

ENTIRE TICKET IS EXPECTED TO WIN

Outlook Bright for Republican Nominees.

SIMON'S ELECTION SEEMS SURE

Munly and Albee Backers, However, Refuse to Give Up.

VOTE MAY GO TO 24,000

Interest in 35 Initiative Bills is Counted on to Bring Out Electors—Managers of All Three Camps are Claiming Victory.

VOTING PLACES NOT CHANGED. Voting places in today's election will be the same in every precinct as were used in the primary election last month. The polls will open at 8 A. M. and close at 7 P. M. As in former municipal elections, electors standing in line at their respective voting places at 7 o'clock tonight will be permitted to vote. Today is not a legal holiday under the state law. Under proclamation by Mayor Lane, however, offices at the City Hall will be closed for the day, but business will be transacted at the Court-house and by the banks as usual. Saloons are required to be closed while the polls are open.

Indications favor the election today of Joseph Simon for Mayor and the entire Republican ticket as nominated. Supporters of Senator Albee, Independent-Republican, however, are hopeful of a big vote and predict that if 75 per cent of the registered vote is cast their candidate will be elected. The Democrats are making the extravagant claim that, regardless of the percentage of the registered vote that may be polled, Judge M. G. Munly, nominee of the minority party, will be elected. The Democrats are making the extravagant claim that, regardless of the percentage of the registered vote that may be polled, Judge M. G. Munly, nominee of the minority party, will be elected. The Democrats are making the extravagant claim that, regardless of the percentage of the registered vote that may be polled, Judge M. G. Munly, nominee of the minority party, will be elected.

Chairman Manly, of the Republican City Central Committee; Chairman Thomas, of the Democratic City Central Committee; and Senator C. W. Nottingham, chairman of Albee's Central Committee, were yesterday practically agreed in their estimates as to the probable vote that will be cast in today's election. Each of the chairmen estimated the total vote at from 18,000 to 21,000, or about 60 per cent of the registration, which exceeds 33,000 in this city.

Estimates May Be Low. It is believed these estimates are low for the reason that interest in the pending amendments undoubtedly will materially increase the vote today, which would be light, admittedly, if only municipal officers were to be chosen. It is generally regarded a conservative estimate in predicting that the total vote will reach 22,000 and may go to 24,000.

The chairmen of the organizations supporting the three leading aspirants for the Mayoralty last night made the following forecast: A. B. Manly, chairman Republican City Central Committee—I do not believe the total vote in tomorrow's election will exceed between 18,000 and 19,000. I am satisfied that the entire Republican ticket, headed by Mr. Simon for Mayor, will be elected by large majorities. For a time there was some little doubt of the election of Joseph T. Ellis, nominee for Councilman in the Tenth Ward, but reports received from different sections of that ward yesterday assure the election of Mr. Ellis. Republicans are sanguine of making a clean sweep and electing every man on the ticket by most substantial majorities.

Thomas Gives Munly 8850. George H. Thomas, chairman Democratic City Central Committee—From assurances I have received from the friends of the late Senators Corbett and Mitchell and Judge George H. Williams, the demoralization of the Albee forces and the withdrawal of Mr. Kellaker I am confident Judge Munly will be elected Mayor tomorrow. I estimate that the total vote polled will be 21,000, distributed as follows: Prohibitionists, 600; Socialists, 110; not voting for Mayor, 200; Munly, 8850; Simon, 7700; Albee, 3250. The voters recognize in Judge Munly the 100-per cent reform candidate and the man who stands for the direct primary and the people's interests.

C. W. Nottingham, chairman Albee's Central Committee—I expect that the total vote in Monday's election will be at least 20,000. I think the chances of Mr. Albee's election are excellent. This is a contest one cannot tell anything about. Another such election has never been held in this city. It is impossible to determine just what the great majority of voters intend to do. Many are not committing themselves but they will vote right. It is the quiet vote that will count and Mr. Albee will get his share.

