

ROSS TALKS TO MISSIONARIES

Applauds Work of Americans in Interior of Big Dark Continent.

GOOD WORK OF SETTLERS

Remind Him of Americans in West Where Creed and Nationality Are Ignored - Morning Spent Shooting Monkeys.

KIABBE, British East Africa, June 4.—The members of the Roosevelt party who arrived here yesterday afternoon on a special train from Nairobi...

R. J. Cunningham, the manager of the expedition, and E. A. Taylor, of Nairobi, will stay at camp today, completing the preparations to start a trip into the Solik country...

Fellow-Feeling With Settlers.

Mr. Roosevelt inspected the mission and afterward had luncheon with 40 missionaries and their wives. Rev. Mr. Hurlburt welcomed Mr. Roosevelt...

Should Elevate Natives.

There is ample work to be done, and all hands must work shoulder to shoulder. I believe with all my heart that large parts of East Africa form the white man's country...

WOULD KILL INCOME TAX

(Continued From First Page.) replied to La Follette's assaults upon the work of the finance committee and made a general defense of amendments which he asserted were necessary...

WORKMEN MAY SPLIT

NEBRASKA ASKS COAST STATES TO JOIN IN SECESSION. Supreme Lodge of United Order Losing Grip Because of Texas Injunctions.

LOS ANGELES, Cal., June 4.—(Special.)—All Pacific Coast chapters of the Ancient Order of United Workmen are expected to join the Nebraska grand lodge in its secession from the grand master and a committee from Nebraska...

The supreme grand lodge is organized under the laws of Texas, and injunctions last fall are directed against it. The Nebraska men think they have a remedy.

JUSSERAND GUEST OF CITY

Welcomed at San Francisco, Where He Will Present Gold Medal.

SAN FRANCISCO, June 4.—The French colony of this city devoted itself tonight to the entertainment of Jean Jusserand, French ambassador to the United States...

Will Be Guest of Seattle.

SEATTLE, June 4.—French Ambassador Jusserand will arrive in Seattle on the afternoon of June 12 and will be the guest of the Alaska-Yukon-Pacific Exposition officials.

Increased Duty on Cotton.

Illustrating his remarks with samples that he said had been procured through the chief examiner of the New York Customs House, LaFollette explained the difference in duties carried by the pending bill and those imposed by the Dingley law...

When he had concluded the exhibition of his samples, Dixon inquired whether he would permit Dixon to try to explain the changes in duties in each case. LaFollette said he would furnish samples of all cottons and explain them to every Senator and the Senator from Utah could give his views on them.

Aldrich told the Senators that he proposed to make a statement explaining the committee's amendments "and to correct any misimpression in their minds by a torrent of misinformation and misrepresentation."

Reviewing various court decisions in reference to the schedule, Aldrich declared that the Government has paid out as much as \$5,000,000 as refunds of duties on account of decisions resulting from

ambiguity in the Dingley law. He said a recent decision of the Supreme Court would require the Government to make a refund of \$500,000.

The Senate adopted LaFollette's resolution calling on the President to send to the Senate correspondence between the State Department and the German government, or its representatives, relating to the German report on wages.

WILL VINDICATE ALDRICH

Autocrat Will Present German Criticisms on Tariff Bill.

WASHINGTON, June 4.—The summary of contents of various memorials of German chambers of commerce and industrial establishments criticizing the tariff bill, which appeared before the committee of the House, will be presented to the Senate tomorrow by Aldrich, chairman of the finance committee. He considers it a sufficient indictment of the action in charging the German manufacturers had been "impertinent" to the representatives in Germany for facts relating to the wage scale in the various industries in Germany was sent abroad before the hearings on the tariff bill were begun.

TELL WOMEN'S NAMES

ANNA KOLB'S APPEAL TO CLEM- INSON REPULED.

With Hysterical Screams, One of Women He Loved Strives to Get Confession.

