Trailing Rope Catches Lad as Big Bag Soars Upward and Holds Him Tightly.

AERONAUT RESCUES CHILD

Hails Him to Trapeze Bar and Both Later Come Down in Water Safely and Are Picked Up Unhurt by Launch.

SANTA CRUZ, Cal., July 5.—In the presence of 20,000 persons, gathered on the beach to celebrate the Fourth, Jesse Wynman, a 19-year-old boy, was caught in the ropes of a balloon during an ascension this afternoon and carried head downward 500 feet in the air. Scores of women, including the boy's mother, fainted as they saw the little fellow carried away. Jesse had been standing very close to the balloon, and as it shot upward a trailing rope from the parachute became entangled around his legs. The horrified crowd expected to see him dashed to the ground but the rope seemed to be securely fastened about the little fellow's legs, and he soon managed to get an upright position. As the balloon drifted out over the ocean Virgil Moore, the aeronaut, drew the boy up to him and held him close to his side on the trapeze bar. After drifting out over the water for a third of a mile, a buoy of wind blew the balloon on its side and it slowly descended to the water as the gas escaped. A launch from the naval training ship Alert had followed the balloon and dashed up as the aeronaut and the boy touched the water. Aside from a bad fright the boy was none the worse for his thrilling experience.

At Denver, George Newham, aged 10, killed while celebrating. At St. Louis, one killed, five fatally and 30 seriously injured in various accidents while celebrating. At Wilkesbarre, Pa., one little girl accidentally burned when firecrackers set her clothing afire, and four boys seriously injured by toy cannon. At Sand Point, Idaho, Bert Dillinger lost one hand while playing with a giant firecracker. At Neodesha, Kan., Tom Armour fell from a train while trying to fire a giant cracker and was ground to death beneath the wheels. At Goshen, Ind., a barn was fired by a skyrocket and a man sleeping in the building was burned to death. At Indianapolis, three slightly injured. At Philadelphia, several reported injured, but no fatalities. At Seattle, Richard Christian, aged 13, will probably lose his eyesight as the result of the explosion of a large firecracker close to his face. Michael Albergoff sustained a badly mangled foot as a result of a bomb hurled by one of a party that was celebrating. Automobile, fishing and drowning accidents in various parts of the country, not occurring as a result of Fourth of July celebrations, total a score, with no fatalities due to liquor and carelessness. Reports from over the country indicate that at least a dozen will go through life blind as a result of injuries received while celebrating the day with explosives.

INJURED SWARM HOSPITALS

Four Dead, 332 Hurt, Result of New York Celebration. NEW YORK, July 5.—Four deaths, three of them children, 332 persons injured, nine of them dangerously and so seriously that death seems certain, was the fourth of July record in New York and Brooklyn up to midnight. Three of the deaths occurred last night. The only one added to the list today was Dorothy di Martini, a child of the Upper East Side, who succumbed to the effects of burns received yesterday. The hospitals tonight are swamped with patients, most of them suffering from minor burns. Patients are being added at the larger institutions at the rate of ten an hour. Fires in the city and suburbs are numbered by the score.

BAY CITY HAS SIMPLE DAY

Ordinance Against Firecrackers is Rigidly Enforced by Police. SAN FRANCISCO, July 5.—Rigid enforcement of the city ordinance prohibiting the use of firecrackers or fireworks within the city limits gave San Francisco a very peaceful Fourth of July celebration today. The occasional popping of "torpedo canes" was the only unusual noise to disturb the quiet.

Chinese Embassy Warns Police, Who Guard Chinatown and Prevent Outbreak. NEW YORK, July 5.—Hom Hing, a young Chinese laundryman, who said he was merely celebrating Independence day, was arrested in Chinatown tonight, suspected of preparing for a little civil war which the police believe is brewing between the two Chinese tong or societies, the Ong Leong and the Hip Sing. Hom Hing had a revolver loaded with ball cartridges. Officials of the Chinese embassy at Washington had advised the New York police earlier in the day that trouble among the Chinese was imminent and 60 extra officers were stationed in Chinatown today.

FIRE DEPARTMENT RESTS

ONLY SEVEN ALARMS RECEIVED UP TO MIDNIGHT. Three Result in Small Loss and Four Are Chimney Fires or False Alarms.

Only seven alarms were received at fire headquarters up to midnight last night. Three resulted in a nominal loss, while the rest of the runs made by the department were chimney fires or false alarms. None of the fires has been attributed to the recklessness of fireworkers. Four horses were burned to death in a fire that originated shortly after 2:30 yesterday morning in a barn on Eighteenth street between Savier and Raleigh. The origin of the fire is unknown. Jacob Levy, a junk dealer, the owner of the incinerated animals, places his loss at \$1000. He is partially insured. The building was owned by L. Solderman and was uninsured.

PARASOL RAPS MASHER

AGED BEAU SOUNDLY TROUNCED BY PRETTY GIRL. Attempt to Force Attention on Young Woman, Who Forcibly Resents His Familiarity.

