INITIATIVE BILLS TO BRING OUT VOTERS

Prediction Is Made That Between 20,000 and 27,000 Ballots Will Be Cast.

FEW EXPECTED TO PASS

Broadway Bridge Will Probably Be Authorized and Several Other Measures Will Call Out Large Followings.

A heavy vote is expected in today's plection. Not that the contest for any of the municipal offices, including Mayor, will bring the voters to the polls but because of the intense interest manifested in all sections of the city in one or more of the 35 proposed ordinances and charter amendments which are to be passed on. Estimates of the vote that will be polled range from 20,000 to 27,000. It is conservatively predicted that the total vote will amount to between 652-3 and 75 per cent of the registered vote, which aggregates about 33,000 in the city. If two-thirds of the ss.000 in the city. If two-thirds of the registered vote is cast, the total will reach 22,000, but if a 75 per cent vote is polled, a total of 24,750 will be cast.

Predictions of a heavy vote are based principally on the widespread interest in the pending ordinances and charter amendments. There is tot a class or condition among the

not a class or condition among the voters of the city which is not directly concerned in one or more of these meas-ures, and this insures a general response of all classes of electors at the polls. Friends and opponents of the proposed new charter, involving a commission plan new charter involving a commission plant of municipal government, will turn out to vote on this important question. The proposal to increase the salaries of the City Engineer, City Attorney and City Treasurer will bring out an element of taxpaying voters that might otherwise

City Employes Are Interested.

Amendments touching on civil service regulations will serve to cause between 900 and 1990 of the employes of the city government directly concerned to express themselves on those measures. Another important amendment which will serve to swell the vote is that proposing the con-solidation of the Water, Health and Park Boards with the Executive Board. Each boards with the Executive Board. Each of the three proposals for bond issues for new bridges has aroused an intense interest among the voters in those sections of the city where these structures are proposed to be erected. These voters will be generally represented at the polls in support of their particular project.

A large representation of the organized labor vote of the city at the contract of the city and the cit

labor vote of the city is expected at the polls to vote for the ordinance proposed by the Electrical Workers, and regulating the electric wiring of the city. Kellaher's proposed amendment, prohibiting the use of patented articles and processes to all creeks.

the use of patented articles and processes in all street improvements, has aroused interest among the paving companies concerned, as well as property-owners who maintain that they should not be denied the right to express a preference in the character of paving that is to be hald about their property so long as they are willing to pay the bill.

Of all the ordinances, no other two, perhaps, will bring out a larger percentage of the vote than will the Gothenburg and excise board bills. These insure a large vote both from the "wets" and the "drys." Priends and foes of municipal ownership will be drawn to the polls by Kellaher's amendment providing for \$2,000,000 of bonds for a municipal light and power plant. Merchants pai light and power plant. Merchants and teamsters generally have arranged to go to the polls for the purpose of protesting against the vehicle ordinance passed by the Council over the Mayor's veto and imposing an annual tax of from \$2 to \$10 on all vehicles not used exclusively for pleasure.

Broadway Alone Favored.

Of the three bridge projects to be voted on today, the advocates of the high bridge at Brondway and Larrabee streets feel reasonably confident that their request will be granted by the voters. From every section of the city they have received assurances of support for their project, while not a formal protest of any kind has been registered against it. any kind has been registered against it. Even the South Portland Improvement Association, recognizing the need for improved facilities for crossing the river in the north end of the city, adopted resolutions favoring the scheme for the Breadway bridge, at the same time, of course, indorsing the movement for a similar bridge at Sherman street, in their own immediate locality.

own immediate locality.

Opposition to the proposed transfer of the Madison-street bridge fund of \$55,000 and the issuance of an additional \$450,000 of bonds for a bridge at Market street is even more general than are the expressions of indorsement for the expressions of indorsement for the Broadway structure. Practically every improvement association, push club and precinct or ward Republican organization has adopted resolutions protesting against any diversion of the Madison-street bridge fund and the rebuilding of that structure at any other location than its present site.

