

MESSINA IS AGAIN TEMPORARILY STRICKEN

Twenty-three Shocks, Two of Great Severity, Visit Region Devastated Before.

CASUALTY LIST IS SMALL

Populace Flee From Temporary Homes to American Section and Surrounding Hills—All Trade Is Stopped.

MESSINA, July 1.—Messina experienced two terrific earth shocks at about 7:30 o'clock this morning. They were accompanied by a roaring sound, and are said to have had a stronger and more undulating movement than the earthquake of last December, which destroyed Messina, Reggio and other cities; laid waste many villages in Calabria, and killed 20,000 persons.

Although the shocks today had no such terrible consequences, the 25,000 residents of the city were thrown into terror. They ran into the streets panic-stricken, and tonight nearly the entire population is encamped in the open places, fearing to return to the structures that have served them as homes since the city was destroyed. The broken walls of the old ruins were thrown to the ground, and Messina was for some minutes smothered in a cloud of dust.

Only Few Killed. The casualties were few, and the only persons killed, so far as known, were a young woman and her child. The woman had come here only a few days ago, and had settled in rooms that the great earthquake had left undamaged.

Several persons were struck by detached stones, but as far as is known no one was fatally injured.

People Flee on Second Shock. The first shock was followed quickly by a second shock and the people fled pell-mell to the American quarter, where they seemed to feel was their safest place of refuge.

The soldiers soon drew a cordon around the square and a guard was mounted at the bridge leading to it. Many of the panic-stricken people were driven off, and orders were issued that, pending further instructions, no one should be permitted to occupy the American quarter.

Trade Is Paralyzed. All commerce ceased in the city and the places of business along the sea-front were closed. The vast majority of the thousand workmen were idle, and special precautions are being taken to prevent disorder.

Reggio suffered almost as severe a shock as Messina, but no casualties have been reported at that place. According to the reports, the earthquake affected practically the same zone as that of December, but the injuries to persons were relatively insignificant, because almost no one was yet inhabited the houses.

The seismic disturbance was felt at Taormina, but no damage was done there. Within 24 hours the shocks at Messina numbered 23.

DAMAGE SUITS ARE BEGUN

Injuries to Children Likely to Be Costly to City.

SPOKANE, July 1.—(Special).—The city is confronted with a bunch of damage suits aggregating \$30,000 on account of men engaged in water-pipe construction leaving dynamite caps where children could get hold of them. Three claims for this amount were filed today. The claimants are W. J. Fitzgerald, guardian for Maurice Fitzgerald, aged 10; C. J. Tibbitts, guardian for Elmer Tibbitts, aged 10, and Edw. Tibbitts, aged 10. An offer to settle the claims for \$100 each accompanied the filing made at the City Clerk's office. It is alleged that the boys found the explosive attached to a wire on Cass avenue and took the wire to Tibbitts' home to burn off the wrapping in order to get a wire. An explosion resulted, by which the boys named are stated to have been severely injured.

THUGS WORK NEAR POLICE

Numerous Strong-Arm Robberies in Alleys Near City Jail.

SPOKANE, July 1.—(Special).—For more than a week reports of strong-arm robberies in the alleys and hallways just across the corner from the Police Station have been pouring in at police headquarters. While they have discovered nothing that would aid them in making a capture, and scarcely any absolute proof of robberies have been found, the police are confident that many of the reports are authentic.

SPOKANE FACES DEFICIT

Shortage by End of Year May Reach \$200,000.

SPOKANE, July 1.—(Special).—With less than six months of the fiscal year gone by, Spokane is stated to be facing a financial crisis. Unless money is taken from funds appropriated for other purposes for which there is no immediate need, the employees of the city would receive their pay in "time checks." At the present rate it is estimated that unless a halt is called the end of the year will find a shortage of at least \$200,000.

HIS JOY IS SHORT-LIVED

Alleged Embezzler Discharged Only to Be Rearrested Forthwith.

When Assistant District Attorney Hennessey yesterday morning moved before Judge Bennett in the Municipal

Court, that the case against Louis J. Hall, the San Francisco collector charged with embezzlement, be dismissed. Hall was employed. His joy, however, was of short duration, as he was rearrested on a similar warrant from the court of Justice Bell. His preliminary examination is set for this afternoon at 2 o'clock. The reason for the change was that Justice Bell sat in a civil suit which was bearing on the case.

The case has been something of a bugaboo to the District Attorney's office. The Municipal Court officers found it hard to get service on Mrs. E. P. Preble, wife of the manager of the Frakes Millinery Company, chief witness in the case. Hall is charged with collecting on a note for \$150 from E. P. Preble in favor of G. D. Tomasin, without turning the money over to Tomasin.

