FORCED TO ADMIT MINORITY RIGHTS

Aldrich's Committee Called Down for Rushing Tobacco Taxes.

LARGE ADVANCE PROPOSED

Republican Senators Want to Squeeze More Revenue From Users of Weed—Bill Changed to Help Shipping Interests.

WASHINGTON, July 6.—The Republican majority of the Senate finance committee today stirred up a hornets' nest by reporting the new schedule of tobacco taxes as having been recommended when it had not even been submitted to the minority members, much less laid before a meeting of the whole committee. Aldrich was forced to back water and recognize the rights of the minority.

The new schedule was reported by Smoot as an amendment to the tariff and had no sooner been read than Daniel, senior minority member of the finance committee, rose and inquired of the Senator from Utah whether he had said these amendments had been reported by the committee on finance. Receiving an affirmative reply, he promptly denied the correctness of the statement.

Daniels Rebukes Aldrich.

"It is another bogus report from the committee," declared Daniel. The Virginia Senator proceeded to say that the committee on finance had not acted on these amendments. They had been considered, he said, only by the Republican members of that committee.

Aldrich said that he would call a meeting of the finance committee for tomorrow morning, giving the minority members a chance to express their opinion.

Higher Taxes on Cigars.

In the schedule the existing rate of $3 a thousand on cigars weighing more than three pounds per 1000 was retained, but a provision was added increasing the tax on high-grade cigars. This provision fixes a tax of $6 a thousand when the wholesale price is between $75 and $110. Where the price is more than $110, the tax is fixed at $9 a thousand. On cigars weighing 30 pounds or less a thousand the House rate of $1 is reduced to 75 cents a thousand, an increase of 61 cents over the existing rate. On cigarettes weighing more than three pounds per thousand the House rate of $3.60 is retained, but on those weighing not more than three pounds the House rate is reduced from $1.50 to $1.25 a thousand, which still leaves an increase over the existing tax. The provision classifying rolls of tobacco wrapped in tobacco as cigars and those wrapped in paper or other substances than tobacco as cigarettes is retained.

Increase on Tobacco.

The tax on snuff is fixed at 8 cents a pound. The tax on chewing and smoking tobacco is also made 8 cents a pound, and this rate is made to cover fine-cut, cavendish, plug or twist, cut or granulated tobacco of every description. The existing rate on snuff and smoking and chewing tobacco is 6 cents.

The new rate on tobacco is made applicable to "tobaccos twisted by hand or reduced into a condition to be consumed, or in any manner other than the ordinary mode of drying and curing, preparing for sale of consumption, even if prepared without the aid of any machine or instrument, and without being pressed or sweetened." Included in the provision are also all fine-cut, shorts or refused scraps, clippings, cuttings and sweepings.

No More Coupons Allowed.

The use of coupons or any form of premium slips in packages of tobacco is prohibited by a new section. This section is considered to be broad enough to prohibit all forms of trade stimulants through the promise of gifts.

The laws governing the size of packages of smoking tobacco are permitted to remain unchanged by the Senate enactment. It is provided that the new taxes shall not take effect until July 1, 1910.

When the tobacco schedule had been sent back to the finance committee, the bill was reported from committee of the whole to the Senate and it again came up for amendment.

Exempt From Corporation Tax.

An amendment proposed by Burkett, exempting beneficial societies from the operation of the incorporation tax, precipitated a debate on the exact form that such a provision should take. After considerable debate an amendment was adopted exempting from the tax labor organizations, fraternal beneficiary societies and organizations exclusively for religious, charitable and educational purposes.

Protect American Ships.

Amendments offered by Lodge were agreed to providing for the levying of a discriminating duty of 10 per cent ad valorem on goods imported in vessels not of the United States; specifying Canada and the West Indies as contiguous countries to be affected by the discriminating duty of 10 per cent ad valorem on imports not manufactured in those countries and introduced into the United States, and extending from two to six months in any one year the period during which domestic-built foreign vessels may engage in the coastwise trade.

