COMBINATION SUITS, regularly worth \$4.00, now selling at the low price of, \$2.98

SHIPP IS ON TRIAL

First Case of Contempt Up in Supreme Court.
GOES OVER TO NEXT TERM
Petition for Repeating Will Be Presented, and Meanwhile Lynchers Will Go Back to Tennessee for Renewal of Bonds.
WASHINGTON, June 1.--The first case of its kind in history, a trial of citizens of the United States for contempt of the Supreme Court of the United States, came up today. Ex-Sheriff Shipp, of Chattanooga, with others, is on trial, and the court postponed the passage of sentence to permit the prisoners to file petitions for a rehearing. The case, therefore, goes over until next term, the prisoners remaining out on bond.
The arraignment of six men before the bar of the highest court of the Nation was a scene unprecedented in the annals of that tribunal. The prisoners consist of ex-Sheriff Joseph P. Shipp, of Hamilton County, Tennessee, and Luther Williams, Nick Nolan, Henry Padgett and William Mayse, all of Chattanooga.
They were found guilty a week ago by the court on the charge of permitting and participating in the lynching, in 1905, of Edward Johnson, a negro condemned to hang after conviction of assault. The Supreme Court had granted Johnson permission to bring his case before the court on appeal.
This, of course, caused a postponement of the execution, and feeling in Chattanooga culminated the night following in the hanging of Johnson by a mob. The act was resented by the court as one of flagrant contempt, and immediately complaint was made to President Roosevelt.
Proceedings were instituted against the Sheriff and a number of his deputies as well as against about 20 citizens of Chattanooga. The inquiry which was subsequently made on behalf of the court, reduced this number to six.
The corridor outside the courtroom was densely crowded but only a few persons were able to get inside. But two negroes, practicing attorneys, were in the courtroom.
Shortly before noon, the prisoners were brought into court and assigned seats in the rear of the room. Solicitor-General

MISSISSIPPI GIVES SERVICE

Commonwealth Presents Battleship With Silver Plate.
PASCAGOULA, Miss., June 1.--With the big battleship Mississippi riding at anchor 12 miles south of this port, several thousand citizens of the State whose name the vessel bears gathered on shore here today and presented to both officers and crew the silver service which the people of this commonwealth purchased through popular subscription.
Mrs. Eunice Miller Lockwood, a daughter of Lieutenant Miller, who commanded the Confederate shore batteries that sank the old battleship Mississippi at Port Hudson during the Civil War, made the presentation.
An old-fashioned Mississippi barbecue concluded the ceremonies.
With a ball, a banquet and several receptions, exercises attendant upon the presentation of the silver service to the battleship Mississippi were closed here tonight.
LIVES SAVED BY POLICE
San Francisco Officers Rescue Two From Burning Building.
SAN FRANCISCO, June 1.--During a fire which destroyed several business establishments at the corner of Post and Tarkin streets today, George Saville and Otto Mueller, inmates of one of the burned buildings, were rescued from the flames after having been rendered unconscious by smoke. They were carried out by Policemen W. F. Norman and James Sullivan, who risked their own lives in saving the men. Officer Norman was overcome to such an extent himself that he was taken to the Emergency Hospital. The fire broke out in a paint and oil store. The loss is about \$25,000.
Buys Interest in Sanatorium.
Dr. J. F. Calbreath, ex-superintendent of the Oregon State Insane Asylum, has purchased the interest of Dr. W. D. McNary in the Mountain View Sanatorium at East Thirtieth and Powell streets, and the Glencoe Sanatorium at East Twenty-Eighth street, owned jointly with Dr. W. T. Williamson. It is the intention of Dr. Williamson and Calbreath to erect a third sanatorium on the East Side as soon as a suitable site can be obtained. The Mountain View Sanatorium is also to be enlarged to double its present capacity.

