After Tie Vote Is Cast, Two Councilmen Change in Favor of Restaurant Man—Stark-Street Extension to Wait.

Mayor-elect Simon occupied a seat by the side of Mayor Lane during the session of the City Council this morning. Dr. Lane being in the chair for the last time during his term of office, Mayor Simon appeared greatly interested in the proceedings, which were calm and peaceful in comparison with many sessions of the Council. The routine of business was interrupted at 10:30 o'clock by the arrival of Mrs. Ada Wallace Unruh and a deputation of members of the Women's Christian Temperance Union, laden with beautiful bouquets of choice roses and flowers for Dr. Lane, who expressed great pleasure at receipt of the tokens of friendship.

"These are very appropriate," said Mayor Lane, as he accepted the bouquets, which were handed by the Head Janitor Simmons. The Mayor was looking at the flowers admiringly, as was his successor in office, when Councilman Baker said:

"They all signify purity."

"No, Mr. Baker, you are mistaken," said Mayor Lane, "they signify friendship, I think."

"If I am privileged to speak, I will say that we certainly intended them to signify purity," said Mayor Lane.

"Well, it is very kind of you, I am sure, thus to remember me," said the Mayor with a smile, "and I wish to express my hearty thanks."

Richards Gets Liquor License.

Following this unusual incident, the Council proceeded to grant liquor licenses and licenses to restaurants to dispense liquor with meals, while the delegation of the City of women looked on. A number of restaurants were licensed to dispense liquor with meals in various sections of the city, and when the application of T. L. Richards for a similar privilege came up, Councilman Driscoll moved that it be granted, Councilman Baker seconding the motion.

The roll being called on the motion to grant the Richards license, Mayor Lane announced that he voted against seven to seven, and he voted against granting it, thus defeating the motion. However, upon a reconsideration of the vote, Councilman Richards and Rushlight changed over and voted in favor of the license, making the vote nine to five, and the license was granted.

Councilman Rushlight and Cottel explained their vote by saying that, if the Council is going to license any restaurants, all who wish licenses should be shown. Councilmen Annand, Baker, Belding, Cottel, Driscoll, Dunning, Gagner, Menefee and Rushlight voted in favor of the Richards license, and Councilmen Bennett, Cellars, Conaway, Wallace and Mills voted against it. Councilman Baker recommended that a license be granted to Richards, and establishment he said he had investigated on behalf of the Council, and had found it as good as any others and better than some.

The license was granted, he said, as the impression had gotten abroad that he was making a fight to secure the license for Richards. Mr. Baker said that, since Mayor Lane raided Richards' place three weeks ago, he has been run strictly according to the laws, and that there is no reason why it should be discriminated against by the Council.

Stark Street Extension Goes Over.

The recommendation of the street committee that Stark street, from Thirteenth to Burnside streets, be opened, was not adopted, and the matter was referred back to the viewers, with instructions to reassess and include everything on the Stark street, so that the cost of the proposed improvement will not fall so heavily upon the taxpayers west of Fifth street, the original line of assessment.

An ordinance, the terms of which require public dancehalls to close at midnight, was passed. This will give the police power to compel all of these places to cease activity at the hour named. Heretofore no limit has been placed, and several halls have been running dances until 2 or 3 o'clock in the morning.

Councilman Menefee introduced a resolution calling for the appointment of a committee of three Councilmen to wait upon the officials of the O. R. & N. Company and the Port of Portland to advise them of the sentiment of the Council regarding the proposed bridge across the Willamette River at Gilliam and Adams streets. The resolution was adopted.

Interest High in Student Conference, Reports I. B. Rhodes.

I. B. Rhodes, state secretary of the Y. M. C. A., returning yesterday from the Northwest Student Y. M. C. A. conference, reported a large attendance and a keen interest in the meetings.