DARE MAY PROVE FATAL

Lad Falls Out of Tree and Strikes on His Head.

Falling from a tree where he had climbed to outdo his youthful companions, 15-year-old Charles Robbins, who accompanied a small party of young folks on a picnic and fishing trip yesterday afternoon near Sellwood sustained injuries which may prove fatal. He struck the ground on his head and was picked up in an unconscious condition.

The boy's father, Charles H. Robbins, foreman for the J. I. Case Thrashing Machine Company, who lives at 723 East Fourteenth street, was notified, and went after his son in an automobile in the morning. He was hurried to the Good Samaritan Hospital. Here physicians worked over him for a time, but were unable to revive him and at a late hour last night he was still unconscious.

Although a number of young people were near when the accident occurred, it is supposed that the boy stepped on a light branch which gave way under his weight.

BOY REWROTE LOST CHECK

Vancouver Lad Gets in Trouble Trying to Obtain His Money.

VANCOUVER, Wash., July 1.—(Special).—Herman Hallauer, aged 15 years, son of John Hallauer, a member of the First National Bank, was arrested this morning for attempting to pass a forged check for \$4.

Young Hallauer said he had been working on a farm not far from the city for C. S. Nelson and John Studer, and that they both owed him money. Nelson made out a check to Hallauer for \$4, and the boy came to the city to cash it. When he got into the bank he found he had lost the check. Instantly he thought to make out a new check, get the money and then later explain to the men.

The police released the boy this afternoon, as they were satisfied that he intended no wrong.

NATIONAL DEBT DECREASES

Receipts for June Exceed Expenses by Over \$9,000,000.

WASHINGTON, July 1.—The monthly statement of the Treasury shows that at the close of the fiscal year June 30, 1909, the public debt less cash in the Treasury amounted to \$1,014,861,631, a decrease for the month of \$6,258,079. There is in National bank depositors \$14,498,635, and the cash balance on hand is \$274,453,841. The total receipts for the month were \$56,857,375, and the disbursements \$47,781,697.

Open Land Near Burns.

BURNS, Or., July 1.—(Special).—The local United States Land Office has been notified that the Harney Valley Improvement Company segregation, known as the famous Carey lands, has been canceled, and these lands, 50,000 acres of which are located close to Burns, will be opened at once to public entry. It is thought that every acre of this land will be taken in a very short time.

Road Must Provide Shed.

SALEM, Or., July 1.—(Special).—In the case of G. N. Jacks, the Sheriff and William Railroad Company, the State Railroad Commission has made an order requiring the railway company, within 30 days, to erect and maintain a suitable shelter shed at Williams. The complaint regarding freight rates is dismissed.

VICTIM OF MURDER WHICH HAS STARTLED WHOLE COUNTRY

MRS. EDITH MAY WOODILL.

INCOME TAX NEXT SUBJECT OF VOTE

Bulkeley Prevents Deal to Decide That and Corporation Tax Tuesday.

BORAH AND ROOT DEBATE

Idahoan Accuses Aldrich of Using Corporation Tax to Beat Income Tax Unjust.

WASHINGTON, July 1.—The Senate "came within one" today of agreeing to vote next Tuesday on the entire income tax amendment to the tariff bill, including the corporation tax substitute. The compact was prevented by the objection of Bulkeley.

The proposition took the form of a request from Flint for unanimous consent to vote on the Bulkeley-Cummins income tax amendment and all of the amendments to the amendment at 11 o'clock next Tuesday. One Senator after another expressed his consent to the proposition until for a few minutes it looked as if all objections would be brushed aside.

Just as the Vice-President was stating the agreement for the third time, Bulkeley leaped up and proceeded to say that he could not agree. He did not then give his reason. It turned out, however, that while he was opposed to the corporation tax amendment, his reason for opposing the vote was that he expected to be absent from the city next Tuesday, the date set for the vote, and did not want the vote recorded while he was away.

Borah and Root Lead Debate.

There were several speeches today. Borah leading off in favor of the income tax and Root advocating the corporation tax but opposing the income tax. It was evident throughout the entire day that the corporation tax had failed to arouse as much interest in the Senate as has been expected. During the debate today Bourne of Oregon predicted that the corporation tax would result in publicity of corporation affairs and thus prove of great service to the public.

Borah Aims Blow at Aldrich.

The corporation tax as a measure for the defeat of the income tax was being discussed by Borah when he was interrupted by McCumber, who disavowed any sympathy with Aldrich's remarks as to his reason for supporting the corporation tax. He declared that Aldrich had spoken for himself alone.