Quiet at Headquarters. Everything was quiet and peaceful at the Simon and Albee headquarters. There was considerable activity at the Democratic headquarters in the Merchants Trust building where several of the faith-

U. S. WARSHIPS GIVE CANADA BIG SCARE

EIGHT CRUISERS ARE NOW ON GREAT LAKES.

Protest May Be Made Against Alleged Violation of Agreement.

OTTAWA, June 6.—(Special.)—The fact that the United States gunboat Nanibito, which has passed through the Canadian waterway up to the Great Lakes, will make eight American cruisers there, is causing much adverse criticism in the press of the Dominion, and it is not improbable a formal protest will be made to the United States authorities in the matter. At least some inquiry will be made with reference to the situation. One member of the Federal Cabinet, whose attention was drawn to the matter, expressed the opinion that the United States Government has exceeded the terms of an arrangement in respect to war vessels on the lakes, but as to what action the Canadian authorities would take he declined to state, beyond asserting the question would be looked into. At the Department of State here it was stated there was a popular misconception that a treaty exists between the United States and Great Britain as to the maintenance of warships on the Great Lakes. There is, in fact, no such treaty.

PIPE IS CAUSE OF DEATH

Paralytic Burns; Mother in Next Room Unable to Help.

BUTTE, Mont., June 6.—Fred Bachman, a paralytic, died last night from burns received yesterday while he lay upon a couch smoking a pipe. Lighted ashes or a carelessly dropped match ignited a curtain, and Bachman, unable to move a muscle or utter a sound, was slowly burned. In an adjoining room lay Bachman's mother, also suffering from paralysis and unable to move hand or foot in an effort to save her son. The fire department extinguished the flames. Bachman was a bricklayer and a pioneer resident of the city.

DISGRACE CAUSES SUICIDE

Man Released From Jail to Find His Wife Has Killed Self and Children.

ST. LOUIS, June 6.—Twelve hours after her husband, John Glasser, had been arrested on a charge of embezzlement, Mrs. Martha Glasser was found dead in the arms of the bodies of her children, Arnette, aged 8, and John, aged 6. The room was filled with gas, and the police believe the mother turned on the deadly vapor which ended the three lives. Glasser was released today, and the company which caused his arrest said there would be no prosecution. Glasser had been sufficiently punished, Glasser was not advised that his family was dead when he left the police station.

THEFT FOUND IN SQUADRON

Rear-Admiral Harber's Departure Delayed by Courtmartial.

HONOLULU, June 6.—The departure of Rear-Admiral Giles B. Harber's squadron for Manila, scheduled for today, has been delayed owing to the discovery of thefts aboard the Galveston and Denver, in which the names of two warrant officers and several seamen are involved. Courts-martial have been ordered. Brass and other engine-room materials aggregating 2500 pounds were taken from the ships on Decoration day and sold to the junk dealers in Yokohama. The value of the material is estimated at \$1000.

TWO DROWN FROM CANOE

Bodies and Boat Washed on Beach Tell of Tragedy.

VANCOUVER, B. C., June 6.—The bodies of two young men, aged about 18 and 25, and a canoe were found about 11 o'clock today washed up on the shore half a mile west of the Point Grey wireless station. An invoice, rendered to Frank Steinhilber, was found in the pocket of the eldest victim. There was also a watch, which had stopped at 8:30. It is believed, judging from the condition of the bodies, that the accident occurred today.

GIRL KILLS SWEETHEART

Bullet Ends Young Man's Life When He Will Not Marry.

AUBURN, Cal., June 6.—Joe Armes, a young man of this place, was shot and killed last night by Miss Alma Bell, a girl of his own age. The shooting took place on a highway west of this city. The girl was found today hidden in the brush near the scene. When brought to the County Jail she confessed she had killed Armes because he refused to marry her.

FRANTIC STRUGGLE CANNOT SAVE WIFE

Dies in Husband's Arms on Brink of Niagara.

JUMPS IN TO KILL HERSELF

Man Follows, Seizes Her, but Can't Hold Head Up.