The principal speaker Wednesday was Clayton S. Cooper, who has just returned from a trip around the world in the interest of the Bible study movement. He dwelt on the details of his trip through India, China and Japan. He was invited to speak in the government colleges of the countries visited and in many instances organized large classes for Bible study. In Corea he enrolled a class of 700.

The main speaker for today is Dr. A. C. Barbour, one of the speakers who is attending the Northern Baptist convention, and who has left his trip through the East to engage in Y. M. C. A. work. There is much interest in the track meet which is to be held Saturday. The preliminaries in the tennis tournament are now being played.

RABBI OF TEMPLE BETH ISRAEL WEDS MEMBER OF WELL-KNOWN PORTLAND FAMILY.

A most impressive wedding was that of Miss Helen Rosenfeld and Rabbi Jonah B. Wise, which occurred last night at the Temple Beth Israel. The bride, daughter of Mr. and Mrs. Solomon Rosenfeld, a handsome and accomplished girl who is most popular in her set. Rabbi Wise, is a man of marked intellectuality who has made a host of friends since coming west a few years ago to assume charge of Temple Beth Israel. The decorations of the synagogue were most effective, consisting of a profusion of beautiful buds and woodland ferns.

The bride made a most beautiful figure as she entered the church wearing an imported gown of ivory white satin, hand-embroidered, and elaborated with rose point and duchesse lace. A full length veil fell in graceful folds and was held in place by a coronet of orange blossoms. The bride carried a bouquet of brides roses and orchids. Mrs. I. N. Lipman, a sister of the bride, acted as matron of honor and made a striking appearance in a gown of abet pink satin, cut diagonally and elaborated with pearl sequins. She carried bridesmaid buds.

The bridal cortege consisted of Miss Florence Wolfe, Miss Miriam Jacobs, Miss Ruth Rosenfeld and Miss Norman Fox, of Cincinnati, who were gowned in flimsy net with a wide, becoming veil of tulle which fell below the waistline. The veils were coroneted with Cecil Treumer roses, and they carried arm bouquets of the same delicate buds. The ushers were Arthur Rosenfeld, Stanford Rosenfeld, Dr. Manheimer, of Des Moines, Iowa, and Walter Rosenfeld. The ceremony was performed by Rabbi Maxwell Merritt, of Evanston, Ill., a classmate of Dr. Wise.

An elaborate reception followed at the residence of Mr. and Mrs. Solomon Rosenfeld where the color scheme was carried out in pink roses. Dr. and Mrs. Wise left last night for Seattle. Upon their return they will take an apartment at King and Davis streets.

TRIP BY AUTO IS LAUDED

Visitors Say It Is Best Way to See Coast.

"Seeing the Pacific Slope by automobile" was the way Mr. and Mrs. R. T. Jamieson, of Chattanooga, Tenn., described their trip from San Francisco to Portland.

"We wanted to see the Coast properly," said Mr. Jamieson. "There seemed no better way than to travel by auto, and we decided to adopt it. I drove the car myself and found the roads in excellent condition. Of course I tried to break no records, but even so I was not over 40 hours' actual running time. We only traveled in the daytime.

I am sure I know more now of the beauties of Oregon than people who have lived in Portland for years. You know nothing of the wonders of Southern Oregon, the magnificent orchards of the Willamette Valley and the hundreds of points of interest one encounters. Had I stopped every time we wished to do so, our trip would have lasted considerably longer than it did.

"We purpose continuing on to the exposition and shall then send the machine back to San Francisco."

"The expense? Well, including the cost of hiring the machine and all expenses en route, it is rather less than double what our united rail expenses would have been. I heartily recommend the auto to anyone who wants to enjoy a delightful holiday. It is so universally used in small towns up the Valley and in Northern Oregon that the roads are improving all the time. Auto traffic always tends that way."

COULD NOT BE BETTER.

