COUNTY EMPLOYES' SALARIES HELD UP

Effort of Justices to Keep Marriage Fees Is Responsible.

BE PAID

Commissioners Wished Auditor Not to Audit Olson's Salary, but He Refused and All Were Held Out Beyond Usual Payday.

May salaries of all county employes have been held up by the County Court and will not be paid until this morning, all because County Auditor Brandes refused to be a party to the effort of the Commissioners to hold up Justice of the Peace Olson's salary. It was not until the middle of yesterday afternoon that the Commissioners decided to pay the salaries, including Justice Olson's County Clerk Fields at once set three girls to be provided to warrants but they were typewriting the warrants, but they were not finished until after closing hours just

The trouble has all arisen on account of the effort on the part of the Commissioners to force Justices Olson and Bell to turn over to the county all monely reserved for performing marriages. Justice Olson's relation of the county of the Commissioners of the Com received for performing marriage, the Olson's salary was held up last month, but when he brought suit in the Circuit Court it was paid. This was intended by the Commissioners to have been a test case, but they are believed to have received legal advice to the effect that to be in proper form for a test the sal-ary must not be audited by the County

Auditor.
So the matter went over until this menth, when a refusal on the part of Mr. Brandes to audit Justice Olson's salary was looked for by the Commissioners. When the Auditor refused to mix in the effair the Commissioners withheld all salaries pending a decision as to what to do next. County Judge Webster had planned to leave the city today, so the matter was finally settled yesterday afternoon.

Commissioner Lightner saked yesterday afternoon whether the County Court will have Mr. Brandes enjoined from auditing Justice Olson's salary next menth, and replied in the negative Asked what further would be done. he said something about crossing bridges, and said he did not care to give the public any information about the matter at present

at present.

The manner in which cases have, until recently, been docketed in the Justice Courts has caused a congestion in Justice Bell's court, while Justice Oison is left with practically no work in trying cases. By looking over the docket it will be seen that Justice Bell has 57 cases set for trial, extending until October 6, while Justice Oison has but 15, the last one being July 28. It has been the custom to assign the odd-numbered cases to Justice Bell, and the even-numbered ones to Justice Oison. Attorneys going to the Justice Court to file suits first looked over the docket. If an even number was next in order and the suit was important those who knew the game kept the legal those who knew the game kept the legal documents carefully tucked away in their pockets until an even number was available. This put the burden of the work upon Justice Rell.

OBJECTS TO ADMINISTRATOR

Mrs. Dunham Charges J. M. Pittinger With Mismanagement.

Charging J. M. Pittinger, administrator of the Lillian B. Dixon estate, with treating the estate as "his own private property," Mrs. Matilda E. Dunham, of the deceased, has filed a petition in the County Court asking for his

Mrs. Dixon died May 4, 1907, leaving property valued at \$5785. S. Dildine was appointed executor. He died March 2, 1908, and Miss Pearl Jackson would, under the will, have been chosen to take his place. But she waived this right, and Pittinger was appointed. Mrs. Dunham says, however, that this was without her knowledge, she being one of the heirs. Mrs. Dunham says that under the provi-sions of the will she was given the house and lot at 303 Eugene street. Pittinger, she asserts, has secured an order from the County Court permitting him to sell all the property of the estate, including Mrs. Dunham's property in Piedmont and Albina, "in defiance of the expressed wish of the deceased, and of the state law." of the deceased, and of the state law."

She says also that he has paid almself as administrator \$100 without court authority, and his prother \$100 as attorney's fees. Beside this, she says he tas erected a building upon the estate propich he is using as a real estate and insurance office in conducting his own business.

CORPORATION TAX QUESTION

To Decide Tax on Accounts of Company in Another State.

The question whether the accounts of a corporation whose business is in foreign state can be taxed, is to be a foreign state can be taxed, is to be decided by Circuit Judge Gatens this morning in the case of the Marshall-Wells Hardware Company against Multnomah County and Sheriff Stevens. The hardware concern was assessed in 1908 3256,000 for merchandise and tangible personal property, and \$225,000 for

The taxes on the \$356,000 were paid, and Sheriff enjoined from collecting the tax upon the accounts, on the ground that this is only a branch office the private of fice, the principal place of business, being at Duluth, Minn. It is alleged that in the absence of law to that effect the Assessor has no right to tax the accounts of a foreign corporation.

Franchise Under Advisement.

The suit of W. H. Bradford against the Portland Railway, Light & Power Company, attacking the blanket franchise recently granted to the company chise recently granted to the company by the City Council, was taken under advisement by Circuit Judge Bronaugh yesterday. It is alleged the franchise is void until it is voted upon by the people, a petition for referendum hav-ing been filed. It is the contention of the defense that the franchise because the defense that the franchise becomes operative within 15 days after its passage, and that the referendum petition must be filed before the expiration of that time

Judge Cleland Decides Cases.