CHICAGO, June 4.—There was a dramatic scene in the Sheffield-avenue police station today when Miss Anna Kolb was taken to the cell occupied by Dr. Haldane Cleminson, alleged to be the police officer who murdered her.

It was from Miss Kolb that the police obtained the names of a number of women with whom Dr. Cleminson is alleged to have been on friendly terms. Miss Kolb admitted that she had been a patient under Cleminson at the Children's Union Hospital and that he had paid attention to her.

Upon being taken to the physician's office, Miss Kolb screamed hysterically. She was left there for ten minutes. What the conversation between the two was about, the police refused to make public.

It was learned that their talk terminated with a second series of screams by Miss Kolb, and she was led away. Captain Kane stated that Miss Kolb, while of value in the investigation of the case, was not the woman most wanted.

It was learned that Miss Kolb had advised Dr. Cleminson to "tell the police the names of the women—all of them," and had been angrily repulsed by the doctor.

The coroner's inquiry into the death of Mrs. Cleminson was postponed until June 18. Dr. Cleminson was taken to the courtroom in a patrol wagon. His pale face showed the strain under which he has been laboring.

The inquiry was continued to give the experts who are making a chemical analysis of Mrs. Cleminson's stomach additional time.

WORKMEN MAY SPLIT

NEBRASKA ASKS COAST STATES TO JOIN IN SECESSION.

COURT REFUSES TO ANNUL COMMUTATION OF PATRICK'S DEATH SENTENCE.

Court Refuses to Annul Commutation of Patrick's Death Sentence.

LAW PRESCRIBES PENALTY

Preference of Convict for Death Penalty Cannot Be Considered, but State's Judgment Must Overtake It.

NEW YORK, June 4.—Albert T. Patrick's application for a writ of habeas corpus releasing him from Sing Sing prison, where he is under life sentence for the murder of W. M. Rice, was denied by the Appellate Division of the Supreme Court in Brooklyn today.

In the opinion, which was written by Justice Jenks, the most striking paragraph was one holding that "the degree of punishment is not determined by the preference of the convict."

"I find no force in the contention that there cannot be a commutation of the punishment because of the fact that the convict is a man of high intelligence and a great punishment than death, it is the common judgment of man that to deprive the criminal of his life is the greatest punishment known to modern times."

"The people of this state have in effect determined that this penalty is the most severe by prescribing it as the punishment for the highest crimes only—murder in the first degree and treason—and by prescribing that in the former case only the appeal is direct to our highest court. There can be no question that, as regards the offender, our scheme of punishment regards that punishment which leaves life as less than that which ends it."

The petitioner argued that he had never accepted that commutation of his life sentence did not require his acceptance. Such, I think, is the law."

HEINZE'S MEN SOUGHT

FEDERAL MARSHALS LIE IN WAIT FOR DIRECTORS.

Officers Fail to Catch Quarry, However, and Meeting Is Held Without Capture.

NEW YORK, June 4.—In an effort to subpoena new directors of the United Copper Company whom F. Augustus Heinze practically elected on Wednesday, a squad of United States marshals remained at the office of the company nearly all day, understanding that there was to be a meeting. Late in the afternoon it was learned that the directors had met elsewhere.

Other developments included the appearance of Sanford Robinson, a former director before the grand jury in order to clear himself of contempt of court. When Robinson came from the grand jury it was understood that he had urged himself and District Attorney White expressed confidence that he would soon have the books.

The books in the hands of the Federal authorities in the inquiry into the affairs of the Mercantile National Bank, which failed in the panic of 1907, will begin and the transactions of F. Augustus Heinze will be investigated.

STOCK BOOM IS STARTED

(Continued From First Page.)

price gave way to 67½ by noon—within which time the ostensible sales had been 100,000 shares. This was the first day since May 15—three days ago tomorrow—when the stock has fallen to a higher price than that of the day before.

The realising sales today were undoubtedly enormous. During the afternoon, there was abundant evidence of this, even in the stocks which had been run up with particular violence in the morning.

