

ALL IN READINESS FOR AUTO RACERS

Crown Point-Lowell Course Is Oiled, and Patrolled by State Soldiers.

FAST TIME IS EXPECTED

Over Mile-a-Minute Average Is Looked For in 236 and 402-Mile Speed Tests to Be Held in Indiana.

CROWN POINT, Ind., June 17.—Great crowds began arriving tonight for the opening of the auto races over the Crown Point-Lowell circuit of 236 miles tomorrow. Excursion trains from every direction brought thousands of people, as did long lines of motor cars.

The First Illinois Regiment has arrived from Chicago, in command of Colonel Joseph B. Sanborn. The khaki-clad guards of the course carried their shelter coats and blankets over their shoulders, and before midnight there were many and who envied even this crude shelter. Tomorrow the military will be detailed in squads along the entire course to keep it clear.

Seventeen Cars to Compete.

Practice this afternoon differed from that of preceding days save that the time was not of official formality. It was expected there would be 18 cars in the race but the withdrawal of the Ford reduced the number to 17.

The race is for light stock cars, which will contest for the Indiana trophy. There are 17 entrants, as follows: Corbin, A. J. Malsonville; Bulck, Robert Hurman; Marion, Charles Stutz; Chalmers-Detroit, William Knipper; Marion, A. Monson; Locomobile, J. W. Florida; Bulck, George Dewitt; Fal-Car, W. H. Pearce; Locomobile, George Robertson; Moon, Phil Wolfe; Renault, A. W. Greiner; Bulck, Lewis Strang; Fal-Car, John Ruel; Stoddard Dayton, Wiseman; Chalmers-Detroit, Al Poole; Stoddard-Dayton, Wright; Chalmers-Detroit, J. Matson.

The Crown Point-Lowell parkway is 2.6 miles in length, with long straight-aways on three sides. The fourth side is irregular from Crown Point to Cedar Lake—about five miles. As the Indiana trophy race calls for 10 laps, the cars must travel 26 miles. This is but 41 miles less than the distance covered in the Vanderbilt race on Long Island last year.

Long Race Saturday.

The Cobe cup race on the Crown Point-Lowell route Saturday, the big event of the meet, is 17 laps, or 402 miles, which is 106 miles longer than the Long Island route.

It will furnish one of the severest tests of automobile stability in the history of motor-car racing. In fact, it has been stated by many drivers that the pilot who best saves his car will win both races.

The course is in good condition. Better than a mile a minute has been made in practice, and although there were some severe bumps, these were no more numerous than is to be expected in a race of the present length.

Fast Practice Time.

A few of the drivers, too eager to await the official afternoon practice, sped around the course this morning. Robertson, in his Locomobile, took another trial at the "S" curve, beating all previous records.

He dodged several truck wagons and yet made the lap, according to an ordinary watch, in 23:10. Several watchers gave Lytle, in an Apperson, credit for 24 minutes.

THUGS MAKE ODD MISTAKE

Beat Up Deputy Sheriff's Son for Law and Order League Sleuth.

MONTGOMERY, Ala., June 17.—A second attempt was made late last night to do bodily harm to detectives of the Law and Order League, who have gathered evidence against dealers in soft drinks. The detectives arrived in the city last night from Nashville, where they were rushed after being attacked here last week. Last night a son of Deputy Sheriff Harry McCord, who resembles one of the detectives, was called away from the jail and severely beaten before the thugs realized their mistake. Deputy Sheriff McCord is said to have gone in search of his son's assailants with a rifle.
