REV. H. C. SHAFFER TO LEAVE.—Rev. H. C. Shaffer, who has been pastor of the First United Brethren Church, of Portland, for the past five years, is serving his last week as pastor of this church. He will deliver his forewell sermons next Sunday. Friday night a social will be held in the church with an appropriate programme. The conference will meet at Philomath next Friday. June H. Rev. Mr. Shaffer came to Portland five years ago. Much has been accomplished for his denomination in this city through his initiative and work. The Second United Brethren Church, in Vernon, was his suggestion, and the Third Church at South Mount Tabor was organized and has been conducted by him. The Fourth Church has been projected by him at Tremont, on the Mount Scott railway. Besides these new churches his own church has increased in membership. There has been a desire among the members that be return to the First Church, but he says that he will not do see REV. H. C. CAR HITS PEDDLER'S WAGON.—Young Wing, a Chinese peddler drove in front of a car on the Twenty-third-street line, at Ella and Washington streets, shortly before noon yesterday, with unpleasant results. His wagon was upturned, his wares scattered every which way and he was thrown into the gutter and badly stunned. The car, manned by A. G. Rick and H. Bigger, continued complacently on its way with only a small area of misplaced varnish. The injured Chinese was picked up by the police and taken to the St. Vincent Hospital where it was found he had escaped with bad bruises. Through not stopping and assisting the Chinese the car crew may find themselves confronted by the necessity of looking for new jobs as the affair is to be investigated from streetcar headquarters.

STREET REPAIRS SLOW.—The repairs on East Morrison street are progressing slowly. Yesterday only a few men were employed, although the contract expired Saturday. The contractor agred to have East Morrison street, between the Widge and Union avenue, completed by May 20, but it may not be finished in time to allow the general Ross Festival automobile parade to come to the East Side. There is general complaint all along the street over the delay. On Grand avenue the best that can be hoped for now is that the west side will be paved in time for the children's parade. It is not expected that the east side of the street can be paved inside of a month. The Water Board took up an old water main, leaving a loosely filled trench that must settle before the pavement can be put down. The street railway company completed its double tracks over two weeks ago on Grand avenue and has not in-STREET REPAIRS SLOW .- The repairs on East Morrison street are progressing

Soon after 1 o'clock Patrolman Swennes ordered them to keep quiet and let their differences rest until morning. Gee started to leave, but Miss Gains called him back, saying she had something more to say to him. She renewed the quarrel and after informing him he ought to have his head shot off, reached into her dress and drew a revolver. He disarmed her before she could use the weapon, and the patrolman arrested both.

The Fruit Basket of the World

For men of small capital there is no business opening to compare with a small fruit farm. The initial investment is small and the cost of bringing it to bearing can be met by the sale of the products of the land itself. Any man with moderate ability and energy can in a few years have an income sufficient for every want and his property will have increased in value from a few hundred dollars per acre to \$1800 or \$3000 per acre.

The Columbia River Valley has the best soil, ideal cli-mate and abundance of water and all other factors which are necessary to successful fruit raising.
