

WRIGHTS RECEIVE TRIBUTE; AND WORK

Dayton Honors Conquerors of Air With Day of Unique Exercises and Pageants.

BROTHERS SPEAK 6 WORDS

Return to Work in Aeroplane Shed Between Features of Programme—Will Be Given Medals Friday.

DAYTON, O., June 17.—In the city in which a few years ago they began in obscurity their first experiments with flying machines, Orville and Wilbur Wright today received the homage of their townspeople. Escorted by brass bands, led beneath triumphal arches and through streets decorated with models of their aeroplanes, and praised in public speeches, the brothers appeared the least conspicuous that anything unusual was going on.

When that part of the programme was reached which read "Responses by the Wrights," Wilbur and Orville each arose and said:

"Thank you, gentlemen."

How Wrights Spent Day.

This is how the Wright brothers spent the day:

9 A. M.—Left their work in the aeroplane shop and in their shirt-sleeves went out in the street to hear every whistle and bell in town blow and ring for 10 minutes.

9:10 A. M.—Returned to work.

10 A. M.—Drove in a parade to the opening ceremony of "Home-coming celebration."

11 A. M.—Returned to work.

12 M.—Reunion at dinner with Bishop Miller Wright, the father, Miss Katherine Wright, the sister; Reichlin Wright, of Tongonoxie, Kansas, a brother, and Loren, another brother.

2:30 P. M.—Reviewed a parade given in their honor in the downtown streets.

Never Forget Work.

4 to 6 P. M.—Worked two hours packing up parts of the aeroplane for shipment to Washington.

8 P. M.—Attended a public reception.

9 P. M.—Saw a pyrotechnical display on the river front in which their own portraits, eight feet high and en-

twined in an American flag, were shown.

When the fireworks were over, Wilbur turned to Orville and said: "Let us hurry home, you know we have to get up early."

General James Allen, Chief Signal Officer, accompanied by Lieutenant Lehm, of the Signal Corps, arrived from Washington today with the gold medal authorized by Congress, which he is to present to the Wright brothers tomorrow.

Decorations Are Unique.

From many triumphant arches awning outstretched aeroplanes, and on the tops of tall buildings air craft were made to appear ready for flight. On one banner appeared the words, "America is the home of aerial navigation, and Dayton is the home of the world's first aerial navigators."

Other inscriptions were, "They're the right Mr. Wrights all right," and "The Wrights that made Dayton famous."

The chief event of the celebration will take place tomorrow, when medals will be presented by the National Government, the State of Ohio and the City of Dayton. Governor Judson Harmon, of Ohio, will present the state medals. Those authorized by Congress will be presented by General James Allen, chief signal officer.

After completing their flights for the Government, which are to begin at Washington next week, both the Wrights

Shower of New Indictments Depresses Strikers.

REPLEVIN SUIT DISMISSED

Vigorous Action of Hawaiians, Coupled With Lack of Enthusiasm at Tokio, Sad Blow to Warlike Agitators.

HONOLULU, June 17.—Following the indictments of several of the Japanese strike leaders Friday last, the territorial grand jury returned additional indictments today against Y. Soga, F. Makino,

tempting to collect funds for the strikers by violence.

Leaders Are Indicted.

In addition to these indictments, 13 of the striking Japanese at the Wipahu plantation were indicted for an assault upon a police officer and rioting. In view of the vigorous action of the authorities, the strikers are much depressed.

The replevin suit brought to recover the papers seized in the office of the Jiji by High Sheriff Henry was dismissed.

Japanese Consul Uyeno is investigating the alleged destruction of the safe of Editor Soga, which was broken open by the authorities.

9000 Will Not Strike.

Forty-five delegates from the Japanese country on the Island of Hawaii, representing 9000 laborers, have just completed a session lasting four days and nights. They resolved not to strike, nor help the Oahu strikers, but to present a statement of their demands and trust to the fairness of the planters.

They ask for a 10-hour day at \$1. for time and a half pay for overtime and Sunday work and for quarters equal to those of the Spaniards and Portuguese. These demands will be presented to the Planters' Association Monday.

PUTS BLAME ON AGITATORS

Mikado's Government Treats Hawaiian Incident Lightly.

TOKIO, June 17.—The report that the Japanese of Hawaii had appealed to Tokio charging violation of treaty rights as an outcome of the strike agitation in the islands, is based upon the fact that one of the agitators arrested at Honolulu sent a cablegram to a brother living in Japan requesting him to endeavor to gain the intercession of the government in his behalf. In spite of the fact that he knew it was useless, the brother conveyed the appeal to the government.

A dispatch received here yesterday from the Japanese Consul at Honolulu says the strike situation is improving and that all the men in two districts have returned to work. The strike, the Consul says, is a result of agitation on the part of Japanese anarchists, the worst element among the Japanese, who have been trying to persuade all their countrymen to join a union. They claimed, the dispatch further asserts, that they would be able to increase wages, but in reality, their purpose was to collect money.

Continuing, the Japanese Consul speaks highly of the attitude of the local planters. He says also that after the arrest and conviction of the agitators the condition of Japanese labor at Hawaii would be improved, but he is advising the planters not to yield and to insist that the men return to work without conditions. The affair is not regarded seriously in Tokio. The government today gave assurance that it had not interfered in the matter and that it had not sent any instructions to the Consul at Honolulu.

Costs More to Make Than Other Whiskies

The annual whiskey production of Kentucky is about 30,000,000 gallons, consisting of good, bad and indifferent whiskies—principally indifferent. By indifferent, we mean whiskies used for making so-called "blends" and concoctions, and usually sold by unscrupulous dealers as "fine Kentucky whiskies." The cost of raw materials in

using the original formula of 62 years ago, prohibits the dealer from handling it for cheapening purposes. Cedar Brook is allowed to remain 8 years in wood before being bottled in bond, which makes it renowned as the best whiskey Kentucky produces. The Cedar Brook Distillery is in Anderson County—heart of the Blue Grass region—home of fine whiskey. Cedar Brook is sold wherever good liquor is sold.
