BY W. J. PETRAIN.

Baseball, when played properly, is a most interesting sport, but when dished out in such ragged manner as that in which it was presented by the Portland and San Francisco clubs yesterday, the spectators who pay to see it should be entitled to demand their money back. It was absolutely the worst game of baseball ever played on the Vaughn-street lot and a monumental disgrace to a league which claims the class rating that the Pacific Coast League does.

San Francisco won out by the score of 9 to 6 simply because the Portland play-ers threw the ball farther and pulled off few more dumb plays than did the cals. As far as glory being attached to ich a victory, there could have been one for either team. The game itself none for either team. The game itself would have shamed the Tri-City League or any other brush organization.

Armbruster started to catch for Port-

land and, after contributing four wild heaves to second, in the effort to stop base-stealing, he was relieved by Fisher, who went along for a few innings before the followed Armbruster's lead and threw the ball away several times. Jesse Garrett was on the hill for Portland, and opposed to him was "Slivers" Henley, the hero of the 25-inning shutout game last week. Between the two, it must be said that neither showed any great amount of class.

What Armbruster and Fisher did not What Armbruster and Fisher did not do to give the Seals numerous opportunities to score, Garrett and other Portland players graciously contributed in weird heaves and inexcusable fumbles. However, San Francisco butted in with a series of erratic plays and these assisted Portland in taking a momentary lead in the fourth.

the fourth.

It was while Portland had five to San Francisco's four that a miscue put Henley on and, with two out, Garrett allowed a single by Tennant and a double by Bodle which put the frisky ones in the lead again. With one to the good, Fisher lead again. With one to the good, Fisher gave three more runs by a series of pegs to bases which were decidedly to the limburger, while Garrett tossed one so far away that many thought it would never

Manager McCredle, very foolishly, in-sisted on kicking himself out of the game in the first inning. After he was ex-pelled, Speas played right field, but that was about all he did.

CAMPAIGN FOR NEEDED FUNDS IS OUTLINED.

Prominent Livestock Men Over State Will Join in Raising Funds for September Show.

Directors and stockholders of the Portland Fair and Livestock Association, leading spirits in the Portland Hunt Club and the Riverside Driving Association will meet in conference at 5 o'clock this afternoon, at the headquarters of the Portland Fair, Hamilton building, for the purpose of discussing the campaign to secure the \$25,000 fund for the Fail race meet and livestock exposition, which will be held here in Sentench.

The Fair and Livestock people were as-sisted to a considerable extent by the Hunt Club and Driving Association in the canvass made last Fail, when nearly one-third of the amount required as a Hunt Club and Driving Association in the canvass made last Fall, when nearly one-third of the amount required as a guarantee of a successful meet was raised, and a nubmer of the men behind these organizations have promised to buckle into the harness now and do all they can to arouse interest among their individual membership.

In addition to handling the fund-raising canvass in Portland, some of the prominent horsemen and livestock raisers throughout the state have been enlisted in the common cause. J. W. Balley, Barkey and D. State Dairy and D. State Dairy

PORTLAND, June 17.—(To the Sporting Editor of The Oregonian.)—In the standings of the Northwestern League will you kindly inform me how Spokane is credited with three victories over Vancouver and Vancouver with three over Spokane in the first series at Vancouver, when only five games were played, including the Sunday game at Seattle. According to your paper the series commenced Wednesday, June 2, and finished Sunday, June 6, or only five games.

Mr. Interested Fan evidently does not follow the scores closely, for on Saturday, June 5, the Spokane and Vancouver, clubs played two games at Vancouver, clubs played two games at Vancouver, successful conclusion.

SEATTLE, Wash., June 17.—(Special.)—
Portland landed on Harry Rush for four singles and a double in the seventh today and scored five runs, winning a game which had begun to look like a forforn hope. Up to that time Rush had held them to two singles and no score. Kinsella, too, had been pitching great ball, working the corners with masterly skill. Seattle scored in the second when Mike Lynch led off with a double to center, advanced to third on a passed ball and scored when Chinault dropped a throw from Kinsella to catch Capron of first. From then on till the ninth Seattle got no more than one hit to an inning and was never dangerous.

At the opening of the seventh Danny Shea's thumb was broken by a foul tip, and from then on Seattle's fortune changed. Bennett started it when he juggled Adams' grounder. He went to second on Garry's single to third on Staton's bunt toward third, when Rush tried to catch him at third instead of Staton at first. This is the first time in 15 years that Hall has not been connected with some baseball team, either as player, manager or franchise owner. He says he may decide to quit baseball for good. George M. KID MOHLER is ill and confined to his om, so he is one fortunate person who did not see that weird game.

Pearl Casey occupied a seat in the grandstand yesterday. He is limping around on one leg and decided that he would receive better care at home than by staying with the team at Seattle.

Cooney is running the team in Casey's absence, and the little shortstop got away with another victory yesterday. He also played his usual star game at short and stole a base.

After McCredie was benched for ex-After accredite was benched for expostulating over nothing. Speas went to right field, and he and Ryan took a nap while Bodie's fly dropped safe in the third. These naps are occuring too frequently of late. Get wise, McCredie.

After Bodie laced a long fly in deep left center, Ryan and Kennedy played far out for him. It was like locking the stable door after the horse was stolen. utes. Umpire—Frary.

Pine judgment, that, but only a sample of what happens whenever Portland meets the Seals.

All the San Francisco players need to do is to throw their gloves on the field, and McCredle's bunch quits instanter. That is a nice way for a ball team to perform, especially players who draw money for their services. Ort, Johnson. Olson and Kennedy were the only ones who showed a little life yesterday.

After Sunday we can watch Casey's team work for four weeks, and McCredle is in luck for on the Southern trip he does not meet San Francisco at all. This gives a little hope that the coasters won't drop into the cellar.

Big Eddie Kinsella had revenge for the defeat handed him Wednesday by beating Seattle yesterday. Harry Rush got away with his game for six innings, but something dropped on him after that.

Spokane finally rallied and saved a defeat which would have sent that team below the 500 mark. "Rasty" Wright worked nicely against the fast going Vandar help defeat puts Portconvertes and their defeat put land at the for third place again.

Charley Mullin accompanied Casey down from Seattle yesterday, and the unfortunate first sacker will be laid up for some time. He sustained a broken ankle in slidling into second base at Seattle Tuesday, but says he hopes to be able to play again this season.

Mike Mitchell, who started the season as first baseman of the Portland team of 1995, did the same thing in a game in Portland early that year. Mike got into the game again before the season was over, and the next year he was such a star Cincinnati drafted him, and he has been there ever size. a star Chieffe ever since.

At the rate the Indians are traveling backwards there is likely to be a new team in the cellar soon. Spokane had better liven up and get in the game. That team is not crippled any more than.

THE COLUMBIA RIVER VALLEY

The Fruit Basket of the World

A poor man has a small chance of ever becoming wealthy in the Far Eastern States. Even in the Middle West the openings are becoming scarce and many energetic men see that they can better themselves by coming to the Northwest. Some who have come West find they have not sufficient knowledge of the country to be able to locate at once in a business which will pay them well. If you are of this number, why not investigate the district which has more openings and opportunities for men of small or large capital than any other section of the Northwest?

The Columbia River Valley cannot be surpassed as a desirable place to live when you consider the many lines of business that are still needed, the large population which will surely settle here, and the vast increase which will follow any small investment made at this time.

It will pay you to look into the conditions in this land of opportunity. Kennewick and Pasco are already the important commercial centers of this district. For information concerning openings address.
