Chenault's Curves Take North-erners Down Line to Joyful Tune of 8 to 1.

RUSH GETS POOR SUPPORT

Lynch, Raymond and Magee Play Game for Seattle and Prevent Colts From Getting Still More Runs Across.

NORTHWESTERN LEAGUE. Yesterday's Results. Portland 3, Seattle 1. Aberdeen 2, Vancouver 6. No game Spokane, rain.

Mike Lynch's husky "Turks," in the service of D. E. Dugdale, made their initial bow to Portland yesterday and behaved like a conglomerated assemblage of East Indian savages...

The slugging contingent was absolutely helpless against Big Bill, and the only run Seattle scored in the first three consecutive hits after two men were out in the second inning...

The home players neglected to score in the first, second and third innings, but in the fourth they got exceedingly busy with Harry Rush...

SEATTLE. AB. R. H. PO. A. E. Magee, 1b, 4 0 0 0 0 0. Raymond, 2b, 4 0 0 0 0 0. Bennett, 3b, 4 0 0 0 0 0.

PORTLAND. AB. R. H. PO. A. E. Adams, 2b, 4 1 3 2 4 1. Conroy, 3b, 4 0 0 0 0 1. Casey, 1f, 4 0 0 0 0 0.

struck out by Chinnault. 8; Rush, 4. Bases on balls—Off Rush, 2. Two-base hit—Stanton. Double play—Chinnault to Stanton.

GOOD morning, Dug! How do you feel this morning? And were you out at twenty-fourth and Vaughn streets yesterday?

Sure! Casey's bunch won the opening game of the Seattle series. Certainly. The posted score is not a mistake.

Big Bill Chenault did it, and Dug was looking on, too. Big Bill made wind-damners out of most of the sluggers.

Dug wants to bet a suit of clothes that Seattle wins three games here this week. If he'd offer two suits to one (take a look at his bulk), he might be called.

Yesterday's erratic work is not a sample of Seattle's work for the "Rough-necks" can put up a much better article and may do so today.

CLEVELAND GETS GREGG

PAYS HIGHEST PRICE KNOWN IN COAST BASEBALL. American Club Offers Spokane \$4000 and Choice of Two Players and Brown Accepts.

SPOKANE, Wash., July 7.—(Special.)—Pitcher Gregg has been sold to the Cleveland American club for \$4000 cash and choice of two players next Spring, according to information given out by Manager Brown, of the Spokane team, tonight.

For the last two days there has been much sharp bidding between three big league clubs. Pittsburgh offered \$3000 for the boy, but balked when Brown asked for Shaw and Pitcher Adams for immediate delivery into the bargain.

This is the result of the visit of Jim McGuire, who told Brown Gregg was the best-looking green pitcher he ever saw, in something like 30 years at the game.

Two players for Spring delivery virtually means \$600 to the Spokane club for the green kid. This is the biggest price ever paid for a ballplayer from the Pacific slope and perhaps has not been equaled on more than two or three occasions in the history of professional baseball.

McDougal Cabinets

NO KITCHEN COMPLETE WITHOUT ONE

Kitchen drudgery becomes pleasant work when a McDougal Cabinet is part of the equipment of the kitchen.

Many entirely new features are displayed in this year's new patterns—the "McDougal Specials." White enamel linings, glass flour bins, the full sliding table top and many other labor-saving accessories that mean more to a woman's enjoyment and health than any other piece of furniture made.

You should investigate for yourself what a convenience—what a saving these cabinets are. Several of the new styles are shown in our line. You should see them.

ALUMINUM COOKING UTENSILS

Aluminum as a metal is superior for cooking utensils, because each article is cast in one piece, making it strong and stiff, and with no seams to open. It does not easily tarnish, can be kept bright like silverware, and being made of pure aluminum, there is no danger from verdigris or other poisonous substances. It is not the cheapest ware or the most expensive, and embraces every utensil made in other wares. See our complete line of aluminum cooking utensils in the Basement.

Yousiff Will Wrestle Berg at Exposition Rink Tomorrow Night. Big Yousiff Mahmoed, the Turkish wrestler who recently appeared in a bout with Dr. Roller at the A-Y-P fair at Seattle, and who is to meet John Berg, Portland's favorite, in a grappling contest at the Exposition Rink, Nineteenth and Washington streets, tomorrow night, arrived in Portland yesterday.

The Turk is a "whale" in build, and while he is much larger physically than Berg, the latter does not anticipate any other outcome than his own victory. Berg argues that Yousiff was defeated in comparatively fast time by Dr. Roller, and as he himself gave Roller a hard battle, he figures he is just a trifle better at the game than is the Turk, and for that reason he should win despite the odds.

Last Monday Roller was advertised to wrestle Charles Olson, but the latter failed to show up and in response to a call from Roller, who offered to take on any man at any time and place, Berg left the audience and agreed to grapple the Seattle medico then and there, which proposition was gladly accepted by the promoters who did not like to see the crowd disappointed.

Roller took the first fall on Berg in 44 minutes, but in the second Berg made the medico work hard for 1 hour and 27 minutes before he went to the mat.

The Turk is a quiet chap, and not being able to converse fluently in English, remains in the background as much as possible. He says, however, that he believes that he can defeat Berg, and also that he would like very much to get a chance at Dr. Roller again, for

Rain Helps Crops. CENTRALIA, Wash., July 7.—(Special.)—Copious rains of yesterday have saved several thousand dollars to the farmers of this locality. Strawberries were not half a crop, owing to lack of moisture, and later fruits were beginning to suffer. Hay was damaged to a large extent and all root crops were showing distress. The potato crop is now assured and late grain will not be a failure.

SEATTLE, July 7.—As a result of breaking off relations between the Vancouver and Seattle Yacht Clubs, following the withdrawal of the yacht Alexandra, the Vancouver entry, in the international race for the James Dunsuir cup, it is probable that a new Pacific international Yachting Association, taking in Japan and Australia, will be formed. The project was considered by the Seattle Yacht Club at an informal meeting held tonight.

The most important step taken in the formation of a new international association was the announcement that Robert Guggenheim, donor of the trophy in the New York-to-Seattle automobile race, will present a \$5000 cup to be used as the local trophy to be offered by the new association in the international races.

Prominent local Japanese, including the Japanese Consul, have volunteered to take the matter up with Japan in an effort to induce that country to enter the international contest. Yachtsmen feel sure Australia will enter the association, as there is a number of yachting clubs in the federation.