Judge Cleland decided the following S. B. Cobb against Sophia H. and John Klosterman, Mary C and F. J. Alex Mayer, anding for plaintiff; Kloaterman sold Cobb East Portland property for \$4000, when title rested in name of other parties; suit to recover \$1000 damages.

Martha B. and Arthur D. Smith against Sarah and D. H. McCall; finding for plain-

er homestead relinquishment.

E. D. Kingsley, of Arleta Lumber Comthy, against F. W. Berger; findings for
orger; suit for \$119.69; balance.

Alfred L. and Annie T. Parkhurst against
Young and D. E. McCurdy; findings for
strehurst; suit for \$50 for wrongful withsliding of Mount Tabor property.

Hold-up Gets No New Trial.

Tony Patrico, sentenced to ten years in the Penitentiary for having held up J. P. Dow, will not have a new trial, according to the decision of Circuit Judge Cleland yesterday. Judge Cleland also refused to give D. H. Williams, the convicted embezzler of money from the Leather Workers' Union, another trial. Williams was sentenced to the property of the Person of the Pers five years in the Penitentiary.

Suit Not to Be Reopened.

The effort of W. H. Morehouse to repen the sult in which a jury assessed its property at \$4700 for city park

NEW CITY ENGINEER TO TAKE CHARGE JULY 16.

J. W. Morris

J. W. Morris, the new City En-gineer, will take charge of the office July 16. D. W. Taylor, the present incumbent, asked for and was granted two weeks' time in which to complete work that he has in hand. Mr. Morris has had wide experience in this line. He has been employed by the South-ern Pacific Company since 1901 in various engineering capacities. in various engineering capacities. He has lived in Portland for four years.

General Manager Schwerin Due to Arrive in Portland Soon-Will Personally Take Up Matter of Building Two New Docks.

R. P. Schwerin, general manager of the Pacific Mail Steamship Company and the San Francisco & Portland Steamship Company, is expected to arrive in Portland within a few days from San Francisco. Mr. Schwerin recently returned to California from New York where he was engaged in the pre-liminaries of the construction of the two new steamships for the San Fran-cisco-Portland run.

It is understood that the main object of Mr. Schwerin's visit to Portland will be to take up the matter of the construction of new and modern docks for the company on the sites now occupied by the Ainsworth and Alaska docks. The Alaska dock was formerly known as the Steamship dock

and both wharves have done duty as landing places for several decades. High water each year and the ravages of time have had their effect on the structures and new piers are an absorte necessity.

lute necessity.

Surveys for the new railroad bridge across the Willamette run through the center of the Alaska dock and when construction work begins it will be necessary to tear out a large part of that wharf. The Ainsworth dock is overcrowded and the last rise in the river has not helped matters any. The decking on the lower dock has lifted and it will require considerable work to get it in shape for freight.

BRIDGE PROTESTS HEARD East Side Citizens Object to Rail-

road Span as Planned.

Committees representing the North East Side Push Club and the City Council appeared before the Port of Portland Commission at the City Hall yester-iny afternoon, to discuss the proposed new steel double-decked railroad bridge across the Willamette River from Glisan to Ore-gon streets. The discussion was purely informal and no action was taken. The subject of approaches was the one to receive consideration.

The Push Club committee, headed by 100 A. B. Manley, was opposed to the plans as submitted by the O. R. & N. Com-pany, for the reason that the approach from Larabee street necessitates resi-dents north of Holladay avenue turning 400 east in order to reach the main approach to the proposed bridge after reaching the point where Larrabee and Holladay avenue converge. It was suggested by them that Larrabee street be put through the corner occupied at present by the old Holladay House and an approach to the

the corner occupied at present by the old Holladay House and an approach to the bridge be carried over the bluff and built up on steel supports.

This plan was opposed by A. C. Spencer and Chief Engineer Boschke, of the Harriman lines. No understanding was reached and no formal remarks on the subject were made. The board may take up the subject of permitting the chi of bridges at its regular meeting, July &

THE POPULAR SCOTCH WHISKY BLACK&WHITE

FOR OVER 31 YEARS

The St. Louis Medical Co. Have Been Established at Their Present Address

Endorsed by Old-Time Business Men and a Generation of Cured and Satisfied Patients.

Does it mean anything to you to know that a great many of my cured patients had been previously treated by competitors before finally coming to me? Of course they did not do this for the fun of spending their money fruitlessly, but because in most cases they were practically strangers in the community and under such circumstances one advertisement looked as inviting as another.

BE PAID UNTIL CURED For more than 30 years the St. Louis Medical Company has been the foremost company on the Pacific Coast in the treatment of men's diseases, and as its head physician I am today acknowledged to be without a peer in the West in the cure of VARICOSE VEINS OF MEN, My methods have been copied after and imitated, but never more successfully than another man would be able to imitate the signature pecultarly characteristic of someone else.