Among those supporting the Market-street project, George S. Shepherd has been, perhaps, the most active. The In-man-Poulsen Lumber Company is also said to favor the transfer of the Madi-son-street span to Market street, but the interest of this company in the subject may be due to the fact that Mr. Shepherd is its attorney.

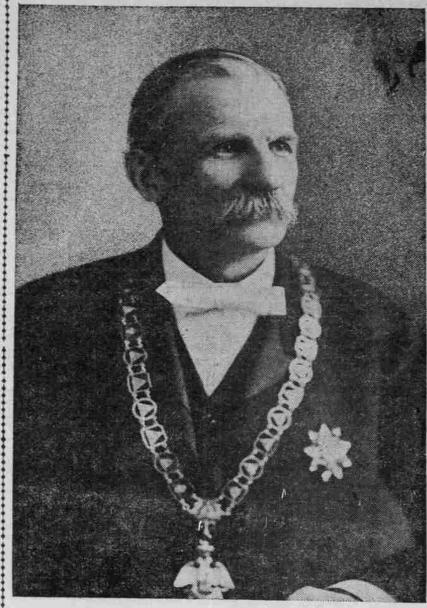

Will Cut Fund in Half.

proposal for \$1,500,000 of bonds for The proposal for \$1.500.000 of bonds for a high bridge at Sherman street has the support of the South Portland Improvement Association and the business and manufacturing interests in that section of the city. Aside from this measure of support, the project is not receiving much encouragement from the taxpayers of other sections of the city. The three bridge projects to be voted on today provide for bond issues aggregating \$2.500.000, and, of the three, indications are that only one, that carrying \$2.000.000

Si.850,000, and, of the three, indications are that only one, that carrying £200,000 for the Broadway project, will meet with the indorsement of the voters.

The disposition among the voters seems to be to supply at this time only the most urgent need for better facilities in crossing the river, at the least possible expense to the city. Taxpayers regard that an additional bond issue of practically \$4,000,000 for bridges alone at this lime would be excessive. They take the position that, by rejecting the Market-street project, as well as that for a bridge at Sherman street, the total asked for can be cut in two. At the same time they contend that, by insuring the rebuilding of the Madison-street bridge at its present location, and the construction of the Broadway bridge, adequate facilities for crossing the river will be provided for the present. ties for crossing the river will be pro-vided for the present.

HIGH MASONIC OFFICIAL WILL PARTICIPATE IN REUNION

JAMES D. RICHARDSON, GRAND COMMANDER OF SUPREME COUNCIL. mi-annual reunion of Scottish Rite Masons in Oregon, which ext Thursday, is to be made notable by the attendance of The twentieth sami-annual reunion of Scottish Rite Masons in Oregon, which opens in Portland next Thursday, is to be made notable by the attendance of James D. Richardson, grand commander of the Supreme Council. Scottish Rite Masons from all parts of Oregon are coming to the reunion and a class of more than 100 members will be inducted into the higher degrees of the order. The programme provides for a three days' session, beginning Thursday morning and enging Saturday night, with 32d degree work. One of the most pleasurable events of the reunion promises to be the reception, from 2 to 4 o'clock Saturday siternoon, for all members of the Scottish Rite, in honor of Grand Commander Richardson.

BOTH HELD UNWISE

Prominent Washington Man Condemns Liquor Bills.

POINTS OUT THEIR EVILS

"If I were a resident of Portland I certainly would not vote for either the Gothenburg or the Excise Board amend-ment," said Charles E. Coon, ex-Lieuten-ant-Governor of the state of Washington and for four years Mayor of the city of Port Townsend.

of Port Townsend.

