

### WRIGHT AEROPLANE FAILS ONCE AGAIN

#### Tumbles While Making Curve and Is Slightly Damaged by Contact With Ground.

### ORVILLE STILL CONFIDENT

#### Aviator Says Repairs Are Easy and Will Try Again—Weak Engine Blamed for Accident to Big Air Machine.

WASHINGTON, June 30.—Insufficient power was responsible for the misbehavior of the Wright aeroplane today at Fort Myer. The first flight attempted by Orville Wright resulted in slight damage to the machine, and ended the experiments for the day. Its duration was about 30 seconds.

Mr. Wright said the machine would be ready for another trial tomorrow, and that more power would be used. The aeroplane glided down the starting rail at 6:48 o'clock and flew to a height of about 15 feet for the length of the drill grounds. It was evident that it was working much better than yesterday.

As he neared the southern end of the field, Orville lowered the left wing and raised the right one. The machine began to make the turn gradually, but it had gone around only a few feet when it seemed to lose equilibrium. When a little more than half way around the left wing struck the earth and brought the machine to the ground with considerable force. Upon examination it was found that the motor had seized and in near the forward end and that a few wires had been jerked loose.

The machine was returned to the aeroplane shed. Orville explained that the motor did not seem to be generating enough power to take the machine around the turn. He thought the damage could be repaired easily and in time to enable him to attempt a flight tomorrow afternoon.

Among the spectators were a number of Senators, who neglected the tariff debate to be present.

### RUSSIA TO RULE FIRMLY

#### Will Pour Soldiers Into Persia Until All Uprising Is Put Down.

ST. PETERSBURG, June 30.—The occupation of Teheran, Persia, by a Russian military expedition is regarded in well-informed circles as a distinct probability of the near future.

The latest advices received here from Teheran indicate that the British and Russian Consuls sent out to negotiate with the leader of the Bakhtiari forces advancing against Teheran from the south, failed to obtain the desired promise that the march would be stayed and the Bakhtiari, who are acting in complete accord with the Caucasian and Persian revolutionaries, are expected shortly to resume the offensive from Kashan.

The Russian Foreign Office considers that the entrance of the Bakhtiari into Teheran would cause street fighting and pillaging and endanger life. The government will, if necessary, undertake any measures to be required for the protection of Russian lives and interests. The crisis is expected to come to a head within a fortnight.

The Foreign Office has a very poor opinion of the motives of the so-called Liberal forces of Persia. Many of the leaders, they say, are actuated more by a desire for loot than liberty.

### BOMB FIEND IS CAUGHT

#### Felix Sharkey Tells About Many Explosions in Chicago.

CHICAGO, June 30.—Felix Sharkey, once a terror to the police, but now crippled and gray, today divulged the details of the long series of bomb outrages which have mystified the police of Chicago. State's Attorney Wayman, to whom Sharkey told his story, laid an embargo of silence upon the narrator and the police officials who were present at the interview. Yesterday Sharkey refused to talk, but a night in jail conquered his stubbornness.

"Sharkey has changed his story," said Wayman. "He has told all he knows."

Sharkey, who is a former convict, was arrested here yesterday after the obtaining of information that 25 pounds of dynamite had been shipped to him at Morgan Park.

### INJURED ALL RECOVERING

#### Men Scalded on Torpedo Vessel Reported Doing Well.

VALLEJO, Cal., June 30.—Surgeons in attendance upon the five men scalded by the explosion of a boiler tube on the torpedo-boat destroyer Hull yesterday believe that all the victims will recover. B. F. King, the fireman, whose injuries were at first believed to be fatal, is resting comfortably and the others are improving.

The cause of the accident can only be conjectured in official Navy-yard circles, but it is generally believed that the tube exploded under heavy jar caused by the vessel stopping to repair the damage to her steering gear. No steps toward an investigation have yet been taken.

### ARCTIC EXPLORER SAFE?

#### Rumor Reaches Winnipeg That George Caldwell Is Alive.

WINNIPEG, June 30.—A rumor comes from the far north that George Caldwell, the explorer, who left three years ago to make a trip from Hudson Bay westward to Slave Lake and down to Edmonton, and who had been given up as lost, is reported by a native runner to be safe. Caldwell is now probably at Fullerton.

### HARVARD GIVES DEGREES

#### Honors Elliot and Others and Graduates 850 Students.

CAMBRIDGE, Mass., June 30.—With thousands of loyal alumni assembled, and

with the first president emeritus in attendance, commencement at Harvard University today was a notable occasion. The usual ideal Harvard commencement weather prevailed, with sunny skies and gentle, cooling breezes.