"The personal reasons of that Senator" (for his support of the corporation tax), said McCumber, referring to Chairman Aldrich, of the finance committee, "were not put forth as the reasons which actuated the committee in any respect. He gave them as his own personal reasons. I don't understand that a single other member of the committee agreed with him."

"I will show later," said Borah, "not only from the statement of the chairman of the finance committee, but will prove by the Senate that this corporation tax has its origin in a desire to defeat the income tax. And when it shall have served its purpose it will die, as the leader in this chamber said, 'an ignominious death.'"

BRET HARTE LAND SHAKEN

Poker Flat Has Nightly Quakes and Miners Are Alarmed.

DOWNTOWNEVILLE, Cal., July 1.—(Special).—Almost every night for more than a week earthquake shocks have been experienced here, and their frequency has caused considerable uneasiness. Since the rather severe tremor of June 21 there have been frequent lighter shocks, most of them sufficiently perceptible to awaken people.

People living at Poker Flat say Mount Filmore is the seat of the disturbance. That country has reported some of these quakes as being quite severe. Earthquakes heretofore have been rare in Sierra Country. Miners fear to work underground, lest these shakings cause cave-ins. Poker Flat people are wondering if Mount Filmore is getting ready to split fire.

DEFENDS WIFE; IS FINED

Husband of Woman Who Pours Water Out of Window Fights.

SPOKANE, Wash., July 1.—(Special).—"His wife threw water on the back of my neck as I was passing the house, and I went to see Mr. Hubbard about it, and he struck me." Such was the statement which Mr. McGinley the complaining witness, made in a police court case this afternoon. Mrs. Hubbard had been watering some flowering plants and having a surplus of water threw it out of the window. McGinley happened to be under the window and received the contents of the basin. Judge Mann found Hubbard guilty of disorderly conduct and fined him \$1 and costs.

only from the statement of the chairman of the finance committee, but will prove by the Senate that this corporation tax has its origin in a desire to defeat the income tax. And when it shall have served its purpose it will die, as the leader in this chamber said, 'an ignominious death.'

In opposing the corporation tax, the Idaho Senator recalled the corporation tax proposed by the party as a war measure in 1898, declaring it was rejected by the Republican majority as a matter of expediency, not because the tax was not necessary, but because of the principles involved. He read extracts from a speech by Lodge, made in 1888, in strong opposition to the corporation tax then proposed by the Democratic minority.

TEXAS COAST LAID WASTE

Storm Capsizes Fishing Boats and Drowns Fishermen.

BROWNSVILLE, Tex., July 1.—The storm that swept the coast adjacent to

this section yesterday did considerable damage. At Point Isabel several fishing boats were capsized and two Mexican fishermen are missing. Many houses were destroyed.

MISSOURI RECORDS SHOW GREAT GAIN IN SALE OF BEER.

ST. LOUIS, July 1.—Although more than 80 Missouri counties are dry and the Sunday closing laws are enforced rigorously, the month of June, just closed, shows greater consumption of beer than any corresponding month since the creation of the office of beer inspector, eight years ago. The report of State Beer Inspector Ernest Marshall will be received by State Treasurer Cowgill today, with receipts of \$48,663. Only \$41,494 was taken in during June, 1904, the world's fair year. No June until now has equalled the receipts of that one. The wholesalers have done a big business in dry counties, many consumers buying beer by the barrel and whisky and wine by the case. No check is kept on the whisky and wine sold in Missouri.

OPEN KLAMATH BIDS SOON

Harriman Project Will Be Under Way in Near Future.

SAN FRANCISCO, July 1.—(Special).—At the office of Chief Engineer Hood, of the Southern Pacific Company, today, it was learned that bids for construction of the Klamath Railroad had been received, but have not been opened yet. Mr. Hood said he could not give the exact date of opening, but he thought it would be soon.

CUSHMAN IS IMPROVING

Washington Congressman, Sick in New York, Reported Better.

NEW YORK, July 1.—(Special).—It was said tonight at Roosevelt Hospital, where F. W. Cushman, Representative in Congress from Washington and a member of the ways and means committee, is lying ill of pneumonia, that he is improving. Mr. Cushman went to the hospital on June 19.

SILVERMAN IS BANKRUPT

Leading Alaska Mining Man Gives Up Losing Game.

NEW YORK, July 1.—Samuel L. Silverman, in business here since he filed a petition in voluntary bank-

ruptcy here today. His liabilities are given as \$198,190 and his assets \$117,650. Of the liabilities, claims aggregating \$122,193 are unsecured. The First National Bank of Seattle is given as a secured creditor to the extent of \$30,000. Silverman is a mining promoter and has been interested in Alaskan mining property and securities which recently suffered sensational declines.
