

JAPANESE TROUBLE IS INTERNATIONAL

Hawaiian Editor Complains to Mikado.

TO BRING DAMAGE SUIT, TOO

Strikers' Headquarters Raid Has Diplomatic Sequel.

THREE NEW ARRESTS MADE

Tension High in Honolulu, and Police Ordered to Sleep on Arms.

Newsboy Chased and Keeper of Restaurant Stabbed.

HONOLULU, June 14.—M. Negoro, one of the editors of the Jih, made formal complaint to the Japanese foreign office today that the Territorial authorities invaded his rights, as a Japanese subject under the treaty between Japan and the United States, when High Sheriff William Henry raided the office of the Jih and seized alleged incendiary documents, and in preparing to bring court proceedings against the Territory for \$500,000 damages.

The alleged violation of his rights as a Japanese subject guaranteed under the treaty between the United States and Japan, he sets forth in his complaint, consists in the search of his office and the seizure of his private papers by the Territorial authorities without due process of law. Territorial Sheriff William Henry admits that the search was made by force of arms, and without search warrants or process of law, but claims that the papers seized contained evidence of criminal purpose. However, he declares the courts of the Territory are open to Negoro for redress if he has been damaged.

Japs Admitted to Ball.

Negoro, together with Y. Soga, Y. Tsakaka and K. Kawamura, the last three named being members of the editorial staff of the Nippu, another Japanese paper, which has taken a prominent part in the strike agitation, were admitted to ball at \$1250 in each case this evening. Pending the furnishing of bonds or cash ball, all four are in jail.

With possible international complications looming up on the horizon as a result of Negoro's complaint to the Japanese government and with the arrest today of the four editors on charges of conspiracy, the strike situation has taken a new turn.

Tension Is High.

While but slight disturbance of any kind has occurred so far, the city is full of striking Japanese, and the tension is so great that orders were issued this afternoon for the full force of police to sleep at the police station tonight, ready for any emergency.

An incident of the day that threatens a disturbance was the chasing of a carrier of an "extra" of the Japanese newspaper Shingo, announcing the arrest of the editors. The paper from the start has opposed the strike and among the papers seized in the raid upon the office of the strike organs, were letters containing threats against the life of its editor.

Although the strikers have returned to work on the Ewa and Waiwala plantations, it is not certain that they have abandoned the struggle. From the papers seized by Territorial Sheriff Henry it was seen that it was the original plans of the Japanese to return to work at intervals to earn enough money to maintain the strike and by this method of working and again striking to wear out the planters by the uncertainty and irregularity of plantation operations.

Strikers Grow Violent.

Strikers today seriously stabbed a Japanese restaurant-keeper at Kahana for refusing to furnish them with food. The place is difficult of access, but the Sheriff has started for the scene to investigate.

Most of the Japanese returned to work on the Ewa and Waiwala plantations and there are full forces of strikers on the Honolulu and Ohua plantations. It is reported from Hilo that the Japanese there have selected a delegation to come to this city and join in the formal demand upon the Planters' Association for an increase of wages to \$1 a day.

FOOLED BY INDIAN CUNNING

Constable Shot Fatally by Red Who Commits Suicide.

UKIAH, Cal., June 14.—Constable Thomas Lynch, of this city, was shot and probably fatally wounded today while arresting an Indian named Richard Williams on the Horat hop ranch.

Williams was at work in the field and quietly submitted to arrest, but asked the officer to accompany him to his wigwam to get his coat. In the coat was his revolver, and Williams at once began shooting at Lynch. The bullet struck the officer in the head.

When a posse, headed by Sheriff Donahue, reached the field, the Indian shot and killed himself. He was wanted for shooting his wife.

GREAT MEN MEET AT WHITE HOUSE

TAFT PROUDLY GRASPS HAND OF COBB, BATSMAN.

Each Boasts of Other as Fellow-Citizen of Augusta—Cobb Considered Bigger.

WASHINGTON, June 14.—The Detroit Baseball Club, the champions of the American League, was received by President Taft in the East Room of the White House this afternoon. When W. H. Cobb, who led the league in batting last season, was presented to him, Mr. Taft grasped his hand warmly and said:

"I believe you and I are fellow citizens of Augusta, Mr. Cobb."

Cobb modestly replied that he was proud to be a citizen of Augusta and a fellow citizen of Mr. Taft.

"The only difference between us," responded Mr. Taft, with a broad grin, "is that down there they think you are about twice as big as I am."

