## AUTO EXPLODES; JUMP SAVES TRIO

### MEN BARELY ESCAPE CREMATION ON LINNTON ROAD.

### Gasoline Tank Bursts, Oil Trickles to Generator—Machine a Total Loss.

Three men narrowly escaped cremation on Linnton road yesterday afternoon in the explosion of the gasoline tank of the automobile in which they were riding. Leaping from the sides and the rear of the machine, which was ablaze in an instant, they escaped without a scorch by their agility. Adding irony to the near-death experience of the trio, the car was on a trial trip, two of the men being prospective purchasers, and the third, the driver, being the owner, buoyant with anticipation of selling the machine. The automobile was completely destroyed and represents a loss of \$4000, minus \$1200, the amount of its insurance.

O. L. Chapel, owner of the machine, Harry Hunter and Peter Peterson were the men who experienced the miraculous escape. Chapel, after remodeling the machine, which was of 1905 make, was taking a spin to test the merits of the machine in the presence of Hunter and Peterson, who intended to buy it. When within 100 yards of the Lakeview roadhouse the gasoline tank burst, a stream of oil trickled to the generator and instantly the machine was enveloped in flames. Chapel, in jumping for his life, gave the wheel a twist, heading the automobile for the side of the road, where it burned until irreparably destroyed.

Last Sunday night, the machine, less than a day before its sudden destruction, bore several elderly women along the same road. They, said Chapel, would undoubtedly have been burned to death under the circumstances that confronted him and his companions.

## CHICAGO, June 21.—Professor George B. Foster, of the University of Chicago, whose denial of the divinity of Christ in a recent book stirred Chicago Baptists to a high pitch of resentment, was dropped from the Baptist ministers' conference of Chicago today. It was the stormiest session ever held by churchmen in this city. Speakers who had been howled or hissed down sat with flushed, indignant faces while the chair pounded for order.

## MCLAURIN HISSED DOWN.

The insistence that Dr. A. C. Dixon, of the Moody Church, that Professor Foster be dropped brought the fight around to himself, the real object of the meeting being disregarded for a time. Dr. D. J. McLaughlin started trouble by asking for a committee to investigate Dr. Dixon's right to membership in the conference. This motion was hissed down and Dr. Dixon explained that he joined the Baptist Church in New York.

## DEFENDER IS SQUELCHED.

Dr. M. P. Boynton said: "We are not getting at this matter right. Foster is as good as Myers or any one here, and—" His voice was drowned.

The Myers referred to is Dr. Johnston Myers, one of the chief assailants of Professor Foster. Dr. Myers shouted above the din:

"It is no worse to him than to have those present denounced as Dr. Boynton is doing. The hisses should not be stopped unless Dr. Boynton is stopped."

Myers' Veracity Questioned.

Dr. Myers attempted to introduce a resolution to drop Professor Foster, whereat his veracity was assailed by Dr. A. H. Harney.

"This matter was decided for good and all last week," he shouted. "Dr. Myers promised on his honor that, if he did not get his resolution through then, he would not again bring it up. Now he is doing exactly contrary to his promise."

Myers Makes Denial.

"I deny the statement," responded Dr. Myers coolly. "I promised not to reintroduce that particular motion, because my motives had been questioned. Specific charges were wanted and that is what I have here today."

After four hours the preachers adopted the resolution dropping Professor Foster.

## TUCKERS PROPOSE FRIENDLY DIVORCE

### COLONEL WILLING TO ADMIT DESERTION OF WIFE.

### Alimony Is Still Subject of Discord, Wife Holding Out for Money.

CHICAGO, Ill., June 21.—(Special.)—It is probable that the domestic affairs of Colonel William F. Tucker and his wife, Mrs. "Dolly" Logan Tucker, daughter of General John A. Logan, may be settled quietly, Colonel Tucker allowing his wife to obtain a divorce without opposition.

It is said the Colonel will consent to this arrangement, providing Mrs. Tucker limits her charges in her bill of particulars to desertion, the two having been separated longer than the period legally required for such action. It is reported that Mrs. Tucker, while desirous of such a settlement, still demands that her husband make suitable alimony provision for her.

If an agreement can be reached, it is likely that Mrs. Tucker will go quietly to Chicago from Washington and appear before Judge Barnes, on whose calendar for July the case is entered.

Both Colonel Tucker and his attorney, Leo J. Doyle, today refused to deny that such a settlement is imminent.

## SETTLE ISLAND DISPUTE

### China and Japan Get Together Regarding Pratas Island.

TOKYO, June 21.—There is good reason to believe that the disputed ownership of Pratas Island, a cluster of rocks lying in the China Sea, of the Philippine group, has been amicably adjusted between China and Japan. The basis of the agreement is thought to be that Japan yields all claim to ownership, and in return China agrees to purchase the interests of Nishizawa, a Japanese settler on the island.
