LARGE LOOPHOLE IN LAW

Test Case Under New York Law Clears Men Arrested Last Year and Allows Distribution of Advance Sheets. -

ALBANY. N. Y., June 1.—The Court of Appeals today decided in effect that the dispensing of advance racing information on the Brighton Beach track last July was not a violation of the anti-racetrack gambling laws.

The court unanimously affirmed the decision of the lower court sustaining the demurrer interposed by William Engemann. Christopher Fitzgerald, president of the Brighton Beach Racing Association, and John C. Kavanaugh, who, it was alleged, were responsible for the issuance of the advance sheets. They were indiced as "common gamblers," but demurred on the ground that the acts complained of did not constitute a crime. The question before the court was whether the advance information sheet was advice and apparatus for gambling within the term of the penal code.

LARGE LOOPHOLE IS MADE

Allows Bookmakers to Distribute Information on Races.

NEW YORK, June 1.—Bookmakers and others interested in racing consider the decision of the Court of Appeals today as making another loophole in the Hart-Agnew anti-betting law. The sheets in question contain entries, scratches, names of jockeys, overweights and other information necessary to bookmakers and bettors in advance of a race. The ruling allows John G. Cavanaugh, official purveyor of advance information at the Jockey Club tracks, to distribute the sheets unmolested, as before the passage of the anti-betting law. of the anti-betting law.

SINGLE MEN BEAT BENEDICTS

Portland Cricket Club's Unmarried Players Win at 97 to 4.

In retaliation for the defeat recorded against them earlier in the season, the "single men" team of the Portland Cricket Club took the benedicts into camp Monday to the tune of 97 runs to 41. The victory was mainly owing to the work of Coppinger, the new "pro," who played for the aspirants to marital honors. Coppinger put up a capital 27 and put the kibosh on three for 22 runs. J. Clarke made a better bowling showing, capturing five wickets at an expenditure of but 15 runs.

K. Balley captured five of the unmarried men for 42, and J. Mallett, who howled both C. Cumming and Coppinger with only nine runs scored against his average, was in good form. E. Fenwick sent three men to the stand for 48 runs. In retaliation for the defeat recorded
