AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." Mrs. Emma Lmsz, 833 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. P. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her

condition developed that he was partially paralyzed by the force of the blow. Bilberg lives in Montville. The scuffling was being carried along the edge of the building by a workman, who said that he lost his balance and was compelled to let the plank go to save himself from falling. Bilberg was standing on the sidewalk directly beneath the man with the plank and was unaware of impending danger.

Lot at Park and Morrison Is Sold for \$75,000. Recording what realty dealers term the biggest bargain of the year in their field, one-half of the northwest corner of Park and Morrison streets was sold yesterday by M. W. Hunt to C. Sanford for \$75,000. The bargain feature of the deal is shown by the fact that this recently \$300,000 was refused for the Steinbach building, which occupies an adjacent site. The whole Steinbach site is considered to be worth \$240,000. This would indicate that Mr. Sanford is buying property half its size for \$75,000, or \$45,000 ahead by yesterday's purchase.

Two Months Ago

Two months ago the northwest corner of Park and Morrison streets was sold to M. W. Hunt and wife for \$150,000 by H. M. Calk. Yesterday Calk disposed of half of the property without gain to Mr. Sanford, who will collaborate with Mr. Hunt in raising the new building which will be an office structure or a lodging-house, but the latter plan seems to be more favorable to the new owners.