NOT A DOLLAR NEED

Announcements in the daily press and the comment of specialists all over the country concerning my cures for BLOOD POISON has taken a wide range, and many unsuccessful attempts have been made to duplicate the treatment, but the original secret is still mine and can be obtained from no other man and from no other source. The "Talks on Blood Poison" that you frequently see advertised by competitors was first copywrighted by me through Attorney A. J. O'Brien in my little booklet, "Private Diseases of Men" ten years ago and appears in my latest book of 950 pages that adorns the desk of many specialists of the country.

In the treatment of nerve strain or VITAL WEAKNESS OF MEN and the long train of distressing complications such as loss of memory, despondency, gloomy forebodings, specks before the eyes, bad dreams as well as the prevalent forms of INFECTIOUS DISEASES, RUPTURE, FISTULA, PILES and all pelvic atlments of men are handled by me with consummate skill and success acquired through years of re-search and experience. To the individual seeking relief from any of these disorders it is simply a question of whether he desires service from a recognized authority or from someone of less experience and ability. If you will come to me I can demonstrate to you how I am taking brokendown wrecks of humanity from every walk of life and making them as vigorous and healthy as their fellows. I don't care what has caused your trouble or who has failed to cure you, I will cure you completely and permanently or not charge you a cent for my services. My little booklet contains valuable points that you ought to know, and if you can't call, write for it. I will mail it under plain cover free from public observation. Consultation and advice always free whether at office or by mail.

Medicines from \$1.50 to \$6.50 per course; within any man's reach. If you cannot call, write for self-examination blank.

AUTO HIGHWAY TO TILLAMOOK TO BE BUILT.

Money Partly Subscribed and Enthuslasm in Evidence to Secure Remainder.

Definite arrangements have been made for the construction of the Sour Grass Valley automobile road from Portland to Tillamook. A committee from Tillamook was in Portland yesterady conferring with H. Wemme, president of the Portland Automobile Club, and reported that citizens of Tillamook were enthusiastic to the point of offering to raise \$5000 for the con-struction of a highway to the coast. Yamhill County and the Portland Auto-

Yamhill County and the Portland Automobile Club have also each come forward with \$5000. The expense of building the road, it is estimated, will be between \$15,000 and \$20,000.

Heavy grades will be eliminated from the new highway; no grade of over 5 per cent will be met with on the course, whereas the present road to Tillamook contains several grades of from 15 per cent to 20 per cent. The road will be built around the mountains, going by way of Sheridan.

New York—A novel African hunting expedition is being financed by W. D. Royce, the wealthy Chicago publisher, and will leave tains, going by way of Sheridan. Crushed rock will be used for the road-

the road.

It is expected that at least 100 ma chines will make the trip to Tillamook this Summer over the present road, and the owners of these machines, it is

Automobile Club and a native of Swit-

Automobile Club and a native of Switzerland, says that the country between Portland and Tillamook is the Switzerland of America, and that the acquisition of a first-class thoroughfare through this territory will be worth \$1,000,000 to the state. It is thought generally by the promoters of the project that land lying along the proposed new road will double in value in less than three years after the completion of the road.

beauty of the country and the need of a well-constructed road that they will be more than willing to come forward with cash for the completion of a first-class birthway. class highway.

Celebration Saturday at Sandy. SANDY, Or., July 2.—(Special.)—Arrangements have been completed for celebrating Independence day here on Saturday, July 2. Walter A. Dimick will be the speaker and Miss Florence Me-Elroy will rend the Declaration of In-dependence. The Aylsworth family, of

New York.—A novel African hunting expedition is being financed by W. D. Royce, the westithy Chicago publisher, and will leave New York on August 4, to obtain photographs of same in British East Africa, where expression Rossevett is now hunting, and to accomplish this a balloon will be utilized.

MEN ONLY

You Pay When Cured

I want to impress it upon every weak man that I can make him strong, healthy, alert and free from every taint of disease and weakness. I have limited my specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for twenty-five years qualifies me to say positively that such troubles as weakness, varicose veins, hydrocele, contracted and blood disorders can be cured perfectly—so as to stay cured. Of course I use different methods than the ordinary physician. Most of these are original with me and were devised for just such cases as the ordinary courses of treatment fail to reach.

The Leading Specialist.

The Scientific Treatment of Diseases

Dosing the system with powerful stimulants and tonics in an effort to restore functional activity can have but one final result: The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness," which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautifully engraved chart free if you will call.

EXAMINATION FREE

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No alling man should neglect this opportunity to get expert opinion about his trouble. If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 A. M. to 9 P. M., and Sundays from 10 to 1 only.
