WASHINGTON, July 4 .- Proposed in creases in the internal revenue taxes on all forms of manufactured tobacco have all forms of manufactured tobacco have brought a veritable hornets' nest about the heads of the Senate committee on finance. The committee decided today it would have to hearken to the demands and although an amendment fixing the rates of increase had been prepared for introduction Tuesday, telegrams have been sent out telling the tobacco manu-facturers they will be given a hearing before a subcommittee before 10 o'clock Monday. Monday

An estimate of the increased revenues that would be produced by the increases in the tobacco taxes as proposed by the Beveridge amendment was received by the Senate committee today from the in-ternal revenue contained by the pro-posed increase, the Beveridge amendment would raise about \$20,000,000 in excess of the amount now collected. This amount is said to be greater than the Adminis-tration desires to draw from the tobacco industry and it is likely, therefore, the rate proposed may be lowered, especially An estimate of the increased revenue that on cigars. GREAT RAILWAY CENTER Bloemfontein Seeks Compensation

for Losing South African Capital.

JOHANNESBURG, July 4 .- (Special.) -A movement is on foot to have Bloem-fontein made the principal railway center in South Africa. At a recent public meeting, attended by many of the leading men of all parties in the colony, this step was advocated as a compensatory step was advocated as a compensatory measure, since, as one speaker put it, the town is in the position of a "distracted capital." It was pointed out that the municipal debt had been created largely in the expectation that Bloemfontein would become a national capital and that, under the act of union, the liabilities of the people of the colony would be greatly hap. creased.

Hence the meeting was of opinion that an effort should be made to equalize public expenditure as among the various states and that, so far as Orangia was concerned, this end could best be secured by transferring to it the central railway administration and the principal rail-way workshops. It was urged that "geographically, economically and mor-ally." Bloemfontein was the proper cenally. Bioemiontein was the proper cen-ter for the purpose, and that the carry-ing out of the proposal would not only enable the colonists to pay their way, but would also benefit the union as a whole.