Mr. Coon, who was a delegate to the National grocers' convention, has become very much interested in the two initiative matters to be voted upon which seek to change the present regulations of the sale of liquor

"I have always been a believer in temperance," said he yesterday, "and an advocate not of prohibition, but of strict regulation of the liquor traffic. I be-lieve in high license—as high as can be

Aimed Particularly at Hotels.

"But the Excise Board amendment con-tains features that I believe would prove a detriment to the business and morality of the city. Portland has good hotels, I have observed that they are well con-ducted and give excellent service. These ducted and give excellent service. These hotels to be successful must cater to all classes of people and there are many persons traveling who demand wine or other liquors with their meals. It seems to me that the Excise Board law is almed particularly at the hotels in that it seeks to deprive hotels from serving guests what they desire, and to place an undue inconvenience upon the hotel management. This inconvenience would affect the guests also by prohibiting the hotels from having connecting entrances to the bar from the lobby.

Drink is an evil that should be regu-"Drink is an evil that should be regu-lated. It cannot be legislated out of existence, and attempts at undue regula-tions result in increased violations of the law. It is not a proper regulation to set the vice on a pedestal to be viewed by everyone as would be the case if the closed fronts of saloons were abolished. closed fronts of salouns were abelished, as provided in the excise amendment. I remember an incident in Port Townsend when some of the best citizens in the city protested to the City Council against the absence of screens in front of the doors of two salouns. Women trading at the leading stores had to pass by the unobstructed doors, and they objected. The Council adopted an ordinance as a result of this protest waich required all salouns to maintain screens at their doors and the chief of police was required to compel the two salouns to obey the law.

to obey the law.

"We have some freak legislation in the state of Washington, but I am very glad we have never adopted government by petition. It is dangerous and vi-cious. I verily believe the average citi-zen would be careless enough to sign a petition to hang his best friend."

SUNDAY LID PINCHES HER

Mrs. Monroe Bolich Is Accused of Selling Whisky to Policeman.

Patrolman Ackerman yesterday morn Patrolman Ackerman yesterday morning in plain clothes, was ushered into the home of Monroe Bolich, a saloonkeeper at 383 Glisan street, and furnished with two half pints of a liquid purported to be whisky. As a result a violation of the Sunday closing law yesterday fore-

noon was registered at police headquar-ters after the name of Mrs. Monroe Bolich. Mrs. Bolich wept and said she meant no harm. Her husband, whose sa-loon is at 40 Sixth street North, expostu-lated with the first

meant no harm. Her husband, whose saloon is at 40 Sixth street North, expostulated with the officers when he was advised of his wife's arrest, but to no avail. She was forced to give bail to guarantee her appearance Monday morning for trial.

Patrolmen state Mrs. Bolich may not only be tried for disposing of liquor on Sunday, but may also have to face a charge of selling intoxicants without a license. And if the Federal authorities are so disposed she may be arrested as soon as released by the city for not having a Federal license. It is the contention of Captain Balley that as the liquor was sold at the residence of her husband and not at his saloon she is in no way connected with his place of business and is not his agent.

Patrolman Ackerman was apprised of Mrs. Bolich's alleged operations by a man who piloted the policeman to the Bolich residence and introduced him. The patrolman then not only bought two half pints of whisky, it is said, but treated the agent to a drink, which he states Mrs. Bolich served.

It is understood Mrs. Bolich will contend that she was acting as the agent of her husband's saloon. This will involve a point of law, if contested, that

of her husband's saloon. This will in-volve a point of law, if contested, that has never been exploited in Portland be-

ORDER HONORS DEAD

ODDFELLOWS PAY TRIBUTE TO DEPARTED MEMBERS.

Special Eulogy Is Paid to Richard Scott and Sylvester Farrell, Long Prominent.