RESCUE LONG IN COMING

Pair Drifts Against Stump, Where Line Is Thrown and Man Pulled Out—Wife's Body Recovered After Heroic Efforts.

NIAGARA FALLS, N. Y., June 6.

Aaron Cohen, of Buffalo, N. Y., saw his young wife leap into the swirling river between Second and Third Staters Islands today, only 150 feet above the brink of the cataract. Without a moment's hesitation, he followed her, caught her hand, and struggled desperately to save her. Mrs. Cohen probably died in her husband's arms. Before it was possible to bring efficient help an hour had passed. All this time Cohen was making frantic attempts to reach the shore. But the struggle against the current—at this point it is about 20 miles an hour—was beyond his power. Fortune Aids Struggle. With his wife tightly clasped to him, he bumped into a tree stump, and on this he got a grip with his one free hand. There he stayed and shouted for help. Finally word was carried to the reservation police, and Policeman James Martin and three other men with ropes hurried to the scene. Three times they threw a rope before it fell within Cohen's grasp. When he did catch it, he was too weak to tie it about his own or his wife's waist. Can't Hold Wife Above Water. The two were 20 feet away from shore, and it was extremely difficult, owing to the precarious nature of the footing, to make a good cast. Pinned against the tree by the terrific rush of water, all the strength had gone out of Cohen, and he had been unable to keep his wife's face above water. Once Cohen had hold of the rope, the men ashore began to pull. Martin, who was in front, slipped and fell into the stream, but quickly regained his footing. When within 15 feet of the shore, Cohen lost his grip on his wife's body, and it was carried down stream and was lost to view. Cohen was so far gone when the rescuers got him on shore that he could not speak for ten minutes. His first words were: "She is out there. Go and get her. She is dead. She died in my arms." Superintendent Perry and Chief Shoemaker skidded the Goal Island shore. (Concluded on Page 3.)

PROMINENT MEN IN BANK SCANDAL

FALSE ENTRIES DEFRAUD BANK OF \$31,000.

Friend of Candidate for Alderman Falsifies Books for Him and Scheme Is Continued.

INDIANAPOLIS, Ind., June 6.—(Special.)—A profound sensation has been caused by the arrest of Paul C. Gaul, owner of a big string of cigar stores, candidate for Alderman, and Harry C. Prinsler, a member of a highly prominent family, both charged with conspiring with Max P. Emmerich to cause false entries to be made in the books of the Capital National Bank, thereby defrauding that institution of \$31,000 within two years. Prinsler has made a full confession. He says Gaul went to Emmerich and asked him as a friend to cover an overdraft for \$500. This was done by falsifying the books. According to Prinsler, Gaul went to Emmerich shortly after this incident, and told him that, having discovered a way to do it, he must conceal other overdrafts. This continued until Emmerich was transferred by the bank to another set of books. It then became necessary to have a third confederate, and Prinsler was brought into the deal. He did not have a dollar, but could not pass the opportunity to check freely against an imaginary bank account.

ANCIENT APRON IS FOUND

Masonic Regalia, Sewn With Gold, on 1000-Year-Old Mummy.

SEATTLE, Wash., June 6.—(Special.)—A valuable gold-embroidered Mason's apron, at least 1000 years old, was found on a mummy which Captain E. W. Sprague, of the American schooner Columbia, picked up on his last trip to Callao, for a few dollars. Captain Sprague is now at Tacoma. The apron is hand-embroidered in real gold. Captain Sprague bought the apron from a contractor who had unwittingly purchased a mummy, and was anxious to get rid of the thing. Many high Masons have called upon Captain Sprague and attempted to decipher some of the symbols, but no one has yet been able to read all of them.

HORSE JUMPS INTO AUTO

Centralia Motorist Has Unexpected Passenger in Buza-Wagon.

