Dealers Have Orders but There Are No Sellers.

OFFER 13 AND 14 CENTS

Cables Report Vermin Increasing in England and Bohemia in Spite

New York crop conditions are reported y the Waterville Times as follows: Although the weather has not warmed up much and the nights are still too coel to be assessmable, yet the hope are making a fairly good growth. In the new yards there is promise of an average crop, but the eld yards are not looking very promising and the most that can be expected is a small slade crop for this year other conditions being favorable. Offers to contract for this year's crop at 15 cents are being nade daily by dealers, but so far few of our growers have accepted any of these offers.

The Cobleshill, N. Y., Index says:
It is said that there will be about 15 per sent decrease, compared.

It is said that there will be about 15 per cent decrease, compared with last year, in the hop acreage in Oissgo County. The hop roots have wintered well, but the seld, inclement weather has retarded work in the seld.

STRAWBERRIES SELL AT \$1 PER CRATE Price of the Season, Because of Oversupply.

ries touched the lowest price of the season yesterday. In the afternoon good fruit was offered freely on Front street at \$1 per crate. As was to be expected, the warm weather brought on the pected, the warm weather brought on the bulk of the crop almost all at once, and with the aversupply, prices had to tumble. The range of prices on the streat was from \$1 to \$1.75, the top being the Hood River quotation. At the East Side market, prices started out at \$1.402/1.50, but, like the Front-street market, the first prices were not maintained long. A heavy supply is looked for again today.

Rasuberries have made their appearance.

Raspberries have made their appearance and are selling at \$1.23 per crare. Logan-berries are slow sale at 75 cents. Apri-cots, peaches and plums are also cheaper. No cantaloupes were received. There is a No cantaloupes were received. There is a good demand for bananas. There are no independent bananas on the market and have been none since the first car was re-

ceived
Another car of Fiorida pineapples will be received the latter part of the week. This will make six straight cars of pineapples brought into Portland so far this season. This is the first year that pineapples have ever been brought here in carlots.
A car of Mississippi tomatoes, the first of the season, was distributed on the street. They were in fine condition, green and turning, and were quoted at \$2 per crate Green coin drags, but other vegetables sell readily.

Tone of Grain Market is Firm. There is very little business passing in dther spot grain or futures, but the feeling scal receipts, in cars, were reported by Merchants' Exchange as follows: Wheat Barley Flour Oats Hay

Country Produce Is Stendy.

The butter market holds steady, with no indication of any immediate change in prices. The Eastern butter market has adformer quotations.

There is a good demand for poultry and, as receipts are not excessive, prices are well maintained. Eggs are slow.

Groceries, Dried Fruits, Etc.

England and Bohemia in Spite

of the Improved Weather.

New York Conditions.

Almost every hop dealer in the state is believed to have orders for 1909 hop contracts, but there is an entire absence of sellers. Offers of 13 and 14 cents have heen made in several sections, but without causing growers to take the least interest. With the market having already advanced a cents, the farmers have naturally set their ideas at a high figure for the coming crop, many of them confidently believing the market will reach 18 or 20 cents before harvest.

The following London enhlegram was received by Klaber, Wolf & Netter yesterday:

"Bohemia—Vermin have increased, but weather is very favorable. No change in market to report."

Crop Report Affects Prices in Stock Market.

Before Its Publication the Trend of Values Is Strongly Upward. Movement in Southern

pected.

Reading was the early advance leader, with a persistence of reports of coming increase in the rate of the dividend and of the retirement of the second preferred stock by exchange for common and first preferred stock, each in kalf portions. United States Steel was again the subject of reports of accumulation by the Paris flotation syndicate.

The buoyant rise of five points in Southern Pacific was due to the reported action of the directors looking to the retirement of the directors looking to the retirement of the preferred stock. The privilege of exchange of the preferred stock into common stock rather than accept the 115 in cash, at which the company is entitled to call the stock, would mean, of course, the substitution of a 6 per cent charge on the present volume of preferred stock in place of the 7 per cent now paid in dividents on that stock. The benefit to the finances of the company seems rather obscure. The right to call the preferred stock for retirement expires next year, so that it would have permanent preferred stock for retirement and it dends if not retired before that time. The alternative offer to preferred stock-holders of 4½ per cent, with \$20 cash in addition would effect an annual saving to the company, if acepted by all the preferred stockholders, of about \$1,200,000.

The publication of the Government crop ferred stockholders, of about \$1,200,000. The publication of the Government crop report came upon the prosperous course of the speculation induced by the special movement. Keen disappointment with the showing of the condition of Winter wheat and the acrease estimate for Spring wheat induced general selling of stocks and brought prices back to about where they left off last night.

Bonds were irregular. Total sales, par value, \$7,350,000. United States bonds were unchanged on call.

## SHARP DROP IN BERRIES

SUPPLY BEYOND REQUIRE-MENTS OF SEATTLE TRADE.

California Fruits Are Also Lower. Cheaper Prices Clean Up Poultry.