HAMILTON IN COURT TODAY

Relatives Expected to Supply \$10,000 Bail Money Demanded.

OLYMPIA, Wash., June 14.—(Special.)—Ortis Hamilton, ex-Adjutant-General of the State National Guard, now being held in the Thurston County Jail awaiting trial on a charge of embezzlement, will be arraigned in the morning on a charge of forgery in connection with the alleged embezzlement of the state military fund.

He will be charged with forging the name of J. W. Benet to a voucher for ammunition. The name he is said to have forged is that of the United States Army officer in command of the Government arsenal at Helena.

The court will be asked to fix bail in the sum of \$10,000. It is understood that the relatives of Hamilton will post the \$10,000 bail demanded for his release on the embezzlement charge, and secure his release.

CUT TAKES 300 STITCHES

Man's Body Is Nearly Severed by Accident in Sawmill.

STEVENSON, Wash., June 14.—(Special.)—Rolla Miller met with a serious accident this morning, at the Maiden mills, two and a half miles north of town. While operating the "cut off" a wind shake threw the saw from its bearings, striking Miller on the left shoulder, blowing a furrow the full length of his body, almost severing the shoulder blade.

Dr. Frank S. Pratt, of the Stevenson Sanatorium, hastened to the mill with bandages and other appliances, he stopped the flow of blood, and brought Miller to the operating room of the Sanatorium where the wounds were dressed and over 300 stitches were required. It was a miraculous escape, and unless complications set in, Dr. Pratt thinks the injured man has a fair chance for recovery.

ARKANSAS SEIZES CAPITOL

Governor Breaks in Doors and Takes Possession of Building.

LITTLE ROCK, Ark., June 14.—Governor Donaghey and two members of the State Commission today formally took possession of the uncompleted Capitol building, after breaking through a door which had been locked by the contractors, Caldwell & Drake, whom the Legislature ordered discharged.

The building, which has cost nearly \$1,000,000 already, and which engineers say is only about half completed, has caused political contention for years. The legislators have been charged in the courts with grafting in connection with the Capitol appropriations.

DYNAMITE REVEALS PLOT

Hundred Arrests Follow Attacks on Mexican Lawyer's Office.

MONTEREY, Mex., June 14.—More than a hundred arrests have been made in connection with the dynamiting of Leon Flores' law office a few days ago by Juan Ferrino. According to the police, Flores headed a band that is held responsible, not only for many cases of blackmail and highway robbery, but also for trafficking in white slaves. Many officials of surrounding towns have been arrested.

CITY'S INDUSTRIES TIED UP FOR HOURS

Short Circuit Cuts Off Electric Power.

STREETCAR TRAFFIC STOPPED

Factories Shut Down and All Theaters Are Crippled.

LOSS PLACED AT \$100,000

Wires Are Disconnected by Careless Handling of Crane, but Damage to Plant Is Slight and Temporary Repairs Are Made.

FEATURES OF ELECTRIC CENTRAL STATION BLOWOUT.

Cause—Careless handling of a crane, by which heavy voltage cables and commercial wires were disconnected.

Damage to plant, \$500.

Loss, aside from damage to plant, \$100,000.

Streetcar service of entire West Side out of commission three hours.

Morrison-street bridge down shut for lack of power, detaining three steamboats.

Theaters and moving-picture shows crippled.

Temporary repairs made, and complete repairs will be made in course of week.

Service normal again at night.

Because a huge traveling crane on the roof of the temporary electric building at Seventh and Alder streets, lightly crashed against overhead feed and connecting wires leading from the Alder-street station to the station at First and Jefferson streets, all West Side manufacturing concerns had to shut down for all or part of yesterday afternoon, car service on the West Side was entirely suspended and all kinds of business put out of gear. Morrison-street bridge was not operated for two hours.

Elevators in public buildings stopped in midair between floors, and in one or two cases where the elevators were completely enclosed in the shaft, the passengers had to wait between two and three hours for their release. Moving picture machines were crippled and theaters playing matinees were unable to use other than their foot lights and general theater lights, the spot lights and chandeliers being placed entirely out of commission.

East Side Lines Operated.

While the damage to the electric building and equipment is estimated at not more than several hundred dollars, the estimate of several manufacturers placed the loss to the city generally at over \$100,000.

TWO DEAD AND TWO DYING FROM FEUD

STREET BATTLE IS FOUGHT IN MISSISSIPPI TOWN.