At memorial services held yesterday afternoon in the Oddfellows' Temple, First and Alder streets, tributes were paid to those members of the various lodges who have died during the past year. In that time 22 members have passed away. Of this number, the late Richard Scott and Sylvester Farrell were the most widely known. Mr. Scott at different times held the offices of past grand master, past grand patriarch and grand recorder, and was one of the most active members of the order in Oregon. To him more than to any other man was due mambers of the order in Oregon. To him more than to any other man was due the success of the Oddfellows' home. Mr. Scott was yesterday eulogized by Thomas F. Ryan, who spoke in the most Thomas F. Ryan, who spoke in the most feeling terms of the character and work of the deceased. Sylventer Farre!! the ploneer merchant and Oddfellow, also earned a tribute of respect and esteem from S. Grutze. C. A. Dolph reviewed the careers of D. E. Buchanan and T. F. Brame!, late members of the Samaritan Lodge, No. 2. James Bell was eulogist for F. O. Dickey and Leonard Becker, of the same lodge, while John Rabyor acted as eulogist for James W. Wright and as eulogist for James W. Wright and John Gundel. S. A. Starr paid a tribute to Alex McAyeal and Thomas J. King, of Orient Lodge, No. 17.

Others who were thus remembered were: William Braden and William Barnes, Samaritan Lodge, No. 2; culogist, T. C. Devlin, Joseph W. Collyer, Samaritan Lodge, No. 2; culogist, M. Osvold, Henry Brown, Hassalo Lodge, No. 15; culogist, F. Cozens, S. L. Stone, John Winter and F. S. Ostheim, Minerva Lodge, No. 19; culogist, Herbert Wulf, H. Hansen, Industrial Lodge, No. 99, T. W. Vreeland. Others who were thus remembered

W. Vroeland.

Memorial services were also conducted by Mrs. Charlotte Wardman for Mrs. L. M. Woodin and Mrs. Alice P. Scott, deceased members of Columbia Lodge, No. 3, Daughters of Rebekah, The memorial address was delivered by Rev. Chester P. Gates, grand chaplain, Musical selections were rendered by Miss Eva Wells, Miss Elba Fowler, C. E. McCulloch and C. H. Parrish, and Mrs. J. Walker and F. P. Holm, with Mrs. Larson, accompanist.

Hartford Automobile Tires,

VIEWS OF EXCISE LAW VARY WIDELY

Hotel Men Declare Bill Would Make Mayor Powerful Political Boss.

THIS DENIED BY MURDOCH

Innkeepers Also Say Amendment Would Ruin Their Business, but Municipal Association Again Replies in Negative.

The Hotel Association and the Municipal Association take directly opposing views in interpreting two phases of the proposed Excise Board amendment. On the one hand, the hotelmen insist that the proposed law would make the saloons a power in politics and would greatly injure the hotels by prohibiting direct access to the barrooms from the lobbles.

On the other hand, the Municipal Asso-ciation asserts that the excise law would put the saloon out of politics and would not injure the hotels in the particular named.

named.

"The excise law would put saloons in politics to an extent never before experienced," declared M. C. Dickinson, president of the Oregon State Hotel Association, yesterday, "for the reason that the Mayor would be made dictstor in the matter of issuing licenses and a power in the regulating of every retail liquor store.

Gives Mayor Entire Control.

Gives Mayor Entire Control.

"The proposed amendment gives the Mayor the power to remove his Excise Board at will. With this power the Mayor, if he willed, could direct the entire policy of the beard and compel the saioons to live up to it. If the beard objected he could remove the members and appoint new men who would obey his commands. With the excise law in existence the Mayor's office could be made a life job for the first incumbent who saw fit to exercise the opportunities for graft and influence the position offered.

"Section 17 of the amendment specifically prohibits a licensed liquor-dealer from having any chairs in which patrons may sit in any room connected with his saioon. This section cannot honestly be construed otherwise than seeking to put an effectual bar to entries from hotel lobbles to hotel barrooms.

