THOUSANDS FILE IN LAND LOTTERY

Registration First Day Is 28,000, Many of the Applicants Being Easterners.

SPECIAL TRAINS ARE RUN

Total Number of Applicants May Reach 300,000, While Only 3000 Homesteads Can Be Secured as Prizes.

SPOKANE, July 15.—At the close of the first day of registration for the Spokane, Coeur d'Alene and Flathead reservation lands, it is estimated that 25,000 applications have been filed. Of these, 10,000 are at Spokane, 10,000 at Coeur d'Alene, 4000 at Missoula and 4000 at Kalispell.

No accurate count is possible, as some notaries do not keep any record of the applications sworn to before them. It is possible that the first day's registration is heavier than it will be on any one of the succeeding 19 days, as many seemed possessed of an idea that there was some advantage in being first.

In all of the cities where filings are taken the hotels are crowded to overflowing, and many temporary sleeping places have been fitted up.

The applicants appear to be an excellent class of people, the majority from the East looking like well-to-do farmers or sons of farmers. There has been no disorder, and the police are keeping close watch for crooks.

Thousands of the land filers are from Eastern points, and the railroads report many thousands yet coming. From all parts of the Inland Empire there are applicants, and the Coast territory is sending a large quota.

Dr. Charles F. Koch, of Chicago, claims the distinction of being the first to file at Missoula.

A noticeable feature is the optimism of the visitors, all expecting to draw prizes. Yet the small chances of success may be seen when it is estimated that there will be not less than 300,000 applications, while the aggregate of homesteads in the three reservations is less than 3000.

MISSOULA, Mont., July 15.—Five thousand homesteaders had registered for lands in the Flathead reservation in Missoula up to tonight and the 15 registration offices were still busy. Every train into Missoula today brought hundreds of persons and each outgoing one is carrying away many of those who have registered.

MANY FLOCK TO KALISPELL

Over 2000 Already Registered for Flathead Opening.

KALISPELL, Mont., July 15.—The streets of Kalispell were alive today with a throng of people registering for Flathead reservation lands. Notaries opened offices at midnight last night, and were immediately surrounded by crowds who have been waiting for the event.

Trains arriving during the day and evening were packed by people from all directions. The registration for the day had passed 2000 at 6 o'clock, and will probably exceed 2500. A large increase in number is expected the first of next week when people from Iowa, Minnesota, Nebraska and other Western States will arrive.

Many of the applicants stay but a few hours and leave after registering for Spokane and Coeur d'Alene. Others remain to look over the reservations. The trains and steamers are crowded. Kalispell has ample facilities to care for the visitors.

LAWYER MUST MAKE GOOD

Attorney De Wolfe Will Be Called to Account by Bar Association.

ABERDEEN, Wash., July 15.—Not only will H. N. De Wolfe, the Tacoma lawyer who brought charges against the State Supreme Court, but J. W. Robinson, of Olympia, a prominent attorney, who accused the court during the primary election last Fall, will be brought before the State Bar Association at its meeting here, July 29 to 31, and asked to prove their charges. Failing, disbarment may follow. The association expects to go into the causes of the retirement of former Supreme Judge Milo A. Root, of Seattle, who was once investigated by the association, and the case of Judge M. J. Gordon, of Spokane, now under indictment and charged with embezzlement while an attorney for the Great Northern.

The whole connection of Root and Gordon, while Root was a member of the Supreme Court will be made the subject of inquiry. No charges, probably, will be brought against Governor Teats, of Tacoma, who testified before the House investigating committee that former Governor A. E. Mead appointed Root and H. D. Crow, of Spokane, who is a member now of the Supreme Court, at the behest of corporations. It is held that Teats made no accusation against the court. The Bar Association thinks the accusation against the former Governor does not come within the jurisdiction of the association. A. H. Denman, of Tacoma, another lawyer who accused the court, may be brought before the association, though no statement as to the decision in his case is obtainable. The association proposes a great legal house-cleaning to the end that members of the bench and bar not involved in scandals may have clean records.

HE STOLE TO SPECULATE

Ingram Confesses Stealing $100,000 and Forging $5000 Check.

NEW ORLEANS, July 15.—Wyatt H. Ingram, Jr., trust officer of the Hibernia Bank & Trust Company of New Orleans, who was arrested last night on a charge of forgery and defalcation made a confession today of misappropriating $100,000, according to the District Attorney's office, and affixing the name of a depositor to a $5000 check.

His downfall is ascribed to speculation in stocks and bonds.

Sheepherding to Be Outing.

ECHO, Or., July 15.—(Special.)—J. T. Hoskins, sheep king, with his family, and J. C. Hoskins, merchant and sheep man, with his family, started today for the mountains, where they will combine the business of looking after their herds with the pleasure of spending the hot Summer days in the mountains' shade. Miss Minnie Baker, of Pendleton, a sister of Mrs. J. C. Hoskins, is to be one of the number. There will be 10 or 12 in the party.

BIG MUDDY RISES AGAIN

Missouri River Gauge Now 35.3 Feet, and Levees Are in Danger.

ST. LOUIS, July 15.—The Missouri River last night rose so that the gauge today registers 35.3 feet. Manufacturing concerns across the river in Illinois are moving their stocks to higher ground, fearing a storm will wash the waves over the levees which the citizens are counting on to protect them.

Citizens of Cahokia, Ill., worked last night strengthening the levees, which will stand but a slight rise. Five thousand acres of farm land were flooded early today by the Missouri, Kansas & Texas embankment breaking at Cul-de-Sac, five miles north of St. Charles, Mo. The Missouri River at St. Charles is five miles wide.