The United States is relieved from all reciprocal relations toward foreign nations in the matter of tonnage dues by an amendment offered by Frye and agreed to. This amendment has the effect of repealing the present law authorizing the President to suspend our tonnage taxes against vessels belonging to a country which does not impose a duty on American vessels equivalent to our tonnage tax law. Frye stated that $1,000,000 in revenue is now derived from the tonnage tax, about $950,000 of which would be lost if other countries should, generally, take advantage of our exemption.

Elkins Weeps Over Merchant Marine

Declaring that, while great on land, the United States was impotent at sea, Elkins declared that at the next session of Congress he would exert himself to the utmost to improve this situation. He quoted his own amendment recommending a 5 per cent reduction in the tariff on all merchandise imported in vessels of American register. He said he would introduce an independent bill along the same line, which he would press to passage if possible. Elkins asserted that the people of the United States were paying $500 a day to foreign shipping for hauling their own goods. He called attention to the fact that, whereas 50 years ago we were transporting 92 per cent of our own merchandist, American vessels are now carrying only 7 per cent.

All sections of the bill that Senators do not desire to reserve for further amendment will now be agreed to en bloc. The Senate then will consider the tobacco amendment, the only amendment not adopted in committee of the whole.

PROBABLE TARIFF CONFEREES

Aldrich and Cannon Already Begin Making Selections.

WASHINGTON, July 6.—With the Senate rapidly approaching the day of final consideration of the tariff bill, attention is being given to the selection of the conferees on the part of the Senate and House, whose duty it will be to attempt to bring the two bodies into agreement on the measure.

Gossip has it that Senator Aldrich will pick besides himself as the representatives of the Republicans in the Senate, Hale of Maine, Penrose of Pennsylvania, Burrows of Michigan and Smoot of Utah. The Democratic Senators who will participate in the conference will probably be Daniel of Virginia, Money of Mississippi and Bailey of Texas.

In the House, Speaker Cannon, according to the reports, probably will select Payne of New York, Dalzell of Pennsylvania, Boutell of Illinois, McCall of Massachusetts and either Calderhead of Kansas or Needham of California, as the Republican members, and Champ Clark of Missouri, Underwood of Alabama and Griggs of Georgia as the Democratic members.

TIME-CHECK LAWS NOW

BAY CITY SUPERVISORS TAKE ACTION AFTER MURDER.

Ordinances Are Introduced Making It Misdemeanor to Pay Men Save in Cash Equivalent.

SAN FRANCISCO, July 6.—Two ordinances aimed at the "time check" wage payment system were introduced at a meeting of the Board of Supervisors today as the result of the agitation that folowed the murder of Miss Caroline Brasch, cashier for a firm of contractors.

One measure makes it a misdemeanor, punishable by a fine of $500 or six months in jail, for any person or concern to issue in payment of wages and check or order, unless negotiable at once, and payable without discount.

The other ordinance provides that no contractor engaged upon public work can collect from the city unless he can show that he paid his men within one week after the performance of their labor.

Miss Brasch was murdered last week by James E. Cunningham, because of alleged difficulty in getting his wages.

TWO UNION ORDERS FIGHT

American and Canadian Labor Organizations Seek Control.

SYDNEY, C. B., July 6.—When the whistles sounded at the Dominion Coal Company's collieries today over 3000 members of the United Mine Workers' organization refused to enter the pits, and the long-expected coal strike was on. The company employs over 6000 men in the mines and nearly half this number, all members of the Provincial Workmen's Association, went to work.

Tonight the company said it was satisfied with the situation, as all the collieries, with one exception, were in operation.

The strike is regarded as a test of strength between the United Mine Workers of America and the Provincial Workmen's Association, each of which desires to control the Cape Breton mines.

POLAND HONORS MODJESKA

Funeral of Late Actress Will Be Made State Affair.

