NEW RULE LAID DOWN

COUNCIL COMMITTEE DENIES LICENSE APPLICATIONS.
No Liquor to Be Sold in Restaurants Where Interior Cannot Be Seen From Street.

Restaurants with narrow passage-ways, leading from the street to the interior, where a good view of the place cannot be had from the sidewalk, will not be granted liquor licenses. If the Council committee on licenses continues the policy adopted at a meeting yesterday afternoon. It was the first meeting since the new administration went into office, and Councilman Devlin took a decided stand against such places, and his colleagues were of the same temper. Several applications for licenses for such resorts were denied, including one by Ed. Johnson, proprietor of a restaurant at 149 West Coast Oyster House just north of his present place.

LOOKS FOR SECOND COMING SOON.—That the day of the second coming of Christ is close at hand was the sentiment of Evangelist Will P. Martin yesterday afternoon, when he spoke in the tent tabernacle at East Eleventh and East Morrison streets, before a packed audience. "One sign of the end of the world," he said, "is the increase of crime. In the year 1899 there were 11,000 murders, and the Bible says that it will be a condition in the last days. Another evidence is that the gospel of the kingdom of Christ is being preached to all parts of the world. Telling of many of the phenomena that have taken place in the heavens and on the earth during the past few centuries he said that the evidences all point to a near end of the present universe and that all had better put on the white robes and be prepared.

SPARE OR CHURCH FOUNDATION.—Excavating for the foundation of the new building of the First Universalist Church, East Twenty-fourth and Broadway streets, is now under way. The new church will be 73x33 feet and there will be a full basement for social functions. It has been decided to use frame construction for the main building above the basement and the outer walls will be covered with cement and pebble-dash. The church purchased three lots at the corner. Rev. James D. Corby, the pastor, says that the church will be for the whole community, and hence provisions will be made for social functions on a large scale. It will be open to the public on Sundays, but through the week days. The cost of the building is estimated at \$15,000. It will probably be completed by January 1.

CONSIDER PARK SITUATION.—A special meeting of the Sunnyside Park Board will be held tonight at the office of J. A. Pettit, Belmont and East Thirty-fourth streets, to consider the park situation and take some action to expedite the filling of Belmont street between East Nineteenth and East Twentieth. Secretary Walker calls attention of the people of Sunnyside to the necessity for prompt action. If they wait to get a park Belmont street is improved, except this short bit between East Nineteenth and East Twentieth, where the filling is going forward so slowly that it will be many months before it can be completed. Reports will be received from several committees on telegraph and express delivery for Sunnyside.

LENTS SCHOOL OVERCROWDED.—More portable rooms will have to be provided for the Lents school at the reopening next Fall. There are 12 rooms in the main building, which were all filled last year and there was one portable classroom on the grounds. Over 500 pupils attended during the last few months. It is thought at least two outside classrooms on the grounds will have to be provided. A new schoolhouse, of course, cannot be erected this year and the portable classrooms must take care of the overflow. There is a great growth in all directions surrounding the schoolhouse which will probably show itself at the school opening.

JOINT SERVICES PLANNED.—On Sunday in August Congregational churches in Portland will unite in union evening services to be held at the First Congregational Church, at Park and Taylor streets. Young people's services will be held at 4:45 P. M. and the regular evening services at 7:45 o'clock. The churches which will participate in the services are Sunnyside, Laurelwood, Hassalo, Mississippi Avenue and the First Church.

WINS MEDAL FOR MUSIC.—Hazel Kirellich, the 14-year-old daughter of Mr. and Mrs. E. Kirellich, of the Sacred Heart parish, on the Milwaukee road, won the gold medal for proficiency on the piano, at the Welton Music School. The medal was won out of a class of 28 students. Miss Hazel is a student at the Sacred Heart parochial school, and is considered a promising musical student.

EXHIBITION AT MUSEUM OF ART.—The loan collection of water color and oil paintings at the Museum of Art, 431th and Taylor streets, is open daily from 9 until 5 o'clock. Of additional interest are the designs from Miss Tacker's school in Boston. These are shown in the library together with a case exhibition from the Arts and Crafts Society. Admission free.

ASK FOR PARKS.—A committee from the Seventh Ward Improvement Club, headed by L. E. Rice, called on Mayor Simon yesterday afternoon and urged him to assist them in securing additional parks for their ward. The Mayor promised to investigate their situation.

WILL FILL EAST ALDER.—East Alder street will be filled between East Seventh and East Eleventh streets, doing away with the last of the elevated roadway in that portion of the city. East Alder street has been filled between East Water street and Union avenue.

INQUEST TO BE HELD TODAY.—The inquest over the remains of John Olson, the Government employe who was killed by a westbound train on the Astoria & Columbia River Railroad, near Linnton Sunday night, will be held today.

STRANGER ACCUSED OF THEFT.—A. J. Miner, a stranger, was arrested yesterday afternoon by Detectives Price and Coleman, charged with stealing \$40 from J. E. Smithson, proprietor of the North End restaurant.

BAND CONCERT TONIGHT.—INNES' FAMOUS NEW YORK BAND, EMMENT SOLIDITY, EXCELLENT PROGRAM. TONIGHT 8:30; ADMISSION 50c.

BROOKLYN SEWER INSPECTED.—Accompanied by City Engineer Taylor, J. W. Morris, who will shortly become City Engineer under appointment by Mayor Simon, and members of the Seventh Ward Improvement Club, the committee on sewers of the city Executive Board yesterday inspected the south branch of the Brooklyn sewer. They spent the entire day in the big drain, which was excavated by ex-Mayor Lane's Executive Board on the ground that it is not built properly. Chairman Smith, of the sewer committee, said last night that the final trip will be made today, when the north branch will be seen. He declined to make any statement as to the condition in which the south branch was found, but it is said that nothing serious was discovered.

SLEEPY STOKER DISCHARGED.—E. Dunlap, formerly a stoker on the fireboat Williams, was discharged yesterday afternoon by order of the Civil Service Commission, to which he appealed from the decision of the Executive Board. He was charged with sleeping on duty, and admitted the allegation. He pleaded that he fell asleep but for a moment, but the Commission considered this a fatal error for one occupying such a position.

BAND CONCERT TONIGHT.—INNES' FAMOUS NEW YORK BAND, EMMENT SOLIDITY, EXCELLENT PROGRAM. TONIGHT 8:30; ADMISSION 50c.

NEW YORK SOCIETY.—The New York State Society of Oregon will hold its regular monthly meeting tonight at the residence of Mr. and Mrs. Charles B. Hand, 501 Twenty-first street North, corner Reed. Take "9" car north to end of line. A lawn party will be held if the weather permits. Visiting New Yorkers and residents of the city and state are cordially invited.

Mid-Season Specials

A. B. Steinbach & Co

Early in the season, when men usually buy clothes for Summer, our line of fine suits, selected by us and made by the best makers in the land, were the main attraction of the town, in clothes. And we certainly did sell a lot of them; no better clothes were ever offered, and no fairer prices were ever quoted on them.

Now we're clearing them up; the entire lines of fancy Spring and Summer weights, many of them right for wearing late into the Fall, many suitable for this weather. You have a chance at high-class clothes at the price of ordinary kind.