CENTRALIA, Wash., June 6.—(Special.)—A peculiar motorcar accident happened to C. A. Fowler, of this city, Saturday. A horse driven by Samuel Agnew became frightened, reared, and landed with two feet in the car. The horse did not insist upon taking a motorcar spin, and was extricated without any damage being done to either the animal or the machine and occupants.

ROSE FESTIVAL ON AT NOON

Floral Feast Excels Wildest Fancies of Organizers.

"HOME-COMING DAY" HERE

Portland on Anxious Seat Awaiting President's Signal—Parade Tonight to Christen Week's Galley—Holiday Is Declared.

FESTIVAL PROGRAMME TODAY.

General decorating throughout the city. Mayor Lane has declared a civic holiday in honor of the celebration. Arrival of guests to celebrate "Home-Coming Day." Entertainment of Admiral Iijchi and staff by local Japanese, the Rose Festival Association and commercial organizations. At noon President Taft will touch the button to announce the formal opening of the Third Annual Rose Festival. Ringing of bells and blowing of whistles to be Portland's noteworthy welcome. 6:30 P. M.—Formal banquet for Japanese officers at the Portland Hotel. 8:30 P. M.—Military, civic and fraternal parade in honor of "Home-Coming Day." 8:30 to 10—Concert by the Columbia Swedish Singing Society at the reviewing stand, Postoffice block. 9 P. M.—Formal reception of Japanese officers at the Portland Hotel. General illumination during evening.

Favored by a promise of continued fair weather, Portland today inaugurates the greatest week of entertainment, amusement and revelry in the history of the City of Roses. The fair but dubitable dream of a few men who banded themselves together two years ago to give a floral feast then known as the Rose Carnival has been realized beyond their wildest fancies. It was in May, 1907, that the festival idea was conceived, suggested by the rich tribute of roses which nature has bestowed upon this community, and in the brief period that has since elapsed Portland has taken and can defend a position high among the cities of the earth that hold their fests, carnivals and other forms of distinctive and individual celebration. Festival Echoes Reach Far. Heralded as it has been far beyond the reach of our civic voice, far beyond the confines of our state and even to the far reaches of other lands, Portland's Rose Festival which is ushered into life today is an achievement of conspicuous eminence no matter by what standards of comparison it may be measured. IN 3 WEEKS CARS HIT HIM THRICE

DEAF PATRIARCH "MESSENGER BOY" HAS NEMESIS.

First Accident Duplicated Day He Left Hospital—Third Falls to Hurt.

Knocked down by streetcars three times in the last three weeks without sustaining serious injury has been the experience of George E. Miller, 60 years old, who is employed by the Western Union as a "messenger boy." The patriarch Mercury ascribes poor hearing as the cause of his trinity of mishaps the third of which occurred yesterday afternoon at 5 o'clock when Alberta car No. 321 hurled him to the street and rolled him in the dust. A few weeks ago Miller met with his first car accident. He was crossing the street at the corner of Third and Oak when he was struck by a southbound "S" car. He was knocked 15 feet and awoke without injury, apparently. (The next day he turned up in one of the city hospitals and an attorney notified the railway company that suit for damages would be filed. Five days later Miller was released from the hospital and on the afternoon of the same day he was struck again by another "S" car at the same corner. This time, as before, a close examination failed to reveal any injury.

BIG ARCTIC HUNT PLANNED

Ten Austrians Charter 2400-Ton Steamer for Expedition.

SEATTLE, June 6.—Dr. Hans von Kadic and Leo Mahler, of Vienna, left here tonight for Vancouver to prepare the steamer Transit, which has been chartered by Rudolph R. von Guttmann, a wealthy coal operator of Vienna, for a four-month hunting expedition to Alaska and Siberia. The party will leave for the North July 1. The other ten members of the party, which will contain ten people, are still in Vienna. The purpose of the expedition is to secure new specimens for Herr von Guttmann's trophy room. Where duplicates are secured they will be given to the Smithsonian Institute, and if a third specimen is secured it will be given to the New York Zoological Society. The Transit is a 2400-ton steamer.

