### IRON DOORS CAUSE TALK

FIRE COMMITTEE WONDERS WHY THEY WERE BOUGHT.

Invention of ex-Chief Holden Is Subject of Much Discussion and Inquisition.

Six iron doors to fire alarm boxes, a specially patented article, invented by Lee Holden, formerly a battalion chief in the Fire Department, furnished a sufficient supply of material for an hour's discussion by members of the fire committee of the Executive Board yesterday afternoon. Other things were under consideration, but this particular item seemed to worry the committee men. No report was formulated or motion made at the conclusion of the meeting. However, the action of the former fire committee in purchasing the doors was apparently looked upon as a piece of official extravagance worthy of rebuke, as the doors have never been used.

Isaac Swett acted as inquirer, and Fire Chief Campbell, Battalion Chief Young and Electrician Savarino were present to furnish answers. A broken cistern at Twelfth and Washington streets, a broken wheel of a chemical wagon in the station-house at Second and Oak streets, and the doors already mentioned, were a few of several items about which the committee wished information. The cistern and the cart wheel were in Chief Young's district, and he tried to answer the questions put to him about those matters. Concerning the doors, Electrician Savarino and Chief Campbell gave some information.

That the door patented by Mr. Holden is a good one, but that it is not needed here at all, seemed to be the burden of the testimony of the fire officials. It was 18 months ago they were purchased, and not one has ever been

placed on a box. It is a device which can be opened without a key, and Chief Campbell thinks it a good invention. Responsibility for buying these was put upon Marcus G. Fleischner, L. T. Peery and D. A. Pattullo, comprising the former committee, all of whom resigned because of friction with Mayor Lane some months ago.

As to the cistern, Battalion Chief Young assured the committee he did all in his power to repair it, and failed; Chief Campbell seemed to think it of but little importance, as he said the hydrant at that point is always ready for use. Chief Young said he heard about the broken wheel on the chemical cart and ordered A. G. Long, from whom the city bought the piece of apparatus, to have it repaired. He was criticized for doing so without the authority of the committee, but shielded himself behind Chief Campbell, who whom Chief Young said he reported.

### PERSONAL MENTION.

Alex Martin, Jr., banker at Klamath Falls, was registered at the Oregon Hotel.

L. L. Mullt, State Senator from Jackson County, registered at the Perkins yesterday.

Mrs. L. Mayer and Mrs. M. Delsheimer (nee Florence Mayer) have gone to Seattle for the week.

W. J. Kerr, president of the State Agricultural College at Corvallis, was at the Portland yesterday.

Mrs. Carl Delsheimer, of Baker City, Or., and her sister, Mrs. Freda Reinman, have just returned from Seattle, where they have been for the past week.

William Grimes, an enthusiastic Marshfield booster, was in Portland yesterday on his way to Burns to attend a meeting of the Oregon-Idaho Development Congress.

CHICAGO, June 28.—(Special.)—Mr. and Mrs. J. Y. George, of Portland, are at the Congress. H. W. Price, also of Portland, is at the Great Northern.

### OPENS NEXT TUESDAY

CHAUTAQUA THIS YEAR TO BE RECORD-BREAKER.

Great Things Promised for Sixteenth Session of Willamette Valley Association.

With the sound of the first note from the famous Chemawa Indian Band, one week from this morning, the 16th annual assembly of the Willamette Valley Chautauqua Association will be formally opened to what is generally regarded as the best Chautauqua programme ever given in the Northwest. Nearly all of the features are distinctly new to the Pacific Coast, making the entire presentation peculiarly attractive. Reports already in possession of the Secretary, H. E. Cross indicate that the attendance, usually large, will be augmented by thousands of newcomers since last year. Accommodations for an annually increasing attendance have been provided at Gladstone Park, one of the most naturally beautiful groves in the state, has been made especially beneficial for this exceptionally interesting assembly.

Sylvester A. Long, said to be one of the strongest lecturers on the Chautauqua platform, choosing for his subject, "Lightning and Toothpicks," and Montaville Flowers, of Cincinnati, assisted by the sisters, Misses Grace and Luella Keller, the former in readings and the latter two accompanying musically, will command the attention of the afternoon visitors. The assembly will be welcomed by Congressman W. C. Hawley in the morning, followed by the organization of the Summer school. The latter is expected to prove more popular than ever before.

As the week progresses new and tempting numbers will be provided, reaching a decidedly dramatic point on Thursday afternoon, when the eloquent and celebrated Chicago preacher, Dr. Frank G. Smith, of the Warren-Avenue Congregational Church, will deliver his lecture, entitled, "Our Nation; Her Mission, Her Hopes, Her Perils." This lecture has earned the commendation of the late Senator William B. Allison, who showered praise upon the author without reservation, believing it to be the most propos effort of the century.

Monday, the day before opening, the grounds at Gladstone Park will be appropriately decorated upon the occasion of the celebration of the Fourth of July, and many people who are preparing to camp throughout the season will set up their equipment at that time, all joining in an old-fashioned basket picnic during the day.

A fare and a third has been granted to all stations on the O. R. & N. and Southern Pacific Railroads and both the Cottage Grove and Roseburg trains have arranged to stop at the grounds. The railroad company has placed a ticket agent on the grounds. From Portland and Oregon City the Portland Railway, Light & Power Company will furnish special service to Gladstone Park, the fare being 25 cents round trip, from Portland and 5 cents from Oregon City.

Secretary Cross says that the number of camping parties taking advantage of the delightful vacation opportunities, combining the educational features as well, will be larger than ever before. The organization is advising campers to be in readiness the day before opening, thus participating in the National festivities and being able to enjoy the entire session without interruption.

Gillespie School of Expression. June recital at Auditorium of Young Women's Christian Association this evening at 8 o'clock.

Boston.—Professor George Herbert Palmer, of Harvard, 47 years old, has come forward with the statement that a little stirring property conducted is not only advisable, but even imperative for the average college boys and girls.

### PORTLAND DAY JULY 20

PLANS MADE FOR REGIRA TO A-Y-P FAIR.

Committee Secures Rate of \$5.60 for Round Trip, With Privilege of Staying Seven Days.

Plans for "Portland Day," July 20, at the A-Y-P Exposition, were arranged yesterday at a meeting of the committee appointed by the Commercial Club, Chamber of Commerce and Realty Board. The committee has secured the low rate of \$5.60 for the round-trip, allowing a stay-over of seven days in Seattle. Two special trains will be run. The first will leave Portland at 7:30 o'clock, Monday morning, July 19, which will arrive in Seattle in time for lunch. The second train will leave at midnight and a sufficient number of Pullman cars will be provided to care for all who wish to use them.

The committee has been advised that some of the Seattle hotels have offered to make as low rates as possible for the excursionists who go under the auspices of this committee. The Chamber of Commerce, Commercial Club and Realty Board will send out circular letters to all their members advising them of the excursion and the rates and conditions pertaining. A list will be kept at the Commercial Club for those who desire to be members of the party and are not members of any of the three organizations.

A large number of red pennants bearing the legend, "Portland, 500,000, 1912," have been ordered and will be carried by members of the party. A large quantity of buttons will also be taken for distribution in Seattle.

The members of the committee are Dr. J. R. Wetherbee, Theodore E. Wilcox, C. C. Colt, W. J. Hoffman, William MacMaster, E. D. Ehrman, ex-Senator Joseph Simon, J. O. Rountree.