"I repeat that the Municipal Association to working head."

ionbies to hotel barrooms.
"I repeat that the Municipal Association is working hand and glove, wittingly or otherwise, with unscrupulous bottlers of interior liquors. I am informed by or interior liquors. I am informed by competent legal authority that there is now a Federal statute which prohibits a retailer of liquors from bottling mixed drinks except in the presence of the intending consumer. This statute and the excise law would compet the hotelmen to serve their guests who wanted mixed drinks at meals with liquors bottled by Eastern rectifiers and composed in most cases of inferior and injurious goods.

Holds Association Guilty.

Holds Association Guilty.

"Pages of forged signatures have been instrumental in placing this measure on the ballot, and in my opinion the members of the Municipal Association, who were the promoters of the plan, are at least morally guilty along with the forgers of the signatures.

"If an employe of mine loses an overcoat for which he has given a guest a check I am responsible for the loss. The circulators who forged signatures to the exclassin some instances were glaring even without reference to the registration books, and most of them, I am informed, can readily be defected by comparison with the registration, as is the customary practice of candidates for office before filing nominating petitions.

"A measure placed before the people with indifference to fraud and which contains such serious memaces to the business and moral welfare of the city, under the guilt in the grant of the city, under the guilt of the city in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the guilt in the grant of the city, under the grant of the city in the

ness and moral welfare of the city, un-des the guise of reformation, does not deserve the votes of right-minded people." Murdock Gives His Side.

"The first section of the proposed ex

cise law has not been commented upon to any great extent in the papers, and the hofelmen who are opposing the pas-sage of the bill are careful not to call it to the attention of the voters," said Milsage of the bill are careful not to call it to the attention of the voters," said Miller Muricipal Association, yesterday. "The section referred to provides for the appointing of an excise board by the Mayor, and this board is given the control of the issuing of licenses and the general regulating of the liquor traffic, governed, of course, by the excise law.

cise law.

"This takes the issuing of licenses and the control of the liquor business away from the City Council, and in fact takes the liquor traffic out of politics and leaves the Councilmen free to attend to the other business of the city, rather than spend their time taking evidence against saloons that are claimed to be undeserving of a license by reason of their conducting notorious places. If the liquor people were not particularly interested in the election of Councilmen, it might be possible to elect men for the City Council who were possessed of qualities for possible to elect men for the City Coun-cil who were possessed of qualities for business that would be of benefit to the city, and such men would be relieved of dealing with the granting of and cancel-ing saloon licenses.

"The bill as a whole is not as stringent by any means as the hotelmen attempt

"The bill as a whole is not as stringent by any means as the hotelmen attempt to make it appear. There may be some things about it which seem to be stringent, but when taken as a whole it is a liberal law and not a law which will particularly affect the hotels. There has been a good deal of controversy over the conditions that would have to be complied with by the saloons or hotelkeepers having burrooms, but the law simply provides that it shall be unlawful for any licensed saloonkeeper to permit the premises wherein he is licensed to sell liquor to be in any way connected with any room used for gambling, games, prostitution or abode for women, into or from which there are any means of entrance or communication with the place of business," etc.

Could Enter From Lobby.

"This should not affect the respectable hotels, and there is certainly nothing in the section which would prevent the hotel from having a barroom entered from its lobby, if the lobby is used as a lobby of a respectable hotel is intended to be used. The bill provides that there shall be but one entrance for patrons, but that does not prevent there being other entrances for employes or for taking the liquor in and ouf.

trances for employes or for taking the liquor in and out.

"The Municipal Association has not overlooked the fact, as suggested by the hotelkeepers, that those who would bottle inferior liquors would have an opportunity to do so under this bill. The purpose of this portion of the bill, which provides for the sale of liquor in sealed bottles, is in order that there should not be sold mixed drinks without the knowledge of the patrons, and also that there might be no 'doping' of the liquor from the time it is purchased at the bar until it is consumed by the patron.