CONTRACT IS MADE

Hill and Harriman Execute Joint Track Deal.
COTTON AT CONFERENCE
Lawyers for Both Parties Meet in New York--N. P. Tracks Cannot Be Doubled in Time for Movement of Crops.
NEW YORK, June 1.--The agreement between the railroads controlled by E. H. Harriman and those controlled by James J. Hill for joint use of the tracks leading from Portland to Seattle, has been signed, sealed and delivered. Representatives of the two parties to the agreement were in conference in this city today adjusting the legal details of the agreement, but counsel said this was being accomplished without friction, and that for all practical purposes the agreement is now in force. Counsel said that it was expected that the tonnage in the section affected by the agreement would exceed all records when the crops began to move.
As was recently announced in the Oregonian, W. W. Cotton admitted just before leaving that he might have something to do with the agreement mentioned in the foregoing. From the admissions it appears as if his arrival was just timed to close the matter.
From the addition referring to the movement of crops, it is conjectured that an interview with Mr. Cotton has been somewhat confused. While the movement of crops is expected to be larger than ever before, under no circumstances can the tracks to Tacoma be doubled in sufficient time to take care of freight traffic over the Union Pacific to Seattle.
Railroad men do not consider that the agreement will have any effect on the movement of freight to Seattle, as appears to be indicated in the dispatch. On the contrary, freight will still travel over the Union Pacific to Eastern points, nor do they believe the tonnage developed will be greater by reason of the agreement.
The sudden decision of General Manager O'Brien to go East is also a matter of conjecture. Mr. O'Brien had arranged to meet President McCrea of the Pennsylv-

SEES ORANGE LAND

Jusserand Makes Tour in Southern California.
FILLED WITH ADMIRATION
French Ambassador Greeted by Local Notables and French Colony on His Journey Toward San Francisco.
LOS ANGELES, June 1.--Ambassador J. Jusserand and Madame Jusserand were met by Wils H. Booth, president of the Los Angeles Chamber of Commerce, and Marc Durand, French Consul in Los Angeles, today when the special car in which they are traveling arrived at Azusa as a part of the regular Santa Fe train. They were escorted to Pasadena and thence to this city, where they arrived in automobiles at 7 o'clock this evening. A number of the members of the French colony of Los Angeles met the distinguished guests at Pasadena and accompanied them to this city.
Members of the reception committee of the French Society will act as hosts to the Ambassador's party tomorrow on an automobile ride about the city. The visitors will be entertained at dinner in the evening at the home of General and Mrs. Adna R. Chaffee. Afterward the party will be taken to the Chamber of Commerce, where a public reception will be held.
The visitor is traveling in the private car of Vice-President George T. Nicholson, of the Santa Fe Railroad. As the personal representative of United States Senator Frank P. Flint, who had expected to be present, Frank Miller, president of the Riverside Chamber of Commerce, met M. Jusserand here and escorted the party over the valley in automobiles.
M. Jusserand was in an amiable frame of mind and held a lengthy talk with the newspaper men. The Ambassador was especially high in his praise of the Grand Canyon of Arizona, which he had just visited.
The visitor was greatly interested in the water problems of New Mexico and Arizona. The party reached Riverside, where luncheon was served at noon.
In an interview tonight Ambassador Jusserand talked briefly about the issues

STEVENS TO LEAVE NEW HAVEN

Resignation Has Been Officially Confirmed by Road.
NEW HAVEN, June 1.--The resignation of John P. Stevens has been officially confirmed at the offices of the New York, New Haven & Hartford Railroad Company. It was said today that John P. Stevens, vice-president in charge of operation, "has resigned to accept service elsewhere."
At the New Haven railroad offices nothing is known as to the position Mr. Stevens will assume in the West, but it is generally believed it will be on the James J. Hill properties.
Mr. Stevens, after giving up his position on the Panama Canal, came to the New Haven road in April, 1907, and was appointed vice-president in charge of transportation.
May Go to Northern Pacific.
ST. PAUL, June 1.--Nothing definite could be learned at either the Great Northern or Northern Pacific Railroad offices today as to the position John P. Stevens will hold with the Hill lines, except that he will not come to the Great Northern. J. J. Hill, chairman of the Great Northern board, is in Seattle.
UNITED FRONT TO RAILROADS
Manufacturers Propose to Combine Shippers in Getting Good Service.
CHICAGO, June 1.--The executive committee of the National Manufacturers' Association has recommended the establishment of a permanent traffic bureau with headquarters in New York. It is stated that upon all questions affecting shippers and railroads jointly, the railroads always present a solid front, whereas the shippers are usually divided and their efforts to get justice are more or less futile.
Among the things which it is hoped the traffic bureau will be able to secure are: Simplicity in tariffs, prevention of unwarranted increases in minimum carload weights, uniform recognition privileges, a law giving the shipper control over the routing of freight, more prompt settlement of freight claims, uniform classification, the pooling of freight cars.
A Dutch newspaper contemplates the prevailing notion that a sandy soil is essential to the cultivation of bulbs.

Attention! Brain Workers

Do you know that three hours of hard brain work destroys more tissue than does a day of manual labor? Are you insuring against this or will you be an old man or woman at forty?