No one has ever made a salve, ointment, lotion or balm to compare with Bucklen's. It cures Cuts, Corns, Burns, Eczema, Salt Rheum, Boils, Ulcers, Cold Sores, Chapped Hands It's supreme. Infallible for Fleas. Only 25c at all druggists.

FAIR WANTS BIG GRANT

WINNIPEG ASKS GOVERNMENT FOR \$1,000,000.

Canadian City Will Not Hold Exposition Unless Success Is Certain, Says Visitor.

Just a million acres of land or \$1,000,000 in current money is the Centennial Exposition committee of Winnipeg is asking of Premier Laurier as a guarantee that the exposition be held in Winnipeg, according to R. D. Taylor, a Winnipeg real estate man, a guest at the Commercial Club yesterday.

"The Premier thought we were asking a little too much," said Mr. Taylor, "and I am afraid we shall not get that much. The reason we asked at all was that we thought the exposition held at Portland was one of the few expositions that have ever been successful, and that was because of the large Government grant."

Mr. Taylor was corrected on this point and expressed much surprise that Portland and Oregon should have done so much to carry on the big fair of 1886.

Speaking of the Seattle Exposition, Mr. Taylor depreciated it considerably when making his comparison with the Portland fair. "We shall never be able to get up anything as fine as the Portland exposition," he said, "but we are going to try hard to do what we can't do as well as Seattle has. The grounds there are splendid and the disadvantage we have is that we have no really good site for the Centennial Exposition. The Centennial Exposition is to be in commemoration of the settlement of the country around Winnipeg on the Red River, 100 years ago. Winnipeg people are inclined to be very cautious and do not want to enter into the exposition unless they are sure the Eastern Canadian cities will give Winnipeg their support. Mr. Taylor said the Eastern cities were so cautious they were inclined to think the Winnipeg idea rather bumpkins."

For himself, Mr. Taylor was decidedly pessimistic in his utterances regarding the exposition. He admitted it would be a great thing for the city, but there had been no very gratifying response to the invitation for subscriptions.

Asked regarding Prince Rupert, the much-boomed western terminus of the C. P. R., Mr. Taylor said: "On my way up from San Francisco to Portland I was pointed out Coos Bay. Now, the situation is just this: If Jim Hill or Mr. Harriman build a railroad into Coos Bay it would be like Coos Bay people

ORDER IS CAUSE OF PROTEST

Seattle Official Tries to Discriminate Against Portland.

In a letter forwarded to Senator Bourne yesterday by Postmaster Young the assistance of the Senator is asked to prevent the enforcement of an order recently issued by P. Q. Whiting, chief clerk of the railway mail service at Seattle.

Postmaster Young and the clerks affected by the pending order are up in arms over the action of Whiting, which they declare is arbitrary and in no way concerns the best interests of the railway mail service. They have brought to the attention of Senator Bourne the fact that of 18 clerks employed in this service between Portland and Seattle six have lived in Portland for over ten years. An enforcement of the order would oblige several of these clerks to remove to Seattle at considerable expense.

Postmaster Young requests Senator Bourne to present the matter before the Postoffice Department at Washington, and unless better reasons can be given for the issuance of the order than have been offered by the division superintendent an effort will be made to have it rescinded.

Young Collects Figures as Basis of Plea for Postoffice.

Comprehensive statistics showing the growth of Portland in population, wealth and business during the last ten years have been compiled and forwarded to Washington by Postmaster Young as convincing proof of the need of a new postoffice building in this city and that Senator Bourne has introduced legislation carrying an appropriation of \$2,500,000.

Submitted with the figures are copies of letters from the various commercial organizations of the city and from the different Federal officials, who, by reason of lack of accommodations in the

The data compiled by Postmaster Young show further that the Government Young rents from private property-owners is 1,083 square feet of floor space for the accommodation of the various branches of the service that cannot be accommodated in the main postoffice building. For this reason the Government pays an annual rental of \$16,625.