LOS ANGELES, July 6.—According to letters received here from Count Bozenta, husband of the late Mme. Modjeska, who is now on his way to Poland with the body of his wife for interment in her native country, public officials of Poland desire to make the Modjeska funeral a state affair, and to lay the body at rest in some national building.

The funeral will be held in Cracow about July 17. Various plans of paying honor to the memory of the distinguished actress are being worked out by the people of Poland.

STOCK MUST BE WATERED

Circuit Court of Appeals Rules Against Southern Pacific.

SAN FRANCISCO, July 6.—The attack of the Southern Pacific Railroad upon the constitutionality of the Federal enactments providing that cattle or sheep in transit by rail must be watered and fed every 28 hours, was repulsed by the United States Circuit Court of Appeals today, the decision of the district courts in two cases decided against the company being sustained.

One of these cases involved a shipment of 1355 sheep, made from Corinne, Utah, to South San Francisco in 1906. The company sought a reversal on a purely technical ground, involving the constitutionality of the act.

HILL TO INVADE CANADA

Believed to Plan Line Into Saskatchewan Grain Regions.

HELENA, Mont., July 6.—There was filed with the Secretary of State today an official resolution adopted by the Board of Directors of the Great Northern Railway, showing its purpose to construct a branch line from Poplar, Valley County, to the Canadian border, a distance of 80 miles.

The inference is that line will be extended further north, tapping the grain fields of Saskatchewan, thus invading the Canadian Pacific territory. The distance from Poplar is 80 miles.

NOT GUILTY SAYS TRUST

American Sugar Refining Company Gets Two Weeks to Demur.

NEW YORK, July 6.—The American Sugar Refining Company in the United States Circuit Court today entered pleas of not guilty to the indictments recently found against it as a corporation, charging conspiracy and combination in restraint of trade, and with monopolizing raw and refined sugar. Similar pleas were entered by the officers of the company.

Judge Hand accepted the pleas and granted counsel two weeks' time to demur or take other action regarding the indictments.

Olds, Wortman & King

LET IT RAIN. Even a cloudburst couldn't dampen the enthusiasm of the Olds, Wortman & King clientele when they've such a tempting list of bargains as are presented in our great AFTER-THE-FOURTH SALE. IF THERE WERE ANY THAT THE RAIN SCARED AWAY YESTERDAY, THEY'LL FIND ALL BARGAINS ADVERTISED ON SALE AGAIN TODAY. We remind you of some here, you'll remember the rest. EARLY SHOPPERS WILL FIND RARE PRIZES.

SLEUTHS PROBE DEATH

INQUEST IN MONTANYA CASE AWAITS CORONER'S RETURN.

Brother of Dead Woman Files Application to Be Appointed Administrator of Her Estate.

SAN FRANCISCO, July 6.—Robert G. Hanford and Mrs. M. W. Patton were interrogated today by detectives in the investigation of the death of Mrs. Lorena de la Montanya, divorced wife of Marquis James de la Montanya, who was shot through the head in her apartments Friday night. The date of the inquest has not been set as yet, owing to the absence of Coroner Leland.

Hanford and Mrs. Patton both state they did not see the actual firing of the shot, but Hanford scouts the theory of accident.

Mrs. Montanya's will, a photographic instrument executed December 26, 1908, was filed for probate today. Alfred R. Barbier, a brother of Mrs. Montanya, filed an application for his own appointment as administrator, estimating the estate at $10,000.

The will names Charles A. Hug, who died a month ago, as executor and all real estate holdings of the testatrix were to go to him on her death.

THINK LING ON STEAMER

New York Police Wire to Have German Vessel Searched.

NEW YORK, July 6.—In the hope of capturing Leon Ling, the accused slayer of Elsie Sigel, the police have just cabled to several cities on the Mediterranean coast and to points through the Suez canal and the Indian Ocean to hold up the German steamship Helene Rickmers and search it for the fugitive. Information is almost conclusive, the police say, that Ling shipped from Philadelphia between June 10 and 12. The murder was committed on June 9.