"It is not a one-man bill, as the hotel people would have the voters conclude. The bill originated with the committee

of 100, and was afterwards taken up by the Municipal Association, principally be-cause of the fact that it will, if adopted, take the liquor business out of politics and thus leave the elections clear of en-tanclements. and thus leave the elections clear of en-tanglements such as we have had in the past, where great efforts have been made to elect Councilmen who would be chosen rather because of their being favorable to the liquor traffic than because of their possessing the necessary qualifications for other business of the city which should come before them as Councilmen."

FAILED TO REACH LOCKS

STEAMER J. N. TEAL FORCED TO RETURN TO PORTLAND.

Current Too Strong for River Boat. Dalles City Will Remain on Middle River-Marine Notes.

The steamer J. N. Teal was unable to reach the Locks at the Cascades yesterday and was compelled to return to Portland. The Teal left up at 1 o'clock yesterday morning and succeeded in reaching Sheridan's Point. She was unable to round that place, however, and after three trials Captain Alden decided to return to Portland. This will force the Teal to tie up until the river falls. To provide against a flood stage on the middle river Superintendent McDonald, of the Regulator line, dispatched the steamer Dalles City to The Dalles Saturday, with orders to remain above the locks until high water was a thing of the past. The Balley Gatzert, carrying an excursion party, reached the Locks without difficulty. She will proceed to The Dalles on regular trips to-day and tomorrow. Captain Sherman, master of the Gatzert, is so pleased with the action of the boat in the rapids that he says she will steam over the falls if the locks close.

During the flood of 1894 several attempts were made by the O. R. & N. Co. to run boats up over the fails but without success. Several craft have run down from the middle river.

Tugboat Company Buys Simla.

What remains of the British ship Simla, which burned in the harbor Acapulco, has been sold by the insurance people to the Shipowners & Merchants Tugboat Company, of San Francisco. The red-stack tug Hercules has been sent South and she will tow the Simla to San Francisco. She will probably be converted into a coal barge.

MY CURES Have Built My Success

OLDEST, MOST RELIABLE AND LONGEST ESTABLISHED

Sailed-Steamer W. S. Porter, Nome; ship Falls of Clyde, Honolulu; steamer Atlas.

SPECIALIST ON THE

Offices at Portland, Seattle, San Francisco, Los Angeles

I Cure Men's Diseases

I have treated hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of private all-ments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my specialty; to my having ascertained the exact nature of men's all-ments; and to the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition, who wish to avoid the serious results that may follow neglect. I offer free consultation and advice, either at my office or through correspondence. If your case is one of the few that have reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon any one. I treat curable cases only, and cure all cases I treat.

No dangerous minerals to drive the virus to the interior, but harm-less, blood-cleansing remedies that remove the last poisonous taint.

Absolutely painless treatment, that cures completely in one week. Investigate my method. It is the only thoroughly scientific treatment for this disease being employed.

FREE My colored charts, showing the male anatomy and affording an interesting study in men's diseases, will be given free upon application. In all my work I am thorough, painstaking and careful to give just the right treatment required in each individual case, For 20 years I have been proving my ability, and my business methods have always been strictly reliable. My unqualified success is due to a thorough medical ed u ca ti o n, supplemented by years of experience in men's special diseases only. My treatment

YOU PAY WHEN CURED

SPECIFIC BLOOD POISON

No dangerous minerals to drive the virus to the interior, but harmless, blood-cleansing remedies that remove the last polsonous that remove the last polsonous.

CONTRACTED DISORDERS

You can depend upon a quick and thorough cure by my treatment. A quick cure is desirable, because a slow cure is apt to be no cure at all, and a chronic development will come later. I cure you beyond the possibility of a relapse, and in half the usual time required.

REFLEX AILMENTS

Often the condition appearing to be the chief disorder is only a re-flex allment resulting from some other disease.

other disease.

Skin and bone diseases result from blood poison taint, and physical and mental decline follow long-standing functional disorder. My long experience in treating men enables me to determine the exact conditions that exist and to treat accordingly, thus removing every damaging cause and its effects.
