### GAIN IN CUSTOMS REVENUE

Loss in Internal Revenue and Other Sources-Large Deficits Expect-

ed in First Months of Fiscal Year.

WASHINGTON, July 1.—Treasury officials are pleased at the present showing of the Government finances. Ordinarily a denoit in the Government revenues of \$89.811.156, as shown by today's statement, would not be a matter
of congratulation. Nevertheless, at the
close of the fiscal year 1909 the Treasury officials express much gratification
that the official estimate of a denoit of
\$114,000,000, made last December, has
not been verified.

The customs receipts for the year aggressated \$201,208.857 which is

not been verified.

The customs receipts for the year aggressated \$101.209.865, which is an increase as compared with last year of \$15,000,000. The internal revenues produced \$246,339,063, a decrease of about \$5,000,000. Miscellaneous receipts aggregated \$56,893,919, which is a falling off of about \$6,500,000. The receipts from all sources during the year aggregated \$604,432,846, which is an increase over last year of \$3,250,000.

On the side of expenditures, the total for the year was \$604,243,002, which is an increase over 1308 of about \$37,000. an increase over 1908 of about \$37,008,... 000. The civil and miscellaneous ex-penditures amounted to \$164,288,538, an increase of \$5,000,000 over last year. It is fully expected that the new fiscal year will start with a series of monthly deficiencies.

New York Police Think Corpse Found in River That of Missing Leon Ling.

## MAY HAVE BEEN SUICIDE

Dead Body Discovered Floating in Hudson by Young Man in Motor-Boat-Cause of Death

Is a Mystery.

NEW YORK, July 1.-Although com plete identification was impossible tonight, there appeared to be a strong probability that the body of a Chinaman which was found floating in the Hudson River, near the upper part of this city, this evening, was that of Leon Ling, or William Leon, the murderer of Eisle Sigel. Coroner McDonald, who was the first to inspect the body, believes it is Leon's; as do the police. If it is Leon, the cause of his death will be another mystery, although one theory, that of suicide, would appear reasonable. The body was discovered by Clinton W. Sell, a resident of Harlem who was out in the river in a motor-boat with a young

## TROUT BARBECUE AT DEND

Unique Feature for Fourth of July Celebration.

BEND, Or., July 1.—(Special.)—What will be probably one of the most unique Fourth of July celebrations ever seen in Oregon will be held in Bend this week. The remarkable feature of the day will be a great trout barbeque with some 2500 of the famous Deschutes fish figuring in of the ramous Deschutes fish figuring in the title role, a gastronomic reception which few places can duplicate. But the river teems with the gamy fish—speckled trout, "red sides," and Dolly Vardens and all one needs is "a line and a rod and a hook" plus a modest amount of skill in fish lore, and a full creel is a fact even more certain than that promised reated a Deschutes Railroad. Already two parties of experts with the rod and reel have gone "up river." and from their camps each evening wagons bring their loads of fish down to the itehouses in preparations.

Of course there will be a ball game, fancy shooting, music, dancing, foot races -for fat men and lean-and most im-portant of all, horses galore, good, bad and indifferent. From the neighboring range country the cowboys are bringing in their "meanest" horses for the buck-ing contests, their fastest for the races and the most hopelessly broken-down nags they can get for love or money to compete in the "slow race." ## AIRSHIPS TO COME HERE

Livestock Association Purposes to Bring Them From Seattle.

With a view of showing the development of aerial navigation in the four years since the Lewis and Clark Exposition in 1905, the directors of the Port-land Fair and Livestock Associa-tion has decided to bring here the airships now making daily flights at the Seattle Fair, for the week of the big stock and race show, September 20-25. Lincoln Beachey's efforts during the

fair of 1905 are still well remembered, but Portland has seen none of the scientific developments that have been made since that time, and most of the important ones have taken place in less than a quadrennial.

Ouestion was raised whether it would Question was raised whether it would

A Disease of the Nerves Not of the Stomach-Correct Home Treatment.

Nervous dyspepsia, unlike other forms of indigestion, is a disease of the nerves and it must be treated by strengthening the nerves and the use of a good tonic, such as Dr. Williams' Pink Pills, together with a generous and nourishing diet, is the correct home treatment.

After suffering with nervous indigestion for over two years Mrs. George P. Martin, of No. 16 Admiral street, New Haven, Conn., tried Dr. Williams' Pink Pills. She tells of the great benefit she received as follows:

"Following a severe run-down condition I began to suffer with nervous indi-gestion. Food distressed me so much that it was with difficulty I could drink water and I had to live on milk almost entirely. I lost in weight and strength. I was so nervous that I could not bear to have any one visit me. I could not sleep nights or if I did I would wake up suddenly with a startled feeling. Whenever I ate much my stomach would bloat and there would be gas on it. Often-times I had to vomit to get relief. On going up stairs or in over-working I was certain to have palpitation of the heart. I had dull, sick headaches which lasted for two or three days. During these attacks I was unable to do my housework. I felt sick all over and wanted to be undisturbed.

"The doctor's medicine failed to help me after a trial of over three months. I read about Dr. Williams' Pink Pills in a newspaper and began using them. I noticed a difference after I had taken only a few boxes and was cured when I had given the pills a good trial. My cure has been permanent but I keep Dr. Williams' Pink Pills on hand to use as a tonic."

Dr. Williams' Pink Pills are useful in cases of acid stomach and in the treatment of over-sensitive stomachs in which the slightest irritation causes painful gnawing or burning sensations. This condition is common among grow-

ing girls.
Sufferers from dyspepsia in any form. who have found their condition unre lieved or actually growing worse while lieved or actually growing worse while using ordinary remedies, would do well to try Dr. Williams' Pink Pills. They are sold by all druggists or direct by mail, postpaid, on receipt of price, 50c. per box; six boxes, \$2.50. A diet book will be sent free, on application to the Dr. Williams Medicine Company.