It was not a pyrotechnic display that soared aloft last night. On the contrary, it was the triphammer descent of the prettily decorated parasol of Gladys Ticer's parasol upon the head of an obnoxious male flirt in the person of Benjamin Gleeson, who told the police he was at least 50 years old, or twice that of his petite adversary. The affair occurred near Sixth and Flanders shortly after 7 o'clock, and just when pretty Gladys, in company with a girl friend, reached the sidewalk from a nearby cafe. According to the story told by the girls, the annoying individual tried for several moments to attract their attention in the eating establishment. Then he retired to the curb outside and awaited their coming. Gleeson endeavored to attract them, this time aided by vocal resources, and he formally or the slightest vestige of etiquette, Gleeson, stirred by the fire of youth that still smoldered in his breast, stepped between the two. Again he articulated something relative to their destination. His actions and speech only fired the indignation of the girls. Instant later the dainty shower stick was bounding from the various territories of the masher's head. Patrolman Montgomery, half a block away, attracted by Gleeson's cries of pain, made a sprint to the scene of the conflict. Gleeson was carted away to the police station. While being "fanned" for the various articles usually carried the authorities unearched several lottery tickets hidden away in an out-of-the-way place in Gleeson's garments. He was booked with the additional charge of possessing the tickets.

In a raid on the New Market Hotel, 25 Market street, made by a squad of patrolmen under the command of Sergeant Riley of police headquarters, seven of the denizens were captured. Mrs. Minnie Sullivan, the proprietor of the resort with Mrs. Katie Egan, were taken into custody. Five men, giving their names as John Arkansen, Peter Prokules, John Arapoulos, George Galt and Joseph Moser, were also arrested and charged with being visitors.

Romani, who was sentenced about three years ago to 14 years in prison for attempted murder and pardoned about three years ago, and Ambrogi are the alleged ringleaders of the local society in which Seattle's little Italy is said to have lived in dread for the past few years. They are the men alleged to have made the death threats against Mele Carlo, of 1704 Dearborn street, this morning.

CALLS AID; TRIES DEATH

WOULD-BE SUICIDE FIGHTS WITH HIS RESCUER. Elmer Bennett, of Vancouver, Telephones Sheriff for Ambulance, Then Jumps Into Lake.

VANCOUVER, Wash., July 5.—(Special).—After telephoning to Sheriff Sappington that Elmer Bennett was drowned in the lake south of the State School for the Deaf, and ordering the County Coroner and ambulance, Elmer Bennett walked from the home of A. B. Hathaway directly into the slough, after throwing off his coat and bidding Hathaway good-bye. Hathaway had heard Bennett telephoning and thinking something was wrong followed him to the edge of the slough. Bennett threw off his coat and deliberately walked into the water up to his neck. Hathaway jumped into a boat and attempted to rescue Bennett, but the latter fought desperately, and it was only after a long struggle that he was successful in getting the young man to shore. In the meantime, the ambulance ordered out by the Sheriff on the instruction of Bennett reached the scene, and loaded him in a semi-conscious condition. He was taken to the hospital, where he was resuscitated. Bennett will recover. His mouth was badly burned from an acid which he thought he had taken. He is a married man and has a baby several months old. Bennett, it is said, has tried to commit suicide several times before.

WEEK PEOPLE NEED A TONIC

Strength for the Day's Work Depends Upon Good Red Blood to Nourish the Body. There are thousands of people, who are without ambition or strength to do their day's work and who are always tired out, have but little appetite and a poor digestion, cannot get a refreshing night's sleep and are subject to headaches, backaches and nervousness because their blood is impure. Dr. Williams' Pink Pills give quick relief and permanently cure such men and women because of their direct action on the blood, which they purify and build up to its normal strength. As the blood becomes pure and red, it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting the food and repairs the wastes caused by growth and work. In a word it gives perfect health. The usefulness in every family of a safe and effective tonic is shown by the following statement of Mrs. A. B. Gates, of No. 807 East Second street, Duluth, Minn. "I suffered for over a year," she says, "from general debility, which was brought on by overwork. I had no ambition to do any work and the least exertion used me up. My appetite was poor and I was very nervous at times. I could not get a good night's rest. I was often confined to bed for a day or so and certainly felt miserable. "I doctored with local physicians for a time but did not get any help from their medicines. I heard of Dr. Williams' Pink Pills through a friend and gave them a trial. They soon gave me strength and I was able to do my work. I have since kept the pills in the house and recommend them highly." "Dr. Williams' Pink Pills are not like ordinary medicines. They do not act on the bowels but they may be said to actually make new blood. In this way they reach many diseases caused by depraved or vitiated blood and they have cured severe cases of rheumatism, sciatica, nervousness, St. Vitus' dance and have accomplished miraculous results in partial paralysis and locomotor ataxia. All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

As the blood becomes pure and red, it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting the food and repairs the wastes caused by growth and work. In a word it gives perfect health. The usefulness in every family of a safe and effective tonic is shown by the following statement of Mrs. A. B. Gates, of No. 807 East Second street, Duluth, Minn. "I suffered for over a year," she says, "from general debility, which was brought on by overwork. I had no ambition to do any work and the least exertion used me up. My appetite was poor and I was very nervous at times. I could not get a good night's rest. I was often confined to bed for a day or so and certainly felt miserable. "I doctored with local physicians for a time but did not get any help from their medicines. I heard of Dr. Williams' Pink Pills through a friend and gave them a trial. They soon gave me strength and I was able to do my work. I have since kept the pills in the house and recommend them highly." "Dr. Williams' Pink Pills are not like ordinary medicines. They do not act on the bowels but they may be said to actually make new blood. In this way they reach many diseases caused by depraved or vitiated blood and they have cured severe cases of rheumatism, sciatica, nervousness, St. Vitus' dance and have accomplished miraculous results in partial paralysis and locomotor ataxia. All druggists sell Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.