The continued ease of money is, of course, a large factor in the present speculative movement, as are also the uniform reports of improved industrial conditions and a general belief in the importance of the crop problem. Another important factor is the introduction of American securities on the Paris Bourse.

It was rumored that a private settlement of some 70,000 shares of United States Steel common was effected for a large sum of money, and that the price of the stock has yet sold in the open market.

The banks and other financial institutions are lending freely of the resources, which have been strengthened by heavy influx of cash from the West. Call money opened at 2 per cent today and was only in moderate demand. Announcement was made of another increase in the price of copper.

COLUMBIA RISES RAPIDLY

(Continued From First Page.)

are holding and the city is thought not to be in danger from flood. C. P. R. TRAFFIC DEMORALIZED Interior British Columbia Rivers Swollen Torrents.

VICTORIA, B. C., June 4.—(Special.)—The rapid melting of mountain snows has swollen the rivers of interior British Columbia to dangerous volumes. Reports of danger from threatening floods are received from the Crow's Nest country, from several of the numerous points in the North Thompson Valley. At Fernie, the Elk Lumber Company has suffered heavily and considerable damage has been done to the railway. On Slope River 200 feet of track is completely carried away, necessitating a new track through the mountainside before traffic can be resumed. Sheer above what was the track and is now a raging torrent, is a perpendicular cliff through which a new track must be cut.

A train and engine are caught in a trap between Lemon Creek and Patrick's Dam, where there is another big wash-out. The creek here destroyed a much property, taking down river the house of A. Campbell, whose family were rescued

with difficulty. On the North Thompson there is fear of a flood more disastrous than that of 1894.

SERIOUS KAMLOOPS DISTRICT

Flood Situation Expected to Be Worse Than in 1894.

KAMLOOPS, B. C., June 4.—The flood situation in this district is becoming more serious. The Thompson River is rising an inch an hour and already large areas of land are under water. In some sections settlers have been compelled to flee with their household effects to higher ground. It is believed the flood will be even more disastrous than that of 1894.

Traffic on the Canadian Pacific between Kamloops and Revelstoke is depressed. The bridge over the big bridge was on the Eagle River, the big bridge was shifted. Near Sandon, Lemon Creek has overflowed into four streams, destroying ranches and property and washing away several acres of valuable land.

FEDERAL AID S NEEDED

BOARDS OF HEALTH CONSIDER CARE OF LEPROSERS.

Central Refuge for All Unfortunates in Nation Is Best Plan of Relief.

WASHINGTON, June 4.—Leprosy, tuberculosis and the pollution of streams formed the principal themes today at the conference of State and Provincial Boards of Health of North America.

With regard to leprosy, Dr. W. C. Woodward, of the District of Columbia, chairman of the committee on National leprosy, reported that no progress had been made toward the establishment of such an institution.

The absurdity of the Federal Government arresting lepers for violating quarantine laws and regulations only to return them to their home states, without having any practicable method of compelling them to remain there, and the impossibility of the Federal Government restraining lepers without having a suitable institution in which to care for them, were pointed out by Dr. Woodward.

Dr. J. N. Hurler declared that in 1903 there were 60 registered lepers in Louisiana, but that it was generally known that there were at least 250 lepers in the state.

Taking up tuberculosis, Dr. John P. Foster declared it was a question for the municipalities rather than the state. He advocated education of the public with regard to tuberculosis.

Regarding the pollution of streams, the committee appointed to consider the subject reported that as the Federal Government has no control over the matter, many of the most difficult problems might be solved by agreements between the states.

NEW WORK IS INSPECTED

Fort Stevens Receives Visit From Major Baxter.

FORT STEVENS, Or., June 4.—(Special.)—Major Baxter, Chief Quartermaster, Expeditionary Force, visited Fort Stevens yesterday on a special inspection. He inspected new buildings under construction and examined all old structures to ascertain the amount of remodeling and repairs required for coming fiscal year. The new buildings to be constructed under the new appropriations will probably include one or more quarters, thus necessitating the presence of two more companies at Fort Stevens.

