ROOSEVELT MAY FEEL MUCKRAKE

Senate Committee, on Trail of Scandal, Demands Secret Report.

DEVLIN MAY LOSE HIS JOB

Wickersham Ordered to Give Up Harr's Report Condemning Way of Convicting Perrin-Burns

May Be Scorched.

WASHINGTON, June 21 .- By forcing the production of a secret report to the partment of Justice on the case of Dr. E. B. Perrin, of Willams, Ariz., convicted of conspiracy to defraud the Government out of California timber land, the Senate committee on judiciary expects to drive the opening wedge for an inquiry into the methods of the Roosevelt dministration in gathering evidence in land-fraud cases. The attack is aimed directly at Robert T. Devlin, United States District Attorney for the northern district of California, but it threat ens also to involve not only ex-Attorney-General Bonaparte, but ex-President Roosevelt himself. W. J. Burns, the detective who has gathered evidence for the prosecution in the San Francisco graft cases, is also involved.

Demands Secret Report.

Attorney-General Wickersham, by an order adopted by the Senate committee on judiciary, today is commanded to send to the Schate all the facts in his by Attorney-General Bonaparte, and the packages, which were left in the files of the Department of Justice, were marked "confidential."

Several days ago members of the subcommittee considering the reappoint-ment of Robert T. Devlin for United States Attorney for the northern district of California, obtained some information regarding these packages and requested Mr. Wickersham to send them to the Senate. He declined to do so because of the indorsement on the pack-ages, which, he said, had been placed there by his predecessor and which he desired to respect. The order to send the data to the Senate committee was made so as to relieve the Attorney-General of responsibility in the matter.

Devlin's Job at Stake.

Confirmation of the reappointment of Mr. Devlin, who was nominated on March 22, has been opposed because of criticism of his course in conducting the presecutions. It was brought out during the debate that a report bearing directly on the land frauds case involving Perrin had been made to the Department of Justice by W. R. Harr, formerly a special attorney in the land fraud cases, and now an asmistant to the Attorney-General

Perrin was convicted, but on an appeal the case was reversed and remanded for retrial. It was said that the conviction had been obtained by per-jured testimony given by a witness named Snell, who had been in Perrin's employ. The chief criticism of Mr. Devlin in that he has declined to nolle pros the case, although the Harr report declares such action should be taken. Mr. Devlin has been condemned also for his fallure to secure the conviction of Snell on a charge of perjury

Roosevelt Wanted Indictment.

It was brought out before the subcommittee today that the Harr report declares Perrin's conviction was procured by methods that could not be approved by the Department of Justice. Mr. Harr gave the details of the indictment of Perrin which he attributed to a statement made by Burns, who was then a United States secret service operative. This statement which was operative, This statement, which was made to the grand jury, was that Burns had come from Oyster Bay and he knew that President Roosevelt desired to have Perrin indicted.

The subcommittee discussed the Harr

The subcommittee discussed the Harr report. Senator Borah declared to his colleagues that it was evident that Mr. Bonaparte did not want to proceed on the line recommended by Mr. Harr which called for dismissal of proceedings against Perrin and the prosecution of Spell on a charge of perjury. Mr. Borah insisted that the reason for Mr. Bonaparte's failure to act should given.

When a response has been received from Mr. Wickersham to the order made today, a session of the full com-mittee will be held and the whole subject opened up.

KELSO BOOSTS GOOD ROADS

Association Favors County Bonds for Improved Highways.

KELSO, Wash., June 21.—(Special.)—An enthusiastic meeting of the Cowlitz County Good Roads Association was held here Saturday afternoon in the Kelso Theater. About 75 members were present. A. J. JAPAN TO EXHIBIT HERSELF

Japan, passed through Portland last night on their way from Seattle to San Francisco en route to their home country after an extended tour of America and Europe in the interests of the exhibition.

Mr. Sakal is a graduate of Harvard. He received his degree as Bachelor of Arts in 1906 and his master's degree the following year. What the Japanese representatives saw of Portland in their brief stay impressed them favorably and they expressed great admiration of its beauty. Mr. Sakal has been the guest of many officials of various governments of Europe and of the United States and has extended invitations to representatives to attend the exposition. The results were beyond the expectations of the commissioner, Mr. Sakal said last night. Regarding the Fair he said:

The object of the Exposition is to foster closer relations between the powers of the world and particularly of the United States with Japan in a commercial way and to give the world in general a chance to see Japan as it has never been seen before. The whole country will be on exhibition at the Tokio display. Customs and manners of centuries ago will be revived for the benefit of the visitors and the exposition will be as elaborate and unique as the nation can

make it.

HIDE DUTY UNDER DISCUSSION

Warren and Carter Have Set-to With Page of Vermont

WASHINGTON, June 21.—The tariff bill amendment of the finance committee taking hides from the free list and restoring the Dingley rate of 15 per cent ad valorem was before the Senate all day and it probably will not be disposed of before late tomorrow. Warren of Wyoming and Carter of Montana supported the provision and in vigorous language attacked the attitude of the free hide advocates, while Page of Vermont defended the action of the House in placing hides on the free list.

MANY CASES OF PARALYSIS ARE CURABLE

This Kansas City Man Gives the Tonic Treatment Entire Credit for His Recovery.

for His Recovery.

There are still people who say that no form of partial paralysis can be cared. If you have partial paralysis or some other severe nervous disorder, do you think it is better to be treated by someone who insists that you are incurable, or to take a treatment that grateful patients throughout the United States testify has cured them?

Mr. J. B. Stinson, of No. 1740 Madison avenue, Kansas City, Mo., says:

"In November, 1903, I was taken sick with severe pains through my chest and in the region of my heart. One morning, while working in the field, I was taken with worse pains than ever and before I could get back to the house, my legs seemed to be paralyzed and I could just hobble along and had to be helped up the steps. I was in bed for over two years and so helpless that I had to be turned over. I was completely paralyzed from just below my heart down. I had not a particle of feeling in this part of my body. I wasted away until I was just skin and bones. My appetite was good. My kidneys were affected and I had no control over them. During the time I was in bed I was perfectly helpless.

"I was living at Lees Summit, Mo., during my sickness and was treated by two doctors. Both said that my case was paralysis. Their medicine did not help me and they said I could not live.

was paralysis. Their medicine did not help me and they said I could not live. I began the use of Dr. Williams' Pink Pills. After awhile I began to have some control of my kidneys and bowels. I was finally able to get around in a wheel I was finally able to get around in a wheel chair and kept improving until I was able to walk with a cane. Like a child, I had to learn to walk again. I can walk now without any effort and no one would ever know what my condition had been. I feel as well as I ever did before the stroke, with one exception. I am not strong enough to do heavy work or lifting."

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthweakened nervous system has made hundreds of cures in the most

severe nervous disorders.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