SEATTLE. Wash. June 8.—(Special.)—
The strawberry market went all to pieces
today, and first-class stock sold as low as \$2.
The break in the market was due to the
fact that grocers will keep their atores
closed all day tomorrow, on account of the
grocers day at the exposition Retailers
refused to stock up today, and Westernavenue dealers had great difficulty in cleaning up. On top of this came the heaviest
receipts of the scason.

Apricots dropped to \$2. Peaches sold at
\$1.50, and piums at \$1.76. New potatoes
have declined to 3½.@4c.

Poultry is well cleaned up. The lower
prices have helped the movement materi-

prices have helped the movement materially. Eggs were steady. The recent warm weather is causing a heavier shrinkage. Cheese is weak.

Old pointoes are not as strong. Stocks in warehouses are not standing up. Today prices dropped back to \$45.

NEW PASTOR IS INSTALLED

Rev. John F. Lyons Has Presbyterlan Church at Newberg.

NEWBERG, Or., June 8.—(Special.)—A special meeting of the Willamette prosported by the presbyterian of the Presbyterian Church last night, when Rev. John F. Lyons, formerly of Brownsville, was installed as pastor. The sermon was preached by Rev. H. T. Nave, D. D. field representative of Albany College. The local church has a new church building of modern design, recently dedicated, and of modern design, recently dedicated, and the new pastor, who has been here for a short time, is receiving the hearty co-operation of the membership. He is a young man and he enters on the work of the pastorate with bright prospects

WATER STRUCK IN TUNNEL

Threatens Damage but Relieves Water Famine.

TACOMA, June 8-A great flow of pure cold water was struck today by the builders of the Union Pacific tunnel near Tacoma. For some time the stream was beyond control and threatened seri-ous damage, but this afternoon it was controlled and turned into the city wa-ter mains, thus relieving a temporary water famine.

Jump Breaks Woman's Arm.

WOODLAND, Wash., June 8 .- (Special.) -Mrs. Irene Robinson, an old settler of this section, aged about 00, broke both bones of the right arm near the wrist yesterday by jumping from the buggy in which she and her son-in-law, Ab Bo-zorth, were riding. She was brought into town and attended by Dr. Alice Chapman.

Uryus Visit Vassar College. POUGHKEEPSIE, N. Y., June 8.—Admirál and Baroness Uryu, of Japan, attended the class day exercises today at Vassar College, where the Baroness is a graduate.

Deterioration in Condition of Winter Wheat Crop.

SPRING CROP IS BETTER

Publication of Government Report Is Cause of Active Buying and Higher Prices in the

WASHINGTON, June 8.—Spring wheat condition averaged 95.2 per cent; Winter wheat, 80.7; acreage sown to Spring wheat, 18,380,000. This, summarized, was the report of the Department of Agriculture on

The Spring wheat condition is compared with 95 per cent a year ago and a ten-year average of 92.6. Winter wheat average is against 88.5 a month ago, 86 a year ago, and a ten-year average of 80.5.

The Spring wheat acreage is 6.9 per nore than shown last year. The condition of rye a month ago was 88.1; a year ago 91.2, and an average of 89.4 for ten years.

The condition of cats is compared with

D2.9 per cent a year ago and a ten-year average of \$3.4. The area sown to oats was about \$2,422,000 acres, or .02 per cent more than sown last year. The condition of barley is compared with The condition of barley is compared with \$9.7 a year ago and a ten-year average of \$0.6. The area sown is about 6.881,000 acres, or 3.5 per cent more than last year. The 1309 acreage, the June 1 condition and the average on June 1 for 10 years for Spring wheat in Washington are 905,000 and 98 and 94.

The June 1 condition and ten-year average for Winter wheat on the Pacific Coast follows:

Oregon June 1 Av. Washington 90 93 California 75 80 93 For barley, the acreage sown, the condition of the crop on June 1 last, and the average on June 1 for the past 10 years respectively, in California are 1,082,000 and 81 and 85, and in Washington 182,000 and 83 and 86. and 98.

The condition of meadows: Hay on June 1, 87.6 against 84.5 on May 1 hast, and 98.5 on June 1 a year ago.

The condition of pastures on June 1 was 85.6, against 81 on May 1 last; 97.7 on June 1 last year, and 91.1 the 10 years average.

ACTIVE BUYING IN CHICAGO MARKET. Loss in Condition of Winter Wheat More Than Expected.

Than Expected.

CHICAGO, June 8.—The official statistics compiled by the Government exports relating to the acreage sown to wheat in the United States and condition of the crop on June 1 were made public 15 minutes before the end of the session of the local exchange. The condition of Wister wheat was 80.7, or nearly 3 points below that of one month ago, while the condition of Spring wheat was estimated. 5 points below that of one month ago, while the condition of Spring wheat was estimated at 85.2, a trifle above the condition the corresponding time last year. The area sown to Spring wheat was estimated at 18,591,000 acres, the largest acreage on record.

The loss of nearly 3 points in the Winter crop was more than had been expected and was the cause of active buying. There were aim ifferni surchases on the theory that he