Trouble Started in Political Rivalry, and Troops Have Been Called to Keep Peace.

MEADVILLE, Miss., June 14.—Two men are dead, two perhaps fatally wounded and three slightly injured in a street battle here this afternoon, caused by a bitter feud that had been previously marked with tragedy. Great excitement followed the fray, and troops were rushed here to guard against possible rioting.

Dr. A. M. Newman, clerk of the Chancery Court, and Silas G. Reynolds were killed, and Dr. Lemmon Newman and Herbert Applewhite are believed to be dying from their wounds.

L. P. Pritchard, a brother of Cornelius Pritchard, whom Dr. Newman killed seven weeks ago, was arrested charged with complicity in the tragedy. The killing of Pritchard by Newman was the first bloodshed in a feud that had existed between the two men, relatives and friends for months. This bitter factionalism had its inception in a political campaign, in which Newman and Pritchard were opposing candidates.

Newman was tried a few weeks ago for Pritchard's murder, and was acquitted. The fight occurred almost on the same spot where Pritchard was slain. It is apparently doubtful who fired the first shot.

PARTIAL VICTORY GAINED BY GOULD

Wife Has Only One Plea for Separation.

MAY PROVE ABANDONMENT

Charge of Drunkenness Held Forth as Cruelty.

WOMAN AND LAWYER SPAR

Mrs. Gould Blushes at Picture of Herself as Circus Rider, but Is Ready With Retort—Wasteful Expense on Dress.

NEW YORK, June 14.—Abandonment will be the sole issue upon which the suit for separation brought by Catherine Clemons Gould against Howard Gould, her husband, will be decided was made apparent late today in the Supreme Court by Justice Dowling, after counsel for Mrs. Gould had rested the case for the plaintiff. This sweeps away several phases of the case—namely, notably cruelty and non-support—and is a partial victory for Howard Gould. As to the charge of abandonment, the court held that this, too, might not stand, unless the plaintiff were able to show that Howard Gould's stipulation of reconciliation was unreasonable. This phase will be argued Tuesday.

No Evidence of Cruelty.

Developments today were perhaps the most interesting in the trial thus far. George Gould, a brother of the defendant, testified, and Mrs. Gould was excused from the stand after three days of searching cross-examination. Delancey Nicol, for the husband, made the usual motion to dismiss the suit on the ground that the plaintiff had failed to make out a case.

"There has been no evidence of cruelty," he argued. "One of the allegations is that the plaintiff was surrounded by spies. Nothing has been adduced to prove it." Referring to the abandonment charge, he said Howard Gould left his wife in July, 1906, but offered to return on perfectly reasonable terms, among other things her abstention from intoxicating liquors. Mrs. Gould, he continued, refused.

Attacks on Character Cruel.

During the argument Mrs. Gould became faint and left the room. Her counsel, Clarence Shearn, argued against the motion to dismiss.

"It is cruelty," he affirmed, "for a husband without justification to accuse his wife of being a bad character or to entertain against her, without cause, reflections against her honor."

Inasmuch as the abandonment charge will be to be considered tomorrow, there will be no further mention of Buffalo Bill, "Big" Hawley, the ex-convict, or Ed Sholes, the reputed gambler. But the

LIVING OF WAITERS DEPENDS ON TIPS

ANTI-TIPPING LAW MAY DRIVE THEM FROM BUSINESS.

Leader in Spokane Says 60 Per Cent Will Give Up Unless Wages Are Raised.

SPOKANE, June 14.—(Special.)—If the present enforcement of the anti-tipping law on the waiters in the best hotels of Spokane will be driven from the business or obliged to seek employment in other cities, according to experienced waiters.

"If the present condition continues 60 per cent of the waiters in the best houses of Spokane will be driven from the business here," said Joseph Sheldon, president of the Board of Allied Crafts. "Many men have families to support and, considering their expense for laundry and clothing, they cannot live decently on the wages they receive. If tipping is done away with a raise of from \$6 to \$7 per week will be necessary in order to keep the men in the business."

Some of the waiters in the best Spokane houses have already left for Seattle, for in that city they are allowed to handle the cash and the chances for side money are better.

The men cannot strike for higher wages, having recently signed an agreement which settles the wage scale for the next two years.

ATTACK ON STEEL TRUST

Paris Papers Say Listing of Stock Is Speculative Scheme.

