Plenty of Ankle Strap Pumps and Slippers for women, misses and children. The latest footwear fad. All sizes.

ENDURE BLIZZARD ON PEAK

Tourists Have Close Call on July Fourth Trip Up Eddy.

SAN FRANCISCO, July 5.—A thrilling tale of a narrow escape from death in a snow storm on the summit of Mount Eddy, in the northern part of California, has been brought to this city by Captain W. C. Hollway, who led a pleasure party up the mountain on July 4. The party left Weed, 35 miles from the summit of the mountain, early in the morning, and arrived at the summit at 10 A. M. The members were equipped with light blankets and food for three meals, as they expected to spend some time fishing in the lake which occupies the extinct crater of the mountain. At midnight it began to snow, and before dawn the wind was blowing a tempestuous hour-gale. Starting at daylight,

IT WAS WITH THE UTMOST DIFFICULTY THAT THE PARTY REACHED THE FOOT OF THE MOUNTAIN.

The party was almost frozen, and the women members were so exhausted by cold and the walk that they had to be carried by the relief party that met them at Gurney's, 10 miles from the summit. Ford No. 2 Starts East. SEATTLE, Wash., July 5.—The Ford racing car that won the Guggenheim cup and purse in the New York-to-Seattle race, left for New York via San Francisco at noon, starting from the World's Fair gate. The route from San Francisco will be that of the Central and Union Pacific to Granger, then over the old automobile path through Wyoming, Kansas, Chicago and Buffalo.

FINE CROP AT KLAMATH

Rain and Irrigation Make Big Yields Doubly Sure.

KLAMATH FALLS, Or., July 5.—(Special.)—The hearts of the farmers of the entire Klamath Basin have been made glad by the gentle rains which began Sunday night and have been general throughout the basin. Though not needed to insure crops, they give assurance that the hay and grain crops will be a record-breaker. The winter was a very favorable one, more rainy than usual, the ground was in a receptive mood, Spring came early, and the consequence is that grain sown on the upland farms, above the canals, favored as now by Summer rains, will surely make an unusual yield. Below the reclamation canals a phenomenal crop of alfalfa, timothy and

ROAD TO EASTERN LEWIS

Milwaukee Will Develop Big Bottom Coal Deposits.

SEATTLE, Wash., July 5.—The Chicago, Milwaukee & Puget Sound Railway has sent a party of engineers into the eastern portion of Lewis County, Wash., where the Milwaukee is about to build a 3-mile branch line into the largest undeveloped timber and agricultural district in the state. This district is drained by the Cowlitz River and includes what is known as the Big Bottom country, which contains large coal deposits. Ten years ago when the Tacoma & Eastern Railway was built south from Tacoma, the Northern Pacific prevented the new road from entering the Big Bottom. The Milwaukee bought the Tacoma & Eastern and will use it as part of its main line to Port-

land. The Milwaukee branch to the Big Bottom will give rail connection to the towns of Mossy Rock, Vance, Neska, Cosmos, Riley, Morton and Mayfield.

It is expected the line now being laid out will be constructed before the Aberdeen-Ozette Lake branch, which will open the Olympic peninsula.

GYPSIES FALL UNHARMED

Woman and Two Children in Buggy Tumbled Over 200-Foot Hill.

WESTON, Or., July 5.—(Special.)—At the farm of Chris Thoony on Pine Creek above Weston, a Gypsy woman and her two children, together with a horse and buggy, rolled down a steep slope for a distance of 200 feet and plunged through a rail fence, without injury to the buggy's occupants. The woman had called for a few

Packers Arrive in Alaska.

ASTORIA, Or., July 5.—(Special.)—A telegram was received today by Secretary Lornsten, of the Columbia River Fishermen's Protective Union, stating the steamer North King arrived at Kushagak in Alaska, May 6, and the ship Berselsa belong to the Portland-Alaska Packers' Association, of Portland.