Special Agent Watts, who has been connected with the office of United States Attorney McCurt in this city for some time, was yesterday advised by a telegram from Attorney-General Wickham to proceed to Idaho for "important work." Just what work Mr. Watts is to perform in Oregon's neighboring state is not known, but it is surmised strongly that the Government proposes to conclude its investigation of alleged land-frauds in that State.

Mr. Watts has been in Idaho for temporarily abandoned several weeks ago. United States Attorney McCurt was not in the city yesterday, but Deputy District Attorney Evans said he had no knowledge of the transfer of Watts or what was behind it. For some time Mr. Watts has been conducting an investigation pertaining to public lands in Union County. He probably will proceed direct from La Grande to his new field of labor.

ADMITS FENCING FEDERAL LAND.

Anton Vay, by his attorney, G. W. Phelps, yesterday appeared before United States Judge Wolverton and entered a plea of guilty to an indictment charging him with fencing Federal land in Umatilla county.

The United States Attorney asked that sentence be postponed until the Government could receive further reports as to whether or not the objectionable fences had been removed. The request was granted.

don't let anything dissuade you from a Pianola Piano

Purchase now—a situation such as this will never arise again

Never heretofore, not even in New York, has it been possible to show such a tremendous number of latest Pianola Pianos of each of the various styles and in the various superb and costly woods and finishes used only by the world-renowned makers of this magnificent art product.

Six solid carloads of Genuine Pianola Pianos, all of them the latest styles, were shipped to Eilers Piano House through an awkward misunderstanding on the part of our buyer and the manufacturers.

Rather than to return the bigger portion of these instruments to the factories at additional cost for freight charges, insurance, etc., we have decided to accept them. All of these instruments are now being displayed at Eilers Piano House.

Never again will Portland witness a showing of so extensive and superb a variety of styles and designs.

There's many a "silent" piano in many a home, where there ought to be a Pianola Piano, a genuine Pianola Piano, an instrument that is not "mechanical," but, on the contrary, makes it possible for every member of the family to produce the choicest of music with perfect individuality and expression.

We are now prepared to take such "silent pianos" in part payment for one of these very latest Metrostyle and Themodist Pianola Pianos, and we will make it an object for any owner of such old-style piano to do business with us now.

Will arrange most unusual liberal terms of payment for any responsible buyer not wishing on the spur of the moment to pay the difference in cash.

If you ever expect to own a Pianola Piano, now is the time to see about it at Eilers Piano House, Retail Department, "the always busy corner" at Park (Eighth) and Washington streets.

Mr. Taylor said large parties of people from Oregon were going to Canada and purchasing wheat lands, because the land could be obtained at a reasonable figure.

OREGON BUILDING AT FAIR ALWAYS THROGGED.

Views of State and Orchestra Concert Alternate on Programme Each Afternoon.

Oregon's superb exhibit at the A.-Y.-P. Exposition is attracting visitors in such numbers as to tax the capacity of the big Oregon building at all hours. This is the report of W. H. Wehrung, president of the Oregon Commission, who arrived from Seattle yesterday to spend a few days in Portland perfecting arrangements for the Portland and Oregon days at the exposition.

"The Oregon building is thronged with visitors at all times," said Mr. Wehrung. "The exhibits awaken wonderful enthusiasm among visitors from all sections of the country, and particularly from the East. Oregon's resources are being revealed in the various displays in the building, and this big exhibit is easily one of the features of the exposition."

"Visitors are entertained every day by a programme which includes alternating moving pictures and orchestra concerts. Beginning at 1:15 each afternoon moving pictures and colored slides are shown, the subjects dealing with Oregon. The pictures continue 20 minutes and then follows a concert of 20 minutes duration. This alternating programme continues until night."

"I expect a tremendous turnout of Oregon people for Oregon day, July 8," added Mr. Wehrung. "Oregon is already sending visitors in large numbers. Portland day will be another big event at the fair. The programme for the two days will be out soon."
