the Port of Portland has been called for Monday, at which session the type of bridge to be constructed by the O. R. & N. Co. across the Williamette at Portland, will be discussed. The railroad occupany desires to construct a bridge after the plan of the present Steel bridge, the structure to run from the foot of Gilsan street on the West Side to the foot of Oregon street on the East Side. The public is invited to attend the meeting and offer any protest. and offer any protest.

Bark Gulf Stream Still Outside.

With a rough bar and 20 miles of wind from the southwest, the British bark Gulf Stream, cement laden for Portland from Antwerp, failed to cross is yea-forday. The craft showed up off the lightship Thursday afternoon but was unable to cross in. The heavy weather will reach Astoris today. The reach the will reach Astoris today. The ressel is 104 days out from Stanley in the Falk-land Islands. The Gulf Stream put into the island port in distress last Fall and lost several months in making repairs.

Roanoke in Commission June 3.

Harry Young, local agent of the North Pacific Steamship Company, has been advised that the steamship Rosnoke, which has been undergoing repairs at the Risdon Iron Works for the last three months, will sall from Ban Francisco for Portland June 2. The vessel has been equipped with new boilers and additional staterooms added for the accommodation of first-class messengers. of first-class passengers.

Marine Notes.

PROGRESS IN BUSINESS

NOTABLE GROWTH OF CONFI-DENCE IN THE FUTURE.

Revival in the Iron and Steel Industry Assumes Large Proportions.

NEW YORK, May 26 .- R. G. Dun & Co.'s weekly review of trade innerrow will ear: Progress, slow but constant is again the record of the week. The growth of increase in the volume of trade, but the revival in iron and steel is of such remark dimensions as to justify the most hopeful outlook for the industrial and mecantile altuation as soon as the tariff ques-

In the primary drygoods market, a better In the primary drygoods market, a better indertone is manifest. Western jobbers report a better business for Fall merchandias from calciumen on the read. There is an entire absence of export demand at existing quotations. Prints are not moving as actively as had been hoped for. In wooden goods, duplicate unders are coming in slow-ly because of the radical advance.

All domestic hide markets are dull, Prices have been well sustained on both sides for sole and upper leather.

FURTHER GAIN IN OPTIMISM. sprovement More in Evidence, but Very

NEW YORK, May 28.—Bradstreet's to-NEW TORK May 28.—Bradetreet's tomorrow will say:
Improvement is more in evidence this
week, but irregularities in weather and
crop conditions and sob and flow movements in trade and industry prevent definits general characterization of the situation. House trade with josbers and wholesalers is not usually active and efforts to
attract business by clearance saise and liberal advartising have not been altogether
successful. There is a further apparent
gain in the optimism with which the outlook for the more distant future is viewed,
contrasting rather sharply with some of
the reports indicating backwardness of demand for immediate consumption.
The shos and leather trades are in better
shape, due partly to the great strength of

The sine and leather trades are in better shape, due partly to the great strength of hides and the finished products of sole and upper leather.

Wheat including flour, expects from the United States and Canada for the week suding May 27, aggregate 2,122,800 bugshels against 2,358,600 (corrected total for last week) and 2,575,280 this week last year. For the 48 weeks ending May 27 this year the corrected capacits are 160,880,177 bushels against 185,584,516 in the corresponding period last year.

Corn expects for the week are \$8,622 bushels, against 112,696 (corrected) hast week and 237,151 in 1808. For the 48 weeks ending May 27 corn expects are 20,040,198 bushels against 64,770,500 bushels last year.

Business failures in the United States for the week against May 27 corn expects are 20,040,198 bushels against 64,770,500 bushels last year.

Business failures in the United States for the week ending May 27, were 203 against 218 last week, 203 in the like week of 1908, 142 in 1907, 127 in 1908 and 154 in 1903. Business failures this week in Canada number 28 compared with 23 last week and 21 in the same week of 1907.

Bank Clearings.

NEW YORK, May 28.—Brudstreet's bank clearings report for the week ending May 27. shows an aggregate of \$1.750,070,000, as against \$2.007.000 hast week and \$2.422, 725,000 in the corresponding week last year.

STUDENTS GIVE TWO PLAYS

Annual Entertainment of St. Francis Academy Pienses.

The Hellig was taxed to its capacity. The Hellig was taxed to its capacity last night when the students, of St. Francis Academy presented their annual entertainment. The programme, in two parts, served to display artistic and finished work by the pupils. The first half of the evening was given over to a breezy little playlet entitled "Rosamund's Triumph," abounding in bright lines. The second half of the programme was "The Carnival of the Roses," with a musical setting that served to show the well trained voices of the students.

Miss Nellie Daly, as Queen of the Flowers, showed not only dramatic ability, but is also the possessor of a lyric soprano of good range.

lyric soprano of good range.

The programme was further augmented by a musical medley rendered
by a large class of boys.

FINEST IN PARADE TODAY

Inspection Will Be Followed by March Through Streets.

All arrangements have been completed for the annual inspection of the police department today and it is intended to make the event the most elaborate po-tice inspection ever held in Portland. The entire force will be formed as a battation In command of the senior captain, John Moore. The four segments or companies of the battalion will be in command of Captains Slover. Bailey and Baty and Sergeant Endicott.

After passing in review before Mayor Lane and party, the police bariation will parade the principal streets of the city, beaded by the new splek and span departmental band. The inspection will begin at 10 A. M. at the Armory and the parade will start from the Armory at 11:20.

BIG WAREHOUSE PLANNED

Eilers Announces Erection of Five-Story Building.

On the half mock on Pettigrove street, between Pifteenth and Slateenth, the Ellers Piano House Intends to erect a five-story brick structure, to be used as the wholesale departments of the firm. It is proposed to have exhibition rooms in the building and to have the larger instruments handled by the firm properly displayed.

played.

The cost of this new building is estimated at 25,000, and it is intended to provide extensive floor space for the display of planes and with special space for organs of various sizes.

Saloonkeeper Sells to Minor. MONTESANO, Wash., May 25,-(Spe-

CHIEF OF POLICE

Canadian Officer Poisoned by Weeds - Eczema Developed and Legs Became Scaly - Ankles were Very Sore and Itchy - For Weeks He Could Not Wear Shoes.

FREED FROM ITCHING BY CUTICURA REMEDIES

"I have been successfully cured of dry ecosoms. I was impocting the removal of noxious weeds, it being part of my duty, from the edge of a river and was constantly in the dust from the weeds. At night I shook out my trousers and cleanaed my limbs, but felt a prickly sensation. I paid no attention to it for two years, but I noticed a scum on my legs like fish scales. I could scrape it off, and yet I did not attend to it until it came to be too itchy and some and began getting two running somes. My ankies were all soce and scabby and I could not wear above. I had to use carpet and felt slippers for weeks. I was then on particular police duty and was compelled to be on duty. I get a cake of the Cuticoura Soap and some Cuticura Otatment. In less than ten days I could put on my boots and in less than three weeks, though on duty all the time. I was free from the confounded itching. I tell you frankly that Cuticura saved me from what the doctors called a bad beg. Capt. Goorge P. Bliss, Chief of Police, Morris, Mamitoba, Mar. 20, 1907, and Sept. 24, 1908."

For Baby's Bath Cuticura Soap has Become the

Mothers' Favorite.

cial.)-Harry White, proprietor of the Brook saloon in this city, was convicted yesterday by a jury before Justice of the Peace Murphy, of selling liquor to a minor. He was fined \$25 and costs.

S.S.S. BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed the state of the sallow of it from a pure, fresh stream to a sour, actid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lest vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin sruption or disease. Book on the blood and any medical advice free.