Further information has just come to the police that the ship on which the Chinese took passage was bound for the Orient. In looking up the record, detectives found that the Helene Rickmers left Philadelphia June 10, bound for Itosoki, Japan, and that before sailing her commander, Captain Oteing, had shipped several Chinese as part of her crew. Among these Chinese who were engaged only a short time before sailing was one well-dressed Chinaman, who spoke good English and who professed to be an efficient cook. Leon Ling wore good clothes, spoke English fluently and was a master cook.

MANY FRIENDS SEEK NEWS

Relatives of Men in Philippines Ask War Department About Injured.

WASHINGTON, July 6.—Many inquiries reached the War Department today as to the identity of the officers and soldiers reported to have been wounded yesterday during the engagement with Jikiri, the Moro outlaw chief, and as to the character of their injuries.

The officials were unable to give any information, because no official report of the fight had been received up to the close of office hours.

Of the officers reported wounded, Second Lieutenant John T. Kennedy is from South Carolina, and was graduated from the Military Academy in February, 1908.

First Lieutenant Archie Miller is a native of Illinois and served during the Spanish-American War in the Sixth Missouri Infantry and was afterward appointed to the regular Army.

Second Lieutenant Arthur H. Wilson is from Illinois and was graduated from the Military Academy in June, 1904.

Captain Byram, who commanded the military part of the expedition, is a native of Mississippi.

LOCAL OPTION LAW STANDS

Colorado Supreme Court Decides Measure of Two Years Ago Valid.

DENVER, July 6.—The State Supreme Court today handed down a decision upholding the validity of the Colorado local option law, passed two years ago. The opinion, which upholds the decision of the lower court in what is known as the Schwartz case, holds that the vote of the larger subdivision prevails in local option elections.

Texas Brewers Make Bet.

GALVESTON, Tex., July 6.—At a meeting of the Texas Brewers' Association, at which every brewer in the state was represented, a fund of $100,000 was set aside to be given to public charity if they could not prove that more liquor is consumed in the prohibition or dry states and sections of the United States than in the free or wet sections. The decision is to be made by two commissions of six members, three to be elected by the breweries and three by the National or Texas prohibition party.

New Trial Is Denied.

CINCINNATI, July 6.—Judge Thompson in the United States District Court today overruled a motion for a new trial in the case in which the Federal Government obtained a verdict by a jury in this court that 13 barrels of whisky, found on the premises of Corbin & Co., of this city, contained substituted or added spirits.

CONFINE CHILD MURDERER

Boy Who Shot and Buried Baby Brother Sent to Reform School.

MODESTO, Cal., July 6.—Frank Cecil Hopkins, the 12-year-old boy who two weeks ago shot his baby brother and buried him before life was extinct, was today committed to the Whittier Reform School.

The boy will be confined in the institution until his has reached his majority.

At the discretion of the officials he may then be released on parole.

Americans Retreat in China.

PEKIN, July 6.—The meteorological expedition under Lieutenant Clark, an ex-officer of the American Army, left Lanahow, in Kan-an province, two days ago for Pekin. The expedition is returning because of an encounter with natives last month in which a member of the party lost his life.

ESTATES

Why defer to the uncertainties of court procedure after your decease for the distribution of your estate when you can attend to it yourself at the minimum of cost and maximum of safety? Deed it to this company in trust for yourself during your lifetime, and for specific distribution after your death. The advisability of this course is shown in the employment of Trust Companies in the East for a very large part of business of this character.

MERCHANTS SAVINGS & TRUST COMPANY
247 Washington Street.

THIS IS THE BEST TIME OF THE YEAR

FOR A NEW PLATE OR BRIDGE. As there is little or no danger of sore gums or other troubles while Spring lasts. Our plates give the mouth a natural expression, and will prove a lasting comfort.