The candidates for degrees in course number 850. At 10 o'clock the President and fellows, overseers, faculty and officers of the university, the candidates for honorary and course degrees, and a large number of distinguished guests, formed in procession in the college yard and marched to Sanders Theater, where the exercises were held. The invited guests included many distinguished public officials, military and naval officers, and heads of educational institutions. In the theater the commencement addresses were delivered by the students. The conferring of the degrees followed.

Honorary degrees were conferred upon Wilfred Thomsen Grenfell, Labrador explorer and missionary; Samuel Franklin Emmons, of the United States Geological Survey; Eugene Kuhneman, professor of the University of Berlin, and upon Charles William Elliot, ex-president of Harvard. Upon Dr. Elliot were conferred the degrees of doctor of medicine and doctor of law.

### SUNDAY WANTS LINDEN

#### WELL-LIKED OREGON CITY PASTOR MAY LEAVE.

#### Has Been Offered Post of First Assistant to Evangelist—Will Likely Accept.

OREGON CITY, Or., June 30.—(Special.)—The First Baptist Church of Oregon City will probably lose its pastor, Rev.

Rev. John M. Linden, Pastor of Oregon City Baptist Church, Who May Join Billy Sunday.

John M. Linden, who has received an offer few clergymen would resist. He has been invited by the evangelist, "Billy" Sunday, to become his first assistant and the work Sunday is doing all over this country. Mr. Sunday begins his work this year about August 20 at Boulder, Colo.

Eighteen years ago, while connected with the mammoth store of Marshall Field & Co., in Chicago, Mr. Linden used to do street work with Sunday, inviting men to the meetings of the Young Men's Christian Association, of which Mr. Sunday was secretary of religious work. Friendship formed then was never broken. In 1894, Mr. Linden left business to prepare for the ministry and Sunday went into evangelistic work with Dr. Chapin. It was primarily through the efforts of Mr. Linden that Sunday came to Portland a few months ago.

Recent developments in Mr. Linden's work here have shown clearly his ability as an evangelist. Sunday has recognized his gifts and has chosen him out of a great many men who were anxious for the position.

The First Baptist Church of Oregon City, which has been in existence since 1842, has doubled its membership and has trebled its finances for current expenses and missionary enterprises. If Mr. Linden accepts this offer from his friend "Billy," he will probably resign his Oregon City charge to take effect July 1.

### SUFFRAGETTES NOT JAILED

#### Prisoners Taken in Raid Disappointed in Expectation of Prison.

LONDON, June 30.—The 116 suffragettes arrested last night during a raid on the house committee in an effort to present a petition to Premier Asquith, were arraigned in the Bow-Street Police Court this morning, and after lengthy arguments for and against their right to present a petition to the Premier, which was raised by Mrs. Pankhurst, the magistrate adjourned all the cases until July 3, and the women were released on their own recognizance.

The Police Court was surrounded by a dense crowd, purple, white and green, the colors of the suffragettes, being largely in evidence.

A majority of the prisoners, who had been bailed out, arrived at court armed with valises of all kinds in preparation for their expected incarceration in Holloway Jail. The waiting-room was crowded with women friends of the prisoners, who, when tired standing, sat down unceremoniously on the floor, at the expense of their silk skirts. Many of these women had brought with them pots of tea and packages of sandwiches, and the waiting-room looked like a picnic.

### TAFT WORN HIS PARTY

#### (Continued from First Page.)

poration members and the guests. Candidates for honorary degrees included: Master of Arts—John Pierpont Nodding Foster, Yale, and Henry Edward Krehbiel, of the New York Tribune.

Doctor of Science—Edwin William Morley, Williams, and Elkin Hastings Moore, Yale.

Doctor of Divinity—Edward Caldwell Moore and William Lawrence, both Harvard.

Doctor of Laws—Charles Stillman Sperry, Rear-Admiral, U. S. N.; Jacob McDevick, Dickinson, Secretary of War, and William Graham Sumner, Yale.

When Antonia N. La Sales, of the Philippine Islands, received his Master of Arts degree there was much applause. Professor Hadley announced the conferring of a degree on President Lowell, of Harvard.

### Scout for Waterway Commission.

LA CROSSE, Wis., June 30.—Judge Ray S. Reid, of LaCrosse, waterways commissioner of Wisconsin, has been commanded by Senator Burton, chairman of the National Waterways Commission, to go to Europe at once to lay out the route for the Congressional party which will leave from a study of European waterways immediately after adjournment of Congress. Judge Reid will first go to Canada.

