That Portland day may be the day of all days at the A-Y-F Fair at Seattle is the end toward which the Oregon Commission and the local Commercial Club are working.

Through the agency of W. H. Wehrung, president of the Oregon Commission, a general invitation has been extended to the citizens of Portland to attend the Portland exposition building in the afternoon of Portland day, July 20.

The various committees and interested bodies are optimistic as to the outcome of the occasion. While none will attempt to suggest an approximate figure as to the number who will attend the exposition on Tuesday, July 20, Portland's specified day...

It is with the spirit of rivalry that the committees are going about their work. While the one principal effort will be to advertise Portland, yet the extra endeavor will be to outdo Seattle in point of attendance on its designated day...

"In 1906," he said, "I quit my business of buying horses, and from that day to this have been making my living by marrying and making love to women, getting their money and then deserting them."

Really Loved One.

"As I think over the list of women that I have either courted or married, I think I would pick out Mrs. Sylvia Pollard de Bonnet, of San Francisco, as the one I loved best. She is really a good woman. I went to Germany and when I returned she told me she was dead. Had I known she still lived I would not have gotten into this trouble. In St. Louis I met a woman, head nurse at a hospital at 314 Grand avenue. I believe, was one of the most beautiful of the women I ever met. And she certainly did love me. Her given name was Catherine, but I don't remember her last name. It was really a shame to take her money."

Failed in One Case.