BRUTES TORTURE WOMAN

Put Lighted Candles to Soles of Feet in Effort to get Money.

PITTSBURG, Pa., June 6.—The work of robbers today at Belmont, Pa., near this city, has so aroused the community that a lynching is threatened if the men are not hanged. Five men, all masked, broke into the home of Mrs. Minnie Ashe, 90 years old, and ransacked the place. With the aged woman were her daughter, Mrs. Mary Ober, 60 years old, and her granddaughter, Miss Minnie Ober, 23 years of age. The men found only \$3.50 in the house, and, believing there was more, bound the three women and tortured them. They used picture wire in fastening the women to chairs. Then they held lighted candles to their bare feet. They released Miss Ober, who recovered sufficiently to summon help.

HARD JOB MOVING ROLLER

Paving Company Finds Machine is Worse Than Elephant to Handle.

SPOKANE, Wash., June 6.—(Special.)—One of the most strenuous undertakings in the records of the Warren Construction Company, which is laying the pavement in Lewiston, Idaho, was the bringing to Lewiston, yesterday, of the Astoria County steam roller. The roller was borrowed from the Washington side and a start was made with it along the road to Clarkston from Astoria Friday morning. At 3 A. M. Saturday a tired crew laid down to rest on the roadside. A new start was made at 7 o'clock, and then the roller got into a ditch which necessitated the calling in of a housemoving outfit from Clarkston. Finally the roller was brought in triumph into Lewiston Saturday afternoon.

RUSSIA TO INCREASE NAVY

Marine Budget, Rejected by Douma, Passed by Council.

ST. PETERSBURG, June 6.—The Council of the Empire has adopted the marine budget, restoring the appropriation of \$1,700,000 rejected by the Douma. This amount is to go toward the construction of four new battleships authorized in 1908, but the construction of which has not been begun. Keels of the first two battleships will be laid June 16 and July 2. Vice-Admiral Birleff, ex-Minister of Marine, in his speech on the subject of new ships of war, advocated the sale of all old vessels of the navy, which are declared to have become useless.

Insane Butcher Who Killed Five Lets No One Come Near Him.

CAMBRIDGE, Mass., June 6.—The death of Dr. Daniel C. Hayes, who was stabbed by John Murphy, the hog-butcher, who slew five men and seriously wounded three at Somerville Saturday, was expected hourly tonight. John Chesnut and Joseph Choski, who were stabbed, are in a critical condition. In a padded cell at the Somerville police station Murphy allowed no one to approach him today. After hours of raving, he began to pray.

WIRELESS MESSAGE POTENT

Son Hoped to Marry Miss Case on Landing.

TWO YEARS' WORK HINTED

Claus, Jr., May Be Placed in One of Many Family Enterprises on the Coast to Show What He Is Made Of Before He Takes Wife.

NEW YORK, June 6.—(Special.)—When the new Hamburg-American liner Cincinnati, which arrived today from Cherbourg on her maiden trip, was 200 miles off Sandy Hook, a wireless message was received on board that upset all the plans of Claus Spreckels, Jr., son of John D. Spreckels, the San Francisco multi-millionaire, and Miss Mary Adele Case, the petite, dark-eyed young Oregon woman who has literally sung her way from obscurity to choir fame in Paris. Message Causes Postponement. The couple had intended to get married just as soon as the steamship docked in Hoboken and they were able to find a minister or Justice of the Peace to tie the knot. But the message that the elder Spreckels flashed out on the Atlantic caused the 21-year-old heir to the Spreckels millions to postpone the ceremony until he had conferred with his father. Two Years Must Intervene. Although the youth and his fiancée had fully made up their minds to marry today, five hours after he had met his father in the Hotel Wollcott, Fifth avenue and Thirty-first street, it was announced Miss Case would not become Mrs. Spreckels for at least two years. Furthermore, it was said the youth would straightway abandon a musical career he had mapped out and would soon engage in one of his father's many extensive enterprises. (Concluded on Page 3.)