### GIRL MURDERED IN CROWDED BUILDING

#### Bay City Stenographer's Assistant Then Escapes Unobserved.

### QUARRYMAN IS SUSPECTED

#### Quarrel Over Time-Check Ends in Crime—Girl Had Just Written to Friend, "I'm Still Alive" When She Was Shot.

SAN FRANCISCO, June 30.—"Dear Emma: I am still alive," wrote pretty Caroline Brasch, cashier and bookkeeper for Gray Brothers Company in the office of the concern on the sixth floor of the Wells-Fargo building shortly after 1 o'clock today, and before the sentence was finished she was lying lifeless on the floor, wantonly shot down. It is the theory of the police, over the trifling amount of \$5.75 in a time check.

All afternoon and tonight scores of police and detectives have searched the city in vain for J. Novak, a Slav quarry laborer, suspected of the crime. The shooting occurred in a populous office building when the elevators and corridors were crowded with persons, yet no one saw the murderer enter or leave the building.

Suspicion against Novak rests on purely circumstantial evidence. Two young girls, stenographers in an adjoining room, heard a man's vehement protest in broken English over the deduction of \$5.75 from his time check at a board bill, which he followed a few moments later by the report of the shot that ended Miss Brasch's life.

While the building hummed with excitement J. Novak, a quarry employe of Gray Brothers Company, walked into the office of a collection agency several blocks away and cashed a check from Consul Lyons and prominent members of the Japanese colony.

The strictly neutral attitude of the Japanese naval commander with regard to the striking plantation laborers and their grievances has been a disappointment to the leaders of the thousands of Japanese who quit work. F. Makino and M. Negoro, two of the men indicted on charges of conspiracy, called on the Admiral, but he refused to receive them.

The leaders find it difficult to hold the strikers in line, and, while the plans of the malcontents provide for Portland a few months ago.

Recent developments in Mr. Linden's work here have shown clearly his ability as an evangelist. Sunday has recognized his gifts and has chosen him out of a great many men who were anxious for the position.

### JAP ADMIRAL NEUTRAL

#### IJICHI TAKES NO PART WHETHER EVER IN LABOR TROUBLES.

#### Hawaiian Strike Leaders Are Refused Visit to Naval Commander, and Are Troubled.

HONOLULU, June 30.—The training squadron of Admiral Ijichi is expected to sail for Japan tomorrow. Tonight the Admiral gave a farewell dinner to Consul Lyons and prominent members of the Japanese colony.

The strictly neutral attitude of the Japanese naval commander with regard to the striking plantation laborers and their grievances has been a disappointment to the leaders of the thousands of Japanese who quit work. F. Makino and M. Negoro, two of the men indicted on charges of conspiracy, called on the Admiral, but he refused to receive them.

The leaders find it difficult to hold the strikers in line, and, while the plans of the malcontents provide for Portland a few months ago.

Recent developments in Mr. Linden's work here have shown clearly his ability as an evangelist. Sunday has recognized his gifts and has chosen him out of a great many men who were anxious for the position.

### WORK ON LOCKS IN FALL

#### Preliminary Steps in Construction of Panama Canal Gates Taken.

WASHINGTON, June 30.—Preliminary work already has begun at Panama on the locks of the Isthmian Canal. By the end of the summer construction in force will commence on these important adjuncts for the great water-way.

Today the Isthmian Canal Commission opened proposals for furnishing a great quantity of castings and structural material for anchorage purposes, for the which of lock gates, and for other requisites for use in the lock construction. Most of this material will be embedded in the masonry work.

### DELANO TO RUN RIO GRANDE

#### Road to Be Reorganized and President Jeffery to Retire.

DENVER, June 30.—The Post today says: The complete reorganization of the Denver & Rio Grande Road is near at hand, according to the most reliable information obtainable in Denver, and it is asserted positively that President Edward T. Jeffery is soon to retire.

In connection with this the name of F. A. Delano, ex-president of the Pittsburg Terminal Company, is named as a possible successor, and W. L. Park as a successor to General Manager Ridgeway, who is to retire tomorrow.

### HURRIES TO SAVE SAILOR

#### Cruiser South Dakota Makes Record Run Up Coast.

SAN FRANCISCO, June 30.—In the hope of saving the life of C. Taggart, a member of the crew of the cruise South Dakota, that vessel made a record-breaking run up the coast from Central American waters, arriving here today. Taggart is afflicted with tuberculosis of the kidneys and the ship's surgeon declared that the case required unusual care.

Upon receiving orders to proceed to Mare Island for repairs, the commander decided to make the run as quickly as possible, that the sick sailor might have the benefit of the facilities at the Naval Hospital. The man's condition was critical and the vessel's engines were pressed throughout the trip. Taggart's home is in Beaumont, Tex.

Officer Goes for Prisoner.

ST. LOUIS, June 30.—Detective Richard Joyce left for New York today to bring back Broughton Brandenburg to stand trial here for the alleged kidnaping of James Shepard Cabanne III.
