PRESENT ELKS' BANNER—A mass meeting of the citizens of Sunnyside will be held tonight in the assembly hall of the schoolhouse, under the auspices of the Sunnyside Fish Club, to receive the banner presented by Portland Lodge of Elks to the school making best appearance in the children's parade. It was due to the splendid appearance of the Sunnyside school uniformed brigade that the school won the prize. The uniforms for the 80 boys, who attracted so much attention and the drilling of the brigade were the work of Principal E. D. Curtis of this school. A committee from the Elks' Lodge will present the banner to the school and it will be received by Principal Curtis. This will be the only time the banner will be on exhibition until school opens in the fall. All interested are invited. The Sunnyside school drum corps will be present.

ARMED POLICEMAN ALLEGED CRUELTY—Charged with unmercifully beating a pony which he drove to a heavy fruit wagon, H. I. Ikin, of 608 First street, a fruit vendor, was arrested yesterday afternoon by Constable Lou Wagner. A woman who witnessed the cruelty informed the Constable over the telephone. After being arraigned before Justice Olson, Ikin admitted his cruelty to the pony. He was longed to him and he could do as he pleased with it. "We will see about that," said Justice Olson. "I will have the witnesses here today and hear their stories as reported are true, you will get a limit." Which means a fine of \$100 and six months in jail.

Shumway, C. A. Appleby, Captain Trowbridge and John M. Logan.

SHOPLIFTER GETS 30 DAYS—J. M. Hennessy, apprehended last Saturday afternoon by A. L. Ball, assistant superintendent of the Woodland & Clark Drug Company while pilfering a toilet set valued at \$10, was sentenced to 30 days on the rockpile by Judge Van Zante in the Municipal Court yesterday morning. His wife, who was arrested with him at the time, was newly-married. When sentence was passed on Hennessy his wife broke into tears and sobbed piteously.

WILL REMAIN IN PORTLAND—Rev. H. C. Shaffer, who has been pastor of the First United Brethren Church for the past five years, was here yesterday from Philadelphia, where the conference is still in session. Just what his work would be during the ensuing year he said he could not announce for the present.

FUNERAL OF AN OLD SOLDIER—The funeral of James Watkins, an old soldier, was conducted yesterday afternoon from the First United Brethren Church, East Fifteenth and East Morrison streets, by Rev. H. C. Shaffer. Interment was in River View Cemetery. Mr. Watkins had been a resident of the East for some time, and is survived by his wife.

MANY SEEK INVESTMENTS—Secretary E. C. Giltner, of the Chamber of Commerce, is virtually swamped with inquiries of an investment nature concerning the City of Portland and Oregon. WILL CONSERVE FORESTS—Permanent organization of the Oregon Conservation Commission was effected yesterday at a meeting held in the offices of J. N. Teal in the Couch building. Mr. Teal was made chairman of the Commission, while Professor F. G. Young, of Eugene, was selected as chairman. Conservation of the forests of the state, including the collection of data bearing on the important resources of the state, will be the principal objects of the Commission during the ensuing two years. The Commission will co-operate in every possible way with the National Forest Service in the protection of forests from fire and in the reforestation of the depleted forests of the state. Members of the Commission realize keenly that Oregon has the greatest body of standing timber of any state in the United States and with that knowledge will redouble their efforts to protect all timber now standing as well as to replenish that which has been destroyed by forest fires or used for commercial purposes.

ROW IN MUSICIANS' UNION—And now there is a row in the musicians' union over the spirited opposition of some of its members to sending the Peninsula Band, headed by J. H. Nolta, an amateur organization and the policemen's band to Seattle. Carl Stoll, secretary of the organization, is sending out a statement for publication in which he asserted that the musicians' union has not nor contemplates taking any official action with reference to the matter at issue. It is understood that the open hostility of several of its members to the proposed visit of the amateur bands to Seattle has caused the dismemberment of the division of sentiment being only on a matter of policy.

CREAMERY MEN TO CONFER—It is expected that at least 20 creamery men throughout the state will attend the conference arranged by State Dairy and Food Commissioner Bailey, at the Commercial Club, 5 o'clock Saturday night. OREGON GETS \$61,000

FUND IS PROVIDED TO FIGHT FOREST FIRES.

Federal Service Will Keep 250 Men in Field This Summer to Guard Timber.

For the fiscal year beginning July 1, next, the Forest Service has been allotted \$61,000 to be expended in this state in the construction of roads, trails, cabins and telephone lines through the National Forest Reserves. This was the information which reached the office of E. T. Allen, District Forester in this city yesterday.

This fund, which has been available, will be expended principally in building roads and trails into inaccessible parts of the 13 reserves in this state as a necessary preliminary to fighting forest fires successfully. This will facilitate the efforts of employees of the Forest Service in suppressing and preventing forest fires.

In response to a special requisition for an appropriation to aid in the proposed construction of a road from Crater Lake, the department at Washington has advised the officers in charge of the local Forest Service that an appropriation will be allowed, which will begin the construction of such a road through the Forest Reserve which is included in the route of the proposed highway. The amount of the appropriation which has been granted has not been announced, but it is intended as the initial contribution from the Government, which will be followed by such additional amounts as may be required to complete the Government's end of this project.

Under the regular fund for the employment of additional fire wardens and other employees for the suppression of forest fires has been increased 15 per cent for the ensuing fiscal year. This will enable the Forest Service to keep 250 men actively in the field during the Summer months as against probably one-half that number during the Winter months, when the danger of disastrous conflagration is reduced probably 50 per cent. With this increased assistance, the Forest Service expects to reduce to a minimum the loss from forest fires which originate largely from the carelessness of thoughtless campers.

Official notification was received yesterday from the proper officers in the Forest Service, advising the employees of the Portland office of the recent order of President Taft, directing that on Saturdays during the months of July, August and September four hours' work shall constitute a day's work in all Federal offices. This order applies to the various departments of the Forest Service, in which the clerks hereafter on the last day of the week will work only from 9 A. M. to 1 P. M.