The remodeling of the Mortar Batteries in California is the completion of this work. The object is to increase the facility and rapidly with which the mortars can be handled and also by increasing the elevation, to enlarge the field of effective fire.

Active training is being pursued by all soldiers expecting to compete in the Seattle athletic events. Excellent results are expected.

CONDENSED NEWS BY WIRE

London—Frank J. Mackey, of Chicago, has sold his entire stock of 23 ponies to Captain Macdonald, the Burlington, in a practically elected on Wednesday, a squad of United States marshals remained at the office of the company nearly all day, understanding that there was to be a meeting.

BIG FRAUD FOUND

Lottery Men Arrested in New York and Tickets Seized.

More Raids to Follow

Ramifications of System Extend Throughout Country, but Authorities Think Scheme Is Now Broken.

NEW YORK, June 4.—In the arrest of two men here last night, the Post-office Department thinks it has captured the headquarters of the Mexican National Lottery and will be able to effectually stop an illegal business which has collected many thousands of dollars every month from various sections of the West.

When Charles O. Backus was arrested in his apartments, the officers found several large packages of lottery tickets, fully addressed and stamped, ready to be mailed. One of these packages was addressed to J. O. Sanger, 2552 Hickory street, St. Louis.

From the addresses on the packages the officers obtained the names of many of the representatives of the lottery throughout the country.

Chief Postoffice Inspector Meyer said last night that the profits of the business had been enormous, and that in his several months of investigation he had not been able to find any evidence that an actual drawing had ever taken place. The postoffice inspectors in Cleveland,

PRISONER KNOWN IN CHICAGO

Lake City Has Had Long Experience With Lottery Schemes.

SAN FRANCISCO, June 4.—Charles O. Backus, one of the men in this New York with lottery tickets in his possession, is believed to have been one of the four men implicated or convicted in connection with similar crimes committed here about three years ago. Harry N. Moffitt, in charge of the United States Secret Service Bureau in this city, stated today that the Mexican National Lottery Company and another organization, operated under the name of the Panama Lottery Company, maintained offices here for a considerable period.

At that time simultaneous raids were made by secret service men in dozens of cities of the West and South, and scores of lottery men were captured. Nearly a dozen convictions were secured in this city, and it is believed that several of the men found guilty were residents of Lake City. Agents of the Mexican consular office here are expected to take action.

WILL FORM BROTHERHOOD

Presbyterian Leaders From East Headed for Portland.

SAN FRANCISCO, June 4.—The California state branch of the Presbyterian Brotherhood of America perfected its organization today and closed its two days' convention here tonight. The convention is the first of a series of four that are to be held on the Pacific Coast in the immediate future. The three succeeding ones will be held successively at Portland, Seattle and Spokane.

The Eastern leaders, accompanied by several of their California brethren, will leave Monday for Portland, where the next convention is to be held.

The Health Dept.

In your bodily system is looked after by millions of little soldiers in your blood—those corpuscles constantly fighting for you.

If this army is well fed and kept healthy and strong, by taking Hood's Sarsaparilla, it will destroy the uncountable horde of germ-enemies that are attacking you every moment of your life. Hood's Sarsaparilla will keep you free from or will cure you of scrofula, eczema, rheumatism, catarrh, anemia, that tired feeling and all such ailments.

Game Worked in St. Louis, Too.

ST. LOUIS, June 4.—Information about the operations in St. Louis of the "Mexican National Lottery," uncovered by arrests in New York last night, was obtained today from Jack Lintner, 1520 South Smith street. Under the name of "Billers Piano House, 323 Washington street, Phone A 2550 or Pri. Exc. 22.

It's Time For Tuning

Pianos are frequently not only out of tune, but also an eighth to a fourth off pitch in the Spring. Listen to yours! Notice it? Action's stiff, too. Then, we'll tune, regulate action and remove scratches quickly and reasonably.