PARIS, June 14.—The delay in the final formalities of listing the common shares of the United States Steel Corporation on the Paris stock exchange has afforded the French press an opportunity to open a campaign against the project, and several articles have appeared in L'Action and L'Autorite charging that the introduction of these securities is purely for speculative purposes and inimical to French steel industries. L'Autorite intimates that the matter will be the subject of an interpellation in Parliament.

Morgen, Harjes & Co. deny that there has been any hitch in the proceedings and say they expect the negotiations to be consummated any day.

SOCIETY OF BANANA BRAVE

Sends Black Hand Letters in Spite of Federal Investigation.

CINCINNATI, June 14.—Notwithstanding the 11 arrests made last week among the leaders of the Ohio Black Hand, the extortionists have flaunted defiance to the Government authorities by sending Black Hand letters to intended victims within a stone's throw of the Federal building in this city today.

That the Black Hand operations in Ohio and adjoining states were conducted by the Society of the Banana, a secret Sicilian organization, which is an outgrowth of the old Mafia, is confirmed by Postoffice Inspector Hosford, who said, "the name is a real one, and not, as some supposed, a joke."

MAD COW CHARGES WOMEN

Man Saves Wife by Holding Animal by Horns Until Shot.

DAYTON, Wash., June 14.—(Special.)—Two thousand people were terror-stricken on Main street at Wabburg, when a maddened cow rushed among them during a parade.

Miss Jessup was standing on the sidewalk near Second street. The cow rushed at her and would have gored her had the animal not slipped and fallen. At least 20 women and children narrowly escaped the beast.

When the cow attacked Mrs. Frank Jones her husband seized the beast by the horns and twisted her head to the ground, holding her until a policeman killed the animal with a revolver.

WIFE FAILS IN MISSION

Rose Shuck Married Thief to Reform Him, and Is Fatally Shot.

CINCINNATI, June 14.—Andrew Deck shot his young wife twice, probably fatally wounding her, and then fled today. Deck and his wife are each 20 years old. Deck had been a thief, and his wife, Rose Shuck, had known him since childhood.

He was sent to the reformatory and she worked for his pardon, and two years ago obtained it. She met him at the door of the reformatory and they were married. She said she married him to reform him.

A few days ago the young wife, with her baby, left home on account of Beck's cruelty.

ELLIS ALTERS ADORNMENT

Disposes of Some of His Whiskers, and Remainder Changes Hue.

OREGONIAN NEWS BUREAU, Wash., June 14.—Representative Ellis, who has worn a full beard all winter, appeared in the House today much altered in appearance. He had shaved off all his side whiskers, leaving only his mustache on his chin and jaw. It was also noticed that his beard was of ruddier hue than usual, which gave rise to some comment.

WAVE SWEEPS 2 OFF LAUNCH ROSE

Thrilling Rescue Made on Yaquina Bar.

GRAFT IS ALMOST CAPSIZED

Badly Damaged and Passengers Bruised and Battered.

REACHES BAY IN SAFETY

Boat Crossing in When Comber Strikes, Hurling Those Aboard About and Carrying Away Two. Lifesavers Not Needed.

NEWPORT, Or., June 14.—(Special.)—Crossing in over the bar tonight at 6 o'clock the launch Rose, Captain Johns, was struck by a heavy sea and two of the ten passengers on board, Recorder Hampton and Mrs. Peterson, both of Newport, were swept overboard.

Both could swim, and, clinging to life preservers thrown them by the people left on board, managed to keep afloat till lines were thrown them and they were pulled over the rail, completely exhausted.

Mrs. Mapes, of Newport, was standing by the pilothouse and her arm was jammed through a window. Her hand was severely cut by broken glass. Several of the other passengers were battered and bruised.

The little craft had a terrific experience. A heavy sea was running, as she came in over the bar after a fishing trip, with three women and seven men, beside the captain. Suddenly a great wave crashed over her with such violence that she almost turned over and drenching everybody on board. Before the Rose could right herself two passengers had been swept overboard.

The force of the blow was terrific. The rail of the pilothouse was bent double and several windows were broken. The water flooded the scuppers and entered every possible hole. In the pilothouse the captain's license was damaged.

Acting Captain Collier, of the life-saving station, saw the boat's predicament and hastily ordered out the crew. They made all possible speed, but before they got to the bar the two passengers had been saved and the Rose had crossed into the quiet waters of the bay.

Last Summer the Rose had a distressing experience with a load of passengers who were caught out over night in the fog, and before they returned had been given up for lost. Searchers were sent in all directions and the friends on shore as well as those on board had a harrowing time.
